Ban Rust

Organic, Bore Water & Rust Stain Remover

BAN RUST is a remarkable blend of mildly acidic cleaning agents designed to easily and rapidly remove bore water and rust stains from most surfaces.

- Mix **BAN RUST** at 100ml per 1L of water (Ban Rust may be used neat depending on the surface and the staining).
- Spray or brush on, allow 2-3 minutes, then lightly scrub the area.
- Rinse area thoroughly with water.
- Repeat the above process if stains persist.
- Always test first.
