

K&S K&S METAL FABRICATIONS

CAPABILITY STATEMENT

FABRICATION FOR HVAC, CONSTRUCTION, INFRASTRUCTURE AND INDUSTRY

COMPANY HISTORY

Founded in 2008, KSMetal Fabrication started as a modest operation with just two staff members. Over 16 years, we have expanded to a skilled workforce of 50, incorporating cutting-edge technology and gaining recognition across various industries. We aim to supply partners with pre-designed and engineered metal fabricated products, helping them fulfill their project commitments.

OUR VISION
IS TO BE RECOGNISED AS A
WORLD-CLASS MANUFACTURER,
COLLABORATING WITH TRADE
PARTNERS IN A SAFE &
HARMONIOUS ENVIRONMENT.

COMPANY VALUES : HONESTY | | RESPECT | | ACCOUNTABILITY | | CONTINUOUS IMPROVEMENT

COMPETENCIES

- 3D CAD
- LASER CUTTING
- LASER TUBE/SECTION CUTTING
- TIG/MIG WELDING
- CNC BRAKE PRESS
- ASSEMBLY

MISSION STATEMENT

Our mission is to be the preferred supplier known for exceptional quality, compliance, and punctual delivery, ensuring mutually beneficial outcomes. We emphasise safety, teamwork, and the ongoing development of our staff as pillars for a prosperous and sustainable future.

PRODUCT EXAMPLES

HVAC

Sub Ducts, Plinth Frames, Brackets, Heavy Gauge Duct, Site Trolleys, Custom Grille Boxes

CONSTRUCTION

Secondary Steel, Prefab Riser Frames & Corridor Modules, Platforms & Bespoke Fabrication

INFRASTRUCTURE

Steel Supports, Equipment Skids, Bespoke Cabinets

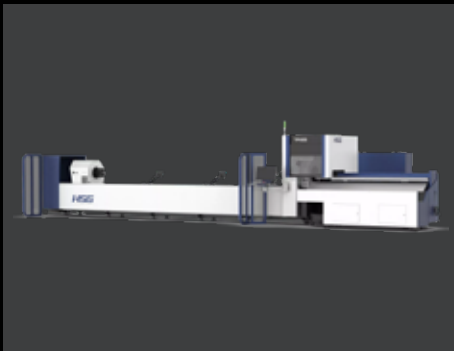

INDUSTRY

Transport Stillages, Truck Body & Trailer Parts, Hoppers & Chutes, Frames, Laser Cut & Fold Parts, Weldments & Assemblies, Guarding & Bespoke Fabrication

CAPABILITY + CAPACITY

Our expansive 5000m² facility, advanced manufacturing equipment and quality management systems, enable us to manage multiple large-scale projects simultaneously. This ensures we fulfill even the most demanding and intricate project requirements.

MAJOR PROJECTS + ACHIEVEMENTS

FIRE EMERGENCY CABINETS : M8 Motorway, M4-M5 Connex, Rozzell Interchange and M6.

OVERHEAD TRACK EXHAUST DUCT, SUPPLY DUCT & STRUCTURAL SUPPORTS : Sydney Metro Stations.

HVAC ATTENUATORS : Royal Adelaide Hospital & Darling Harbour Redevelopment.

OFF-SITE ASSEMBLY FRAMES : Numerous Data Centres.

KS METAL FABRICATIONS

TESTIMONIALS

"Fantech has been partnering with KS Metal Fabrications now for several years, and undoubtedly their engineering and fabrication capabilities have been a big contributor to our success.

KS Metal Fabrications manufactures all our attenuation products to Fantech's specifications. Their experience and forward-thinking approach have led to numerous collaborative design improvements. In addition, we work with them on D & C pre-fabrication jobs for various ventilation applications, minimising our own customers time on site.

The KS team led by Mark Stratford are professional, diligent, and very customer focused. Their production systems and QA processes are industry-leading, particularly important when we're providing product to critical infrastructure projects.

We're proud to have a long-term relationship with KS Metal Fabrications and highly recommend them."

- Fantech Pty Ltd

"Together with our partner, KS Metal fabrication, antec can supply, fit out and project manage large scale stainless steel and mild steel custom manufacturing jobs for fire and hydrant applications."

- Antec Group Pty Ltd

CERTIFICATION + QUALITY ASSURANCE

ISO 9001 Certified Quality Management System / ISO 3834 Part 2 Certified Welding / Advanced MRP System for Enhanced Job Tracking & Scheduling
