IMPORTANT INFORMATION

CHANGE TO SUPER WORK TEST AGE

From 1 July 2020, the age at which the super work test applies increased from 65 to 67.

If you're aged under 67, you can make personal or non-concessional contributions into your super account without needing to meet a work test requirement.

If you're aged 67 to 74, you need to meet the work test before your super fund will accept your contributions or use the one-off work test exemption. The work test requires you to be Gainfully Employed for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made. If you have recently retired and your super balance is less than \$300,000, the work test exemption allows you to make super contributions in the first year that you don't meet the work test.

Your age affects your non-concessional contributions cap, how the cap applies, and what options you may have.

CHANGE TO THE INCOME PROTECTION INSURANCE OFFER

On 1 April 2020, Agreed Value Income Protection insurance ceased to be available.

This meant that applicants for Income Protection insurance are now limited to the offer of Indemnity Income Protection insurance as set out in the Insurance PDS. Indemnity Income Protection means that your benefit amount may be reduced if your Earnings have decreased since you took out your Income Protection insurance.

All information in the Insurance PDS about Agreed Value Income Protection insurance only applies if you already have Agreed Value Income Protection insurance.

If you already have Agreed Value Income Protection insurance, you can continue to make changes and transfer your cover as set out in the Insurance PDS.

How insurance works
with MLC

Insurance snapshot

Know your insurance

It's important to understand what you are, and what you're not insured for. This PDS is here to help you understand your insurance.

1. Insurance provides protection

Insurance helps protect against the potentially devastating financial consequences of serious life events like death, disability or a critical illness - at a time when you, your family or your business needs support the most.

Claimable events

Death

Disability

Critical illness

2. Insurance is a contract

Your insurance company agrees to insure you for certain claimable events. In return you agree to pay a premium. Your policy document sets out the terms and conditions of your insurance, while the schedule sets out details of what you're insured for (including the sum insured, specific settings and options selected, special terms that you have etc).

Who can own your insurance?

- You or someone else
- A business
- A super Trustee

3. You provide information

Before insurance is issued, you have to provide information about your health and individual circumstances to determine if you can be insured, or if special terms need to apply.

It's really important that you tell us everything about your health and circumstances when you apply for your insurance. This is called your Duty of Disclosure.

If you don't make a full disclosure you or your beneficiaries may not be paid a benefit when you need it most.

All the information you need about your Duty of Disclosure is on page 106.

4. You pay a premium

Your premium is the amount you pay for your insurance.

Generally your premiums will be higher when you're:

- insured for higher amounts (sum insured) or for multiple types of insurance, or
- more likely to make a claim (risk of claim).

Premiums are recalculated each year. For more information about premiums see pages 38 - 41.

Factors that impact your premium amount

Age

Smoking status

Gender

Occupation

Health and medical history

Lifestyle and leisure activities.

5. You are insured

Your insurance continues until you cancel it, it expires or a nominated event occurs that ends it.

For information about when your insurance ends, see the General termination events sections of this PDS on pages 66 - 67 and page 83.

Worldwide insurance

MLC Insurance travels with you, which means you're insured 24 hours a day, anywhere in the world.

6. You (or your beneficiaries) make a claim

You or your beneficiaries can make a claim if a claimable event occurs while you're insured.

Some insurances have:

- Exclusions (events or conditions you're not insured for), or
- Qualifying Periods, (defined periods of time when a policy starts, is increased or reinstated where claims for certain events aren't payable), or
- Waiting Periods, (defined periods of time after a claimable event where claims for certain events aren't payable).

For more information about what you can and can't claim for, see the Summary of the terms and conditions section of this PDS on pages 50 - 83.

7. Paying benefits

If your claim is approved the benefit is paid.

The insurance terms and conditions describe when the benefit paid will be:

- The sum insured for that particular insurance, or
 - A proportion of the sum insured, or
 - Another specified amount.

Insurance in super at MLC

In this PDS insurance **inside super** refers to all types of insurance that can be held in super, regardless of who is the Trustee.

You can choose to hold insurance and pay premiums through super.

MLC issues the policy to the Trustee, who owns it on your behalf. You are both the life insured and a member of your fund.

Importantly, for benefits to be paid to you or your beneficiaries for your insurance in super you will need to meet both:

- the insurance terms and conditions, and
- a condition of release set by super law.

More information about the conditions of release is on page 45.

Holding your policy in a super fund

MLC has an arrangement with NULIS Nominees (Australia) Limited ABN 80 008 515 633 AFSL 236465 (NULIS Nominees), who is the Trustee of the MLC Super Fund (the Fund) ABN 70 732 426 024 to make MLC Insurance (Super) available to you through the Fund.

For details about:

NULIS Nominees and		
the MLC Super Fund	MLC super wrap accounts	Your own SMSF
Please refer to their PDS titled: MLC Super Fund – Retail Insurance in Super: for MLC Insurance Super Product Disclosure Statement	Please refer to the PDS for the MLC super wrap account you hold or are taking out.	Please refer to your fund trust deed.

When considering holding your insurance in super you should consider:

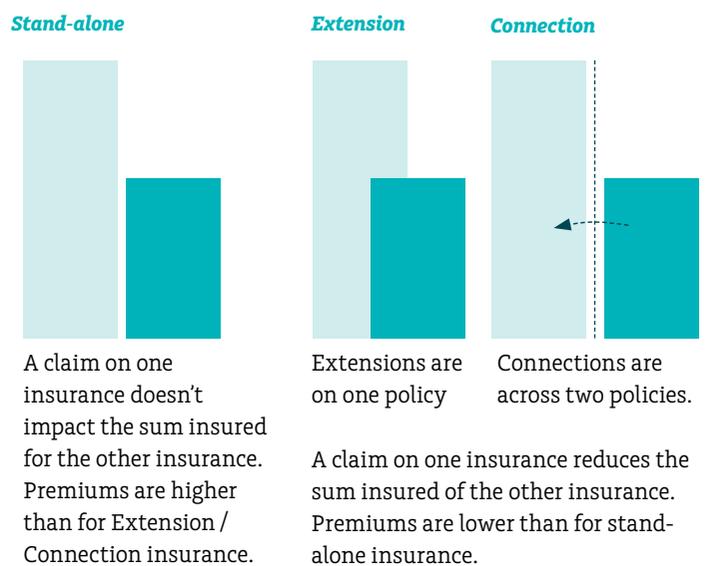

- The type of cover you want
- How you want to pay for your insurance, and
- Whether the benefits are paid through a Trustee or directly to you or your beneficiaries.

You should get specific guidance from your financial adviser when making this important choice.

Structuring your insurance

Claim structures you can choose

For some insurance you can choose what will happen to the sum insured on your other insurances after we pay a claim.

You choose the claim structure when you first take out your insurance.

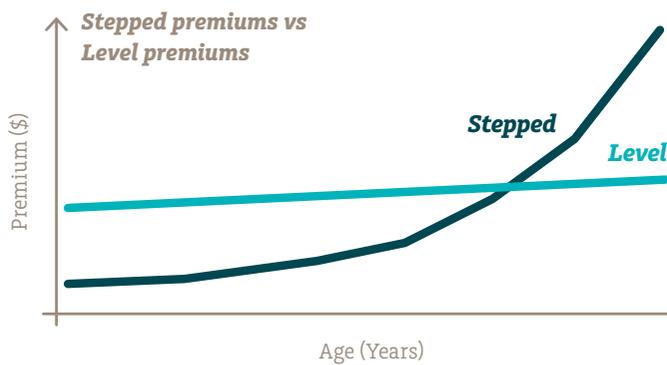

For the claim structures available on each insurance see Key information about your insurance on pages 16 - 32.

Our offer

Premium structures you can choose

We offer two types of premium structures that you can choose from:

- **Stepped premiums** – premiums change each year to reflect the increasing likelihood of claim as you age, and
- **Level premiums** – this structure spreads out the increasing likelihood of claim as you age by charging more at the start of the insurance, but less in the later years of the insurance.

For both premium types inflation proofing increases to the sum insured will also increase the premiums (inflation proofing is a feature of insurance that increases your sum insured in line with the Consumer Price Index). We may also need to change rates in the future, which would change the premiums you pay. Premium increases may also occur due to changes in government charges, such as stamp duty, or we might need to change our rates to reflect our insurance business experience, like the cost of claims.

For more information about stepped and level premiums, please see pages 38 - 39.

What your insurance includes

In this PDS you will find the following information about your insurance:

Benefit(s)	Are what we pay when a claimable event occurs. The benefit paid may be the full sum insured, a proportion of the sum insured, or another amount. Benefits can be either a one-off payment (lump sum), or a monthly payment for a period of time, or until you're no longer disabled. There may be more than one benefit available under your insurance, to cover different needs.
Setting(s)	Are a required selection for TPD, Income Protection and Business Expenses (that you select when you apply) which determines when benefits will be paid. Details on these settings can be found under the relevant insurance.
Feature(s)	Are built into your insurance. Some features will automatically apply to you, while others are available to be "turned on" according to the terms and conditions for that feature.
Option(s)	Are available for you to select when you take out your insurance. There are two types of options: <ul style="list-style-type: none"> • Options that expand your insurance, and increase your premiums, or • Options that limit when you can claim, and reduce your premiums.

What you need to know about the risks

There is a risk that the insurance you choose won't meet your needs.

Your financial adviser can assess your circumstances and help you choose insurance to suit your needs and the sum insured.

It's important to consider your future needs now as you may not qualify for some insurances if your circumstances change.

Need help?

Please speak with your financial adviser or call us on **13 65 25**.

Insurance in action – a case study

Meet Jim

Jim is 33 and is married with two children. He decides it's time to get the insurance he needs to protect his family financially if he dies or can't work.

Jim's insurance

His adviser recommends insurances and sums insured to meet these needs.

LC	Life Cover	\$750,000 of Life Cover insurance.	Inside Super
TPD	Total and Permanent Disability (TPD)	\$500,000 of TPD insurance as an Extension to Jim's Life Cover. This comes with a built in 12 month Life Cover Buy Back feature.	Inside Super
CI	Critical Illness	\$500,000 of stand-alone Critical Illness Plus insurance.	Outside Super
IP	Income Protection	Income Protection insurance with a monthly benefit of \$6,000, until age 65.	Outside Super

To reduce his premiums	To expand his insurance
<p>Jim chooses a 2 year Waiting Period for his Income Protection insurance.</p> <p>A longer Waiting Period means lower premiums.</p>	<p>Jim chooses Critical Illness Plus. Even though Critical Illness Plus costs more than Critical Illness Standard, Jim decides the higher level of insurance will give him greater peace of mind.</p>

Saving money by holding some insurance in super

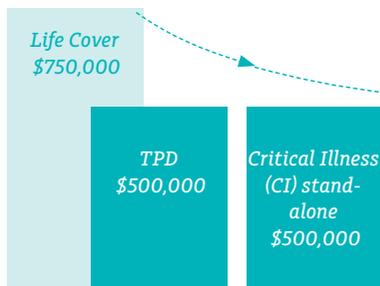

In addition, Jim chooses to pay some of his insurance premiums through super, which will help him save money by taking advantage of available tax concessions. This is because he isn't paying all of his premiums from his after tax income or savings.

Jim decides to buy insurance with MLC.

Structuring his insurance

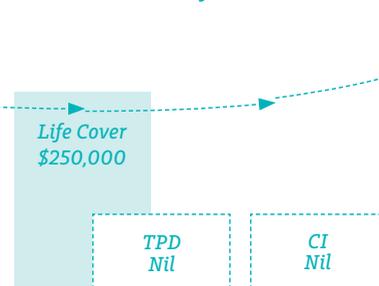

Helps Jim get the insurance he needs in a cost effective way.

Extension and stand-alone

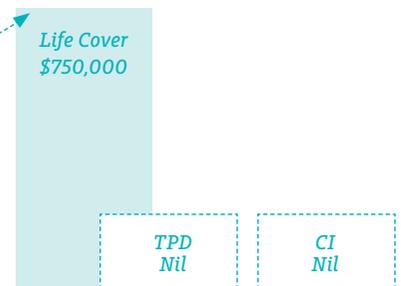

Jim takes TPD as an Extension to Life Cover, and Critical Illness as stand-alone.

Claim paid – TPD Benefit and Critical Illness Benefit

When a benefit is paid for both TPD and Critical Illness, his Life Cover is reduced by the TPD Extension, but not by the Critical Illness as it is stand-alone.

Buy back (after 12 months)

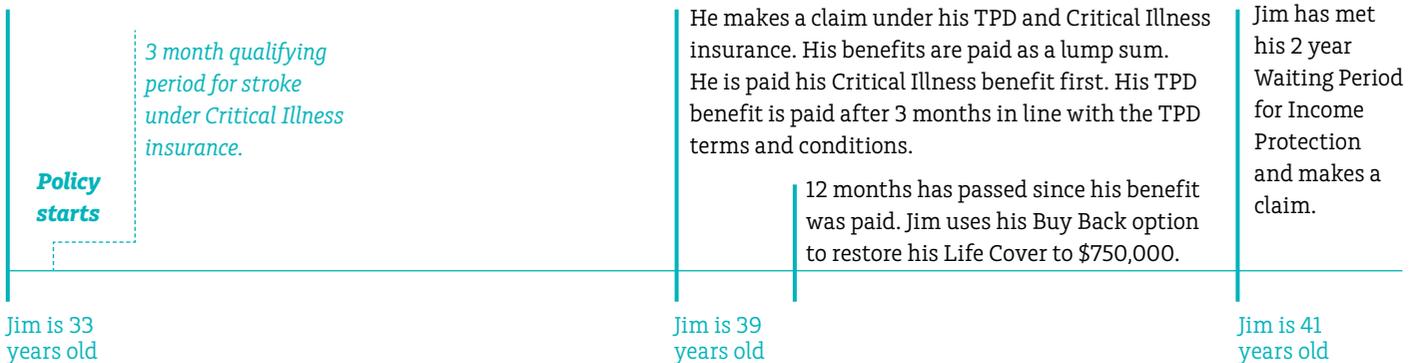

After 12 months Jim can apply to restore his Life Cover back to \$750,000 using the Buy Back feature built in to his TPD insurance.

Making a claim

When Jim is 39, he tragically suffers a major stroke. Jim has paid his premiums and the policy is in force. He has met the relevant definitions, Qualifying Periods and Waiting Periods. Jim is able to claim against his insurance.

Jim is paid:

- \$500,000 lump sum from his TPD insurance
- \$500,000 lump sum from his Critical Illness insurance
- Once his 2 year Waiting Period is over, Jim is paid a monthly benefit of \$6,000 until the age of 65 from his Income Protection insurance

The above is an example for illustrative purposes only and the outcome for you will depend on your circumstances and the terms applicable to your policy.

Types of Critical Illness insurance

CI+ Critical Illness Plus

Critical Illness Plus provides our highest level of insurance with the most conditions insured.

Your critical illness definitions will only change where we improve them in your favour.

CI Critical Illness Standard

Critical Illness Standard provides our standard level of insurance, which insures fewer medical conditions. It cannot be taken out as stand-alone insurance.

While we may make improvements to the critical illness definitions in your favour, we may also change the types of critical illness and critical illness definitions as advances are made in treatment and diagnostic techniques, to ensure they:

- remain appropriate with regard to medical terminology and classification;
- take into account effective cures, vaccines and modern diagnostic procedures;
- include some diseases considered appropriate in the future; and
- exclude some diseases which are found to have become minor in the future.

We will let you know if we make a change. Changes will apply to all policy owners. You won't be singled out for a change.

For more information see pages 55 - 56.

Important information about Critical Illness insurance

Where you make a critical illness claim for cancer, a heart attack or a stroke, we will assess your claim against the most favourable of:

- the applicable definition in our PDS/Policy Document linked to the full benefit amount; and
- if different, the corresponding medical definition in the Life Insurance Code of Practice (The Code) (or other minimum standard endorsed in final form by the Financial Services Council and that we accept) that is current at the time the claimable event occurs.

In the case of stand-alone insurance, you'll receive your full Critical Illness insurance benefit if you survive for 14 days after suffering a critical condition.

1. Choosing and buying your insurance

Below is some important information about how to apply, how you can choose who receives death benefits, and what payments we make to your financial adviser and other third parties.

How to apply

To apply for your insurance, please complete the:

- Application form which has been included with this PDS, or
- Our online application which your financial adviser can help you access.

For MLC Insurance (Super) and insurance purchased through your MLC super wrap account, your application is made to the Trustee, who applies to us for insurance on your behalf.

For insurance held by a SMSF Trustee, the Trustee has to complete the application as the policy owner.

You'll need the assistance of a financial adviser to apply for your insurance.

They can help you with each step of the application process, including preparing a quote, completing and submitting the application, and following up any additional requirements we may have.

Nominating a beneficiary for insurance outside super

Who receives your death benefit?

On your application form, you can nominate up to six beneficiaries to receive your death benefit along with the portion you'd like each beneficiary to receive.

If any of your beneficiaries die before you, their portion of the death benefit will be paid to their estate.

If you don't nominate a beneficiary, your death benefit will be paid to the policy owner or your estate, unless we're legally required to pay the benefit to someone else.

If the policy owner changes (for instance if you move your insurance from non-super to super insurance) your nomination will be automatically cancelled.

What happens if there's more than one policy owner?

If there are multiple policy owners, they own it jointly. If one policy owner dies, the policy will be owned by the remaining policy owner, or jointly owned by all the remaining policy owners.

If all policy owners have died, we'll pay any benefits to the estate of the policy owner who died last, unless legally required to pay someone else.

Please speak with your financial adviser for more information.

Nominating beneficiaries

It's important to keep your beneficiary nomination up to date with changes in your personal circumstances.

You can cancel or change your nomination at any time by completing the Beneficiary Nomination Form available at mlcinsurance.com.au or call **13 65 25** to request the form.

You should speak with your financial adviser, estate planner or legal representative to determine which type of nomination will best suit your circumstances and how the tax rules apply to your beneficiaries.

Nominating a beneficiary for insurance inside super

Your death benefit will be paid to the Trustee who will pay it according to super law.

Your beneficiary nominations need to be lodged with the Trustee.

Please refer to your Trustee for beneficiary nomination options that may be available to you.

Details will be available on your super provider's website, PDS or trust deed.

Payments to financial advisers

We have an agreement with your financial adviser to pay commission which is based on the premium paid.

This commission is included in the premium and is not an additional cost to you. If you don't have a financial adviser, your premium won't be less.

The actual remuneration your financial adviser receives, including any commission, will depend on your financial arrangement with them, and will be disclosed to you by them as required by law.

Third party payments

MLC may also pay third parties for the distribution, promotion or marketing of MLC's insurance products.

These third parties may include licensees (with whom your financial adviser is a representative).

Any such payment made by MLC to a third party is not an additional cost to you.

If applicable, any additional payments will be disclosed to you in the relevant Financial Services Guide which the third party must provide to you.

2. Assessment and underwriting

Below is some important information about how we assess your application, and temporary insurance that we offer while we are assessing your application.

How is your application assessed?

We'll assess your application, taking into account your occupation, lifestyle, leisure activities and medical history, to decide whether (and on what terms and conditions) insurance can be offered to you.

In some cases you may not be eligible for the insurance you ask for, or we might offer you insurance at a higher premium, or with an exclusion (for example, if you take part in a hazardous sport or have an existing health problem), or offer other alternative terms.

Depending on the insurance you apply for, we may need additional financial and medical information.

We may also ask you to undergo a medical examination or test.

We'll pay for any medical information asked for during the application process, (including extraordinary travel costs agreed in advance and the production of any report), unless we tell you otherwise.

We may also need to write to your Doctor seeking additional information (authorised by you).

We are legally required to send all communications about your policy to the policy owner. However, if the policy owner is different to you, the life insured, we will not communicate personal medical information about you to them unless you give consent for this.

We'll update your adviser with the progress of your application. If your application isn't accepted we'll let you know at the earliest possible time.

Interim Accident Insurance

While we assess your application, you'll have temporary insurance for each type of insurance you apply for, which will insure you for accidental events during this period. This insurance is called **Interim Accident Insurance**.

For all the important information about this insurance, including when it starts, what it does and does not insure, and when it will end, please see the Interim Accident Insurance Certificate on pages 111 - 112.

3. Your insurance policy

Below is some important information about when your insurance starts, and what happens if you change your mind after the insurance starts.

When your insurance starts

All the terms and conditions of your insurance are effective from the start date shown in your Policy Schedule.

What if you change your mind - the cooling off period?

If you give us a written request to cancel your insurance within the cooling off period, we'll refund premiums that you've paid.

The cooling off period is 14 days from the earlier of:

- you receiving the first Policy Schedule, or
- the end of the 5th day after the day on which your first Policy Schedule was issued.

For insurance inside super, any refund will be paid to the Trustee.

However, if you make an alteration or claim on your insurance during these 14 days, this will confirm your acceptance of your insurance and we won't refund any premiums paid.

4. Paying your premiums

Below is some important information about premiums and other charges.

What are premiums?

Your premium is the amount of money we charge for the insurance we provide.

Your premium for the types and amounts of insurance you initially apply for will be calculated by your financial adviser and confirmed by us.

If you don't have a financial adviser, please call us on **13 65 25** and we can put you in touch with one.

How much is your premium?

Your premium will depend on your individual circumstances including, but not limited to you:

- choice and combination of insurances
- age at the start of your insurance and chosen premium structure
- gender
- occupation – we or your financial adviser can provide you with more information
- smoking status – premiums are generally higher for smokers than non-smokers
- medical history – the state of your health and/or your family medical history
- lifestyle and leisure activities – the greater the risk of the activities you undertake, the higher the premium
- frequency of premium payments and applicable policy fee, and
- financial arrangement agreed with your financial adviser.

Your initial premium will be stated in your Policy Schedule.

Paying your first premium

If you pay your first premium before the policy is issued by direct debit, credit card or cheque, the payment will be held in a trust account until your application has been accepted or declined.

We will keep any interest earned on this money.

If your application is declined, we'll refund any premium you may have paid to you or, if required by super law, to your super account.

Minimum premiums

The minimum premium for both your initial insurance and for subsequent changes, excluding policy fees, will be:

Frequency of premium payments	Minimum premium (for new applications)	Minimum premium (for increases to existing insurance)	Minimum premium (for TPD and Critical Illness as a connected benefit only)
Monthly	\$20	\$10	\$10
Half-Yearly	\$130	\$65	\$65
Yearly	\$250	\$125	\$125

Choosing your premium structure

Once you've chosen the type of insurance you want you can choose which premium structure best suits you.

You can choose from a:

- stepped premium, or
- level premium.

You can make different selections for different types of insurance. You can also choose to split your insurance between different premium structures for the one type of insurance.

What are stepped premiums?

Stepped premiums change each year to reflect the increasing likelihood of claim as you age.

Your sum insured remains the same and your premiums will vary each year depending on your age and our premium rates at the time, subject always to any Inflation Proofing increases (over page), variations and other increases to your sum insured.

What are level premiums?

Level premiums spread out the increasing likelihood of claim as you age by charging more than stepped premiums at the start of the insurance, but less than stepped premiums in the later years of the insurance.

Your sum insured remains the same and your premium will be based on your age at the start date of your insurance.

When you renew your insurance, your premiums will only vary if a change is made to our premium rates.

Any increase in sum insured, including Inflation Proofing increases, will increase the premiums and that increase will be calculated using the stepped or level rates applicable to you, based on your age at the date of the increase (for the increased component only).

At the Review Date following age 65, we'll automatically continue your insurance on a stepped premium.

Payment methods

A range of payment methods is available and all premiums are paid in advance. Your annualised premium will generally be higher if you choose to pay more frequently. Monthly is the most expensive, followed by half yearly and yearly payments are the least expensive (see table).

We can change the frequency loading percentages at any time and will notify you of any material changes. Any changes will apply at your next Review Date.

MLC Insurance (Super) doesn't accept contributions from:

- directed termination payments
- personal injury payments
- small business sale proceeds, or
- transfers from overseas funds.

Frequency of payments	Payment Methods						Frequency Loadings
	Direct Debit	Credit Card	Cheque	BPay	Eligible MLC Account*	Rollover from external super account	
Monthly	Y	Y			Y		7%
Half-Yearly	Y	Y	Y	Y	Y		4%
Yearly	Y	Y	Y	Y	Y	Y	Nil

Inflation Proofing

If Inflation Proofing applies to your insurance then each year, on your Review Date, we'll automatically increase your sum insured to take inflation into account.

Your sum insured will increase in line with the Consumer Price Index (CPI) as follows:

- for Life Cover, TPD and Critical Illness the minimum increase to the sum insured at any one Review Date will be the greater of the increase in CPI or 5%.
- for Income Protection and Business Expenses, the increase to the sum insured at any one Review Date will be the increase in CPI (provided you are not being paid a benefit under the policy).

Your premium will increase to reflect this change. We'll let you know about the increase one month before your Review Date. Your premium will vary depending on the increased sum insured and your age.

If you don't want the CPI increase (in part or in full) for a particular year, please contact us within two months after your Review Date.

Inflation Proofing isn't available for Terminal Illness Support, Child Critical Illness, or Occupationally Acquired HIV, Hepatitis B or C Infection insurance.

For Income Protection insurance, if Inflation Proofing increases your Indemnity cover sum insured above the maximum limits (see Maximum Monthly Benefit Limits Table on page 68) we will calculate the increase in the maximum sum insured limits as follows:

- for Income Protection Platinum and Income Protection, your maximum sum insured will be increased by 20% of your Earnings (at the time of your claim) in excess of \$2,360,000 a year.
- for Income Protection (Special Risk), your maximum sum insured will be increased by 50% of your Earnings (at the time of your claim) in excess of \$560,000 a year.

4. Paying your premiums Continued

Changes to your premium

Your premium may change each year at your Review Date.

We may change the way we calculate premiums at any time. Because of this, your premium may increase or decrease. However, we'll:

- give you one month's written notice before premiums change,
- only apply any change to your premiums on the Review Date following any change, and
- not single you out for a change in premiums.

What happens if your premium isn't paid?

If you haven't paid your premiums in full by the date they're due you'll receive a reminder letter.

If you don't pay your outstanding premiums in full by the due date in the letter:

- we'll cancel your policy and your insurance will end, and
- any benefits payable up to the due date will be reduced by the amount of any outstanding premiums due to us.

You can apply to reinstate your policy within six months of your insurance being cancelled due to non-payment of premiums. However:

- as part of your Duty of Disclosure you must tell us, in writing, about any event that could influence our decision whether to reinstate the policy

- your policy won't be reinstated until we've approved it (we're under no obligation to approve the reinstatement), and
- payment of overdue amounts won't automatically reinstate the policy.

If your insurance isn't reinstated, we'll refund to you or, if required by the super law, to your super account, any premiums sent by you or the Trustee on your behalf after your insurance was cancelled.

If your premiums aren't accepted, depending on your payment method, the premium will be returned to you or, if required by super law, to your super account, or to the Eligible MLC Account from which it was deducted.

Refunding your premium when you cancel your insurance

If you cancel your insurance and:

- you pay your premium monthly, your insurance will end on the next date we would have debited your premium if your insurance had not been cancelled, or
- you pay your premium half-yearly or yearly, your insurance will end when we receive your request to cancel your insurance. Any premium paid by you for a period after that date will be refunded to you or, if required by the super law, to your super account.

Premiums inside super – super contributions

When your insurance is held inside super, premiums you pay directly are considered to be super contributions.

While you can contribute as much as you like, you'll pay additional tax if your contributions exceed certain limits.

These limits may change from time to time.

Your contributions to pay for insurance premiums need to be added to any contributions you and your employer make for contribution cap limit purposes.

To find out the current limits and who can contribute, go to apra.gov.au or ato.gov.au

You can also speak with your financial adviser about these limits.

Policy fees

The premium you pay may include a policy fee for administering your policy, which will increase every year in line with the Consumer Price Index (CPI) at the Review Date. The latest policy fee information is available on mlcinsurance.com.au

The policy fee at the preparation date of this PDS is:

Frequency of premium payments	Policy fee	Annual equivalent
Monthly	\$6.81	\$81.72
Half-Yearly	\$39.73	\$79.46
Yearly	\$76.40	\$76.40

A policy fee applies to each policy you apply for.

The policy fee will be waived on the second policy as follows:

- where you purchase TPD and/or Critical Illness insurance as a connected benefit, and the Life Cover insurance is issued on a separate policy. The policy fee will be applied to the Life Cover insurance. If the connected Life Cover insurance policy is cancelled and the connected policy remains active, the current policy fee applicable at the time will be reinstated.
- where joint policy owners are applying for more than one insurance policy at the same time, the policy fee will apply to:
 - the policy containing an Income Protection insurance benefit, or
 - the MLC Insurance (Super) policy where there is no policy containing an Income Protection benefit, or
 - the policy insuring the youngest person insured where the above circumstances do not apply.

Your policy fee will also be waived if your premiums are deducted from an Eligible MLC Account.

See mlcinsurance.com.au/using-your-insurance/how-to-pay-your-insurance-premiums for the list of eligible accounts this applies to.

MLC reserves the right to change policy fees. We'll give you one month's written notice if we do.

Family law charges

The Family Law Act helps super, life insurance and other investments to be divided between parties should there be a marriage or de facto breakdown.

We may be obliged to provide information to other parties and manage your policy in line with court orders. We reserve the right to charge the policy owner a fee if we have to comply with a Family Law injunction or order which alters the rights, liabilities or property interests of you and to recover any legal costs incurred by us in responding to matters arising from an order or injunction.

Government charges

We reserve the right to charge you an amount for any duty, tax, excise, impost, charge or deduction applied by the federal or state or territory governments as may apply to your policy and such amount will be calculated by reference to the relevant rate that applies at the time your annual premium is calculated.

There is currently no Goods and Services Tax (GST) charged on the premium.

5. Updating your insurance

Below is important information about how we might update your insurance over time, how you can update your insurance to suit your changing needs, and information you need to know about transferring and replacing your insurance.

Guarantee of upgrade

Whenever we improve the terms of a type of insurance you've chosen, and those improvements don't increase your premiums, we'll upgrade the terms of your policy.

Each new improvement only applies from its effective date – ie the date when the new definition or feature starts. So the improvement only applies to claims, health conditions and events which start or take place after the effective date.

The improvements won't apply to past or existing claims, or claims resulting from health conditions or events which started or took place before the effective date.

MLC will inform you of the effective date of any improvements to your policy. Should a situation arise where you are disadvantaged by the application of a policy term that has been changed under the Guarantee of upgrade since your policy started, then we will instead apply the prior version of that term that is most advantageous to you.

Changing your insurance

You can at any time make a request to change your insurance (using the appropriate form), including a change to a sum insured or to add or remove a type of insurance or option. Each change is subject to our approval so we'll let you know if we've accepted or declined your request. Your premium may also change as a result of your requested change. Your financial adviser can provide the relevant forms and help you decide whether to alter your insurance.

Renewing your insurance

As long as your premiums continue to be paid, we'll generally renew your insurance each year, even if your health worsens.

Your insurance will continue until the expiry is reached or a nominated event occurs that ends your insurance.

For some types of insurance, we will continue to renew the insurance after a claim.

For other types of insurance, after a set period of time you may be able to restore your sum insured back to the amount it was before the benefit was paid, without having to provide additional evidence of health, occupation or pursuits.

Further details on renewing insurance after a claim can be found in the Summary of the terms and conditions section of this PDS, which starts on page 50.

The following insurances are not guaranteed renewable and, after the first three years in force will be renewed as described below:

- we'll renew Critical Illness Standard insurance only on terms and conditions that apply at the time of renewal, and
- we'll renew Income Protection (Special Risk) insurance on a case-by-case basis.

Insurance in super - continuing your policy past age 65

When you reach age 65, there are some age-based regulations around making contributions to super. This includes meeting a work test.

You need to make sure you meet this test before making a contribution. If you don't meet the requirement, you must inform us within 14 days of making a contribution.

If you tell us you don't meet the work test, you'll be offered the opportunity to convert to a non-super policy.

Eligibility to contribute to super (Work test)

To satisfy the work test you must be Gainfully Employed on at least a part-time basis, having worked for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made.

From 1 July 2019, the Government introduced an exemption to allow retirees aged 65 to 74 with total super balances below \$300,000 to continue to make voluntary super contributions in the first year they don't meet the 'work test'.

This requirement may change from time to time.

Transferring your insurance between non-super and super policies

You can transfer your insurance between MLC Insurance and MLC Insurance (Super) as long as the insurance is still in place.

Transferring insurance involves replacing it with insurance on another policy. For example, Life Cover insurance outside super can be replaced with Life Cover insurance inside super.

Certain restrictions apply to transfers involving insurance inside super policies and your financial adviser can help you with this.

We reserve the right to refuse a transfer application if you have made a claim or are entitled to make a claim. If we do refuse your transfer application for any reason your existing insurance will continue unless you choose to cancel or your insurance ends.

More information on transferring your MLC Insurance (Super) policy to insurance outside super can be found in Converting MLC Insurance (Super) policies below.

Protecting your super

The Australian Government has introduced new laws to protect super savings.

From 1 July 2019 the Trustee will request us to cancel insurance cover in super where your super account hasn't received a contribution for 16 continuous months and you haven't elected in writing to keep your insurance cover, even if your account is inactive. You can avoid cancellation of your insurance by either:

- Paying a premium / contribution / rollover in to your super account at least once every 16 months, or
- Completing a 'keep my insurance' form, which will then exclude your policy / super account from this process.

Converting MLC Insurance (Super) policies

What is conversion?

This means your insurance inside super ends and a new policy will be issued outside super.

When does conversion happen?

You can convert your MLC Insurance (Super) policy to a non-super policy at any time before the Review Date after you turn 74 (ie the date your MLC Insurance (Super) ends).

If you pay your premiums via direct debit, credit card, cheque or Bpay[®], we have to convert the policy to a non-super policy if you become ineligible to contribute to super.

If you pay your premiums through deduction from your Eligible MLC Account, you're aged between 65 and 74, and no longer meet the work test, you can keep your MLC Insurance (Super) policy as long

as you've sufficient funds in your account to pay for your insurance premiums.

How does the conversion work?

On conversion, we'll cancel the MLC Insurance (Super) policy held by the Trustee for you and issue you with a non-super policy with similar types of insurances and sums insured.

The policy terms and conditions will be determined at the date of conversion.

In determining eligibility for insurance, the new policy will be taken to have started on the later of:

- the date similar insurance began under the super insurance policy, or
- the date the super insurance policy was last reinstated.

The sum insured under the new policy won't be more than it was under the old policy at the date of conversion.

Premiums under the new policy will be calculated in line with MLC's base premium rates at the time; taking into account the type of insurance, the sum insured, your age and acceptance of the terms of the policy.

Any beneficiary nomination made for one life insurance product doesn't apply to the new product when a conversion applies.

You'll need to make a new beneficiary nomination for the non-super policy by completing the Beneficiary Nomination Form available on mlcinsurance.com.au or call **13 65 25** to request the form.

Replacing your existing insurance

If you're replacing part or all of any insurance, you should compare the differences between the existing and replacement policies.

This way you can make sure your replacement insurance is suitable for you.

If the insurance you're replacing is issued by MLC Limited, then you agree that we will cancel part or all of that insurance once your MLC Insurance and/or MLC Insurance (Super) policy starts.

If the insurance you're replacing is with another provider, then once your MLC Insurance and/or MLC Insurance (Super) policy starts, it will be your responsibility to cancel part or all of your replaced insurance. If you don't, any amount payable under your replacement insurance will be reduced by any similar amount that you, your estate or nominated beneficiary would be entitled to receive under the insurance that was to be replaced.

Before you take steps to cancel and replace an existing life insurance policy, you should talk to your financial adviser or contact us on **13 65 25**.

A new policy may require you to re-serve Waiting Periods, additional health exclusions may apply, and the new policy may not provide you with the same insurance.

Importantly, do not cancel your existing policy before your replacement insurance is in place.

Cancelling your insurance

You can cancel your insurance at any time. If you want to cancel your insurance, please call us on **13 65 25**.

6. Making a claim

If you need to make a claim, please call us on 1300 125 246 between 8.30am and 6pm (Melbourne/Sydney time), Monday to Friday, to find out what you need to do and to get the relevant forms.

How to claim

When you need to make a claim, please let us know as soon as possible, preferably within 30 days of the event entitling you to make the claim, so we can start working on it.

Any delay in notifying us may make it difficult for us to assess your claim and this could impact your Benefit.

You or your representative can contact us and we'll tell you what you need to do and send you the necessary forms.

The sum insured for each type of insurance is shown in your Policy Schedule.

Different types of insurance may have special claim requirements and we may ask for further proof or information to help in assessing your claim.

Any proof or information you are asked to provide is at your cost. However, if we need a financial audit or medical examination by a person we appoint, we'll pay for it.

If we don't accept your claim, we'll let you know our reasons.

Specific notification period for HIV Contracted Through Medical Procedures and HIV Contracted Through the Life Insured's Work

You need to notify us within 14 days of HIV being contracted.

This doesn't apply if you or the Trustee weren't legally capable of providing information about the claim during that time.

7. Paying benefits

Benefit payments for all insurance

What benefits are paid

The benefit we pay will be:

- The sum insured, or
- A proportion of the sum insured, or
- Another specified amount,

as determined by the terms and conditions of your insurance.

In the case of Income Protection and Business Expenses insurance we'll review your benefit amount regularly in line with the terms and conditions of your insurance.

The terms and conditions of the insurance must be met for benefits to be payable.

Who do we pay

The benefits will be paid to:

- You, or
- the policy owner if they are someone else (including the Trustee for insurance in super), or
- each nominated beneficiary (according to their share of the benefit), or
- your personal legal representative (Your estate) if there is no Nominated Beneficiary.

Benefits inside super – and the conditions of release

For insurance inside super, the Trustee receives any benefits payable under the policy if you make a claim.

Your Trustee will release those benefits to you if permitted under super law, which sets out certain conditions of release that you have to meet.

If you don't meet a condition of release for any reason, the Trustee can't release the benefit to you.

If this happens the Trustee will hold the benefit in the Fund as a preserved benefit, until you satisfy a condition of release.

Since 30 June 2014, the Trustee has been required to ensure that insurance available through its fund are consistent with the conditions of release.

Conditions of release

The table below describes which insurance benefits inside super are consistent with the conditions of release.

Type of insurance	Related condition of release
Life Cover	Death
Accidental Injury Benefit and TPD	Permanent Incapacity – this means the Trustee must be reasonably satisfied that your ill health (whether physical or mental) makes it unlikely that you will engage in gainful employment for which you are reasonably qualified by your education, training and experience.
Income Protection	Temporary Incapacity – in relation to where you've ceased to be gainfully employed (including where you have ceased temporarily to receive any gain or reward under a continuing arrangement for you to be gainfully employed), this means ill health (whether physical or mental) that caused you to cease to be gainfully employed but does not constitute permanent incapacity. The Trustee may not be able to pass benefits to you, or may reduce benefits if you receive any income provided or arranged by an employer, partnership or business, including fully paid leave such as sick leave, or if Government regulations otherwise limit the benefit that can be paid. A benefit can't be paid for longer than the period of Temporary Incapacity.
Terminal Illness	Terminal Medical Conditions – a terminal medical condition exists in relation to you at a particular time if the following circumstances exist: <ul style="list-style-type: none"> • two Doctors (at least one of them a Specialist in the area of the related sickness or injury) have certified, jointly or separately, that you are suffering from an illness, or have incurred an injury, that is likely to result in death within a period (the certification period) that ends not more than 24 months after the date of certification, and • for each of the certificates, the certification period has not ended.

Irrespective of the conditions of release described above, the applicable insurance definition must be met for an insurance benefit to be payable.

Tax treatment of insurance inside super

Any contributions used to fund your premiums will be reported to the Australian Taxation Office (ATO) for the purpose of calculating super contribution limits.

Where required by law, the Trustee will deduct any tax, duty or government fees and forward the money to the relevant authority.

The government may change how super is taxed. To find out more go to ato.gov.au

For more detailed information about taxation inside super, please refer to your Trustee.

You must provide your Tax File Number (TFN)

MLC and the Trustee need your TFN to complete your application for MLC Insurance (Super).

You should also be aware:

- MLC and the Trustee are authorised to collect your TFN under the Superannuation Industry (Supervision) Act 1993
- it isn't an offence to decline to notify MLC and the Trustee of your TFN
- without your TFN, MLC and the Trustee may have difficulty (now or in the future) tracing your benefits in order to undertake any account consolidation or payment
- MLC and the Trustee are allowed to use your TFN only for lawful purposes (which may change in the future as a result of legislative changes), including if paying out monies, and if identifying and amalgamating super benefits for surcharge purposes, and

- your TFN will be disclosed to the ATO and will also be passed to other super providers if your benefits are transferred, unless you inform MLC and the Trustee in writing not to pass on your TFN.

Summary of the terms and conditions

Summary of the terms and conditions for lump sum insurances

In this section you'll find a summary of:

- 1 General terms
- 2 Terms for specific insurances, benefits, features and options
- 3 General exclusions, and
- 4 General termination events.

The full terms and conditions that apply to your insurance are in the policy document, which we'll send to you when we accept your application.

1. General terms

Structuring your insurance (Stand-alone, Extensions, Connections and double benefits)

You can structure your insurance as:

- stand-alone
- an Extension to Life Cover and Critical Illness insurance:
 - on the same policy, or
 - as a connected benefit on a separate policy.

Your financial adviser can help you work out which structure is most appropriate for you.

What is stand-alone insurance?

This is insurance that can be purchased on its own and is independent of all other insurances you purchase. If a claim is paid on one of your insurances, your other insurances won't be reduced.

The insurances you can purchase as stand-alone are listed below.

Outside and inside super:

- Life Cover, and
- Income Protection.

Outside super only:

- Total and Permanent Disability (TPD)
- Critical Illness
- Occupationally Acquired HIV, Hepatitis B and C Infection, and
- Business Expenses.

What is Extension insurance?

Extension insurance allows one insurance type to be attached to another insurance type.

You'll pay less for this structure than stand-alone insurance because a claim payment will reduce the insurance to which it's attached.

The insurances you can purchase as Extensions are:

- Total and Permanent Disability insurance (TPD), and
- Critical Illness insurance.

You can also attach TPD as an Extension to your Critical Illness Extension insurance. If your Critical Illness insurance ends, you may be able to continue your TPD insurance as either an Extension to Life Cover or stand-alone insurance. Your premiums will change accordingly.

The combined amount of any insurances you choose as Extensions can't exceed the insurance benefit to which they're attached.

You can also choose to connect your Extension insurances both inside and outside super to maximise the cost-effectiveness of your insurance.

This can be on different policies and with different policy owners. This is known as 'connected benefits'.

Your financial adviser can help you work out which structure is most appropriate for you.

What are Double Benefits?

They are an Extension insurance that restores the Life Cover if you survive 14 days after a TPD or Critical Illness benefit is paid.

Double Benefits also include a premium waiver for the restored Life Cover premiums until age 65.

The insurances you can purchase as Double Benefits are:

- TPD (Extension to Life Cover),
- TPD (Extension to Critical illness), and
- Critical Illness Plus insurance (Extension to Life Cover).

You can also choose to connect your Double Benefits insurance, both inside and outside super, on different policies and with different policy owners.

Your financial adviser can help you work out which structure is most appropriate for you.

2. Summary of terms for:

- Life Cover
- TPD
- Critical Illness
- Child Critical Illness
- Occupationally acquired HIV, Hepatitis B, or C Infection insurances.

The full terms and conditions that apply to your insurance are in the policy document, which we'll send to you when we accept your application.

12-month Life Cover Buy Back Option (Available with Critical Illness Extension insurance only)

What is the benefit?

This optionally included feature allows you to restore your Life Cover insurance (Restored Life Cover) by the same amount as the Critical Illness Benefit paid, without you having to provide additional evidence of health, occupation or pursuits.

What is the cost of restoring cover?

Your premium for the Restored Life Cover will be based on our premium rates at the time the Life Cover is restored, taking into account the benefit amount, your age, the premium and acceptance terms of the Life Cover (including all loadings, exclusions and special terms).

When is cover restored?

You can include this option when you originally take out insurance. If you then receive a Critical Illness Benefit which reduces your Life Cover, you can apply to restore your Life Cover to the amount you had before your claim.

You can do this from the later of:

- 12 months after we receive your claim form (the date the form is received by our claims department), and
- 12 months after you first meet the full Critical Illness definition (the date your condition is confirmed in writing and received by our claims department).

You have up to 30 days after the later of the above dates to ask for your Life Cover to be restored.

What are the conditions (including exclusions)?

- The Accidental Injury Benefit under the Restored Life Cover will not be paid for any loss arising from or contributed to by sickness or injury for which a benefit has been paid under the original Critical Illness insurance.
- If a Terminal Illness Support Benefit or Financial Planning Benefit has previously been paid it will not be available under the Restored Life Cover.
- The policy owner and life insured will remain unchanged under the Restored Life Cover.
- You cannot exercise this 12-month Life Cover Buy Back Option if a benefit for terminal illness has been paid previously.
- You must ask us to restore your Life Cover before the Review Date after you turn 75.

12-month Life Cover Buy Back (Available with TPD Extension insurance only)

What is the benefit?

When you receive a benefit under your TPD insurance, your Life Cover insurance cover decreases by the amount of the TPD Benefit you received.

This included feature allows you to restore your Life Cover insurance (Restored Life Cover) by the same amount as the TPD Benefit paid, without you having to provide additional evidence of health, occupation or pursuits.

What is the cost of restoring cover?

Your premium for the Restored Life Cover will be based on our premium rates at the time the Life Cover is restored, taking into account the benefit amount, your age, the premium and acceptance terms of the Life Cover (including all loadings, exclusions and special terms).

When is cover restored?

Your Life Cover can be restored 12 months after the date the full TPD Benefit is paid. You have up to 30 days after this date to apply to have your Life Cover restored.

What are the conditions (including exclusions)?

- The Accidental Injury Benefit under the Restored Life Cover will not be paid for any loss arising from or contributed to by sickness or injury for which a benefit has been paid under the original Total and Permanent Disability insurance.
- If a Terminal Illness Support Benefit or Financial Planning Benefit has previously been paid it will not be available under the Restored Life Cover.
- The policy owner and life insured will remain unchanged under the Restored Life Cover.

Summary of the terms and conditions for lump sum insurances

- You cannot exercise this 12-month Life Cover Buy Back if a benefit for terminal illness has been paid previously.
- This included feature is not available if you have exercised the 14-day Life Cover Buy Back Option.
- You must ask us to restore your Life Cover before the Review Date after you turn:
 - 75 for Total and Permanent Disability (Extension to Life Cover), or
 - 65 for Total and Permanent Disability (Extension to Critical Illness).

14-day Life Cover Buy Back Option (Available with TPD Extension insurance only)

What is the benefit?

This optionally included feature will automatically restore your Life Cover insurance (Restored Life Cover) by the same amount as the TPD Benefit paid, without you having to provide additional evidence of health, occupation or pursuits.

What is the cost of restoring cover?

Your premium for the Restored Life Cover will be based on our premium rates at the time the Life Cover is restored, taking into account the benefit amount, your age, the premium and acceptance terms of the Life Cover (including all loadings, exclusions and special terms).

When is cover restored?

Your Life Cover is automatically restored if you live for 14 days after we've paid your full TPD insurance Benefit.

What are the conditions (including exclusions)?

- The Restored Life Cover will be payable in the event of your death, Terminal Illness and Accidental Injury.
- If a Terminal Illness Support Benefit or Financial Planning Benefit has previously been paid it will not be available under the Restored Life Cover.
- The policy owner and life insured will remain unchanged under the Restored Life Cover.
- For your Life Cover to be restored, your TPD claim must be paid before the Review Date after you turn:
 - 75 for Total and Permanent Disability (Extension to Life Cover), or
 - 65 for Total and Permanent Disability (Extension to Critical Illness).

Accidental Injury Benefit (Feature of Life Cover insurance)

If due to an Accident you lose:

- the use of both hands or both feet, or
- the sight in both eyes, or
- the use of one hand and one foot, or
- the use of one hand or one foot and the sight in one eye

you'll receive 100% of your Life Cover insurance Benefit, up to \$2 million.

Or, if due to an Accident you lose:

- the use of one hand or one foot, or
- the sight in one eye

you'll receive 25% of your Life Cover insurance Benefit, up to \$500,000.

Conditions that apply to the Accidental Injury Benefit

- Any loss must be total and permanent, be as a direct result of the Accident and occur within six months of the Accident.
- The maximum amount stated is the most you'll be paid, no matter how many MLC Insurance policies (inside or outside super) you hold that covers for an Accidental Injury Benefit.
- If you hold more than one MLC policy that covers for an Accidental Injury Benefit and the total of all those MLC policies is greater than the maximum amount, each policy will proportionally contribute to the maximum amount.
- If you also hold stand-alone Total and Permanent Disability insurance or stand-alone Critical Illness insurance with us, the maximum benefit payable under this Accidental Injury Benefit will be reduced by the total of any benefit paid under those insurances for an event that is also covered under the Accidental Injury Benefit.
- For insurance inside super that first commenced after 30 June 2014, you must also be Permanently Incapacitated as defined on page 104, as a result of the Accident, as defined on page 102, to be eligible for an Accidental Injury Benefit.

When won't a benefit be paid?

If you've already lost the use of one hand, foot or sight in one eye before your insurance started, or was last reinstated, we will either not pay a benefit or may pay a benefit of 25% of the Life Cover Benefit up to \$500,000.

We will not pay the Accidental Injury Benefit where the loss or loss of use, as the case may be, arises from or is contributed to by a self-inflicted injury.

How does a claim affect your insurance?

Your Life Cover insurance will be reduced by the amount of your Accidental Injury Benefit paid. If you also have Terminal Illness Support insurance, this insurance will also be reduced to the lesser of:

- \$250,000, and
- 50% of the reduced Life Cover insurance.

We'll reduce the premiums payable in line with the reduced insurance for both your Life Cover and Terminal Illness Support insurance.

If you receive the Accidental Injury Benefit, and you have any of the following insurances:

- TPD insurance held as an Extension to Life Cover insurance,
- TPD insurance held as an extension to Critical Illness Extension insurance or
- Critical Illness insurance held as an Extension to Life Cover insurance,

we will reduce your TPD and Critical Illness insurance benefits by the amount of the Accidental Injury Benefit paid.

We'll reduce the premiums payable in line with the reduced insurance for your Life Cover and Critical Illness insurance.

Advance Death Benefit (Feature of Life Cover insurance)

If your Life Cover insurance is \$20,000 or more and you die, we'll pay an initial once-off Advance Death Benefit payment of \$20,000. This will be paid to the remaining policy owner(s) or to your nominated beneficiaries, in the same proportions as requested for paying your Death Benefit.

We'll need a certified copy of your birth and death certificates, or an extract of death registration or other evidence of death satisfactory to us, along with a written request before we pay this advance.

If the Advance Death Benefit is paid, the final Life Cover benefit amount paid to the remaining policy owner(s) and/or beneficiaries will be reduced by \$20,000.

Payment of the Advance Death Benefit is not an admission of liability by us to pay the Life Cover insurance Benefit, and may be recovered by us if the Life Cover insurance claim isn't accepted.

Business Safeguard Option (Available with Life Cover, TPD and Critical Illness insurances)

If the insurance is used for one of the following nominated business purposes:

- Revenue Protection (Key Person) insurance (outside super only)

you can apply to increase your Life Cover, TPD and Critical Illness insurances, without further medical evidence, when a business event happens. A business event is when the value of your financial interest in the business, loan guarantee, or the value of the key person to your business increases.

You must apply for the increase within 30 days of the first Review Date following the relevant business event. Your premiums will rise in line with the increased insurance.

You must provide proof of the business event to our satisfaction. Proof required may include, but is not limited to, company minutes, ownership (buy sell) agreements, audited company accounts and tax returns, or such other documents or evidence as we may require.

If you choose Critical Illness Plus, the critical illness definitions will only change where we improve them in your favour.

Critical Illness Standard

As advances are made in treatment and diagnostic techniques, we may need to change the types of, and definitions used in, Critical Illness Standard insurance for both new and existing policies to make sure they remain appropriate, take into account effective cures, vaccines and modern diagnostic procedures as well as include and exclude diseases where appropriate.

Summary of the terms and conditions for lump sum insurances

We don't guarantee to renew your insurance. Following the first three years of your Critical Illness insurance, we may continue your insurance with the same or different critical conditions and definitions.

Where a change is made, it will apply to all Critical Illness Standard policies, we won't single you out for a change.

We'll notify you of any change to your Critical Illness insurance terms or definitions on renewal.

You can accept the new conditions by continuing to pay your premiums and, therefore, entering into a new policy contract. You won't need to complete an application for the new policy and we'll continue to rely on the information you provided to us for your existing MLC policy.

You may refuse these changes by not making further premium payments and your policy will lapse.

If you purchase Premium Waiver insurance on a policy where Income Protection insurance also applies, we'll waive the premiums for your other insurances on the policy.

For Premium Waiver:

- 'retrenched' means when your employer terminates your full-time employment because your position is no longer needed.

- 'Total Disability' and 'Totally Disabled' means that solely due to Sickness or Injury, you are:
 - unable to perform at least one of the important duties of your occupation which is necessary to producing your Earnings, and
 - not working for Earnings, payment or profit, and
 - being regularly treated or monitored (as appropriate to your condition) by an appropriately qualified Doctor.

Terminal Illness Benefit

If you are diagnosed as having a Terminal Illness while this Life Cover insurance is in force, we will pay the Terminal Illness Benefit.

You do not have to return to MLC the Terminal Illness Benefit paid if you survive the 24 month period.

For **insurance outside super**, Terminal Illness means an illness that, even with appropriate medical treatment, in the opinion of the treating Specialist, and where required, a further medical opinion from a Specialist approved by us, is likely to lead to death within a period that ends no more than 24 months from the date we are notified in writing by the approved Doctor.

For **insurance inside super**, Terminal Illness means an illness that, even with appropriate medical treatment, in the opinion of two Doctors, one of whom is a Specialist approved by us, is likely to lead to death within a period that ends no more than 24 months from the date the Doctors certify the condition ('the Certification Period'). We must be notified in writing of the Terminal Illness within the Certification Period.

Terminal Illness Support insurance

If while Terminal Illness Support insurance is in force you are:

- diagnosed as having a Terminal Illness, and
- survive for 30 days after we are notified of the Terminal Illness,

we will pay the Terminal Illness Support Benefit.

You do not have to return to MLC the Terminal Illness Support Benefit paid if you survive the 24 month period.

For **insurance outside super**, Terminal Illness means an illness that, even with appropriate medical treatment, in the opinion of the treating Specialist, and where required, a further medical opinion from a Specialist approved by us, is likely to lead to death within a period that ends no more than 24 months from the date we are notified in writing by the approved Doctor.

Total and Permanent Disability insurance – How much can you apply for?

You can apply for between \$25,000 and:

- \$5 million for certain professional occupations such as surgeons, accountants and solicitors, or
- \$3 million for other occupations.

Once you reach the review date following your 65th birthday:

- the definition of Total and Permanent Disability changes to a Loss of Independence definition, and
- if your benefit is over \$3 million at that date, your maximum benefits will be reduced to \$3 million.

Your financial adviser can help you work out which occupation group applies to you.

TPD Optimiser

You can apply for your TPD insurance using both Any and Own Occupation definitions.

However, if you select the TPD Optimiser option then the Any Occupation part of your TPD insurance is held inside super. The Own Occupation part of your TPD insurance is held outside super.

How does it work?

The total cost for your TPD Optimiser insurance is equivalent to Own Occupation TPD insurance.

The premiums will be split and consist of:

- the Any Occupation part, which will be paid through your insurance inside super,
- the Own Occupation part, which will be paid through your insurance outside super.

What happens if you claim?

If you become Totally and Permanently Disabled by meeting the 'Any Occupation' definition, your TPD benefit will be paid under the policy inside super. The part of your TPD insurance outside super will end.

If you become Totally and Permanently Disabled and don't meet the Any Occupation definition but do meet the Own Occupation definition, your benefit will be paid under your MLC Insurance policy (outside super), and the part of your TPD insurance inside super will end.

You can only receive a TPD Optimiser benefit under one of the benefit definitions.

A benefit paid on your TPD Optimiser insurance will end that insurance on both policies and reduce the Life Cover and/or Critical Illness insurance it's attached to, as described on page 50.

What are the conditions for TPD Optimiser?

- TPD Optimiser must have the same benefit amount and the same options (except for the definition of TPD) across both policies.
- All alterations, additions, reductions and cancellations of the TPD insurance must be applied equally to both policies.
- Your TPD insurance held outside super will end on the Review Date after you turn 65 as the TPD definition will change. Your TPD insurance inside super will continue using the Loss of Independence definition (see pages 95 - 96). The conditions for continuing to pay premiums through super are on pages 42 - 43.

4. General exclusions, and
5. General termination events.

The full terms and conditions that apply to your insurance are in the policy document, which we'll send to you when we accept your application.

1. General terms

How much insurance can you apply for?

A monthly benefit up to \$30,000 is available for all occupations. A monthly benefit up to \$60,000 is available for some professional occupations such as surgeons, accountants and solicitors.

The maximum monthly benefit you can apply for is based on your Earnings as follows:

Maximum monthly benefit limits

Your Earnings (per annum)	Your Earnings (per month)	Percentage of your Earnings	Maximum Monthly Benefit
First \$320,000	\$26,666	75%	\$20,000
From \$320,001 to \$560,000	\$26,667 to \$46,666	50%	\$20,001 to \$30,000
From \$560,001 to \$2,360,000*	\$46,667 to \$196,666	20%	\$30,001 to \$60,000
Over \$2,360,000	Over \$196,666	N/A	\$60,000

**Benefits over \$30,000 can only be applied for by certain professional occupations such as surgeons, accountants and solicitors. Your financial adviser can help you work out whether your occupation is eligible.*

This maximum applies to the combination of all your income protection insurance policies from all sources.

Conditions for monthly benefits over \$30,000

Insurance above \$30,000 monthly benefit is only available if your insurance below that amount is with us.

The Waiting Periods available are 30, 90 or 365 days and the maximum benefit period is two years.

Style of benefit

Subject to the terms and conditions of your insurance and provided your

application is accurate, complete and acceptable to us when you apply, you can choose from two styles of benefits to address what happens if your Earnings decrease after your insurance is issued:

- Agreed Value of cover, or
- Indemnity cover.

Agreed Value cover

Your monthly benefit won't be reduced because of a change in your Earnings.

After the Review Date following your 65th birthday your benefit will be assessed as an Indemnity cover benefit (see page 69).

Where you apply for Agreed Value cover and:

- you provide satisfactory and accurate financial information when you apply,
- the information supports your Total Disability Benefit under your Income Protection insurance, and
- you fulfil your Duty of Disclosure,

we won't ask you to provide this information again to justify your benefit amount if you make a Total Disability claim.

Financial information may still be required if you make a claim. This information will be used to help with the claim assessment, determine your eligibility for other benefits under the policy and/ or to meet super and legislative requirements.

Indemnity cover

Your monthly benefit may be reduced if your Earnings Before Disability decrease (see page 103). Choosing this style of benefit may help lower your premiums.

The benefit payable will be the lesser of the benefit shown on your Schedule and the maximum insurable amount as calculated in the 'Maximum monthly benefit' table under 'How much insurance can you apply for?' on page 68.

How does partial disability work?

If, when your disability begins, you're Gainfully Employed or have been Gainfully Employed during the previous 12 months, and you return to work in a reduced capacity, your Partial Disability benefit will be calculated in proportion to your reduction in Earnings.

For Income Protection Platinum

If, when your disability begins, you're not Gainfully Employed and haven't been Gainfully Employed during the previous 12 months, your Partial Disability benefit will be calculated differently.

The calculation will be in proportion to the reduction in the amount of Earnings you could reasonably be expected to generate if you were working to your pre-disability capacity. This will take into account available medical evidence (including the opinion of your Doctor), relevant occupational assessments and other considerations directly related to your medical condition (including information provided by you).

If you're receiving Total Disability benefits, you won't be eligible for Partial Disability benefits.

What if you can claim for loss of income from other sources?

When you receive benefits from other sources such as Workers Compensation or other legislated payments for loss of income, your benefits will be adjusted.

We won't make any adjustments for social security payments, benefits at common law, compensation paid for pain or suffering or super payments.

If you choose Agreed Value cover

Your benefits will be reduced so that the total amount you receive from this insurance together with benefits for loss of income from all other sources doesn't exceed:

- 75% of your Earnings Before Disability for Total Disability, or
- 100% of your Earnings Before Disability for Partial Disability.

We won't reduce your benefits if the total benefits you receive from this insurance and benefits for loss of income from all other sources, are less than your monthly benefit (as shown in your Schedule).

If you choose Indemnity cover

Your benefits will be reduced so that the total amount you receive from this insurance together with benefits from all other sources will be the lesser of:

- the benefit shown on your Schedule, and
- your maximum insurable amount calculated as described in the Maximum monthly benefit limits table (see page 68).

Where benefits from other sources are paid as a lump sum we'll treat the lump sum as though it is paid in equal monthly instalments for eight years and use that amount, to calculate the reduction in your benefit.

For Income Protection Platinum (Agreed Value and Indemnity)

For some professional occupations such as surgeons, accountants and solicitors, we won't adjust your benefit.

Your financial adviser will help you work out if your occupation is eligible.

For Income Protection (Special Risk) (Agreed Value and Indemnity)

If you have selected Non-Occupational Cover (see page 80), no benefit will be payable if you suffer any Disability caused by a sickness or injury:

- for which income benefits are payable from Workers Compensation or a similar compensation scheme regulated by legislation, or
- that happened at work or as a result of work.

Income Protection Benefits after the Advance Payment Benefit Period

If, at the end of the Advance Payment Benefit Period, you're still Totally or Partially Disabled you may receive a Total or Partial Disability Benefit.

The Advance Payment Benefit Period will count towards the Waiting Period.

Summary of the terms and conditions for Income Protection and Business Expenses

You'll only receive one benefit at a time. However, you'll also receive the following benefits at the same time as your Total or Partial Disability benefits:

- Rehabilitation Expense Benefit,
- Rehabilitation Bonus, and
- where you have selected the Extra Benefits Option:
 - Home Assistance Benefit
 - Transportation Benefit
 - Accommodation Benefit.

When do benefits end?

We'll continue to pay benefits until:

- you stop being Totally or Partially Disabled
- you reach your maximum benefit period
- you unreasonably refuse to undergo or comply with recommended medical treatment or rehabilitation to reduce your disability, or
- your Income Protection insurance ends.

For insurance inside super, you must also satisfy the definition of Temporary Incapacity on page 105 or another condition of release under super law. For more information, please see page 45.

For insurance inside super, you must also satisfy the definition of Temporary Incapacity on page 105 or another condition of release under super law.

For more information, please see page 45.

Return to work during the Waiting Period

Income Protection Platinum

You can return to work during the Waiting Period.

When your Waiting Period is 14, 30 or 90 days, and you remain at least Partially Disabled, your Waiting Period will not restart if you return to work during the Waiting Period.

If your Waiting Period is more than 90 days, and you return to work at full capacity, the Waiting Period will be extended by the number of days you work. If you return to work for more than 10 consecutive days, your Waiting Period will restart.

Income Protection, Income Protection (Special Risk) and Business Expenses (including Platinum Option)

You can return to work during the Waiting Period. The days you work don't have to be consecutive, but the Waiting Period will be extended by the number of days you work.

than five consecutive days, your Waiting Period will restart.

If your Waiting Period is more than 30 days, and you return to work for more than 10 consecutive days, your Waiting Period will restart.

For Business Expenses insurance with the Platinum Option, return to work means that you've returned to work at full capacity.

What is sabbatical leave?

This means leave taken for study or travel as a normal part of your occupation.

Business Expenses

How does Business Expenses work?

If you're self-employed, or operate a small business, you'll be reimbursed for certain business expenses incurred while you're Totally Disabled, up to your monthly benefit amount for up to 12 months.

If there's more than one person who owns and operates the business, you'll receive your share of the covered business expenses proportionate to the share of the business that you own and operate.

If you're paid less than the full benefit over a year, we'll extend the benefit period while you continue to be disabled for the lesser of another 12 months or until you've been reimbursed an amount equal to the full 12 months' benefit.

If you change businesses, the policy is portable. You have the flexibility to apply this insurance to your new business.

This insurance isn't available if you work in a special risk occupation.

What is a business expense?

The covered expenses are the reasonable and regular normal operating expenses of the business you own and manage, including:

- rent or mortgage payments
- property levies, rates and taxes
- equipment or vehicle lease costs
- electricity, heating and water costs
- cleaning and laundry costs
- depreciation on office equipment and premises that the business owns,
- salaries of employees not generating business income
- costs of accounting services
- fees for memberships of professional associations
- business insurance premiums, and
- net cost of a locum.

You'll receive a proportion of your monthly benefit (1/30th each day) if you're disabled for part of a month.

Expenses which are paid for, or relate to a period of two or more months, will be allocated proportionally for the purpose of calculating the monthly benefit.

Conditions for the Critical Illness Benefit

The Critical Illness Benefit is:

- payable instead of the first 180 days of any Total or Partial Disability benefit or the Nursing Care Benefit,
- not payable if you're receiving the Advance Payment Benefit, and
- not payable if it is less than \$10,000.

You can only claim this benefit once for each critical condition.

If, at the end of six months, you're still Totally or Partially Disabled, you may receive a Total or Partial Disability Benefit. The payment period for the Critical Illness Benefit will count towards the Waiting Period.

Home Assistance

While you receive a Total Disability benefit, if you're at home, confined to bed or the house and dependent on home assistance or nursing care, you'll receive a further benefit to help you cover this cost.

If you need care at home and either:

- you hire a private registered nurse (who isn't a member of your Family), you'll receive \$150 per day, or
- your Spouse stops working at a full-time job solely to care for you at home (unless your Spouse worked for you or your employer before your disability), you'll receive for each day your spouse provides that care, the daily proportion of your monthly benefit.

The maximum benefit is the lesser of your monthly benefit or \$4,500 per month, for up to six months.

Nursing Care Benefit (payable during the Waiting Period)

You'll receive a proportion of your monthly benefit (1/30th each day) if you're confined to bed under a Doctor's direction, and receive full-time registered nursing care (not provided by a member of your Family).

The benefit applies if you're confined to bed for at least 72 consecutive hours. You will receive this benefit for each day of care during the Waiting Period for up to 180 consecutive days.

If you become Totally Disabled for at least one month while you are:

- outside Australia, we'll reimburse the cost of transportation back to Australia, or
- inside Australia, more than 100 kilometres from home, we'll reimburse the cost of transportation back to your home.

We'll only pay this benefit once in any 12-month period, after deducting any reimbursements you're entitled to receive from other sources. You can receive a maximum benefit equivalent to three times your monthly Income Protection benefit.

Total Disability and Partial Disability definitions relating to Income Protection Platinum with Extra Benefits Option

(Income Protection Platinum with Extra Benefits Option) – Totally Disabled and Total Disability means that prior to the Review Date following your 65th birthday (or your 70th birthday if your benefit period is to age 70), and solely due to sickness or injury, you satisfy either (a), (b) or (c) below:

Increases Without Further Medical Evidence (Feature of Income Protection Platinum and Income Protection insurances)

You can request an increase in your Income Protection Platinum and Income Protection monthly benefit, without needing to provide further medical evidence, by up to 20%, subject to the maximum insurable amount calculated based on the table on page 68 when any of the following events happen:

- you get married or divorced
- you complete an undergraduate degree at a Government-recognised university
- you receive an increase in your Earnings of at least 10% in the previous 12 months

You will need to provide financial evidence satisfactory to us to support the increase requested, proof of the event and request the increase in writing.

This increase will be in addition to any increases available under Inflation Proofing.

Conditions that apply to increases without further medical evidence

The application for an increase in the monthly benefit must be made between the date the relevant event happens and 30 days after the first Review Date following the event.

Under this feature you can only apply for one increase during any three-year period. However, you can bring forward an application for increase, so that you can apply for an additional increase during a 3 year period, subject to the following conditions:

To make sure benefits keep pace with inflation, your benefits and Earnings Before Disability will be increased annually after benefits have been paid continuously for a full year. The increase will be equal to the most recent annual CPI increase available at the date we calculate the increase.

Lump Sum Benefit Option (For Income Protection Platinum outside super only)

If you select this option when your insurance starts, you may choose to receive the monthly benefits as a lump sum when you're Totally and Permanently Disabled as defined over page.

This option can only be selected with benefit periods to age 65.

There is no additional premium for this option.

This option is only available for certain occupation groups such as surgeons, accountants, solicitors, salespersons, and carpenters (this option isn't available if you work in a special risk occupation). Your financial adviser can tell you if you're in an eligible occupation.

Please refer to the Taxation Section on pages 46 - 47 for the tax implications of choosing this option.

If you selected this option when this insurance started, you may choose to receive the monthly benefits payable under your Income Protection Platinum insurance as a lump sum benefit instead of monthly payments if the life insured is Totally and Permanently Disabled as defined over page.

The lump sum benefit will be the lesser of:

- \$3 million, and
- a multiple of the monthly benefit, where the multiple is:
 - 180 (if the life insured is under age 40)
 - 156 (if the life insured is age 40 to 44)
 - 132 (if the life insured is age 45 to 49)
 - 108 (if the life insured is age 50 to 55), or
 - the number of complete months to the Review Date following the life insured's 65th birthday (if the life insured is age 56 or over).

The multiple described above is calculated based on the date you satisfy the Qualification Period described below.

The lump sum benefit will be reduced by all disability benefits paid after the Qualification Period has been satisfied.

The monthly benefit used in the calculation described above will be reduced by any benefits from other sources that would have applied had this option not been exercised, as described in 'What if you can claim for loss of income from other sources?' on page 69.

Conditions that apply to the Lump Sum Benefit Option

The Lump Sum Benefit Option can only be exercised by you if:

- you have satisfied the Qualification Period
- the life insured has not been diagnosed as terminally ill and likely to die within 12 months from the date the Qualification Period is satisfied, and
- you request in writing that the Lump Sum Benefit Option be exercised.

The Lump Sum Benefit Option, once selected, cannot be cancelled and, unless exercised, will end when the life insured turns 65.

When the Lump Sum Benefit Option is exercised, and the lump sum benefit is paid, this Income Protection Platinum insurance ends and no further benefits of any kind are payable under this insurance.

This amount is in addition to any other Total or Partial Disability benefits.

You'll receive increased benefits while undergoing rehabilitation approved by us.

Your Total or Partial Disability benefit will be increased by 50% for up to 12 months.

We may decline to accept the application to convert the Waiting Period on the basis of this evidence or information, when considered in light of our standard underwriting guidelines applicable at the time of the application to convert the Waiting Period.

Qualifying Periods Some critical conditions are covered only after a period of time known as a 'qualifying period'. This means you aren't covered for those conditions if they first appear, first happen, or are first diagnosed within the qualifying period after your insurance began, was last reinstated or increased

For surgical procedures this means you're not covered when the underlying condition requiring the surgical intervention first appears, first happens, or is first diagnosed within the qualifying period.

If, because of the qualifying period you are unable to claim an insurance benefit, we'll still cover you for future unrelated critical conditions if they appear, happen, or are diagnosed after the qualifying period has ended.

If your insurance is replacing similar insurance, we'll waive your qualifying period for the amount that would have applied if that policy had continued.

Regular medical treatment

Income Protection benefits will only be paid while you are being regularly treated or monitored (as appropriate to your condition) by an appropriately qualified Doctor.

Regular treatment includes following the reasonable advice of your Doctor such as taking prescribed medication or complying with the recommended treatment regime.

Termination Date Is the date when your insurance ends. The termination date may vary for different types of insurance.

Waiting Period A Waiting Period means your benefit won't be paid straight after the claimable event happens. Once an event occurs you have to wait a certain period of time before you can make a claim.

Insurance with longer Waiting Periods cost less than insurance with shorter Waiting Periods because they only pay benefits for long term events.

Whole Person Function Is defined in the American Medical Association publication 'Guides to the Evaluation of Permanent Impairment' current as at the date of impairment, or an equivalent guide to impairment approved by us.

(What is the) work test? To satisfy the work test you must be Gainfully Employed on at least a part-time basis, having worked for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made. This requirement may change from time to time.

Your duty of disclosure

When you apply for a life insurance policy, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you. You have the same duty before you extend, vary or reinstate the policy.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If someone other than you will be the life insured under the policy, any failure by that person to comply with the above duty will be treated as a failure by you.

If you request life insurance inside super, the Trustee obtains this insurance from us in relation to you.

In this circumstance, we rely on the disclosures that you or the Trustee makes to us.

If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate policies of life insurance.

If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the policy within 3 years of entering into it.

If we choose not to avoid the policy, we may, at any time, reduce the amount you have been insured for.

This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have.

However, if the policy provides cover on death, we may only exercise this right within 3 years of entering into the policy.

If we choose not to avoid the policy or reduce the amount you have been insured for, we may, at any time vary the policy in a way that places us in the same position we would have been in if you had told us everything you should have.

However, this right does not apply if the policy provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the policy as if it never existed.

Disclosure - MLC Transfer Applications

If you apply to transfer your insurance from an existing MLC policy to a new MLC policy (transfer application), we will rely on the matters disclosed and representations made to us prior to entering into the existing MLC policy and, if applicable, the matters disclosed and representations made to us with your application for a new MLC policy (including an application for any change, increase or addition to the existing MLC policy) when making a decision whether to accept the transfer application and on what terms.

If we refuse your transfer application for any reason, your existing insurance will continue unless you choose to cancel it or your insurance ends.

By submitting a transfer application you consent to this process.

Pre-existing conditions

If we ask you for medical information during the application process and you fully and accurately disclose a medical condition to us, we will not apply a pre-existing exclusion clause in relation to that condition unless we agree this with you and confirm it in writing when your policy is issued.

On the basis of your disclosure, we may not offer you insurance or may offer it on alternative terms.

Interim Accident Certificate

This information is provided by MLC Limited ABN 90 000 000 402 AFSL 230694 (MLC), the issuer of this Interim Accident Insurance.

We are pleased to provide this Interim Accident Insurance, at no extra cost, while your application for MLC Insurance and/or MLC Insurance (Super), whether for a new policy or an addition to an existing policy, is being considered. This insurance is provided separately to MLC Insurance (Super) and is not part of the Fund. The Trustee has no liability or obligation to you for this Interim Accident Insurance.

The terms and conditions of this Interim Accident Insurance Certificate are set out below.

When will we pay?

You'll receive the benefits of the Interim Accident Insurance if the life insured dies, is Totally and Permanently Disabled, suffers a critical condition, or becomes Totally Disabled, as a result of a bodily injury caused by accidental means, which occurs while the life insured is covered by this insurance.

Life Cover and TPD insurance

If you applied for any of these insurances for a life insured, and that life insured dies within 12 months, or is totally and permanently disabled, as a result of a bodily injury which is caused by accidental means during the term of this insurance, you'll receive the lowest of:

- \$1,000,000
- the benefit you applied for, or
- the benefit we would allow under our assessment guidelines.

Critical Illness insurance

(Applicable outside super only)

If you applied for Critical Illness insurance for a life insured, and that life insured suffers one of the following critical conditions, as a result of bodily injury which is caused by accidental means during the term of this insurance:

- coma¹
- major burns¹
- major brain injury¹
- blindness¹
- paralysis¹ or
- loss of independence.

You'll receive the lowest of:

- \$600,000
- the Critical Illness Benefit you applied for on the life insured, or
- the Critical Illness Benefit we would allow for that life insured under our normal assessment guidelines.

The definitions of each critical condition that will apply are the definitions for those conditions set out in the current MLC Insurance policy document, and as outlined in the Product Disclosure Statement (PDS). Interim cover will only be provided for those conditions that are covered under the terms of the insurance for which you've applied.

Income Protection insurance

If you've applied for Income Protection insurance for a life insured, and that life insured is totally disabled as a result of a bodily injury which is caused by accidental

means during the term of this insurance, you'll receive the lowest of:

- \$10,000 a month
- the benefit you applied for, or
- the Income Protection benefit we would allow under our assessment guidelines.

You'll receive this benefit each month that the life insured is continuously totally disabled after the end of the Waiting Period you applied for, up to a maximum of 12 months. If the life insured is disabled for part of a month the benefit will be reduced proportionately.

Conditions

Other than as varied by these terms, the following (as set out in this PDS and the policy document), shall apply to this Interim Accident Insurance:

- the Any Occupation definition of Totally and Permanently Disabled
- the definition of totally disabled under Income Protection insurance, or
- the standard conditions, Waiting Periods, limitations and exclusions, subject to any options you applied for in your application for MLC Insurance and/or MLC Insurance (Super).

In applying the definitions to your Interim Accident Insurance, in respect of an application for MLC Insurance (Super), a reference to the Trustee as set out in the policy document issued by us for MLC Insurance (Super) should be read as a reference to you.

¹ These conditions are not covered if you have applied for Critical Illness Standard.

Interim Accident Certificate

When does Interim Accident Insurance start?

Unless we nominate an earlier date, Interim Accident Insurance starts when we or the Trustee receive an application for MLC Insurance or MLC Insurance (Super) at any of its offices together with one of the following:

- one full installment of the premium
- a fully completed Direct Debit Request Schedule or Credit Card Deduction Authority or Direct Payment, or
- an Eligible MLC Account Deduction Authority.

If the application is submitted electronically, Interim Accident Insurance will start upon submission.

If your application isn't accepted, any premium received by us will be refunded, less any Government charges or taxes, to you or to the Trustee for MLC Insurance (Super) members.

Your Interim Accident Insurance is void if the premium payment for either MLC Insurance and/or MLC Insurance (Super) is dishonoured.

Your Duty of Disclosure

Interim Accident Insurance will only be available if you and the life insured nominated in the application for MLC Insurance and/or MLC Insurance (Super) have completed the application accurately and honestly and have complied with your Duty of Disclosure as set out in your application.

Your Duty of Disclosure doesn't end on completion of your application and personal statement. Your duty continues until we accept your application and issue a Schedule and a policy document to you.

We pay one benefit

We won't pay more than one benefit under this Interim Accident Insurance for any one Accident to any life insured.

Benefit limits

If you're applying to replace an existing policy, the amount of any benefit will be limited to the amount (if any) by which the sum proposed to be insured under the MLC Insurance and/or MLC Insurance (Super) application exceeds the sum insured under the policy to be replaced.

When won't we pay?

In addition to our standard exclusions (as set out in the current MLC Insurance and/or MLC Insurance (Super) policy document and outlined in this PDS), we won't pay under this insurance for death or disability arising from or contributed to by:

- any condition that you or the life insured knew about before applying for MLC Insurance and/or MLC Insurance (Super), or
- the life insured engaging in any occupation, sport or pastime that we wouldn't cover under our assessment guidelines.

Furthermore, we won't pay if:

- the cover applied for would have been declined under our assessment guidelines, or
- you lodge a claim for an event or condition that would have been excluded under the underwriting process.

When does Interim Accident Insurance end?

We will cancel your Interim Accident Insurance by notice in writing on the earliest of the following:

- 90 days after the start of this Interim Accident Insurance unless before then we tell you a different date
- the date we issue a Schedule following our acceptance of your application for MLC Insurance and/or MLC Insurance (Super) (or in the case of additional insurance, when we issue a revised Schedule to you)
- when we advise you that your application hasn't been accepted
- when we advise you that your Interim Accident Insurance has ended, or
- when you withdraw your application.

Your application for MLC Insurance and/or MLC Insurance (Super)

If you claim under your Interim Accident Insurance for any life insured, we'll take this into account in considering your application for MLC Insurance and/or MLC Insurance (Super) on the life insured. We may decide not to accept your application on this basis.

We may accept or reject your application. No insurance will take effect (apart from this Interim Accident Insurance) before we accept your application and issue a policy to you (or in the case of additional insurance, when we issue a revised Schedule to you).

No financial adviser or other person is authorised to change these conditions, whether in writing or otherwise. No changes will be binding upon MLC.

You may want to have insurance as part of your super arrangements.

This PDS sets out how you can instruct us to take out insurance cover on your behalf through the MLC Super Fund.

Importantly, there is no investment and no investment earnings in relation to the super interest as described in this PDS. Your interest in the Fund will be membership of the Fund and the insurance cover you instruct us to take out for you.

For a copy of the Insurance PDS that sets out the terms and conditions of the insurance cover provided through MLC Insurance (Super), please go to mlcinsurance.com.au/using-your-insurance/documents-and-forms.

The Fund and your Trustee

The Fund is the MLC Super Fund.

It is a resident regulated super fund within the meaning of the *Superannuation Industry (Supervision) Act 1993* and is not subject to a direction under section 63 of that Act.

The Trustee is NULIS Nominees (Australia) Limited.

The Trustee is responsible for the operation of the Fund, including management and administration.

The full legal terms which govern your membership of the Fund are contained in the Fund Trust Deed. The full legal terms which govern the insurance cover provided through MLC Insurance (Super) are contained in the insurance Policy Document.

We're committed to helping you better understand and manage insurance in super. That's why we're on board with the *Insurance in Superannuation Voluntary Code of Practice*. It's aimed at providing greater transparency for members and consistency of information and processes across the super industry.

How insurance in super works

When you apply for insurance in super you become a member of the Fund, and the insurance cover is purchased through the Fund.

You'll be the person covered by the insurance however the insurance is issued to us, and we'll hold it on your behalf.

The money you pay into the Fund for the insurance will generally be treated as super contributions¹.

We'll then use those contributions to pay insurance premiums. Holding insurance through the Fund will affect what happens when you make a claim, the benefit payments, and the tax treatment and cost of the insurance premiums.

You should discuss whether this structure is appropriate for you with your financial adviser and registered tax agent.

Insurance you can apply for

You can personally choose the insurance cover to be held through the Fund.

The types of insurance available through the Fund may include:

- Death cover,
- Total and Permanent Disability (TPD) cover, and
- Income Protection cover.

For more information about the insurances available through the Fund, and the terms and conditions of the insurance, you'll also need to read the Insurance PDS.

You must be provided with the Insurance PDS before you can apply for insurance through the Fund.

All references in this PDS to 'Insurance PDS' means the Product Disclosure Statement for MLC Insurance and MLC Insurance (Super), issued by MLC Limited, the Insurer.

The Insurance PDS contains information about insurance both inside and outside of super, and transactions you can undertake including increasing existing benefits, altering or taking out new benefits or other insurance options. It also contains information about:

- your duty of disclosure (this duty will be changed to the duty to take reasonable care not to make a misrepresentation from 1 October 2021)
- maximum insured amounts and applicable payment limits
- terms and conditions including important definitions that must be met before benefits are payable, and
- exclusions and restrictions that may apply.

For TPD and Income Protection cover, the insurance excludes cover for claims caused or contributed to by sickness or injury that first appeared, happened or was diagnosed before this insurance started unless it was disclosed to, and accepted by, the Insurer as a part of the application process.

For the terms and conditions of your existing insurance please refer to your relevant Policy Document. For any matters relating to insurance outside of super contact the Insurer directly. You should consider the Product Disclosure Statement for MLC Insurance and MLC Insurance (Super) issued by MLC Limited, in deciding whether to acquire, or continue to hold, such insurance cover.

For a copy of the Insurance PDS or for further information about an insurance product, speak to your adviser. For hearing impaired customers, please call **1300 555 727**. For customers requiring interpreting or translation services, please call **131 450**.

How to apply

To apply for insurance in super you will need to complete the insurance application form, answering all the medical and personal history questions.

We will use your completed insurance application form to apply for insurance on your behalf.

The Insurer will then consider your application.

Information about how the Insurer assesses your application, including any special terms the Insurer may apply, is set out in the Insurance PDS.

The insurance

Insurance cover starts when your application is accepted and the Insurance Contract is issued.

The Insurance Contract is made up of the Policy Document and Policy Schedule. You'll receive a copy of the Policy Document. You'll also receive a new Policy Schedule each year, close to the anniversary of the insurance.

We're the owner of the Insurance Contract but you'll be given a copy.

The Policy Schedule will confirm the type of insurance being held in the Fund, the amount of the insurance and also inform you about the premium that applies for that year.

What you need to know about the risks in relation to your insurance

There is a risk that the insurance won't meet your needs. Your adviser can thoroughly assess your circumstances and help you choose a type and amount of insurance to suit your needs.

They can help you consider your future needs now as you may not qualify for some insurances if your circumstances change. If you're replacing your insurance, you should compare the differences between the existing and replacement policies. Please also consider exclusion periods which may apply from the start of the replacement insurance. Benefits may be limited or not paid if you suffer a claimable event in an exclusion period.

This way, you can help ensure the replacement insurance is suitable for you. If you are replacing insurances, do not cancel that insurance before the new insurances are in place (after the insurance is issued).

There are some other risks you need to consider like using super money to pay insurance premiums may reduce your retirement saving balance.

Also, laws governing insurance in super may change from time to time and may impact the suitability of you holding insurance in super.

Paying for insurance, costs and fees

Insurance costs

The cost of the insurance cover is known as the premium.

Stamp duty and other government charges may also be payable in respect of the insurance.

The Insurer will provide you or your adviser with a quote which sets out the expected cost of the insurance.

There are a number of ways to pay for insurance, including directly (by making contributions into the Fund to cover the cost of the premiums), by internal transfer from another MLC Super Fund account, or by rollover from an external super fund.

To understand all of the fees and costs that might be payable for the insurance cover (including how these are calculated), please refer to the sections below in this PDS and the Insurance PDS.

Payments into the Fund to cover the cost of insurance premiums are generally considered to be super contributions.

Contributions can be made by you, your employer or your spouse. Contributions may be made subject to your age and certain work related circumstances.

There are caps on the amount you can contribute to super. If you exceed these caps you may pay additional tax.

These contribution caps apply across all contributions you make into super or those made on your behalf, including employer super contributions and other personal contributions you make across all super accounts that you have, even where those accounts are with different super providers.

For more information about taxation implications of insurance arrangements in super refer to page 16.

To find out who can contribute go to apra.gov.au or ato.gov.au. You can also speak to your financial adviser.

How is the first premium treated?

Any premium paid stays in a trust account while the application is being considered until the application is accepted or declined (in which case the premium is refunded). Any interest earned on monies in the trust account will be retained.

Trustee fees

As at the date of preparation of this PDS, we do not charge a fee for your membership of the Fund for this super interest or for setting up your insurance through the Fund. If this changes, we'll let you know at least three months before introducing the fee.

As the Trustee of the Fund, NULIS may receive payments from the Insurer in connection with our role and the management of super interests associated with this product. These payments are not an additional cost to you and may vary from time to time. They are fixed by agreement between NULIS and the Insurer, having regard to the costs we incur in managing this product – not by the number of insured members or the value of premiums paid to the Insurer, and may be paid by the Insurer out of the premiums they receive.

Family Law Charges

The *Family Law Act* helps super, life insurance and other investments to be divided between parties should there be a marriage or de facto relationship breakdown.

We may be obliged to provide information to other parties and manage the insurance in line with court orders. We may charge a fee for any costs we incur.

Claiming on the insurance

We will make a claim on your behalf to the Insurer by submitting your completed claim forms to the Insurer. Please refer to your Insurance PDS for how to make a claim.

You'll need to satisfy the insurance terms for the insurance benefit to be paid.

The insurance terms are described in the Insurance PDS and will also be set out in the Policy Document.

Any insurance benefits paid in respect of insurance held through MLC Insurance (Super) are part of your super and will be paid to us as the Trustee of the Fund.

We'll then release the benefits to you providing you meet a condition of release set by law.

The condition of release that may be relevant for each type of insurance is shown in the table below:

Type of insurance	Related conditions of release
Accidental Death Benefit and Life Cover	Death
Accidental Injury Benefit and TPD	Permanent Incapacity – this means the Trustee is satisfied that your ill-health (whether physical or mental) makes it unlikely that you will engage in gainful employment for which you are reasonably qualified by education, training and experience.
Income Protection	Temporary Incapacity – means ill health (whether physical or mental) that caused you to cease to be gainfully employed but does not constitute permanent incapacity. This applies where you've ceased to be gainfully employed (including where you have ceased temporarily to receive any gain or reward under a continuing arrangement for you to be gainfully employed). A benefit can't be paid for longer than the period of Temporary Incapacity.
Terminal Illness	Terminal Medical Condition – A terminal medical condition exists in relation to you at a particular time if the following circumstances exist: <ul style="list-style-type: none"> • two registered medical practitioners have certified, jointly or separately, that you are suffering from an illness, or have incurred an injury, that is likely to result in death within a period (the certification period) that ends not more than 24 months after the date of the certification • at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person, and • for each of the certificates, the certification period has not ended.

Irrespective of the conditions of release described above, the applicable insurance definition in the Policy Document must be met for an insurance benefit to be payable.

For new insurance benefits inside super that commenced after 30 June 2014, super trustees are required to provide insurance benefits that are consistent with the conditions of release.

Therefore, all new insurance through the Fund after that date will be consistent with a relevant condition of release.

This means that all valid claims for such insurance benefits will meet the relevant condition of release, and we will be able to release to you the benefit we receive from the Insurer.

Most benefits can be paid to you or your beneficiary following a valid claim. However in rare cases you may not meet a condition of release, and we therefore can't release the benefit to you.

In such a case, the benefit must be held in a super fund as "preserved benefits", until you do meet a condition of release. We'll seek instructions from you about where you would like the benefit to be held.

The law is strict about how and when you can access preserved benefits.

You can generally access preserved benefits when you reach age 65.

Before then you can generally access preserved benefits if you fully retire after you reach your preservation age (between ages 55 and 60, depending on your date of birth) or if you satisfy another condition of release.

For more information about the conditions of release, go to apra.gov.au or ato.gov.au

Death Benefits and nominating a Beneficiary

We'll generally pay any insurance death benefit we have received to your eligible beneficiaries (typically your dependants) or your estate in accordance with super laws.

Nominating a Beneficiary

You're able to nominate how insurance benefits are to be distributed on your death, as described below.

Beneficiary Nomination Option	What this means
Non-lapsing binding death benefit nomination	<p>You may specify dependants and/or your estate as beneficiaries and nominate the appropriate proportion of the insurance benefits payable to each.</p> <p>If your nomination is valid and has been accepted by us, we must pay the insurance benefit to those you nominated in your latest nomination, in the proportions you requested. This type of beneficiary nomination doesn't expire.</p>
Non-binding death benefit nomination	<p>Under this option, we'll determine who receives the insurance benefit, taking into account your nominated beneficiaries and other factors.</p> <p>Your nomination will guide us as to your wishes, but it will not be binding. We have absolute discretion to determine who will receive the insurance death benefits.</p>

You will need to complete the nomination of beneficiary section of the relevant application form if you wish to make a nomination. For a binding death benefit nomination to be binding on us, the nomination must be valid. A court order may override a binding beneficiary nomination.

If you haven't made an insurance death benefit nomination, we'll have absolute discretion over who receives the benefit in the event of your death.

You can change the insurance death benefit nomination or replace it with a different type of death benefit nomination by completing the beneficiary nomination form. You can cancel a nomination at any time by writing to us.

Who can you nominate?

When you make a death benefit nomination, you can only nominate:

- your spouse (including a de facto spouse or same-sex partner)
- children including adopted children, step-children, a child of your spouse or someone who is your child within the meaning of the *Family Law Act 1975*
- individuals who are financially dependent on you at the time of your death
- your legal personal representative (either the executor under your Will or a person(s) granted letters of administration for your estate if you die without having left a valid Will), or
- someone in an 'Interdependency Relationship' (see definition in the next column) with you.

If you don't have any such beneficiaries at the time of your death, then we may pay the benefit to another person. When nominating beneficiaries you should take these restrictions into account.

A dependant for super purposes is your spouse (including de facto and same sex partner), any of your children and any other dependant, being a person with whom you had an interdependency relationship or who was financially dependent on you.

An interdependency relationship exists if two persons (whether or not related by family) have a close personal relationship, live together, one or each of them provides the other with financial support, and one or each of them provides the other with domestic support and personal care.

Two persons will still have an interdependency relationship if they have a close personal relationship and they don't satisfy the other requirements set out above if the reason they don't satisfy the other requirements is that:

- they are temporarily living apart, or
- if either of or both of the two persons suffer from a disability that prevents them from satisfying the other requirements.

It is important that you review your nomination regularly and keep your beneficiary nomination up to date with changes in your personal circumstances.

If you make a non-lapsing binding death benefit nomination your nomination will not automatically become invalid in the event of marriage, divorce or any other life-changing event. In these circumstances, your last valid nomination may no longer reflect your intentions and, unless you update it, we'll still pay the person named in the nomination so long as they are still an eligible beneficiary.

We'll confirm the details of your nomination each year via your annual statement. You can cancel or change your nomination at any time by completing the relevant form available from mlcinsurance.com.au/using-your-insurance/documents-and-forms or by calling us on **13 65 25**. For hearing impaired customers, please call **1300 555 727**. For customers requiring interpreting or translation services, please call **131 450**.

You should speak to your financial adviser, estate planner or legal representative and registered tax agent to determine which type of nomination will best suit your circumstances and how the complex tax rules about death benefits and beneficiaries may affect you.

Non-lapsing binding death benefit nominations

How do you make a valid non-lapsing binding death benefit nomination?

In order to make a valid non-lapsing binding death benefit nomination, it must:

- be in writing, stating the full name and, unless the nomination is to your legal personal representative, the date of birth of eligible beneficiaries and their relationship to you
- be signed and dated by you in the presence of two adult witnesses who are not nominated beneficiaries
- contain a signed and dated declaration from the witnesses that your beneficiary nomination was made in their presence, and
- for multiple beneficiaries, specify the proportions of the benefit to go to each beneficiary (the total must add up to no more than 100%).

We must confirm our acceptance of your nomination.

Can your non-lapsing binding death benefit nomination become invalid?

Yes. Your non-lapsing binding death benefit nomination can become invalid for any beneficiary who is not an eligible beneficiary at the time of your death. In this case we'll have discretion over who receives the benefit amount allocated to that beneficiary.

You can contact us for our nomination forms.

When insurance in super ends

If premiums are paid and the terms of the insurance are met, it will continue until the expiry date of the insurance is reached, or a termination event happens. See the Insurance PDS for further details.

Cancelling insurance and the cooling off period

You can cancel the insurance at any time by request to the Insurer.

If the insurance is cancelled within the applicable cooling off period, the Insurer will refund to us all premiums paid.

We will then refund the amount to you subject to super preservation requirements.

If the monies paid include preserved or restricted non-preserved benefits, you must nominate another complying super fund or rollover vehicle to which these amounts are to be rolled over.

However, if you make an alteration to the insurance or claim on the insurance during the cooling off period, this will confirm acceptance of the insurance and any premiums paid won't be refunded.

For further details about the applicable cooling off period and cancelling the insurance, please see the Insurance PDS.

Your eligibility to contribute to super changes at age 67

When you reach age 67, there are certain age-based super regulations that restrict your ability to make contributions to super. This includes meeting a work test.

You must tell us if you no longer meet the work test and are no longer able to make contributions into super.

If you pay premiums directly by making contributions into the Fund, then not meeting the work test means you can't make contributions and therefore can't pay premiums and the insurance will need to end.

What is the work test?

To satisfy the work test, you must be gainfully employed on at least a part-time basis, for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made.

If you have retired and are aged 67 to 74 with a total super balance² below \$300,000, you can continue to make voluntary super contributions in the first year that you don't meet the work test.

This requirement may change from time to time.

If premiums are paid by internal transfer from an eligible MLC super account, you are aged between 67 and 74 years, and you don't meet the work test, the insurance in super can continue as long as there are sufficient funds in your eligible MLC super account to pay for insurance premiums.

Converting to insurance outside of super

If you're unable to continue the insurance because of age-based super requirements, the Insurer will offer you the opportunity to convert the insurance held inside of super to insurance held outside of super.

Conversion is not just for members over the age of 67. You can convert the insurance in super to insurance outside of super at any time, as long as the insurance is still in place.

How does conversion work?

On conversion the Insurer will cancel the insurance through super, and issue you a new insurance policy outside super, with similar types of insurance and amounts of insured benefits.

At that point your interest in the insurance product offered through the Fund ends. Your membership of the Fund and entitlement to receive any insurance benefits through super ends also.

Any beneficiary nomination for the insurance in super will also end when the insurance through super ends.

The amount of insured benefits under the new insurance will not be more than it was under the old insurance at the date of conversion.

Premiums under the new insurance will be calculated in line with the Insurer's premium rates for the cover at the time of conversion.

Any beneficiary nomination made for the insurance in super will not apply to the new insurance outside of super. To make a new beneficiary nomination for your insurance outside of super you will need to complete the Insurer's nomination of beneficiary forms.

See the Insurance PDS for further details.

Inactive Accounts

If your super account hasn't received a contribution or a rollover for a continuous period of 16 months, it's defined as an inactive account and by law we're required to cancel your insurance cover.

We'll contact you before this happens and give you the option to retain your cover.

Alternatively, if you wish to keep your insurance cover regardless of whether or not your account is inactive, complete and return the form Choose to Keep My Insurance Cover available at mlc.com.au/superinsurance

² Total Super Balance (TSB): Your TSB for a financial year is the value, at 30 June of the previous financial year, of all of your accumulation or pre-retirement phase accounts, retirement phase accounts, such as an account based pension, and funds in the process of being transferred from one super account to another (known as 'in-transit rollovers'). You can find out your TSB by logging in to your my.gov.au account.

Taxation

The information in this section is of a general nature and only reflects our current understanding of the tax laws at the preparation date of this document. We recommend that you seek professional tax advice regarding your own taxation position. We're not registered tax (financial) advisers or registered tax agents. If you intend to rely on any advice to satisfy liabilities, obligations or claim entitlements that arise, or could arise under taxation law, you should seek advice from a registered tax agent or registered tax (financial) adviser.

Tax laws change. To keep up-to-date, please visit ato.gov.au

Any contributions used to fund premiums will be reported to the Australian Taxation Office (ATO) for the purpose of calculating your usage of the relevant super contribution cap.

Where required by law, we'll deduct any tax, duty or government fees and forward the money to the relevant authority.

How are super contributions taxed?

Contributions are generally either tax free or taxed at a concessional rate of 15%.

These include, but aren't limited to, contributions from your employer (including salary sacrifice) or, if you're eligible, personal contributions for which you can claim a tax deduction.

An additional 15% tax may also apply on the concessional contributions of high income earners whose adjustable taxable income exceeds \$250,000 pa. This tax will be assessed by the ATO and will be charged to the individual.

Insurance premiums may be tax deductible to the Fund.

Where the premium is deductible to the Fund, we are able to offset the tax payable on contributions by the amount of the deduction. This may reduce the amount of tax you pay from your super account on taxable contributions.

If you choose to fund insurance premiums by rollover from an external super account you should consider the impact on the tax and preservation components on each of your super interests.

To find out more about the taxation implications and the preservation components inside super, speak to a financial adviser or registered tax agent.

What are the maximum contribution amounts?

Your contributions for the payment of insurance premiums are added to any contributions you and your employer make across all your super accounts for the purpose of applying contributions caps.

If you exceed these caps you may pay additional tax. These caps may change from time to time.

To find out more about current contribution caps, the taxation implications of exceeding these caps, or the new super changes, go to ato.gov.au and/or speak to your registered tax agent.

Do you intend to claim a tax deduction for contributions used to fund the insurance premium?

Individuals under the age of 75 are generally permitted to claim a tax deduction for personal contributions.

If you intend to claim a tax deduction for any contributions used to fund premiums, you'll need to provide us a Notice of Intent to Claim form within the relevant time limits.

To find out more go to ato.gov.au and/or speak to your registered tax agent.

Also, if your application for insurance is not finalised before the end of the income year, we will not record the contribution as being received until the following income year when your application is approved.

This could have implications for the income year in which you are entitled to a tax deduction and can also impact your contribution caps.

How are insurance benefits taxed?

The rules relating to the taxation of benefits are complex and you should seek professional tax advice from a registered tax agent.

Where required we or our agent will withhold tax from benefit payments and forward the money to the ATO.

Providing your Tax File Number (TFN)

Under the *Superannuation Industry (Supervision) Act 1993*, your super fund is authorised to collect your TFN, which will only be used for lawful purposes.

These purposes may change in the future as a result of legislative change. The trustee of your super fund may disclose your TFN to another super provider, when benefits are being transferred, unless you request the trustee of your super fund in writing that your TFN not be disclosed to any other super provider.

It is not an offence not to quote your TFN. However giving your TFN to your super fund will have the following advantages (which may not otherwise apply):

- your super fund will be able to accept all types of contributions to your account/s
- the tax on contributions to your super account/s will not increase
- other than the tax that may ordinarily apply, no additional tax will be deducted when you start drawing down your super benefits, and
- it will make it much easier to trace different super accounts in your name so that you receive all your super benefits when you retire.

You should provide your tax file number (TFN) to us. If we don't have it, your application for MLC Insurance (Super) cannot be accepted.

Also, without a TFN you may be taxed at the highest marginal tax for the benefits that are paid to you.

We will verify your TFN with the ATO. For more information visit ato.gov.au

Application form

MLC Insurance
MLC Insurance (Super)

Issue 11

Preparation date: 17 September 2020

Important information

Before you complete this application form please read the relevant Product Disclosure Statements (PDSs) and any supplementary PDS. These documents will help you understand the different products, how they work and decide if they are appropriate for you. The PDSs that are relevant to you are:

- For MLC Insurance and MLC Insurance (Super) – MLC Insurance and MLC Insurance (Super) Product Disclosure Statement (Insurance PDS), issued by the insurer, MLC Limited.
- For MLC Insurance (Super) – please also read the MLC Super Fund - Retail Insurance in Super: for MLC Insurance Super Product Disclosure Statement (Super PDS) issued by the Trustee, NULIS Nominees (Australia) Limited.

This application form is jointly issued by the insurer and the trustee with the purpose of collecting information each requires to be able to provide the insurance and superannuation products you want.

Information about genetic tests

If you've had a genetic test, you only need to disclose this to us if your total insurance cover will be more than the amounts listed below. When considering your total insurance cover amounts you need to include the cover you're applying for, your cover held in superannuation and your cover held with other life insurers. The total insurance cover you can have and not disclose if you've had a genetic test are:

- \$500,000 life cover, or
- \$500,000 Total and permanent disability cover (TPD), or
- \$200,000 critical illness (trauma) cover, or
- \$4,000 a month income protection cover, salary continuance cover or business expenses cover.

You also need to consider all cover that may have been arranged through a financial adviser, or directly with a life insurance company, or cover held under a group insurance arrangement.

If you've had a favourable (negative) genetic test result you can provide this information regardless of the amount of cover applied for.

Your duty of disclosure to us, the insurer

When you apply for a life insurance policy, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you extend, vary or reinstate the policy.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If someone other than you will be the life insured under the policy, any failure by that person to comply with the above duty will be treated as a failure by you.

If you request life insurance inside super, the Trustee obtains this insurance from us in relation to you. In this circumstance, we rely on the disclosures that you or the Trustee makes to us.

If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate policies of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the policy within 3 years of entering into it.

If we choose not to avoid the policy, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the policy provides cover on death, we may only exercise this right within 3 years of entering into the policy.

If we choose not to avoid the policy or reduce the amount you have been insured for, we may, at any time vary the policy in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the policy provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the policy as if it never existed.

Disclosure – MLC Transfer Applications

If you apply to transfer your insurance from an existing MLC policy to a new MLC policy (**transfer application**), we will rely on the matters disclosed and representations made to us prior to entering into the existing MLC policy and, if applicable, the matters disclosed and representations made to us with your application for a new MLC policy (including an application for any change, increase or addition to the existing MLC policy) when making a decision whether to accept the transfer application and on what terms.

If we refuse your transfer application for any reason, your existing insurance will continue unless you choose to cancel it or your insurance ends.

By submitting a transfer application you consent to this process.

Only complete this section if you want to pay your premium by an ongoing annual deduction from your external super fund account. Please note you can only request one MLC Insurance (Super) policy to be paid by rollover by any one external fund.

This section is a direction to the trustee of your nominated external super fund to rollover funds to the MLC Super Fund and a direction to the Trustee to apply those funds in payment of premiums for your insurance policy.

Please read – Important information

- The member must be the same for both the MLC Insurance (Super) policy and the external super fund account.
- If the rollover request is rejected by the external super fund for any reason the Trustee will request alternative payment details from you, otherwise the policy will lapse.
- An amount equal to the annual premium payable will be requested as a rollover from your external super fund account, proximate to the annual anniversary date for your insurance policy. We will notify you of the amount of annual premium required prior to requesting the rollover from your nominated external super fund.

Your responsibility

- It is your responsibility to determine the impact the rollover may have on any entitlement you have in the external super fund.
- Please ensure the account balance with the external super fund is sufficient to allow for the rollover of the required amount and ensure you meet any minimum balance requirements of the external super fund.
- You authorise the deduction from your external account by the trustee of the external fund any applicable fees or charges which may be payable as a result of the rollover.
- You discharge the trustee of the external super fund from any further liability in respect of rollover benefit once the amount is transferred to MLC Super Fund.

Termination of arrangements

- You must notify the Trustee in writing if you wish to terminate the ongoing annual rollover arrangement. Until such time, this direction and authority remains valid.
- The Trustee may at their discretion or as may be required by law or regulations terminate arrangements for annual rollover of funds from a nominated external super fund.
- The Trustee may be able to claim a tax deduction for the premium it pays for your insurance and, at its discretion, may pass some or all of the benefit of this tax deduction to you by reducing the amount of the rollover required to meet the premium, when the rollover comes from a taxed source.

Your health information includes details about all your interactions with health providers, and may include details such as your symptoms, treatment, consultations, personal medical history and lifestyle. Health providers cannot release this information about you without your consent.

We, **MLC Life Insurance**, collect and use your health information to assess your application for cover, to assess and manage your claim, or to confirm the information you gave us when you applied for cover or made a claim. This is why we need your consent.

Each time you apply for cover or make a claim, we will ask you for a fresh consent. We will respect your privacy by only asking for the information we reasonably need, and we will tell you each time we use your consent.

Even if we collect information from health providers (such as your General Practitioner), before the insurance starts you must still tell us every matter (including about your health) that is relevant to our decision about whether to offer you insurance, and if so, on what terms. This is your Duty of Disclosure under the Insurance Contracts Act 1984 (Cth).

Please read each Authority carefully and the explanatory notes below.

Authority 1 explanatory notes – through this Authority, with the exception of a copy of the consultation notes held by your General Practitioner/Practice, you are consenting to any health provider releasing any health information about you in the form we ask for. This may involve, for example:

- they will be unable to, or did not, provide the report within 4 weeks; or
- the report provided is incomplete, or contains inconsistencies or inaccuracies.

Your General Practitioner maintains consultation notes to support quality care, your wellbeing and to meet legal and professional requirements. General Practitioners/Practices should only release a copy of your full record, including consultation notes, for life insurance purposes in the rare circumstances set out above.

If you choose to withhold your consent to this authority, we may not be able to process your application for cover or a claim.

Mental Health Navigator: how it works

It starts with one call: accessing Mental Health Navigator starts with a simple phone call, during which you speak to a member of the Best Doctors team in Australia. You will then be connected with the dedicated Mental Health Nurse.

An initial assessment of needs: Best Doctors will work with you to establish how they can best help based on your situation. They can help you find a local specialist, access useful resources or assist in answering questions on your condition. They can also coordinate a review of your diagnosis and treatment plan via video conference with a leading Australian clinical psychologist and psychiatrist, if required. With your consent, Best Doctors will gather any relevant medical records for review.

Recommendations for diagnosis and treatment: after the in-depth assessment, you will be provided with a report detailing the review of your diagnosis and assisting you with a treatment plan to help manage your condition.

Supporting next steps: the Mental Health Nurse will call you to discuss the report findings and, with your consent, the report will be shared with your treating doctor who can coordinate a treatment plan. The Mental Health Nurse is available for up to six months to provide further navigational support if needed.
