## Beautiful Products

—  
The GB Masonry collection has been a symbol of quality in the masonry industry since 1978 when our company was founded. For products that show the skill of master craftsmen there is no rival to the GB Masonry collection of premium masonry.

## Our Range

—  
GB Masonry sources the best quality sands and aggregates, achieving distinctive colours and finishes thanks to outstanding attention to detail and extensive expertise. Our masonry products have become a hallmark of architectural style and design, with a range that includes sleek honed options, bold textured finishes in the split face and rock face ranges, and the timeless style of our smooth finished ranges.

# The Benefits

—  
When considering building products to use on your project it is important to understand all the pros and cons before making your final selections.

**1.**

**Low maintenance**

Minimal maintenance, maximum impact. You're guaranteed a long-lasting, tough, and easy to care for solution.

**2.**

**All-weather resistant**

Heavy storms. Blistering heat. Sub-zero frosts. Our products are designed to hold up to anything our weather systems are capable of throwing at it.

**3.**

**Fire resistant**

All of our products are non-combustible and highly fire resistant – making them ideal for bushfire prone areas.

**4.**

**Termite resistant**

With no organic wood materials present in our concrete formulations, our masonry range is naturally termite resistant.

**5.**

**Simple installation**

Easy to install and structurally robust – our products are perfect for 'do it yourself' installations.

**6.**

**Environmentally aware**

We've designed our production processes to minimise effects on the environment ensuring they do not deplete precious natural resources

**7.**

**Impact resistance**

Our masonry range is also renowned for its toughness and hard-wearing properties, and can handle impacts from many external forces.

# Mortex Preblended Mortar

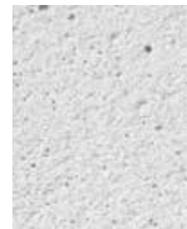

Mortex is a factory manufactured, quality assured premixed M4 rated mortar solution. Its consistency can save labour time, increase efficiency, remove the need for on site blending, and it is compliant with AS3700:2018. Mortex takes the guess work out of mortar blending and reduces the potential for under strength, non compliant mortar use.

This can ultimately reduce potential liabilities, saving money and time on rectifications. With the adoption of ISO9001:2008 principles, the mortar constituents are accurately measured and blended in a controlled environment to ensure consistent, homogeneous mortar is produced on-site.

## Colours

White mortar is currently the most popular colour. This is made by mixing light coloured cement and white sand and results in a traditional brick and mortar look. Mortar can be coloured by adding powdered or liquid pigments to the mortar as it is being mixed by the blocklayer. It can also be tinted to match the brick colour, giving a very even wall colour.

Please confirm with your blocklayer what their mortar colouring offering is before making your final decision.

# Ideas for Inspiration

Whatever your ideas, we have the products to turn them into reality.

### Coloured Masonry Blocks and Breeze Blocks

Our extensive range of architectural masonry products are available in a range of sizes, formats, and finishes from Austral Masonry and GB Masonry.

### Grey Masonry Blocks

Austral Masonry offer an extensive range of sizes and formats with light weight options available in selected locations.

### Retaining Walls

Choose from concrete retaining wall blocks or concrete sleepers suitable for DIY, general landscaping or large scale commercial retaining wall applications.

### Engineered Pavers

Offered exclusively from UrbanStone, the engineered range of pavers are the pinnacle in quality and style.

### Natural Stone

Granite, Marble and Limestone flooring, and natural stone wall cladding are style solutions created by nature and perfected by UrbanStone.

### Porcelain Stoneware\*

Created in Italy by Keope Ceramiche, our porcelain stoneware collection is the epitome of style, designed to suit indoor and outdoor applications.

### Concrete Pavers

For commercial and residential applications, our range includes a collection of sizes, textures and a plethora of colours.

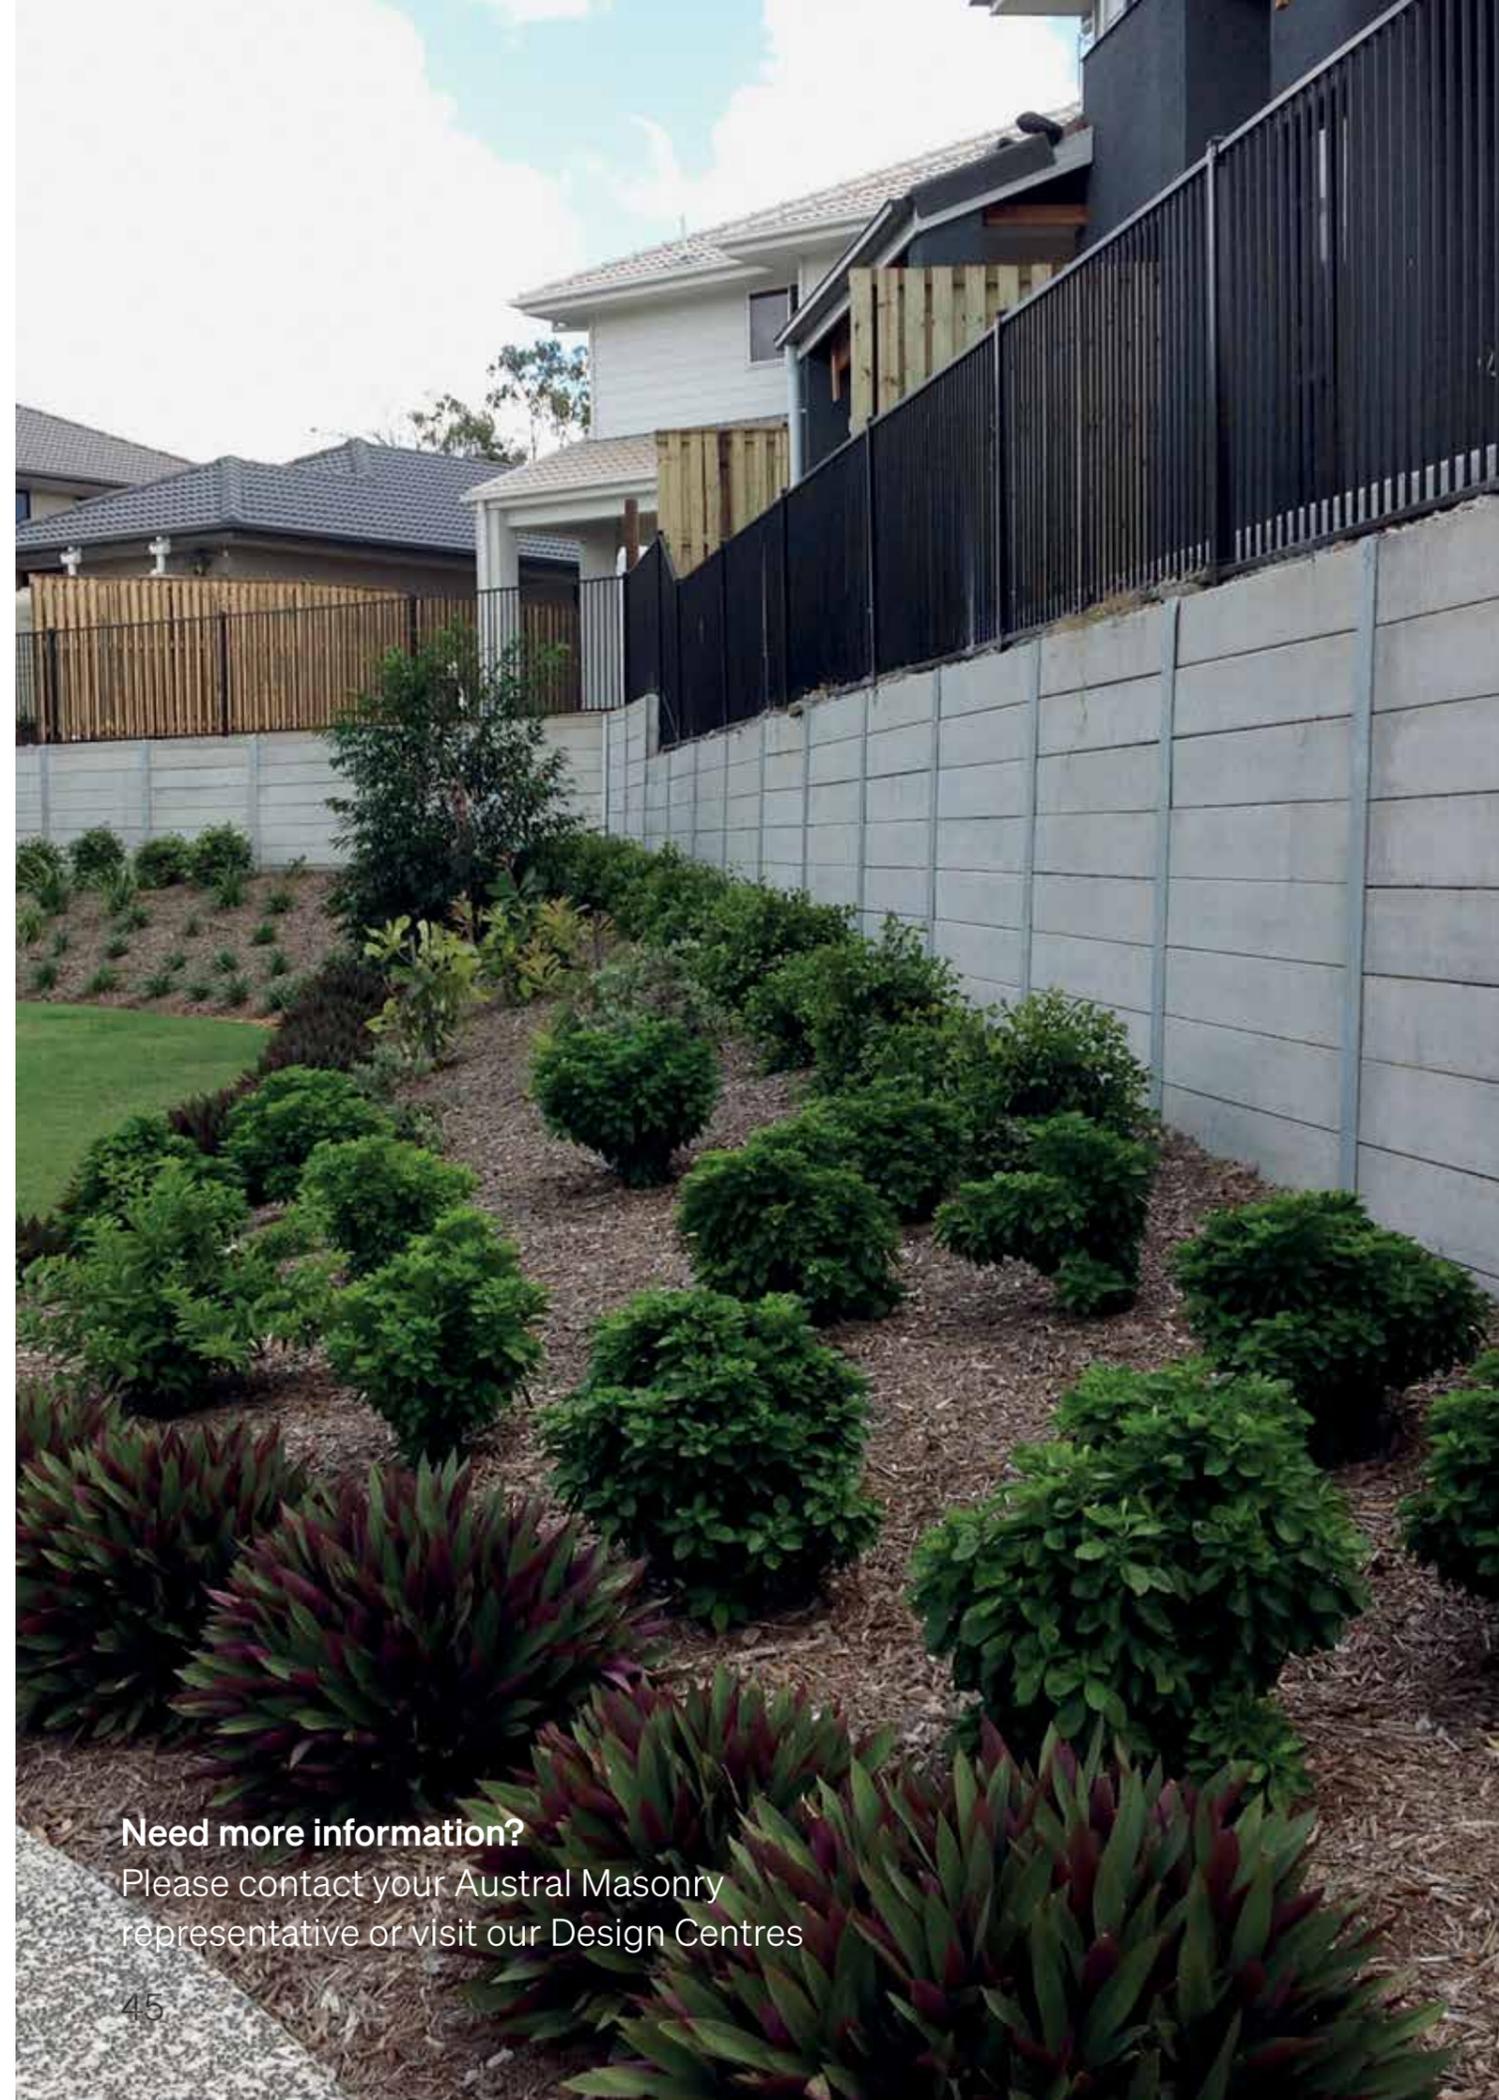

### Limestone Blocks\*

The engineered limestone and natural limestone block range is sourced through quarries in Western Australia with two finishes available to complement the natural limestone colour.

### Preblended Mortar and Accessories

From Mortex preblended mortar, to concrete sealers and mortar additives, Austral Masonry offers a host of installation accessories.

### Need more information?
