*Natural Hybrid  
Sleep Surfaces™*

# Story of Our Natural Hybrid Sleep Surfaces

Once upon a time, in a world where sleep was considered a luxury, NSC Medical set out on a mission to redefine the way people experience rest and rejuvenation. Driven by a passion for innovation and a deep understanding of the importance of quality sleep, NSC Medical embarked on a journey to create the ultimate sleep solution – the Natural Hybrid Sleep Surfaces.

Inspired by nature's harmony and the healing power of natural materials, NSC Medical's team of experts embarked on a quest to design a sleep surface that would seamlessly blend the best of both worlds – the comfort of natural elements and the cutting-edge technology of modern healthcare.

After years of research, development, and meticulous testing, the Natural Hybrid Sleep Surfaces were born. Crafted from a unique combination of organic materials such as sustainably sourced latex, breathable wool, and luxurious organic cotton, these sleep surfaces were designed to provide unparalleled comfort, support, and breathability.

The magic of the Natural Hybrid Sleep Surfaces lies in their ability to adapt to each individual's body, providing customized support and promoting a restful night's sleep. Whether you prefer a plush feel or a firmer touch, these innovative sleep surfaces cater to your unique needs, ensuring a truly personalized sleeping experience.

As word spread about the transformative power of the Natural Hybrid Sleep Surfaces, people from far and wide flocked to experience the comfort and rejuvenation they offered. From restless sleepers seeking solace to individuals recovering from injuries, everyone found solace in the embrace of these revolutionary sleep surfaces.

Thanks to NSC Medical's unwavering commitment to excellence and innovation, the Natural Hybrid Sleep Surfaces have become synonymous with quality sleep and holistic well-being. As more and more individuals discover the magic of these sleep surfaces, NSC Medical continues to pave the way for a future where restful sleep is not just a dream but a reality for all.

Join us on this journey towards better sleep and a brighter tomorrow with the Natural Hybrid Sleep Surfaces by NSC Medical – where innovation meets nature to transform the way you sleep forever.

## Black Label Collection Natural Series

11" Organic Natural Latex Mattress

Organic cotton cover

Temperature regulating  
JOMA™ wool

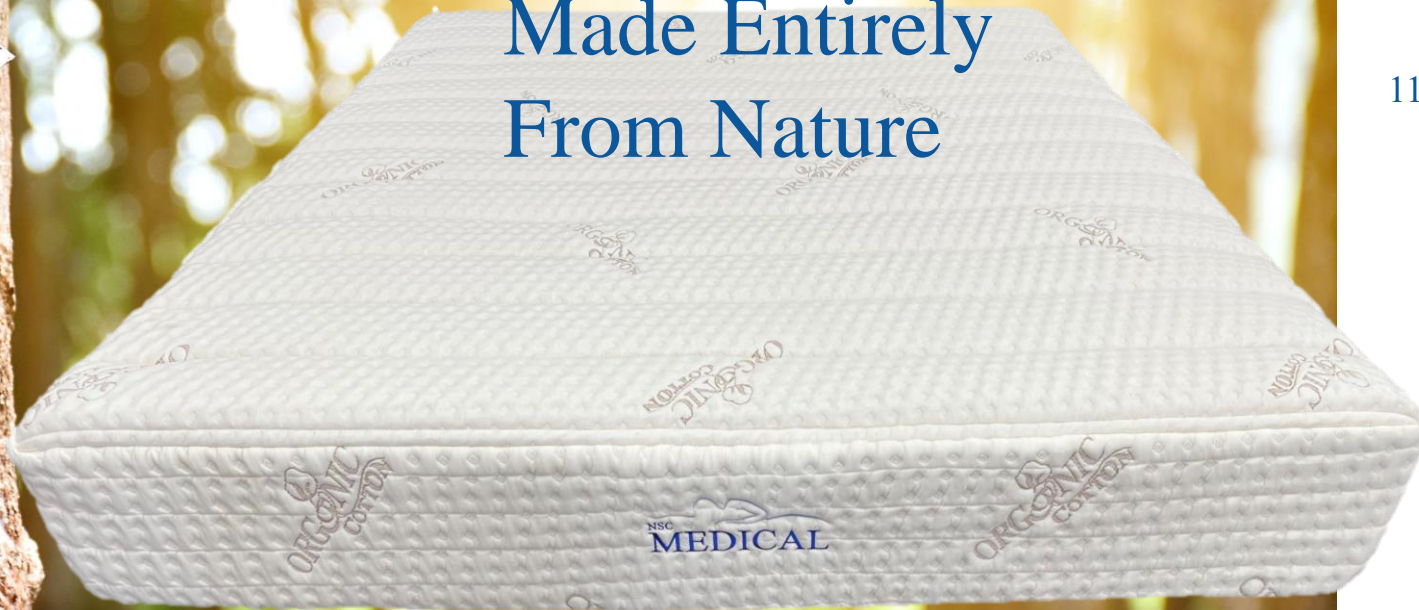

100% Organic Natural  
hypoallergenic latex

4 Global certifications for natural  
content and materials

# Made Entirely From Nature

## Black Label Collection Natural Series

### 11" Organic Natural Latex Mattress

The top layer of the patented Pressure Balance Latex System™ uses individual beams that are interconnected and articulate independently, which assist with pressure point relief and provide unique sleeper support where needed.

Industry's first organic all-natural latex sleep surface

# Certifications for Our Black Label Collection Natural Series

## **ABC Research Corporation**

3rd party laboratory test results proving the latex used in NSC Medical's Natural Element series has significant antimicrobial properties to reduce microorganism growth by 99.99%

## **Global Organic Latex Standard**

Global Organic Latex Standard (GOLS) certified multiple random samples and confirmed that NSC Medical's Natural Elements contained no less than 95% Latex foam

## **Bureau Veritas**

3rd party laboratory test results proving the latex used in NSC Medical has had the latex protein removed making the latex foam hypo- allergenic

# Certifications for Our Black Label Collection Natural Series

## **Eco Institute (ECO)**

Respected by manufacturers and agencies worldwide, Germany's Eco Institute is an independent material testing laboratory. NSC Medical's latex has achieved Eco certification for the purity of the organic latex.

## **The OEKO-TEX™ Standard**

An independent testing and certification system for raw, intermediate and finished textile products. OEKO-TEX™ has verified that NSC Medical has a STANDARD 100 by OEKO-TEX ® certified natural latex foam.

## **SGS**

3rd party Certification that the latex production facility follows the guideline of ISO 14001:2015

Made from Nature
