XCH-200 Accessories	
Part Number	Product Identity
K3	Clamp and Shim Assembly
K10	Stainless Steel Pivot
21410	Clevis
21203	Stainless Steel Ball Joint

Part Numbering System

X X X   X X X — X X X X

Base Part No.
333
334

Travel in MM
050=50mm
075 = 75mm

Cable Length in CM
Place 0's in the first two positions if less than 1.00 metre.

Key Features

- Uses Version 3 EDGE Conduit for more flexible cable
- Red 'T' handle for high visibility
- Twist handle to lock in position

Cable Measurement

- When measuring a XCH-200 cable with a rod and sleeve, measure from the base where the "T" handle mounts to the tip of the rod and round up to the nearest 250mm increment.

- Example 334075-0100 XCH-2 00 cable with clamp hub 75mm travel 1.00 overall length
