

Week 10 Term 2 2021

Dear Parents/Carers,

It is hard to believe we are at the end of Semester 1 2021 of the first year of Cardijn College Galilee. This year is flying past! We have achieved so much in this first semester and look forward to building on this over the next two terms.

Building Update

You will have noticed the fencing going up around the school over the last week. This is in preparation for the build to begin. There are three stages to the build, all of which will occur at the same time. Stage 1 is creating a new entrance to the Kiss and Drop area, Stage 2 is building the new curved fence on Quinliven Road and Stage 3 will be the construction of the new building. There will be some developments on these over the July break. Information will follow, before we return on Wednesday 21 July, about access to the school site. Also, just so you are aware, there will be construction of a new roundabout (not connected with our build) at the intersection of Quinliven, How and Bowering Hill Roads through the Department for Infrastructure and Transport at some stage over the next few months.

COVID-19 Update

With the current outbreaks in other states of Australia can I please remind everyone of the need to use the COVID-SAFE Check-in to QR code when you enter the school site. This is really important for contact tracing purposes for SA Health should an outbreak occur here in SA.

Within school we have been continuing our cleaning and hygiene practices by reminding the children about hand washing and using hand sanitiser. As per SA Health guidelines it is important that if your child is unwell that they stay home until better. I thank you for your ongoing support to keep our community safe and well.

2022 Intentions

To assist us in making important decisions regarding the class structure at Galilee in 2022, we are asking for your response in sharing with us your intentions for your child's education in 2022. Whether you are considering other options for their schooling or are planning to stay at Galilee, please let us know via the following short online form: <https://forms.office.com/r/HQbwKm7ECJ>

Have a great break everyone.

Kind regards

Nick Wright

Head of Campus

Nurturing Respectful Relationships - Wellbeing News

WWW = What Went Well

What Went Well is an exercise designed to move your focus away from what might have gone wrong and over to what has gone right during your day. Teachers incorporate this exercise into the daily rhythm of school. There's good research behind it as a valid way to improve wellbeing, to make you feel better about yourself and the world. You can build a positive attitude and grow your self-esteem if you find ways to challenge your thinking.

Negative emotions do have their place but most of us tend to overly focus on the negative to the detriment of our own wellbeing. Even when you have had a bad day try to salvage a few blessings from what has happened during the course of the day- no matter how small! Is this a tool you could use as a family in your daily routines? This may also be helpful as you read your child's academic report and reflect on future goals. Be sure to also discuss what they did well this semester. Some reflections from staff and students as we come to the end of Semester One.

What Went Well...

Lara – I have done well with my mapping and timetables skills

Kingston – Making new friends

Jessica – I have learnt about the flood plains and made a house to survive on a flood plain

Anabelle – Making lots of new friends

Ari – PE and sport lessons. I like the games we play and sport

Eloise and Zahra – We like sport lessons with Mr Goode and running

Cassie – Sharing outside learning with the students and seeing the cubbies they make

Jo – Listening to the students' stories

Lana – Being part of the growth and connection with our families and our community and the beautiful manners of the students.

"Happiness is not something readymade.
It comes from your own actions."

Dalai Lama

Wishing you a relaxing break,
Kerri Gould
Deputy Head of Campus

If your child is going to be absent, late, or leaving early please notify the office by SMS on 0407761162 before 9am. Please provide the following details:

- Child's name
- Reason for absence/early departure/late arrival
- Child's home room teacher
