

Galilee Catholic School Community Coffee Project

In the encyclical, "Laudato si", Pope Francis calls us to take action:
"Strategies for a solution demand an integrated approach to combating poverty, restoring dignity to the excluded, and at the same time protecting nature."

Galilee
Catholic School
welcoming > respecting > constructing

Our school is launching an innovative programme, in conjunction with Naturally Smart and the Pop Up Foundation. We will be offering coffee for sale to our community, the proceeds of which will support our school directly, but also allow us to become part of the global Naturally Smart Schools network and at the same time support a number of environmental and humanitarian projects around the globe. Not only will you be getting great coffee that is ethically farmed, sourced and processed, it is as environmentally friendly as possible.

We are offering whole roast beans and ground coffee (all roasted here in Adelaide) - these will be available in 1kg, 500g, 250g sizes. We have also been able to source Nespresso compatible coffee capsules that are completely compostable and biodegradable and with all wrappings being re-cyclable (nothing to landfill). These can be ordered in boxes of 10 capsules. Initially these will be available in a medium roast (strength 8-9) with more options available soon.

Every cup of coffee will be a win: win for our school, the environment and those people in developing nations. We urge you to be part of the project - not only will you be supporting the school but also modelling to your children that our personal choices and actions can make a difference.

Product List

Premium Roast Whole Beans - 250g \$9.75/500g \$18.00/1kg \$32.00
