Combined Product Disclosure Statement and Policy Terms  
for MetLife Protect and MetLife Protect Super

Prepared 29 March 2021

## About this document

### Combined Product Disclosure Statement and Policy Terms

This document contains both the Product Disclosure Statement for the MetLife Protect and MetLife Protect Super products and the Policy Terms for the insurance cover available through these products. The whole of this document is referred to as the PDS, unless the context requires reference to the MetLife Protect or MetLife Protect Super Product Disclosure Statement or the Policy Terms separately.

### Product Disclosure Statement

The Product Disclosure Statement sets out the key benefits, features, options, risks, fees and costs of the following products:

- MetLife Protect – issued by MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096) ('MetLife').
- MetLife Protect Super – issued by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757, RSE Licence L0001458) (the 'Trustee') as trustee for the MetLife Australia Superannuation Fund (USI 68964712340007), which is a division of the Aon Master Trust (ABN 68 964 712 340) ('the Fund').

Each issuer is jointly responsible for the entire PDS, and wholly responsible for their own products in respect of the described benefits, features, options, risks, fees and costs of such products.

Notwithstanding this PDS has two issuers, throughout this PDS, references to 'we', 'us' and 'our' means MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096), ('MetLife'), not the Trustee.

For MetLife Protect, references to 'you' mean the person or persons or the entity that applies for the Policy and becomes the Policy Owner/s when we issue the Policy (and will be named on the Policy Schedule or any other Important Documents). The Policy Owner may or may not be the Life Insured.

For MetLife Protect Super, the Policy Owner is the Trustee of the Fund and 'you' includes the member, as the Life Insured.

**Nevertheless, and for the avoidance of doubt, EQT is not a licenced insurer and legally not able to issue insurance Policies and MetLife is not an RSE licensee and legally not able to issue interests in superannuation funds.**

**Please read the PDS carefully before making any decision about MetLife Protect or MetLife Protect Super and the insurance cover you need.**

### Policy Terms

The full standard terms of the insurance cover available from MetLife through MetLife Protect and MetLife Protect Super are set out in the Policy Terms. These, together with any special terms and conditions you agreed to, will be used to assess any claim.

### Life Insurance Code of Practice

We have adopted the Financial Services Council's Life Insurance Code of Practice (Code). The Code sets out our key commitments and obligations to you on standards of practice, disclosure and

principles of conduct for our life insurance services, such as being open, fair and honest. It also sets out timeframes for us to respond to claims, complaints and requests for information. You can find details on the Code at [www.fsc.org.au/policy/life-insurance/code-of-practice](http://www.fsc.org.au/policy/life-insurance/code-of-practice).

### General advice

The information contained in this PDS is of a general nature and does not take into account your individual objectives, financial situation or needs. You should consider how appropriate the product is to your individual objectives, financial situation and needs, and if necessary, seek advice from your Financial Adviser before deciding on whether to acquire the product. Your Financial Adviser may be able to help you assess your insurance needs.

## Your Financial Adviser can help

You can only acquire MetLife Protect and MetLife Protect Super through a Financial Adviser.

If your Financial Adviser provides you with personal financial product advice, their role is to understand your needs, help you to articulate your goals and arm you with financial advice and strategies to turn your aspirations into a reality.

When it comes to applying for insurance cover with MetLife, your Financial Adviser can help you consider your options and assist with deciding on:

- the right type/s of cover for your needs;
- the appropriate amount of cover;
- whether or not to obtain cover through superannuation; and
- how to structure your insurance cost-effectively.

You should review your insurance with your Financial Adviser periodically to ensure it remains appropriate for your insurance needs, your risks and your life stage.

MetLife may pay your Financial Adviser a commission when your Policy starts and in subsequent years. Commission is built into the insurance premiums. Your Financial Adviser will provide you with further details regarding commissions in their Financial Services Guide and Statement of Advice.

## ■ Why choose MetLife?

As a leading provider of life insurance, MetLife's purpose is to help more Australians protect their lifestyle – and provide help when they need it most.

Founded in the United States in 1868, MetLife has a global presence giving us scale and experience.

Its long history and financial strength means you can rely on MetLife to be there when it's needed most.

# ■ Things you need to know

This section contains important information that will help you understand the insurance Policy you can acquire.

## Policy Terms

Your Policy and its terms are introduced on page 92, and include the parties to the contract, the cover provided and other important matters applicable to any Policy issued by us.

## Defined terms

There are a number of terms in this PDS that have been capitalised. These terms have particular meanings and are explained in sections 10 (Definitions on pages 130 to 137), and 11 (Medical Definitions on pages 138 to 142).

## No-Claim Periods

A key term, which appears in this PDS in relation to certain benefits, is the No-Claim Period.

The No-claim period is a specified period of time during which no cover is available and no benefits will be payable for any Illness, Injury or Related Condition that the Life Insured sought or obtained advice or treatment for, or had symptoms of, during that period.

Generally, this period is from Cover Commencement or, where specified, following Reinstatement of cover or when cover is increased (but only on the increased portion).

The No-Claim Period is noted in each cover section for any benefits it applies to.

## Excess Periods

Excess Period is also a key term in this PDS and when it is noted, it refers to the minimum number of days that must elapse after the Life Insured first suffers a claim event, before entitlement to a benefit payment may accrue. For example, under Standard Income Cover, the Excess Period is the period of time the Life Insured needs to be unable to work at full capacity, solely, due to Illness or Injury before you become eligible for Total Disability Benefits or Partial Disability Benefits.

## Interim Cover

Unless you already have existing cover, which your MetLife Protect or MetLife Protect Super application is intending to replace, we will provide you with Interim Cover outside superannuation to ensure you have some form of protection while we are considering your application for insurance.

The type of Interim Cover provided will be based upon the cover that you are applying for; however, it may not be as comprehensive. Interim Cover is also subject to maximum limits and additional exclusions.

For each individual cover type, the maximum amounts we pay under Interim Cover are the lesser of the Life, TPD and Trauma Cover Amounts, and Income Cover Monthly Cover Amount applied

for, and:

- \$1 million for Life Cover;
- \$1 million for TPD Cover;
- \$500,000 for Trauma Cover; and
- \$7,500 per month for Income Cover for six months.

**Please refer to the Policy Terms at sections 6.2 and 6.3 on pages 115 and 116 for full details.**

## Policy Schedule

If we accept your application for insurance, we will issue you a Policy Schedule. Your Policy Schedule is an important document, which contains key details of your cover, including:

- the amount/s and type/s of cover/s you have been accepted for;
- your premium amount;
- any amended terms that apply (that are different from or additional to the Policy Terms); and
- when your Policy (including any individual covers within your Policy) starts and ends.

## 30-day cooling off period

Once we accept your application for insurance, we will issue you a Policy Schedule or any other Important Documents. You have 30 days from the date the Policy Schedule or any other Important Documents are issued to check that the insurance meets your needs. This is the cooling off period.

If you wish, you can cancel your Policy during the cooling off period. Provided you have not made a claim, you will receive a full refund of any money you have paid. If the Policy was issued to the trustee of a superannuation fund, we will refund the premium to the superannuation fund.

Further information on the cooling off period applicable to MetLife Protect Super can be located on page 90.

## Governing law

Our insurance contracts are governed by the law that applies in the State of New South Wales and is subject to the exclusive jurisdiction of the Courts of Australia.

## Sanctions

We will not provide coverage and/or payment under the Policy while you are:

- listed on the United States Office of Foreign Asset Control (OFAC) Specially Designated Nationals and Blocked Persons (SDN) list, United Nations sanctions list, Australian Department of Foreign Affairs and Trade (DFAT) list or any other international or local sanction list;

- residing in a sanctioned country as listed on the United States Office of Foreign Asset Control (OFAC) Specially Designated Nationals and Blocked Persons (SDN) list, United Nations sanctions list, or on any list maintained by Australian Department of Foreign Affairs and Trade (DFAT); or
- claiming a payment for any services received in a sanctioned country.

We shall not be liable to provide coverage, or pay a benefit or claim to the extent that such coverage, benefit or payment would expose us to any sanction, under applicable law.

## Ongoing coverage

MetLife Protect and MetLife Protect Super provides ongoing coverage. This means that once your Policy has started, we can't adversely alter the terms of your cover unless permitted by law for a failure to comply with the Duty of Disclosure, even if there is a change in your health, occupation or pastimes while your Policy is in force. Your premiums may be subject to change as described in section 8 on page 128.

## Worldwide cover

Once we issue your Policy, you will still be covered if you travel or relocate outside Australia. The Policy provides worldwide insurance cover with the following exceptions:

- Income Cover benefits that are payable for up to six months while residing overseas, with a requirement to return to and remain in Australia for benefits to continue beyond six months; and
- 'Sanctions' – as listed on page 6.

## Importance of keeping up with your premiums

If your premiums are overdue, we will send you a reminder. If your premium remains unpaid subsequent to that reminder and any others we may issue, your Policy may be cancelled as outlined on page 19.

If we take steps to cancel your Policy, we will provide you with notice of our intention to do so in writing before this occurs. We will also inform you of the cancellation when this has happened. Cancellation of your MetLife Protect Super Policy will also result in cessation of your membership of the Fund.

Please contact us to discuss the circumstances under which you can Reinstate the Policy from the date of lapse.

If within one year from the date of lapse we require an application for Reinstatement to be completed, we will ask for other relevant information to assess the application including proof of the Life Insured's continued good health, financial information (for applicable cover types) and information regarding the Life Insured's eligibility for cover. Additionally, we will ask for payment by you of the premium due from the date of lapse.

## Guaranteed upgrade

If we improve any of the features or benefits available under MetLife Protect or MetLife Protect Super in the future, which don't result in a premium rate increase, we will automatically apply these

improvements to your Policy. The advantage of this is that you will receive the new improvements, however if you believe you are disadvantaged in any way by any changes, we will revert back to the features and benefits available immediately prior to the change to your Policy.

The improvements will apply to future claims only and not to past or current claims, or any claims arising from conditions or circumstances which first occurred, were first Diagnosed, or for which symptoms first became reasonably apparent, before the effective date of those improvements. If certain exclusions, loadings and/or special terms were noted on your Policy Schedule or any other Important Documents previously, these will continue to apply.

## No cash value

MetLife Protect and MetLife Protect Super do not include an investment or cash component, nor do they offer a surrender value. They provide risk-insurance only.

## Indexation

If Indexation applies to your policy, we will increase your cover amount each year through Indexation, unless you ask us not to, or choose one of the Fixed Term Options (under which Indexation is not available).

Your premium will then be based on the increased cover and depending on your premium structure, your premium may also be based on other factors such as increased age. Please refer to the Policy Terms at sections 7.5 on pages 127 for the full details on Indexation.

## Exclusions

There are circumstances where we will not pay a claim. We have described standard exclusions that apply for each cover type in this PDS and the Policy Terms.

Additional exclusions may apply if we offer you cover under amended terms as a result of our underwriting assessment, which takes into account the individual circumstances of the Life Insured, including health, occupation, pastimes and other information. This can only occur if you, or your Financial Adviser acting with written authority on your behalf, accept these terms, which are noted on your Policy Schedule or any other Important Documents.

## Limitations on what we can pay

We can't make certain payments because of legislation in connection with health insurance including the Private Health Insurance Act 2007 (Cth), National Health Act 1953 (Cth) or the Health Insurance Act 1973 (Cth). We won't make a payment if it would cause us to infringe these or any other laws.

## Replacing existing cover

If you currently hold another insurance policy, you should carefully consider the terms and conditions of both insurance policies before you replace it with a MetLife Policy under this PDS. You should also ensure that your new cover is in place with us before cancelling your existing cover.

## Risks

With any financial product, you should be aware of the risks when considering whether the product is appropriate for your needs. These risks include:

- the insurance cover you have selected may be inadequate to protect you and your dependants in certain circumstances;
- your claim may not be paid if you or the Life Insured have failed to comply with your Duty of Disclosure outlined on page 9, or if you have made a fraudulent claim;
- your insurance cover may be cancelled if you fail to pay premiums by the due date, as outlined on page 81;
- conditions and exclusions that apply to insurance cover under the Policy Terms and your Policy Schedule or any other Important Documents, which may affect your entitlement to insured benefits; and
- annual Indexation applies to Income Cover as outlined in section 7.5 on page 127. If your Income Cover is wholly held inside superannuation and the Indexation increase would mean that your Monthly Cover Amount is greater than 100% of your pre-disability income, you will not be eligible to receive the full Monthly Cover Amount, but could be paying premiums for that amount. You can inform us that you reject Indexation to avoid paying unnecessary premiums for benefits you may not be eligible to receive. You should consider if Indexation of your benefit is an appropriate option for you.

You should also consider the information about risks of holding insurance through MetLife Protect Super on pages 88 to 89.

## MetLife Protect Super

MetLife Protect Super provides you with the option to set up your insurance cover inside superannuation as a member of the MetLife Australia Superannuation Fund, a division of the Aon Master Trust. If you choose to take out insurance through MetLife Protect Super, there are some key things you should be aware of, including the following:

- by applying for MetLife Protect Super, you are applying to become a member of the MetLife Australia Superannuation Fund. Your insurance Policy will be held by the Trustee of the Fund on your behalf, and your contributions or rollovers into the Fund are used to pay your insurance premiums;
- not all cover types are allowed to be held inside superannuation under superannuation law – see ‘Structuring your cover inside and outside superannuation’ on page 22; and
- if we pay a claim, benefits are paid to the Trustee. The release of these benefits to you may be subject to certain restrictions under the Trust Deed and superannuation laws.

For further information on MetLife Protect Super refer to pages 84-90.

## If you don't provide correct information

If you don't provide true and correct answers to questions in your application for insurance cover or any variation to your cover, it could result in your claim being rejected or a reduction in your benefit amount. For more information, please refer to the 'Your duty of disclosure' section on the next page.

## Your duty of disclosure

Before you enter into a contract of insurance with us, you have a duty to tell us anything that you know, or could reasonably be expected to know, which may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you. You have the same duty before you extend, vary or reinstate the contract. You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If the insurance is for the life of another person and that person does not tell us everything they should have, this may be treated as a failure by you to tell us.

### If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the contract within three years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the contract has a surrender value, or the contract provides cover on death, we may only exercise this right within three years of entering into the contract.

If we choose not to avoid the contract or reduce the amount you have been insured for, we may, at any time vary the contract in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the contract has a surrender value, or provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

# ■ Support during your time of need

Often at the time a person takes out life insurance, their focus is on protecting what they've worked so hard to achieve, and that can mean a lot more than providing financial protection. The Life Insured's mental and physical wellbeing, their skills and education, the connections they have with friends, loved ones and colleagues – each of these are building blocks in creating the foundation for their success. We understand this at MetLife. That's why we provide more than just financial security when the unexpected occurs. Our approach is designed to support our customers and who they love, to deal with life's challenges when it's needed most.

## Holistic support

Our approach aims to understand the Life Insured as a whole person, not just limiting focus to the immediate cause of their situation. We centre on their ability, instead of their disability, by providing access to services including rehabilitation, health services and other third parties that can help get life back on track or at least support the Life Insured in their time of need. Access to these services may be available for TPD Cover and Income Cover customers, and these services are offered by MetLife, after considering whether they may be appropriate to the situation and are permitted under relevant laws. Our aim is to support the Life Insured with achieving the best possible health outcome.

### A holistic approach to claims management

#### Early support

Support at the first manifestation of symptoms with advice, information and access to services to maintain health, support work and establish management mechanisms.

#### Care

We offer support, advice and services to you in your time of need.

#### Skills and retraining

Our approach to occupational rehabilitation includes an assessment of skills, and may involve funding a course of study or retraining.

#### Connection

There are many services and support groups which we will be able to introduce claimants to for broader support.

#### Return to health

We focus on your ability and health by providing support and where necessary external rehabilitation services for a return to work.

## A proactive approach

We believe that receiving the right treatment, at the right time, is crucial in achieving the best recovery. Evidence shows that the longer people wait before seeking help, the harder it can be to return to health.

That's why, once you have notified us of a claim, we can discuss proactive health strategies and services aimed at supporting the best possible health outcome.

## Support services

Once you have notified us of a claim, there are a number of services that may be provided at our discretion, to help you or the Life Insured plan ahead and get the Life Insured back on their feet. Whether it is help with personal challenges or planning support, we may be able to help you find the assistance you need. Our service offering includes access to the following, at no additional cost to you:

### Early intervention

NON-SUPER

If the Life Insured is struggling with mental health concerns such as depression or anxiety, we may be able to connect them with our partners who offer a functional approach to mental health and can help them on the road to recovery.

Where mutually agreed, we will arrange for the costs of a program to support the Life Insured's recovery to be paid directly to our partners, up to a total maximum of \$5,000 across all MetLife Policies, for each Life Insured.

The Life Insured should first speak with their doctor about their situation and consider the support which is appropriate for them.

### Grief counselling

NON-SUPER

We may provide short term support services to assist the Life Insured cope with loss.

If the Life Insured is Diagnosed with a Terminal Illness, we can facilitate the Life Insured attending up to 10 grief counselling sessions. The sessions will be arranged by MetLife with an accredited counsellor of the National Association for Loss and Grief (NALAG). The maximum amount we will pay for grief counselling is \$1,500 across all Policies for the Life Insured, and payment will be made directly to the provider. Counselling is facilitated at our discretion.

## Financial advice after claim

NON-SUPER

If we pay you or your Nominated Beneficiary a benefit under Life Cover, TPD Cover and/or Trauma Cover on a Policy outside superannuation, we will pay up to \$5,000 to help cover the fees associated with the preparation of a financial plan, by a Financial Adviser for you or a Nominated Beneficiary (in the event of the Life Insured's death). Payment will be made directly to the provider.

This service remains available for up to 12 months after a claim payment. A detailed invoice must be provided containing the services provided and the costs.

This is available only once for any one Life Insured across all MetLife Protect Policies and is not available for a Policy inside superannuation.

## If you need to contact us to make a claim

Your Policy Terms set out your eligibility to claim.

If you are unsure whether you can claim, please speak to your Financial Adviser. Alternatively, let us know and we will see if there is a way your Policy can help you. We aim to provide simplicity, clarity and support when providing our services.

Wherever possible, we will help the Life Insured with any rehabilitation or counselling which may help their recovery. The earlier you contact us, the better we can help you.

If your Beneficiaries or legal representative needs to make a claim under your Policy, contact us as soon as possible by:

**Email:** [auprotect@metlife.com](mailto:auprotect@metlife.com)

**Phone:** 1800 523 523

**MetLife Insurance Ltd**

**GPO Box 3319**

**Sydney NSW 2001**

We will talk you through the claims process and work with you to collect the relevant information we need to assess your claim.

## ■ Available cover types

Because people have different goals and objectives, we offer you the choice to build your insurance by making cover selections as described on the next page.

MetLife Protect and MetLife Protect Super lets you build on the four Standard Cover types with a range of Extra Cost Options and Extras Covers. These Extra Cost Options and Extras Covers provide enhanced benefits at an additional cost to you.

Choose your Standard Covers from the top row to support your financial and lifestyle goals. For Life Cover, TPD Cover and/or Income Cover you can decide to structure these Standard Covers inside or outside of superannuation (see page 21). You can then consider if any of the available Extras Cost Options and/or Extras Covers are right for your situation.

Standard Cover shaded in blue can be provided as non-superannuation or superannuation Policies.

Standard Cover shaded in green is not available inside superannuation and must be as a non-superannuation Policy, but can be attached as Super Linked Cover to superannuation.

Extras Covers are not available inside superannuation.

## What do we mean by an Occupation Class?

When you apply for cover we will assign the Life Insured with an Occupation Class, which is a category based upon the Life Insured's current occupation. If you have TPD Cover and/or Income Cover, the Life Insured's Occupation Class will be shown on your Policy Schedule or any other Important Documents.

The Occupation Class may determine the types of cover the Life Insured is eligible for (detailed in Table 3 below), and may also impact the premium you pay or the Benefit Period applicable to Income Cover.

Table 3 outlines the different Occupation Classes that may be assigned. Please contact us if you need more information on Occupation Classes and how the Life Insured might be classified.

Table 3: Occupation Classes described

Occupation Class	Summary	Description
P	Professionals	Degree-qualified white collar professionals and high income earning senior business executives.
G	Gold	Qualified professionals within the medical and legal profession.
W	White	Clerical and managerial occupations.
L	Light Blue	A broad range of occupations with low physical activity.
B	Blue	Qualified trades with a minimum two years' experience, not working at heights above 10 metres.
D	Dark Blue	A broad range of blue collar occupations, including trades without full qualifications.
R	Red	Other occupations including high risk occupations that are eligible for cover subject to benefit limitations.
O	Orange	Occupations not eligible for Income Cover.

## Minimum and maximum cover amounts

Table 4 below lists the minimum and maximum cover amounts available at application depending on the Occupation Class, where the Life Insured's occupation is relevant to determine eligibility for insurance cover.

Once a Policy is in force, cover may exceed the maximums stated below, due to Indexation.

Table 4: Minimum and Maximum Cover<sup>1</sup> Amounts

	Occupation Class								
	P	W	G	L	B	D	R		O
Income Cover <sup>5</sup>	75% of the Life Insured's Monthly Income, subject to a minimum cover amount of \$1,500 to a maximum cover amount of \$30,000 a month <sup>1,2</sup>						75% of the Life Insured's Monthly Income, subject to a minimum cover amount of \$1,500 to a maximum cover amount of \$5,000 a month		Not eligible for Income Cover
Life Cover	Minimum cover amount \$50,000 No maximum for Life Cover <sup>1</sup>								
TPD Cover <sup>4</sup>	Minimum cover amount \$50,000 Maximum cover amount \$5,000,000 <sup>1,3</sup>								
Trauma Cover	Minimum cover amount \$30,000 Maximum cover amount \$2,000,000 <sup>1,3</sup>								

1. We may limit the maximum cover amount for each cover further according to financial need and the total insurance cover the Life Insured holds.

2. If applying for Income Cover after the Life Insured's 60th birthday, the maximum cover amount is \$15,000 per month.

3. If applying for TPD Cover or Trauma Cover after the Life Insured's 60th birthday, the maximum cover amount is \$1,000,000.

4. Minimum 20 hours worked per week is required when applying for Standard TPD Cover and/or any TPD Extra Cost Options.

5. Additional limitations apply to Income Cover:

- The Monthly Cover Amount you insure can be up to 75% of the Life Insured's Monthly Income; however, these will be subject to the limits described in Table 4 above.
- Benefit Period selections are restricted for some Occupation Classes. Table 5 shows more detail around Benefit Period selection criteria.
- Minimum 15 hours worked per week is required when applying for Income Cover.

Table 5 below lists the Benefit Periods available for Income Cover depending on the Occupation Class.

## When your Policy ends

Your Policy will end on the earliest of:

- the date you cancel all covers or the Policy;
- the date we cancel the Policy because you have not paid the premiums when due;
- the date that Linked Cover, Extra Cost Option or Extras Cover has ended or been cancelled, if the covers under the Policy are unable to exist separately to those on the Linked Policy (for example, if a Policy with Standard Cover ends, any associated Extras Cover or Extra Cost Options on a separate Policy must also end);
- the date all covers under the Policy end for any reason, including reaching expiry age, benefit payment or cancellation;
- the Policy Expiry Date shown on the Policy Schedule or any other Important Documents (if applicable);
- the date of the Life Insured's death; or
- the date we cancel and/or avoid cover in accordance with our legal rights (such as rights we have under the Life Insurance Act 1995 (Cth) or the Insurance Contracts Act 1984 (Cth)).

If your insurance is provided through MetLife Protect Super, your Policy will also end when:

- superannuation law requires us to cease your cover unless you have otherwise elected in writing to maintain your cover;
- you cease to be a member of the Fund; or
- you are no longer eligible to contribute to the Fund as prescribed under superannuation law. In this case, we may accept an application from you, without underwriting, for your cover to continue on the same terms under a non-superannuation Policy.

# Superannuation and non-superannuation policies

MetLife Protect and MetLife Protect Super provide you with the flexibility to structure your insurance cover inside and outside superannuation.

## Insurance inside superannuation

Insurance policies within a superannuation fund are owned by the trustee of the superannuation fund. Rollovers (where applicable) and your contributions to the superannuation fund are used to pay your insurance premiums.

All insured benefits that are paid, will be paid to the trustee.

The release of these benefits by the trustee will be subject to the fund's trust deed and eligibility criteria to release the benefits under the relevant superannuation laws.

There may be tax advantages for taking out your insurance cover through a superannuation fund.

Not all cover types are allowed to be held inside superannuation under superannuation law – see 'Structuring your cover inside and outside superannuation' on page 22.

You can still have any other cover you need with a Policy that is held outside superannuation, which you will need to pay for directly.

## MetLife Protect Super

You become a member of the Aon Master Trust, through the insurance-only division known as the MetLife Australia Superannuation Fund.

This enables you to structure your insurance inside superannuation with a MetLife Protect Super Policy. The owner of your Policy will be the Trustee of the fund, Equity Trustees Superannuation Limited.

Refer to pages 84-90 for details.

## Self-Managed Superannuation Fund (SMSF)

You are a member of a SMSF and your MetLife Protect Policy is issued to the trustee(s) of your SMSF.

## Insurance outside superannuation

Any Policy that is not owned by the trustee of a superannuation fund is referred to as 'non-superannuation'.

All cover types are available to be held under a non-superannuation Policy.

A non-superannuation Policy may be self-owned, jointly owned, owned by another individual or by a corporate entity.

You can nominate up to five individual Policy Owners on a jointly owned, non-superannuation Policy. Please note, that joint ownership is not available for policies with Income Cover.

The tax treatment of a Policy may vary depending on whether the Policy is self-owned or if it is owned by a corporate entity or another individual/s.

Benefits will be paid to the Policy Owner/s (or to the Nominated Beneficiaries).

## Self-owned

Self-ownership means the Life Insured is the Policy Owner.

## Not self-owned

Not self-owned means the Policy is:

- owned by an individual who is not the Life Insured;
- jointly owned by up to five individuals (not available for Income Cover); or
- owned by a corporate entity.

# ■ Structuring your cover inside and outside superannuation

## Structuring your cover

MetLife Protect and MetLife Protect Super offers multiple ways on how you can structure your cover/s across one or multiple Policies both inside and/or outside superannuation. There are three ways that you can structure your cover/s:

1. **Standalone Cover** (explained on this page and defined on page 135);
2. **Linked Cover** (explained below on pages 22 to 26 and defined on page 133); and
3. **Super Linked Cover** (explained on pages 27 to 29 and defined on page 135).

### 1. Standalone Cover

Standalone Cover does not require any other covers to be held on the Life Insured. It is not Linked to any other cover inside or outside superannuation and allows benefits to be paid without reducing the benefit amount for any other cover that you may hold.

You can hold Standalone Life Cover, TPD Cover and Income Cover both inside and outside superannuation, however, due to superannuation law, Trauma Cover cannot be held inside superannuation.

#### Example:

Paul has a Policy with \$500,000 Life Cover linked to \$500,000 of TPD Cover. He also has a Standalone Trauma Cover of \$500,000. Paul has a TPD claim, which when paid out, reduces his Life Cover and TPD Cover Amounts to zero. As Paul also has a Standalone Trauma Cover, the Trauma Cover benefit amount remains unaffected by the TPD claim and does not reduce. In effect, Paul still has his Standalone Trauma Cover in place after the TPD Cover and Life Cover benefit amount reduces to zero.

### 2. Linked Cover

Linking is an important consideration in setting up cover in your Policy/Policies. You can choose to Link your TPD Cover and/or Trauma Cover with your Life Cover.

Linked Cover can save you money on premiums, while still enabling you to protect a broad range of insured events.

Note, that references to Linking in this section do not apply to Extra Cost Options or Extras Covers and their associated Standard Covers, or Super Link structure explained on page 27.

## Why choose Linked Cover?

### Linking TPD and/or Trauma Cover to Life Cover:

Linking TPD and/or Trauma Cover to Life Cover can be more cost-effective than Standalone Cover, but has limitations after a claim, as described later in this section.

Your Financial Adviser can help illustrate the differences between Linked Cover and Standalone Cover for you. Under Linking arrangements, claiming under one Linked Cover cancels or reduces any other Linked Cover Amount. For example, a TPD Cover benefit payment would reduce any Life Cover Amount it was Linked to, by the benefit amount paid.

At MetLife we recognise that once the Life Insured has suffered an Illness or Injury and received a TPD or Trauma Cover benefit payment, the Life Cover you hold becomes even more valuable. Our product design gives you the option to continue Life Cover following a TPD or Trauma Cover benefit payment, where you have purchased the Life Cover Buy Back Option, without a reduction in the Life Cover Amount. Instead, the Life Cover continues with an Accidental Injury Cover definition until the full Life Cover is restored, as described later in this section.

## How Linked Cover works

### Linking TPD and/or Trauma Cover to Life Cover:

Linking is a relationship between Life Cover and TPD and/or Trauma Cover. In order to Link cover you must first hold Life Cover.

If you choose to Link your cover, you can select to Link TPD Cover or Trauma Cover (or both) to your Life Cover.

### Example 1:

Consider a Policy with \$1,000,000 Life Cover, \$600,000 TPD Cover and \$400,000 Trauma Cover.

If you choose to Link the TPD Cover and Trauma Cover to your Life Cover, the full TPD Cover Amount of \$600,000 will be Linked to the Life Cover, along with the full Trauma Cover Amount of \$400,000.

If you choose to Link TPD Cover and/or Trauma Cover to your Life Cover and either the TPD Cover and/or Trauma Cover Amounts are greater than your Life Cover Amount, the portion of TPD Cover and/or Trauma Cover Amounts which exceed your Life Cover Amount (or any cover you choose to not Link) will be issued on a Standalone basis.

### Example 2:

Consider a Policy with \$500,000 Life Cover and \$600,000 TPD Cover.

If you choose to Link the TPD Cover to your Life Cover, a maximum TPD Cover Amount of \$500,000 will be Linked to your Life Cover and the remaining \$100,000 will be Standalone Cover.

While your Linked Covers do not need to have the same Cover Amounts, the Linked portion of your TPD Cover and/or Trauma Cover cannot exceed the Life Cover Amount.

## Cover limitations after a claim

### Life Cover benefit payment (impact on Linked Cover)

If the Life Insured dies your Life Cover ends. Your entire Policy (including any Linked TPD Cover and/or Linked Trauma Cover) will also end. Note, if the Life Insured is Diagnosed with a Terminal Illness and the total Life Cover Amount is paid, any Standalone TPD Cover and/or Standalone Trauma Cover will continue.

### TPD Cover benefit payment (impact on Linked Cover)

If a benefit is paid under TPD Cover (partially or in full), your TPD Cover will either be reduced or it will end. Your corresponding Life Cover and/or Linked Trauma Cover Amounts will also be reduced by an amount equal to the TPD Cover benefit paid.

If you have the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD), your corresponding Linked Life Cover Amount will not be reduced. Instead, an Accidental Injury Cover definition will apply to the amount of Life Cover (including any associated Extra Cost Options and/or Extras Cover) that corresponds with the amount of TPD Cover that was paid. The Accidental Injury Cover definition (on page 130) will cease to apply 14 days following the TPD Cover benefit payment. For more information on the Accidental Injury Cover definition, see “**What is Accidental Injury Cover?**” on page 26.

## Trauma Cover benefit payment (impact on Linked Cover)

If a Tier 1, Tier 2 or Tier 3 Benefit is paid under Trauma Cover and you do not have the Trauma Cover Reinstatement Option, your Trauma Cover will either be reduced or it will end. Your corresponding Life Cover and/or Linked TPD Cover will also be reduced by an amount equal to the Trauma Cover benefit paid.

If you have the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma), your corresponding Linked Life Cover Amount will not be reduced. Instead, an Accidental Injury Cover definition (defined on page 130) will apply to the amount of Life Cover (including any associated Extra Cost Options and/or Extras Cover) that corresponds with the amount of Trauma Cover that was paid. The Accidental Injury Cover Definition (on page 26) will cease to apply for the Life Cover Buy Back Option (Trauma) 12 months following the Trauma Cover benefit payment and for the Double Benefit Option (Trauma) 14 days following the full Trauma Cover benefit payment.

For more information regarding how long the Accidental Injury Cover Definition will apply for, see “Duration of the Accidental Injury Cover definition” on page 26.

## Order of claims assessment (Linked and Standalone Covers)

If your TPD Cover is made up of both Linked and Standalone Cover and a benefit is payable, any partial reduction to your TPD Cover Amount (as a result of a benefit payment) will be made from your Standalone TPD Cover first. It is only where a payment also decreases your Linked TPD Cover that there is an impact on any corresponding Life Cover and/or Linked Trauma Cover.

If your Trauma Cover is made up of both Linked and Standalone Cover and a benefit becomes payable, then any benefit payment will be made under your Standalone Cover first. It is only where a benefit payment also occurs from your Linked Trauma Cover that there will be any impact on any corresponding Life Cover and/or Linked TPD Cover.

### Example 1 – a partial TPD Cover benefit payment

Consider a Policy with \$500,000 Life Cover and \$500,000 Linked TPD Cover where the Life Cover Buy Back Option (TPD) applies.

If a partial benefit payment of \$125,000 is made under Linked TPD Cover, the TPD Cover Amount will reduce to \$375,000. The Life Cover Amount remains at \$500,000; however, \$125,000 of this (an amount matching the TPD Cover benefit payment) will be restricted to Accidental Injuries only.

For information regarding the Accidental Injury Cover and how long the limitation will apply for, see “Duration of the Accidental Injury Cover definition” on page 26.

### Example 2 – a full TPD Cover benefit payment

Consider a Policy with \$500,000 Life Cover and \$500,000 Linked TPD Cover where the Life Cover Buy Back Option (TPD) applies.

If a full benefit payment of \$500,000 is made under Linked TPD Cover, the TPD Cover subsequently ends. The Life Cover Amount remains at \$500,000, however for the first 14 days the Life Cover benefit payments under Life Cover will be restricted to Accidental Injuries only.

For information regarding the Accidental Injury Cover and how long the limitation will apply for, see “**Duration of the Accidental Injury Cover definition**” later in this section on page 26.

## What is Accidental Injury Cover?

### **Accidental Injury Cover:**

*Means an amendment to Standard Cover, Extra Cost Options and/or Extras Cover (as specified), whereby benefits will only be payable if a claim arises as a result of suffering a new Accidental Injury (i.e. one which occurs once the Accidental Injury Cover amendment has commenced applying).*

### **Accidental Injury:**

*Means a bodily Injury sustained during the period of the Policy, solely and directly as a result of external, violent and visible means, arising from an event that is unintended and unexpected.*

*Suicide, self-inflicted Injury (whether intended or not), Injury arising from Illness, and Injury arising as a direct or indirect result of the Life Insured's criminal activity are excluded.*

Accidental Injury Cover will apply as described below where you have purchased the:

- Life Cover Buy Back Option (TPD);
- Life Cover Buy Back Option (Trauma);
- Double Benefit Option (TPD);
- Double Benefit Option (Trauma); and/or
- Trauma Cover Reinstatement Option.

### **Exceptions**

**In the event of a Linked TPD Cover benefit payment where the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD) applies.**

The Accidental Injury Cover definition (following a Linked TPD Cover benefit payment) does not apply to any benefits payable under:

- Family Extras (available with Trauma Cover); and
- the Specified Events Option (available with Life Cover).

**In the event of a Linked Trauma Cover benefit payment where the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma) applies.**

The Accidental Injury Cover definition (following a Linked Trauma Cover benefit payment) does not apply to any benefits payable under the Specified Events Option (available with Life Cover).

## More information on the Accidental Injury Cover definition

### **Premiums**

Your premiums will continue to be payable as your cover continues following a Linked TPD and/or Linked Trauma benefit payment. In addition, your premiums will not be impacted or adjusted as a result of the Accidental Injury Cover definition applying.

### **Duration of the Accidental Injury Cover definition**

#### **Life Cover**

The Accidental Injury Cover definition placed upon Life Cover (and any associated Extra Cost Options and/or Extras Cover) following a Linked TPD or Trauma Cover benefit payment will be applicable as follows:

- The limitation applies for 14 days after a Linked TPD Cover benefit payment, provided the Policy for TPD Cover includes the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD).
- The limitation applies for 12 months following a Linked Trauma Cover claim payment provided the Policy for Trauma Cover includes the Life Cover Buy Back Option (Trauma). The limitation applies for 14 days following a full Linked Trauma Cover benefit payment, provided the Policy for Trauma Cover includes the Double Benefit Option (Trauma).

#### **Trauma Cover**

The Accidental Injury Cover definition placed upon Trauma Cover (and any associated Extra Cost Options and/or Extras Cover) following a Trauma Cover benefit payment will be applicable as follows:

- The limitation applies for 12 months following a Trauma Cover benefit payment if the Trauma Cover Reinstatement Option is purchased along with Standard Trauma Cover and applies to the Trauma Cover Amount equal to the Trauma Cover benefit paid. Please refer to Trauma Cover on page 48 for full details on how the Accidental Injury Cover definition applies to Trauma Cover following a Trauma claim.

# Super Linked Covers

Superannuation law limits the insurance types that you can hold inside superannuation, and the circumstances under which an insurance benefit may be paid to you as the superannuation fund member.

Life Cover, TPD Cover or Income Cover can be purchased inside superannuation. Standard Trauma Cover is not available inside superannuation but may be obtained separately as Standalone or Linked Cover on a Policy held outside superannuation. Extras Covers are not available inside superannuation but may be obtained as attached or associated benefits to Standard Cover held inside or outside superannuation.

## Structuring your cover inside and outside superannuation

Table 8: Cover type and ownership structure inside and outside superannuation

Cover type	Ownership structure
Linked TPD Cover	If you have your Life Cover inside superannuation, you can choose to have your Linked TPD Cover inside or outside superannuation. If you hold this cover outside superannuation it must be a self-owned Policy outside superannuation. Your Life Cover will be owned by the trustee of the relevant superannuation fund your Life Cover is held through.
Linked Trauma Cover	If you have your Life Cover inside superannuation, you can only choose to have Linked Trauma Cover outside superannuation. Any Linked Trauma Cover must be held in a self-owned Policy outside superannuation. Your Life Cover will be owned by the trustee of the relevant superannuation fund your Life Cover is held through.
Linked Income Cover	If you have your Income Cover inside superannuation, you can only choose to have Extras Cover outside superannuation. Your Standard Income Cover will be owned by the trustee of the relevant superannuation fund your Income Cover is held through. Any cover held outside superannuation must be a self-owned Policy.
Extra Cost Options	<p>If you have Life Cover and/or TPD Cover inside superannuation, some corresponding Extra Cost Options permitted by superannuation law can be available in a Policy held inside superannuation. For the Extra Cost Options not available inside superannuation, they may be separately held in an associated, self-owned Policy outside superannuation. This ensures you have freedom to choose the Extra Cost Options you need, even when you choose to set up your Standard Cover inside superannuation.</p> <p>Some of the Extra Cost Options that are restricted inside superannuation and are only available outside superannuation due to superannuation law are:</p> <ul style="list-style-type: none"> <li>• Own Occupation Option;</li> <li>• Own Business Option;</li> <li>• Specified Events Option;</li> <li>• Double Benefit Option (Trauma);</li> <li>• Life Cover Purchase Option (Standalone Trauma);</li> <li>• Trauma Cover Reinstatement Option;</li> <li>• Life Cover Buy Back Option (Trauma); and</li> <li>• Premium Waiver Disability Option (Trauma Cover).</li> </ul> <p>Where Life Cover and/or TPD Cover is held inside superannuation and corresponding Extra Cost Options have been taken out under a non-superannuation Policy, if entitlement to a benefit exists under both Policies, we will first assess your eligibility to claim under the cover provided inside superannuation before considering your eligibility to claim under the Extra Cost Options outside superannuation.</p> <p>The Extra Cost Options that are available inside superannuation are:</p> <ul style="list-style-type: none"> <li>• Life Cover Buy Back Option (TPD);</li> <li>• Life Cover Purchase Option (Standalone TPD);</li> <li>• Double Benefit Option (TPD); and</li> <li>• Premium Waiver Disability Option (Life Cover and TPD Cover).</li> </ul>

Table 8 (continued): Cover type and ownership structure inside and outside superannuation

Cover type	Ownership structure
Extras Cover	<p>If you have Life Cover, TPD Cover and/or Income Cover inside superannuation, any corresponding Extras Cover will still be available, however, it must be separately held in an associated, self-owned Policy outside superannuation. This ensures you have freedom to choose the Extras Cover you need, even when you choose to set up your Standard Cover inside superannuation.</p> <p>Under this arrangement, where Life Cover, TPD Cover and/or Income Cover is inside superannuation and corresponding Extras Cover has been taken out under a non-superannuation Policy, if entitlement to a benefit exists under both Policies, we will first assess your eligibility to claim under the cover provided inside superannuation before considering your eligibility to claim under the Extras Cover outside superannuation.</p>

## How Super Linked Cover works

If you wish to hold your cover inside superannuation (whether MetLife Protect Super or your SMSF) and still benefit from additional features and benefits that are restricted by superannuation law, Super Link is your solution. This structure allows you to split your cover across two Policies held inside and outside superannuation.

Super Linked Cover provides access to additional benefits only available outside superannuation, while still funding your primary cover from superannuation. If your primary cover is inside superannuation and you purchase any of the Extras Covers, they will be held in a Policy outside superannuation.

The total premium that you pay for Policies held inside and outside superannuation is the same that you would pay for a Policy wholly held outside superannuation.

The total benefits that you will be paid under both Policies may be the same as the total benefits that would have been paid under a Policy wholly held outside superannuation.

### Policy Ownership

There will be two different Policy Owners on the two Policies. Your Policy inside superannuation will be owned by the Trustee of the relevant superannuation fund and the Policy outside superannuation will be owned by the Life Insured.

## Super Linked Life Cover and/or TPD Cover to Trauma Cover

If you have Life Cover inside superannuation and want to structure your TPD Cover and/or Trauma Cover outside superannuation, under the Super Linked structure, your covers will be split across two Policies. Your Standard Life Cover will be held in a Policy inside superannuation and will be Super Linked to a TPD Cover and/or Trauma Cover held in a Policy outside superannuation for the additional benefits and features. Certain benefits and features are restricted under superannuation law, and they will always be structured outside superannuation.

With Super Linking, the total benefit amount paid under both Policies inside and outside superannuation may be the same as the total benefit amount that would have been paid under a Policy with the same covers structured wholly outside superannuation.

## Super Linked Income Cover:

If you have Income Cover inside superannuation and want any of the Income Cover Extras Covers, under the Super Linked structure, your Income Cover will be split across two Policies. Your Standard Income Cover will be held in a Policy inside superannuation which will be Super Linked for additional benefits and features restricted under superannuation law to another Income Cover Policy outside superannuation.

With Super Linked Income Cover, the total Monthly Benefit paid under both Policies inside and outside superannuation may be the same as the total Monthly Benefit that would have been paid under a Policy with the same covers structured wholly outside superannuation. The benefit payments that you receive under Income Cover are considered as assessable income. For a MetLife Protect Super Policy, before the benefit is paid to you, the Trustee of the superannuation Fund will deduct tax at Pay As You Go (PAYG) withholding rates from each benefit amount paid.

# Life Cover

SUPER

NON-SUPER

Life Cover provides a lump sum benefit that is often used to pay out loans and other liabilities in the event of the Life Insured's death or Terminal Illness. It can also be used to provide for dependants.

The benefits available under Life Cover depend on whether you take out Standard Life Cover only, or if you choose to add Extra Cost Options and/or any of the Extras Cover.

Table 9 below shows the key benefits and amounts payable.

## What are the benefits and features of Life Cover?

### Standard Life Cover

Table 9: Standard Life Cover benefits and features

Benefits and features	Description	Amount payable
Death Benefit SUPER NON-SUPER	<ul style="list-style-type: none"> <li>Covers death of the Life Insured.</li> </ul>	100% of the Life Cover Amount

## What else is included?

### Nomination of beneficiaries

You may nominate up to five beneficiaries on a non-superannuation Policy to receive the payment if a benefit is payable due to the Life Insured’s death.

Nominations of beneficiaries is also available with MetLife Protect Super (see page 84) in respect of superannuation benefits payable from the Fund. We do not accept beneficiary nominations on Policies issued to SMSF Trustees.

## ■ Life Cover – Extras Cover

### Life Cover – Buy/Sell Extras

Subject to eligibility criteria defined under section, 'Applying for Cover' on page 14, you may choose Buy/Sell Extras which provides additional benefits that may be relevant to your insurance needs.

This is available at an additional cost. Buy/Sell Extras expires when the Life Insured turns 65.

The superannuation law doesn't allow Buy/Sell Extras inside superannuation, but if your Standard Life Cover is inside superannuation, any corresponding Buy/Sell Extras will still be available; however, it must be taken out on a self-owned Policy held outside of superannuation. In this case, MetLife will always first assess your eligibility to claim under the Standard Life Cover inside superannuation before considering your eligibility to claim under Buy/Sell Extras.

## ■ Life Cover – Extra Cost Options

Subject to eligibility criteria defined under section, 'Applying for Cover' on page 14, you may choose one or all of these Extra Cost Options which provides additional benefits that may be relevant to your insurance needs:

- Specified Events Option; and
- Premium Waiver Disability Option.

These are available at an additional cost and additional eligibility criteria may apply. The Extra Cost Options expire when the Life Insured turns 65.

## Exclusions applicable to Life Cover, associated Extras Cover and Extra Cost Options

### 13 month suicide exclusion

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when cover is increased but only on the increased portion). The exclusion will be waived for an equivalent amount of cover that is held with us or another insurer, and is being replaced with a MetLife Policy under this PDS (provided the full exclusion period has already been served under the other cover).

For information on all exclusions that apply to your Life Cover and their associated Extra Cost Options and/or Extras Cover, please refer to the Policy Terms at section 6.4.1 on page 117 of the PDS.

The exclusion does not apply with respect to the following benefits:

- Life Cover - Immediate Expenses Benefit; or
- Life Cover - Immediate Business Expenses Benefit (available under Buy/Sell Extras Cover).

### Accidental Injury Cover definition (for Life Cover increased under the Life Events Increases Feature)

If you increase your Life Cover and any associated Linked TPD Cover as a result of exercising the Life Events Increases Feature, then for the first six months following the increase we will only pay benefits under that increased Cover Amount for claims arising as a direct result of Accidental Injury. After six months has passed, the Accidental Injury restriction is removed.

### Benefit payments under Linked Cover

If you have Linked TPD or Trauma Cover to your Life Cover and a TPD or Trauma Cover benefit is paid, your Life Cover and any associated Buy/Sell Extras will be subject to the following:

#### 1. Accidental Injury Cover definition following a Linked TPD Cover benefit payment with the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD)

An Accidental Injury Cover definition will apply to Life Cover and Buy/Sell Extras, following a Linked TPD Cover benefit payment. This means that claims will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Life Cover subjected to this limitation will directly correspond with the Linked TPD Cover benefit paid.

The Accidental Injury Cover definition remains in place for 14 days following a benefit payment provided the Policy includes the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD).

#### 2. Accidental Injury Cover definition following a Linked Trauma Cover benefit payment with the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma)

An Accidental Injury Cover definition will apply to Life Cover and Buy/Sell Extras, following a Linked Trauma Cover benefit payment. This means that claims will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Life Cover subjected to this limitation will directly correspond with the Linked Trauma Cover benefit paid.

The Accidental Injury Cover definition remains in place for 12 months following benefit payment provided the Policy includes the Life Cover Buy Back Option (Trauma).

The Accidental Injury Cover definition remains in place for 14 days following a benefit payment provided the Policy includes the Double Benefit Option (Trauma).

**Please refer to the Policy Terms at section 6.4.1 on page 117 for full details of Policy Exclusions applicable to Life Cover, associated Extra Cost Options and/or Extras Cover.**

## Maximum Expiry Age

Life Cover expires when the Life Insured turns 130 for Policies held outside superannuation. Life Cover in MetLife Protect Super and Life Cover held in an SMSF will expire when the Life Insured turns 75 if you are paying premiums via personal contribution.

- Premium Waiver Disability Option.

These are available at an additional cost. For eligibility criteria on the Extra Cost Options, please refer to the 'Eligibility for Extra Cost Options' section on page 17.

The superannuation law doesn't allow the Own Occupation Option and Own Business Option inside superannuation, but if your Standard TPD Cover is inside superannuation, the Own Occupation Option and Own Business Option will still be available, however, they must be held on a self-owned Policy outside superannuation. In this case, we will always first assess your eligibility to claim under the Standard Cover inside superannuation before considering your eligibility to claim under the Own Occupation Option or Own Business Option.

## Exclusions applicable to TPD Cover and associated Extra Cost Options

### Suicide exclusion on the Death Benefit

The Death Benefit under TPD Cover will not be payable if the claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide or an intentional, self-inflicted Injury within the first 13 months of the Cover Commencement or Reinstatement of cover.

The exclusion will be waived for an equivalent amount of cover that is held with us or another insurer and being replaced with a MetLife Policy under this PDS (provided the full exclusion period has already been served under the other cover).

### Self-inflicted Injury exclusion

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional self-inflicted Injury. This exclusion does not apply to the Death Benefit which is instead subject to the suicide exclusion detailed above.

### Accidental Injury Cover definition (for TPD Cover increased under the Life Events Increases Feature)

If you increase your TPD Cover as a result of exercising the Life Events Increases Feature, then for the first six months following the increase we will only pay benefits under that increased TPD Cover Amount for claims arising as a direct result of Accidental Injury. After six months has elapsed, the Accidental Injury restriction will be removed.

Please refer to the Policy Terms at section 6.4.2 on page 118 for full details of Policy Exclusions applicable to TPD Cover and associated Extra Cost Options.

### Maximum Expiry Age

# ■ Trauma Cover

NON-SUPER

Trauma Cover provides you with financial assistance if the Life Insured is Diagnosed with a medical condition that meets the criteria of one of our Trauma Conditions. It can help with expenses that arise from seeking out the most relevant medical treatment possible, paying off debts or offsetting lost earnings potential while the Life Insured is on the road to recovery.

We have used a tiered-based design that gives you access to multiple benefit payments. Our Trauma Cover Reinstatement Option ensures continuous cover after multiple benefit payments which may be possible after your first full Trauma Cover claim. This means we don't apply the traditional reduction in your Trauma Cover Amount following a Trauma Cover benefit payment. This applies irrespective of whether the Trauma Cover is taken as Linked Cover or as Standalone Cover.

## What are the benefits and features of Trauma Cover?

The benefits available under Trauma Cover depend on whether you take out Standard Cover only or choose to add Extra Cost Options and/or Extras Cover. Trauma Cover (and any associated Extra Cost Option and/or Extras Cover) is not available inside superannuation. Table below highlights the benefits and features of Trauma Cover.

## What Trauma Conditions are covered and what is payable?

Table 22 lists all Trauma Conditions that are covered under Standard Cover, and the amounts payable. We define these Trauma Conditions in a particular way. These definitions are set out in section 11 of the Policy Terms beginning at page 138. For full details on these conditions and how they are defined, please refer to the Policy Terms at 4.1.1, 4.1.2 and 4.1.3 that can be found on pages 103 - 105 and section 11 on page 138 of the Policy Terms. A Life Insured will not be considered to have a Trauma Condition, and a Trauma Benefit will not be payable, unless and until the Life Insured meets all of the criteria within our definition of the Trauma Condition being claimed for.

Our Trauma Condition definitions may include methods of Diagnosing Trauma Conditions. If the methods for Diagnosing the relevant Trauma Conditions after taking into account all evidence including evidence from you or people acting for you are, impractical to apply or has been superseded, we may consider more contemporary, appropriate and medically recognised methods that conclusively Diagnose the specified Trauma Condition with at least the same severity.

For the following Cancer, Heart and Neurological Conditions, a 90-day No-Claim Period commences after cover starts, or cover reinstates, or when cover is increased, but only on the increased portion.

These are available at an additional cost. For expiry ages on the Extra Cost Options, please refer to Table 2, Extra Cost Options entry and expiry ages on page 15.

## Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover

### Survival period

We will not pay any benefits under Standalone Trauma Cover (including associated Individual Extras) if the Life Insured does not survive for at least 14 days after the date they first meet the definition of the relevant Trauma Condition.

### Self-inflicted Injury

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional self-inflicted Injury.

### No-Claim Period

Where a No-Claim Period is noted for a Trauma Category in Table 22 on page 50-51, no benefits will be payable at any time for any Trauma Condition within that category that the Life Insured sought or obtained advice or treatment for, or had symptoms of, prior to the end of the No-Claim Period. This includes circumstances where the Life Insured sought or obtained advice or treatment for, or had symptoms of, any Related Condition/s, prior to the end of the No-Claim Period.

With respect to the No-Claim Period that applies to the Trauma Cover - Child Trauma Benefit under Family Extras, no benefits are payable for any condition for which a Dependent Child was first Diagnosed, prior to the end of the No-Claim Period.

### Multiple Trauma Claims

#### 1. Impact of claim order

If a benefit is paid for a Trauma Condition, and a subsequent claim is lodged for second Trauma Condition, which actually preceded the first (i.e. occurred earlier), we will adjust the second claim payment so that the total of this and the first don't exceed what would have been payable, had the claims been reported and paid in the Claim Event Date order of occurrence.

#### 2. Multiple claims originating from the same event

If you are claiming for two or more Trauma Conditions that have occurred as a result of one single event, occurrence, or incidence, we will pay you for the Trauma Condition that offers the greatest benefit payment.

#### 3. General Trauma claim payment rules

There are a number of rules that define how we calculate any benefits that are payable to you, once you have been paid a benefit on your Standard Trauma Cover and/or Individual Extras Cover more than once. They are described in the section 'How do multiple claims under Standard Trauma Cover with the Trauma Cover Reinstatement Option work?' on page 57 as well as in the section under 'How Individual Extras operates with Standard Trauma Cover' on page 61 and 'How Individual Extras operates with Standard Trauma Cover if you have also purchased the Trauma Cover Reinstatement Option' on page 62.

**Please refer to the Policy Terms at section 6.4.3 on page 119 for full details of all Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.**

This means you are able to claim on your Trauma Cover multiple times over the life of your Policy and are continually provided with protection.</p> <p>The premium for the reinstated Trauma Cover will be based on the current premium rates that apply.</p> <p>Any loading or exclusion that you agreed to that applied to the original Trauma Cover will continue to be applied to the reinstated Trauma Cover.</p> <p><i>Indexation applies on the reinstated Trauma Cover Amount. # How do multiple claims under Standard Trauma Cover with the Trauma Cover Reinstatement Option work?

There are three important considerations that apply in the context of multiple claims:

1. The Trauma Category Rule;
2. Related or Progressive Trauma Conditions; and
3. The application of the Accidental Injury Cover definition.

## 1. The Trauma Category Rule

Your total Trauma Cover Amount is available to be paid under each of the five Trauma Categories. Where the Trauma Cover Reinstatement Option is also purchased, it is possible to be paid five times the Trauma Cover Amount for multiple claims across each Trauma Category over the life of your Policy. Once you've received 100% of your Trauma Cover Amount within a single Trauma Category, coverage for all Trauma Conditions within that category will end. This is illustrated in Table 27 below.

Table 27: Examples of the Trauma Category Rule

Example A	Example B
<p>Sarah is the Life Insured on a Policy with a Trauma Cover Amount of \$100,000 and the Trauma Cover Reinstatement Option. If she suffers a severe heart attack and receives a Tier 1 Benefit under 'Heart Condition – <i>significantly impaired heart function</i>', we will pay 100% of the Trauma Cover Amount. Following payment, Sarah will continue to be covered for \$100,000 of Trauma Cover; however, she will no longer be covered for any other Trauma Conditions in the Trauma Category of Heart Conditions.</p>	<p>Anna is the Life Insured on a Policy with a Trauma Cover Amount of \$100,000 and the Trauma Cover Reinstatement Option. If she suffers Cardiomyopathy and receives a Tier 2 Benefit, we will pay 50% of the Trauma Cover Amount. Following payment, Anna will continue to be covered for \$100,000 of Trauma Cover, however her cover for the Trauma Category of Heart Conditions will be reduced. This reduction is detailed below.</p> <p>18 months later Anna suffers a major heart attack and satisfies the criteria for a Tier 1 Benefit payment of 100% under 'Heart Condition – <i>significantly impaired heart function</i>', which is in the same Trauma Category as her first claim. The benefit we will pay for this second claim is reduced from \$100,000 to \$50,000, to ensure that Anna does not exceed the maximum payment of 100% of the Trauma Cover Amount for claims within any one Trauma Category.</p> <p>Following this second benefit payment, Anna will continue to be covered for \$100,000 of Trauma Cover; however, she will no longer be covered for any other Trauma Conditions in the Trauma Category of Heart Conditions.</p>

The maximum amount payable combined for all Trauma Conditions within each Trauma Category is the Trauma Cover Amount. This applies over the life of the Policy.

## 2. Related or Progressive Trauma Conditions

There are a number of Trauma Conditions that we will treat as related to a prior Trauma Cover benefit payment (referred to as Related or Progressive Trauma Conditions).

### Definition

Related or Progressive Trauma Condition: Any Trauma Condition that is symptomatic of, secondary to, or otherwise connected with the underlying condition, medical cause or pathology as another Trauma Condition for which we have paid a Trauma Cover benefit.

In the case of Related or Progressive Trauma Conditions, subsequent benefit payments will be offset against previous Trauma Cover benefit payments. The maximum amount we will pay for Related or Progressive Trauma Conditions is 100% of your Trauma Cover Amount.

**Example Scenario:** John is a 56 year old accountant who took out a MetLife Protect Policy (as the Policy Owner as well as the Life Insured) with \$100,000 of Trauma Cover 18 months ago. He has just been Diagnosed with prostate cancer.

- Claim 1:** John is Diagnosed with prostate cancer and is paid a Tier 3 Benefit under the Trauma Condition of ‘Cancer – *early stage cancers*’. The payment amount is 10% of his Trauma Cover Amount, and so he receives \$10,000.
- Claim 2:** Despite treatment, the cancer progresses and nine months later, John is advised that the entire prostate must be removed. Due to this, he is now eligible to claim a Tier 2 Benefit under the Trauma Condition of ‘Cancer – *excluding specified early stage cancers*’. The benefit payment for this Trauma Condition is 50% of the Trauma Cover Amount (\$50,000). However, because this is a Related or Progressive Trauma Condition, the amount that John will be paid is \$40,000 as he has already received \$10,000 of his \$50,000 entitlement.
- Claim 3:** Unfortunately, as a complication of the prostate cancer, John ends up suffering from end stage kidney failure, requiring permanent dialysis. He is eligible to claim a Tier 1 Benefit under ‘Vital Organ or Digestive System Disorder – *end stage*’. The amount payable is 100% of the Trauma Cover Amount (\$100,000). However, because this is a Related or Progressive Trauma Condition and John has already received \$50,000 in total for two previous claims, he will be entitled to receive the remaining \$50,000 (\$100,000 minus the \$50,000 already paid).

### 3. The application of the Accidental Injury Cover definition (Only applicable if the Trauma Cover Reinstatement Option is purchased)

An Accidental Injury Cover definition in relation to Trauma Cover means that for the period during which it applies, your Trauma Cover will be limited to Trauma Conditions that arise as a result of Accidental Injury only.

Note: The Accidental Injury Cover definition does not apply to Trauma Conditions that are considered Related or Progressive Trauma Conditions.

The examples in Table 28 illustrate the application of the Accidental Injury Cover definition with examples, in scenarios with multiple claims due to unrelated Trauma Conditions. Once we pay a benefit for any Trauma Condition, we will apply a 12-month Accidental Injury Cover definition to the same Trauma Cover Amount which corresponds with the benefit payment made. For example, if you received a Tier 2 Benefit which paid you 50% of your Trauma Cover Amount, the Accidental Injury Cover definition will be applied to 50% of your Trauma Cover Amount. 12 months following benefit payment, the Accidental Injury Cover definition will be removed, and your full coverage is reinstated.

Table 28: Examples of the application of the Accidental Injury Cover definition

<b>Example A</b> Application of the Accidental Injury Cover definition	<b>Example B</b> Removal of Accidental Injury Cover definition after 12 months (reinstatement of Trauma Cover to full coverage)
<p>Duncan is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$200,000 and the Trauma Cover Reinstatement Option.</p> <p>Duncan suffers a major heart attack satisfying the criteria for a Tier 1 Benefit under ‘Heart Condition – <i>significantly impaired heart function</i>’.</p> <p>We pay Duncan 100% of his Trauma Cover Amount, i.e. \$200,000. His Trauma Cover Amount remains at \$200,000, however, for the 12 months following the benefit payment he will only be able to claim for further Trauma Conditions arising from Accidental Injury.</p> <p>Six months after Duncan’s heart attack he is badly burned in a house fire which meets the definition of Accidental Injury. Fortunately, as his MetLife Protect Policy continues to provide him with Accidental Injury coverage, he is entitled to claim a Tier 2 Benefit under the Trauma Condition of ‘Burns – <i>full thickness</i>’. This results in a 50% benefit payment of \$100,000, due to the accident.</p>	<p>Simon is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$200,000 and the Trauma Cover Reinstatement Option. Simon suffers a major heart attack satisfying the criteria for a Tier 1 Benefit under ‘Heart Condition – <i>significantly impaired heart function</i>’.</p> <p>We pay Simon 100% of his Trauma Cover Amount, i.e. \$200,000. His Trauma Cover Amount remains at \$200,000, however, for the 12 months following the benefit payment he will only be able to claim for further Trauma Conditions arising from Accidental Injury.</p> <p>12 months after the payment of the Trauma Cover benefit, the Accidental Injury Cover definition is removed and Simon’s Trauma Cover will be reinstated to full coverage.</p>

The Premium Waiver Disability Option expires when the Life Insured turns 65.

## ■ Extras Cover

Available with Life Cover.

**Non-superannuation policies only:** Individual Extras is suitable for a broad range of people, and there are no additional eligibility criteria in addition to the Standard Trauma Cover.

## What are the benefits and features of Individual Extras?

Individual Extras is available with Standard Trauma Cover at an additional cost. Table 30 below highlights the benefits and features of Individual Extras.

Table 30: Individual Extras benefits and features

Benefits and features	Description	Amount payable (% of the Trauma Cover Amount)
Trauma Cover - Booster Benefit NON-SUPER	<ul style="list-style-type: none"> <li>An additional 50% of the Trauma Cover Amount is paid as a top-up to your Standard Cover, providing additional cash flow. Trauma Cover – Repeat Angioplasty Benefit NON-SUPER	<ul style="list-style-type: none"> <li>Covers angioplasty on one or two arteries to treat coronary artery disease 12 months or more after a previous benefit payment for Angioplasty – single or double vessel.</li> </ul> <p><i>Benefit payable once only.</i></p>	Up to 25% <i>(capped at \$25,000)</i>
Trauma Cover – Advanced Diabetes Benefit NON-SUPER	<ul style="list-style-type: none"> <li>Covers up to 100% of the Trauma Cover Amount for severe diabetes mellitus, either insulin or non-insulin dependent if the Life Insured suffers from Diabetes – <i>severe with complications</i>.</li> <li>This benefit will pay on top of any benefit that you may receive under Standard Trauma Cover (Diabetes - <i>insulin dependent</i> (defined on page 140)), up to a maximum of 100% of your Trauma Cover Amount.</li> </ul> <p><i>Benefit payable once only.</i></p>	Up to 100%

## How Individual Extras operates with Standard Trauma Cover

The benefits and features held within Individual Extras enhance the payment rules under Standard Cover, as explained below.

### Trauma Cover – Booster Benefit

This benefit effectively doubles the Trauma Cover Amount that would otherwise be payable for a Tier 2 Benefit under Standard Trauma Cover, from 50% to 100%.

#### Example:

If the Life Insured is covered for a Standard Trauma Cover Amount of \$100,000 and they suffer Cardiomyopathy, the Trauma benefit payment would normally be a Tier 2 Benefit payment of \$50,000 (50% of the Trauma Cover Amount). With the Trauma Cover – Booster Benefit, the Trauma benefit paid will be \$100,000.

### Trauma Cover – Repeat Angioplasty Benefit

This benefit enables the Related or Progressive Trauma Conditions rule to be overridden in certain circumstances. This means if the Life Insured undergoes Angioplasty – *single or double vessel* to treat a narrowing or blockage of one or more coronary arteries after we have paid a benefit 12 months or more ago for the same procedure, we will pay another 25% of the Trauma Cover Amount, up to \$25,000.

#### Example:

Sarah is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Sarah suffers from Coronary Artery Disease (CAD) and is paid 25% of her Trauma Cover Amount as a result of undergoing an angioplasty, ordinarily any future related claims for angioplasty as a result of CAD would be offset by previous payments received (effectively meaning Sarah could only claim on angioplasty for CAD once). However, with the Trauma Cover – Repeat Angioplasty Benefit, if Sarah requires a second angioplasty (at least 12 months after her first), then she will be entitled to claim another 25% of the Trauma Cover Amount (i.e. \$25,000).

### Trauma Cover – Advanced Diabetes Benefit

This benefit offered under Individual Extras enables 100% of the Trauma Cover Amount to be paid if the Life Insured suffers from severe diabetes mellitus, insulin or non-insulin dependent that leads to severe complications as defined under Diabetes – *severe with complications*.

#### Example:

If the Life Insured suffers from Diabetes – *insulin dependent*, we will pay a Tier 3 benefit of 25% of the Trauma Cover Amount capped at \$100,000 under Standard Trauma Cover. If the condition becomes severe with complications as defined under Diabetes – *severe with complications*, the Life Insured may receive the remaining 75% of their Trauma Cover Amount.

## Additional Benefits included in Individual Extras with the Trauma Cover Reinstatement Option

Table 31: Individual Extras benefits and features when purchased with the Trauma Cover Reinstatement Option

Benefits and features	Description	Amount payable (% of the Trauma Cover Amount)
Trauma Cover – Unrelated Cancer Benefit <b>NON-SUPER</b>	<ul style="list-style-type: none"> <li>Covers a new primary Tier 1 or Tier 2 Cancer Condition Diagnosed 12 months or more after, and unrelated to, a previous cancer benefit payment.</li> </ul> <i>Benefit payable once only.</i>	Up to 100%
Trauma Cover – Related Cancer Benefit <b>NON-SUPER</b>	<ul style="list-style-type: none"> <li>Covers a new primary Tier 1 or Tier 2 Cancer Condition Diagnosed 12 months or more after, and related to, a previous cancer benefit payment.</li> </ul> <i>Benefit payable once only.</i>	Up to 10% <i>(capped at \$50,000)</i>
Trauma Cover – Related Heart Condition Benefit <b>NON-SUPER</b>	<ul style="list-style-type: none"> <li>Covers a Tier 1 or Tier 2 Heart Condition, Diagnosed 12 months or more after a previous related benefit payment. Includes repeat heart attacks.</li> </ul> <i>Benefit payable once only.</i>	Up to 10% <i>(capped at \$50,000)</i>

## How Individual Extras operates with Standard Trauma Cover if you have also purchased the Trauma Cover Reinstatement Option

The benefits and features held within Individual Extras when purchased with the Trauma Cover Reinstatement Option enhance the payment rules under Standard Cover, as explained below.

### Trauma Cover – Unrelated Cancer Benefit

This benefit enables the Trauma Category Rule for the Trauma Category of Cancer Conditions to be overridden. This means if the Life Insured suffers from a new primary Cancer Condition that pays a Tier 1 or Tier 2 Benefit, Diagnosed 12 months or more after (and unrelated to) a previous cancer claim, a new claim is possible in the Cancer Conditions category, up to the full Trauma Cover Amount.

#### Example:

Duncan is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Duncan was recently paid a 100% benefit as a result of suffering from advanced skin cancer, ordinarily he would be unable to claim for any other Cancer Conditions again (Trauma Category Rule).

However, with the Trauma Cover – Unrelated Cancer Benefit, if Duncan is Diagnosed with a new, unrelated cancer (e.g. lung cancer) at least 12 months after his previous Diagnosis of advanced skin cancer, then he will be again entitled to claim the full Trauma Cover Amount of \$100,000.

## Trauma Cover – Related Cancer Benefit

This benefit enables the Trauma Category Rule for the Trauma Category of Cancer Conditions to be overridden. This means if the Life Insured suffers from a related Tier 1 or Tier 2 Cancer Condition Diagnosed 12 months or more after a previous cancer claim (Related or Progressive Trauma Condition), you are able to claim another 10% of the Trauma Cover Amount in the Cancer Condition category.

### Example:

Simon is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Simon was recently paid a 100% benefit as a result of suffering from advanced skin cancer, ordinarily he would be unable to claim for any other Cancer Conditions again (Trauma Category Rule). However, with the Trauma Cover – Related Cancer Benefit, if Simon is Diagnosed with a new, related cancer (e.g. another advanced cancer as the skin cancer has spread) at least 12 months after his previous Diagnosis of advanced skin cancer, then he will be entitled to claim another 10% of the Trauma Cover Amount (i.e. \$10,000).

## Trauma Cover – Related Heart Condition Benefit

This benefit enables the Trauma Category Rule for the Trauma Category of Heart Conditions to be overridden. This means if the Life Insured suffers from a related Tier 1 or Tier 2 Heart Condition Diagnosed 12 months or more after a previous Heart Condition claim (Related or Progressive Trauma Condition), you are able to claim another 10% of your Trauma Cover Amount in the Heart Condition category.

### Example:

Anna is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Anna was recently paid a 100% benefit as a result of a heart attack, ordinarily she would be unable to claim for any other Heart Conditions again (Trauma Category Rule). However, with the Trauma Cover – Related Heart Condition Benefit, if Anna suffers another heart attack related to the first (at least 12 months after her first heart attack), then Anna will be entitled to claim another 10% of the Trauma Cover Amount (i.e. \$10,000).

## Additional Exclusions

Individual Extras is subject to the exclusions that apply to Trauma Cover. There are no additional exclusions that apply to Individual Extras.

Please refer to the Policy Terms at section 6.4.3 on page 119 for full details of all Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.

## Maximum Expiry Age

Individual Extras expires when the Life Insured turns 70.

## ■ Extras Cover

## What are the benefits and features of Family Extras?

Family Extras is available with Standard Trauma Cover at an additional cost. Table 32 below highlights the benefits and features of Family Extras.

## Maximum Expiry Age

Family Extras expires when the Life Insured turns 65.

Please note that the Child Trauma Benefit will only provide coverage for Dependent Children who are 16 or under, so over time you may wish to consider if this benefit is still suitable for your insurance needs.

# Income Cover

SUPER

NON-SUPER

Income Cover provides a form of income replacement when the Life Insured suffers a loss of income during times of Illness or Injury.

The benefits available under Income Cover depends on whether you take out Standard Income Cover only, or if you choose any of the Extras Covers.

## What are the benefits and features of Income Cover?

### Standard Income Cover

Standard Income Cover includes the benefits and features shown in Table 33 below.

**Monthly Benefit** is a key term which describes the monthly amount payable for the main Income Cover benefits under your Policy (i.e. Total Disability and Partial Disability Benefits). For more details on the way we calculate your Monthly Benefit - see the section, Monthly Benefit – calculating the amount we pay, on page 69.

**Monthly Cover Amount** is the amount we agree to insure, as reflected on your Policy Schedule or any other Important Documents.

## Choice of Excess Period

The Excess Period is the minimum number of consecutive days that the Life Insured must be Partially Disabled or Totally Disabled, before entitlement to any Partial Disability Benefits or Total Disability Benefits can begin to accrue.

You can choose either a 30-day, 90-day or 2-year Excess Period.

The Excess Period starts on the date the Life Insured is certified by a Medical Practitioner as unable to work in full capacity, solely due to Illness or Injury, and as at which date they meet the definition of being Totally Disabled or Partially Disabled.

Note, the Life Insured must be continuously Totally Disabled or Partially Disabled for the duration of the Excess Period, in order to be eligible to claim Partial Disability Benefits or Total Disability Benefits. Once the Excess Period has been served, your Benefit Period will commence and thereafter benefits are paid monthly in arrears.

In order for the Life Insured to receive income replacement payments from a Policy inside superannuation, it is a legislated requirement to have ceased Gainful Employment due to Illness or Injury. Therefore, for any Policies inside superannuation, it is a condition of the Excess Period that the Life Insured must have been completely unable to work (Totally Disabled) for at least one day during the Excess Period, due to their Illness or Injury.

## Choice of Benefit Period

The Benefit Period is the maximum duration for which we will pay Total Disability Benefits and/or Partial Disability Benefits for any one Illness or Injury (including a Recurrent Disability) over the life of the Policy.

We offer a choice of maximum Benefit Periods as follows:

- **1 year** – benefit payable for up to a year. If the Benefit Period starts on or after age 74, Total Disability Benefits or Partial Disability Benefits will cease at age 75.
- **2 years** – benefit payable for up to two years, or to age 65 whichever occurs first. However, if the Benefit Period starts on or after age 64, Total Disability Benefits or Partial Disability Benefits will be payable for up to a full year.
- **5 years** – benefit payable for up to five years, or to age 65 whichever occurs first. However, if the Benefit Period starts after age 64, Total Disability Benefits or Partial Disability Benefits will be payable for up to a full year.
- **Age 65** – benefit payable to age 65. However, if a Benefit Period starts after age 64, Total Disability Benefits or Partial Disability Benefits will be payable for up to a full year.
- **Age 70** – benefit payable until age 70. However, if a Benefit Period starts after age 65, Total Disability Benefits or Partial Disability Benefits will be payable for up to a full year.

**Note:** If a claim has been paid for only part of the Benefit Period when the Life Insured returns to work, the claim can be continued for the remainder of the Benefit Period if a Recurrent Disability prevents the Life Insured from working at full capacity again.

## Monthly Benefit – calculating the amount we pay

The Monthly Benefit is the lower of:

- the Monthly Cover Amount you choose, or
- 75% of the Life Insured's highest average Monthly Income for any consecutive 12-month period in the three years prior to becoming Totally Disabled or Partially Disabled.

This can mean that if the Life Insured's Monthly Income has decreased since they applied for cover, the Monthly Benefit that will be payable at claim time may be less than the Monthly Cover Amount insured.

Financial evidence will be requested at the time of claim.

If a benefit is only payable in relation to part of a month, the benefit will apply on a pro-rata basis, for example, 1/30th of the Monthly Benefit per day.

**Important:** If you have Income Cover inside superannuation and Super Linked Income Cover outside superannuation, we will pay any Total or Partial Disability Benefits you are entitled to under the Policy inside superannuation, to the extent permitted under law. Any benefits or amounts you are entitled to, in excess of any limitations under superannuation law will be paid under your Super Linked Income Cover outside superannuation.

## Benefit Offsets

If the Life Insured receives replacement income or benefits from other sources, it will be treated as income, and will offset your Monthly Benefit accordingly. These other sources include:

- sick leave payments received. Note, this does not include an entitlement to sick leave when it is not received or not taken by the Life Insured;
- other disability, group, sickness or accident insurance cover, including cover under a mortgage replacement policy or through a superannuation fund that was not disclosed to us at the time you applied for the cover; and
- any payments received from workers' compensation schemes and accident compensation schemes, in respect of any part that is directly attributable to the same period as income replacement.

For full details refer to the Policy Terms at section 5.1.5 on page 110.

## Income Cover – Extras Cover

Subject to eligibility criteria, you may choose one or more of the below Extras Covers:

- Professional Extras;
- Provide & Care Extras;
- Key Person Extras; or
- Sole Trader Extras.

These are available at an additional cost to your Standard Income Cover and eligibility criteria may apply. The Extras Covers expire when the Life Insured turns 65.

The law doesn't allow Extras Cover inside superannuation but, if your Standard Income Cover is inside superannuation, you can have any Extras Cover you need outside superannuation.

**Important:** Restrictions apply to the total Monthly Benefit we can pay under a superannuation Policy, in accordance with superannuation law. Therefore, where entitlement to a benefit exists under both your superannuation Policy and Extras Cover, any amounts payable in excess of superannuation limitations, will be paid under your Extras Cover.

## On Claim Superannuation Benefit

Your maximum Monthly Cover Amount is based on your gross Monthly Income.

You may elect to include superannuation contributions in the calculation of your Monthly Cover Amount when you apply for cover. If you do this, then when you lodge a claim, we will ask for your nominated superannuation fund so we can direct a portion of your Monthly Benefit directly to the fund on your behalf. The amount we direct into superannuation will represent the superannuation guarantee contribution percentage (SG rate) at the time of claim payment, presently 9.5% but this is subject to change in line with legislated increases to the SG rate.

You may request we use an amount greater than the SG rate according to your situation (including your assessment of the tax implications for you).

## Exclusions applicable to Income Cover and associated Extras Cover

### Suicide

The Death Benefit under:

- Income Cover,
- Income Cover – Family Provision Benefit under Provide & Care Extras, and the
- Income Cover – Loss of Key Person Benefit under Key Person Extras

will not be payable if the claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when cover is increased but only on the increased portion).

The exclusion will be waived for an equivalent amount of cover that is held with us or another insurer, and being replaced with a MetLife Policy under this PDS (provided the full exclusion period has already been served under that other cover).

### Self-inflicted Injury

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional self-inflicted Injury.

This exclusion does not apply to the Death Benefit, the Income Cover - Family Provision Benefit, or the Income Cover – Loss of Key Person Benefit which are instead subject to the suicide exclusion detailed above.

### Unemployment – Income Cover inside Superannuation

If your Income Cover is inside superannuation, no benefits will be

payable if the Life Insured was not Gainfully Employed up to and including the day prior to the Date of Disability. Please see the definition for Gainfully Employed in section 10 on page 131.

### Accidental Injury Cover definition (for Income Cover increased under the Life Events Increases Feature)

If you increase your Income Cover as a result of exercising the Life Events Increases Feature, then for the first six months following the increase we will only pay benefits under that increased Monthly Cover Amount for claims arising as a result of Accidental Injury. After six months has elapsed, the Accidental Injury restriction will be removed.

### Accidental Injury Cover definition (after exercising the Income Cover – Cover Pause Feature)

For a period of six months following the date that you increase your Monthly Cover Amount as a result of exercising the Income Cover – Cover Pause Feature, a benefit is only payable under that increased portion of your Monthly Cover Amount for claims arising as a direct result of an Accidental Injury.

### General exclusions

No benefits are payable for claims arising:

- directly or indirectly from War;
- from Uncomplicated Pregnancy or childbirth; or
- from the Life Insured's participation in any criminal activity.

We can't Reimburse any expenses that are not permitted by law (including superannuation law) to Reimburse, or are regulated by the *National Health Act 1953 (Cth)* or the *Private Health Insurance Act 2007 (Cth)*.

Please refer to the Policy Terms at sections 6.4.4 on page 121 and 1.7 on page 93 for full details of all Policy Exclusions applicable to Income Cover and associated Extras Cover.

## Varied terms after age 65

If you have a 1-year, 2-year, 5-year or age 65 Benefit Period and the Life Insured is on claim when they turn 65, benefit payments will cease (provided you have received benefits for a minimum total duration of one year).

In addition to the above, all cover may continue after age 65 until expiry at age 75 with a 1-year Benefit Period, which will apply for events leading to new claims only and be subject to meeting the Excess Period.

Under the 1-year Benefit Period applicable after age 65, we will only assess the Life Insured for Total Disability Benefits or Partial Disability Benefits if they have been working at least 20 hours per week on average in the six months immediately prior to the Date of Disability, and only for events leading to new claims.

If you have an age 70 Benefit Period and the Life Insured's Date of Disability is before age 65, benefits may continue to be paid until the Life Insured turns 70.

## Maximum Expiry Age

Income Cover expires when the Life Insured turns 75.

## Income Cover scenario and examples

### Scenario

#### At point of application

Steve is employed as a project consultant. In 2014, Steve applied for an Income Cover Policy (as Policy Owner and the Life Insured) and chose to only insure 50% of his income. Steve's income at the time was \$120,000 per year (excluding superannuation). The Monthly Cover Amount on his Policy was set as \$5,000 per month (50% x \$120,000/12).

#### What happens after Steve's Income Cover Policy has been issued

Steve's income fluctuates after he's taken out his Policy, as below:

Table 35: Steve's annual income each year

Year	Annual income
1 Jan 2017 – 31 Dec 2017	\$120,000
1 Jan 2018 – 31 Dec 2018	\$70,000
1 Jan 2019 – 31 Dec 2019	\$70,000
1 Jan 2020 – 31 Dec 2020	\$80,000

#### What happens in the event of a claim?

On 1 February 2021, Steve is in a motor vehicle accident and suffers an Injury that prevents him from working. Steve is able to satisfy the Excess Period and other requirements on his Policy to claim for an Income Cover benefit.

Note: Steve's Monthly Cover Amount has been indexed by CPI each year and in 2021 this is now at a higher amount of \$5,500.

The below worked examples demonstrate how a claim payment would be calculated if Steve were to be Totally Disabled or Partially Disabled. For simplicity, assume Steve does not have any Offsets and he meets all the rules of the Policy for a claim to be paid.

## Claim outcomes - worked examples

### 1. Total Disability Benefit

Assume that Steve is unable to work and satisfies the Total Disability definition and has no Offsets. The below calculations reflect the amounts payable under a Total Disability claim.

At time of claim, we will base our claim calculations on Steve's highest average Monthly Income in a 12-month period within the 3-year period before his disability.

This will be  $\$80,000/12 = \$6,667$ .

His Monthly Benefit is the lesser of 75% of this figure which is \$5,000 (75% x \$6,667) and the indexed Monthly Cover Amount of \$5,500.

As a result, the amount Steve gets paid under an Indemnity definition will be \$5,000 – as this is the smaller figure.

**Please refer to the definition for Indemnity in section 5.1.3.1 on page 109.**

### 2. Partial Disability Benefit

Assume that Steve is still able to work but only in a reduced capacity. From a Monthly Income of \$6,667 (pre-disability), Steve's post-disablement income is \$5,000 per month. The below calculations reflect the amounts payable under a Partial Disability claim.

At time of claim, we will base our claim calculations on Steve's highest average Monthly Income in a 12-month period within the 3-year period before his disability.

Steve's Partial Disability Benefit will be calculated as the greater of:

- Monthly Benefit of \$5,000 - 75% of post-disablement income (75% x \$5,000) = \$1,250, and
- 75% of pre-disablement income \$5,000 (75% x \$6,667) - 100% of post-disablement income (\$5,000) = \$0.

This calculation produces a figure of \$1,250 per month. As this is less than the Monthly Benefit of \$5,000 we pay a Partial Disability Monthly Benefit of \$1,250.

# What you pay

## Premium calculation

The amount you pay for your Policy is called the 'premium'. The premium is affected by the choices you make when applying for cover, as well as a range of other factors such as the age, sex, smoking status, health and occupation of the Life Insured.

Please contact your Financial Adviser to obtain a quote.

We will increase your cover amount each year through Indexation, unless you ask us not to or choose one of the Fixed Term Options (under which Indexation is not available). Your premium will then be based on the increased cover and depending on your premium structure may also be based on other factors such as increased age.

## Premium Discounts

You may be entitled to a discount on your premium depending on:

- the combination of covers for each Life Insured;
- the cover amounts;
- if another family member or business partner takes out cover under the same application;
- health factors; and
- the time since your Policy started.

## Government Charges

Your premium includes any government taxes and charges that apply, such as stamp duty, with the rate varying on a State by State basis.

## Statutory fund

Premiums for the Policy are placed in MetLife's Statutory Fund No. 1 and any claims paid under the Policy will be paid from this fund.

As there is no investment component in MetLife Protect or MetLife Protect Super, your premiums paid do not accrue interest at any time and there is no surrender value.

## MetLife Protect – Taxation

This section contains general information based on taxation laws in force at the time of preparation of this PDS. How the law affects you will depend on your individual circumstances.

You should consider speaking to a registered tax adviser about your tax affairs. Further information is available at [www.ato.gov.au](http://www.ato.gov.au).

## Tax treatment of insurance premiums and benefits

Whether premiums paid for MetLife Protect are tax deductible and whether MetLife Protect benefits paid are assessable depends on various factors such as the type of insurance, the purpose of the insurance, the Policy Owner, and who pays the premium:

- where Income Cover is owned by an individual and is intended to replace income, premiums paid will generally be deductible and benefits received subject to tax. This treatment may not apply to all Extras Cover Linked to Income Cover;

- apart from Income Cover, where a Policy is owned by an individual and the insurance cover is personal in nature, premiums are generally not tax deductible, and claims benefits received are generally not assessable;
- where an entity such as a corporate entity is the Policy Owner, or otherwise pays the premiums, other taxation implications may apply, for example, fringe benefits tax. There may be other circumstances where premiums are deductible and benefits assessable. If this applies to you, we recommend you speak to your registered tax adviser or the Australian Taxation Office (ATO).

See page 87 for discussion of the tax treatment of insurance premiums and benefits held through MetLife Protect Super.

## Premium variations

Unless otherwise specified under Premium structure (see below), premium rates are not guaranteed and may be varied.

If there is a change in government taxes or charges, such as stamp duty, we can pass on the premium change irrespective of the premium structure.

With the exception of Life and TPD Cover under the Fixed Term Option, we reserve the right to change premium rates in the future. However, premium rate changes cannot be made to individual Policies – they can only be altered for an entire demographic group based upon pricing factors (such as Occupation Class). This means your Policy will not be singled out for any changes in premium rates. In the event of any changes, we will give you at least 30 days' written notice of any detrimental change.

Please contact your Financial Adviser to obtain a premium quote.

## Premium structure

You can choose the way your premiums are structured. You can choose from:

**Stepped premiums** – your premium each year is based on your age and a number of other factors, such as the amount and type of cover. Your premium will usually increase every year as you get older and more likely to claim. Automatic Indexation increases also increase your cover and your premium.

**Level premiums to age 65** – your premium each year is based on your entry age for your original cover amount until the end of the level premium term. As a result, you will generally have higher premiums than for stepped premiums during the initial years, but lower premiums in later years. Any automatic Indexation increases to your cover will continue to use the age-based level rate that applies for the existing cover. At the Policy Anniversary immediately before you turn 65, your Policy will switch to stepped premiums.

**Level premiums to age 70** – as for level premiums to age 65. At the Policy Anniversary immediately before you turn 70, your Policy will switch to stepped premiums.

**5-year Fixed Term Option** – your premiums are adjusted to avoid age-based increases for the initial five-year term. Automatic Indexation increases do not apply. In addition, for Life and TPD Cover only, your premium is guaranteed not to increase. At the end of the five years, your Policy will switch to stepped premiums. Your cover amount will typically reduce at this time to maintain the same premium for that year only. Note, that any Standard Cover premium type selection, for example level or stepped, will always be reflected in any Extra Cost Option and/or Extras Cover you choose. In addition, the 5-year Fixed Term Option is not available for Income Cover.

**10-year Fixed Term Option** – your premiums are adjusted to avoid age-based increases for the initial 10-year term. Automatic Indexation increases do not apply. In addition, for Life and TPD Cover only, your premium is guaranteed not to increase. At the end of the 10 years, your Policy will switch to stepped premiums. Your cover amount will typically reduce at this time to maintain the same premium for that year only. Note, that any Standard Cover premium type selection, for example level or stepped, will always be reflected in any Extra Cost Option and/or Extras Cover you choose. In addition, the 10-year Fixed Term Option is not available for Income Cover.

Note: Any Standard Cover premium type selection, for example level or stepped, will always be reflected in any corresponding Extra Cost Option and/or Extras Cover that you choose.

## Payment of premiums

### Options for premium payments

All premiums are payable by fortnightly, monthly or yearly instalments.

If you choose to pay your premiums fortnightly or monthly this will be more expensive than paying yearly.

There is an additional charge of 7.5% for paying your premiums fortnightly or monthly.

You can choose any one of the following payment methods for your convenience:

- automatic debit from MasterCard, Visa, American Express;
- automatic debit from your bank, building society or credit union account; or
- superannuation rollover (however, this is only available if you pay your MetLife Protect Super premiums yearly).

You will need to provide us (or the Trustee of the Fund) with your authority to obtain the premium payment.

### How to maintain your cover

To maintain your cover you must pay your premiums when they are due. If your premium becomes overdue, we will write to you to remind you to pay.

If you do not pay your premiums after we have reminded you, we will write to you again and give you at least 28 days to pay any overdue premium(s). But if this overdue premium isn't paid by the time required, we will cancel your cover. If your cover is through MetLife Protect Super this will result in the cessation of your membership of the Fund. After cancellation, you will not be able to make a claim for future events relating to the cancelled cover. However, you are able to claim for events that preceded the cancellation.

### Cancelling your Policy

To cancel your Policy, you simply need to contact your Financial Adviser or MetLife either by telephone or in writing. If you pay your premiums fortnightly or monthly and you cancel the Policy, we won't refund any instalment paid. If you pay your premiums yearly, we will make a pro-rata refund to you or your superannuation fund (as applicable), based on the nearest whole month after you cancel the Policy. Refer to page 86 for information about the treatment of refunds paid to the Fund.

### Direct debit service agreement

The terms and conditions which relate to the use of direct debit payments from your bank account or credit card directly to MetLife are available online at [www.metlife.com.au/content/dam/metlifecom/au/direct-debit-agreement/MetLife\\_Direct-Debit-Request-20201001.pdf](http://www.metlife.com.au/content/dam/metlifecom/au/direct-debit-agreement/MetLife_Direct-Debit-Request-20201001.pdf). # MetLife Protect Super

MetLife Protect Super is a superannuation product for the purpose of providing access to MetLife's risk-only insurance cover inside superannuation. There is no account balance or investment component in relation to MetLife Protect Super.

## The Trustee

Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757) ('the Trustee') as the trustee for the MetLife Australia Superannuation Fund, which is a division of the Aon Master Trust (ABN 68 964 712 340) ('the Fund'), is the issuer of MetLife Protect Super.

When you apply for insurance through MetLife Protect Super you are also applying to become a member of the Fund. Once your application for MetLife Protect Super is accepted, MetLife issue a Policy to the Trustee on your behalf, and your membership of the Fund commences.

Your MetLife Protect Super Policy will be owned by the Trustee. All premiums and benefit payments will be made through the Fund within certain restrictions under superannuation law.

## The Fund

The Fund is a regulated superannuation fund under the Superannuation Industry (Supervision) Act 1993 (Cth) (SIS). SIS provides members with certain protections and the Trustee must comply with all standards in the management and operation of the Fund. Non-compliance with these standards may result in penalties payable by the Trustee. The Trustee is licensed by the Australian Prudential Regulation Authority (APRA) to act as Trustee of the Fund.

The Fund is administered by Aon Hewitt Limited (AFSL 236667) (ABN 48 002 288 646) Level 33, Aon Tower, 201 Kent Street, Sydney NSW 2000 who has in turn appointed Insurance & Superannuation Administration Services Pty Ltd (ABN 31 058 682 876) (ISAS), PO Box 1305 South Melbourne VIC 3205, to assist with the administration of the MetLife Australia Superannuation Fund.

The Fund is governed by a Trust Deed that includes rules for the operation of and the benefits payable from MetLife Australia Superannuation Fund. The Trust Deed will prevail if there is any inconsistency with the PDS, to the extent of the inconsistency. A copy of the Trust Deed may be obtained free of charge by contacting the Customer Experience Team on 1800 523 523 or by sending an email to [auprotect@metlife.com](mailto:auprotect@metlife.com) or online at [www.smartmonday.com.au](http://www.smartmonday.com.au).

## Insurance in MetLife Protect Super

The insurance cover types that are available through MetLife Protect Super are:

- Life Cover (Standard Cover);
- TPD Cover (Standard Cover); and
- Income Cover (Standard Cover).

The circumstances in which insured benefits are payable under these covers are consistent with restrictions inside superannuation law on the payment of superannuation benefits from superannuation funds (called "conditions of release") for death, a terminal medical condition, permanent incapacity or temporary incapacity. Relevant definitions, for the purposes of these conditions of release are summarised as follows:

**Terminal medical condition:** means two registered medical practitioners have certified, jointly or separately, that a member is suffering an Illness, or has incurred an Injury that is likely to result in their death within 24 months from the date of the last certification. At least one of the medical practitioners must be a specialist practicing in an area related to the Illness or Injury suffered by the member. For each of the certificates, the certification period must be current.

**Permanent incapacity:** means the Trustee is reasonably satisfied that, due to physical or mental ill health, the member is unlikely to engage in Gainful Employment for which the member is reasonably qualified by education, training or experience.

**Temporary incapacity:** means the Trustee is satisfied that, due to physical or mental ill health, the member has ceased to be Gainfully Employed (including a member who has ceased temporarily to receive any gain or reward under a continuing arrangement for the member to be Gainfully Employed), but the member is not permanently incapacitated. The amount which may be released can't exceed the member's income in the period immediately before the onset of their ill health. If the member was not Gainfully Employed when they became ill, this condition of release will not be met.

## No account balance

Unlike some superannuation products, MetLife Protect Super is not an investment product and you will not have an account balance. The amount of your contribution may not exceed the insurance premium required to be paid by the Trustee to MetLife.

The contributions will not be invested on your behalf and will not earn investment returns; and the benefit can't be transferred by you to another fund. The contribution simply covers your premium.

## How to pay the premiums through MetLife Protect Super

The Trustee will only accept personal contributions or rollovers where permitted under superannuation law, and only the amount necessary for the purpose of paying insurance premiums for your insurance Policy inside superannuation.

As soon as your application for MetLife Protect Super is accepted and you become a member of the Fund, you can start making contributions or arranging payment via rollover. You can only become a member of the Fund if MetLife accepts your application for insurance cover and the Fund is able to accept personal contributions or rollovers from you under superannuation law. Consequently, to be a member of the Fund, you must provide your tax file number to the Trustee – see page 86 for more details.

You must meet the full cost of the premium for your Policy inside superannuation by:

- making a personal contribution to the Fund for the amount of your premium (note, that contributions from your spouse, employer or the government are not accepted); or
- arranging a rollover from another complying superannuation fund.

Note: The MetLife Australia Superannuation Fund's USI is 68964712340007.

## Superannuation rollovers

If you choose to pay your premium through a rollover from an eligible superannuation fund, you may only pay your premium yearly.

Your nominated superannuation fund may apply limits or other conditions on rollovers, such as minimum withdrawals, and may charge fees or costs for processing your request. You should check the terms and conditions with your nominated fund and ensure there is sufficient balance in your account to cover the rollover each year. Failure to do this can result in your MetLife Protect Super Policy (and Fund membership) being cancelled due to non-payment of premiums.

The Trustee will provide you with a rollover request form that tells the Trustee of your superannuation fund to roll over the required premium amount to the Fund when your Policy starts and then yearly as each premium is due.

If your premium is paid through a rollover, you will receive a rebate of 15% of the amount of your premium to reflect the benefit of a tax deduction that the Trustee can generally claim for premiums the Trustee pays to MetLife. In that instance, you will only need to rollover an amount equal to 85% of the premium. The rollover amount, plus the amount of rebate, must equal the yearly premium due.

The rebate is at the Trustee's discretion. Consequently, the Trustee may not provide the rebate if it does not receive the benefit of any tax deduction or it may cease to offer the rebate altogether at any time in the future where the Trustee considers it appropriate to do so.

The Trustee will not accept rollovers with an untaxed element or rollovers that contain United Kingdom (UK) transfer or New Zealand KiwiSaver transfer amounts. Rollovers that cannot be accepted will be returned to the transferring superannuation fund and you will be requested to provide alternative instructions so that the premium can be paid.

## Who can make personal contributions?

You can elect to make personal superannuation contributions to fund your insurance premiums. Under superannuation law, you may only make personal superannuation contributions where the Fund holds a valid Tax File Number (TFN) for you.

Once you turn 67, you can only make personal contributions if you have been Gainfully Employed for at least 40 hours in any 30 consecutive day period in the financial year the contribution is made (known as the 'work test'). At this time you may be required to complete a work test declaration.

From 1 July 2019, the federal government has introduced a one-year exemption from the work test for those aged over 65 with a super balance of under \$300,000. Under the new rules, for the first year that you don't meet the work test requirement you can still make after-tax contributions to your superannuation. Work test exempt contributions will be subject to the \$100,000 non-concessional cap. From 1 July 2020 onwards, work test applies once you turn age 67 and applies until you turn 74.

Once you turn 75, you are no longer eligible to make personal contributions.

If you are no longer eligible to make contributions, either because you cannot satisfy the work test or else have turned 75, you will need to fund your insurance premiums via rollover. Failure to do this will result in your MetLife Protect Super Policy being cancelled (and membership of the Fund ceasing) due to non-payment of premiums.

Please note, MetLife may also accept an application from you, without underwriting, for your cover to continue on the same terms under an equivalent MetLife non-superannuation Policy, subject to eligibility criteria.

## Government co-contribution

If you have made a personal non-concessional contribution (after-tax) to a complying superannuation fund, you may qualify for a government co-contribution. Your entitlement is capped under law and will be assessed by the Australian Taxation Office (ATO).

As an insurance-only superannuation product, MetLife Protect Super is not able to accept the co-contribution. You may wish to have the ATO direct your government co-contribution to an alternative superannuation fund.

You should speak to your Financial Adviser or a qualified tax specialist or call the ATO to see if you are eligible for the government co-contribution.

## Nominating beneficiaries

You can supply details of, cancel or change your nominated beneficiaries by completing the relevant Trustee nomination of beneficiaries form.

If you die, any insurance benefits issued under MetLife Protect Super are paid to the Trustee. You can choose who the Trustee pays benefits to in the event of your death while a member of the Fund.

You can nominate up to five beneficiaries to receive your death benefit in the event of your death. All Nominated Beneficiaries must be one of the following at the time of your death:

- your spouse (including de facto);
- a child of any age (including an adopted child and step child) of you or your spouse;
- any other dependant as permitted under superannuation law; and
- your personal legal representative (executor of the will or administrator of the estate).

For this purpose, 'spouse' means:

- a person to whom you are legally married (whether of the same or a different sex);
- a person (whether of the same or a different sex) who, although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple (such as de facto spouse); or
- a person (whether the same or a different sex) with whom you are in a relationship that is registered under a relevant law of a state or territory.

A dependant includes someone who is financially dependent on you at the time of your death. It also includes someone in an interdependency relationship with you at the time of your death (based on criteria inside superannuation legislation).

It is important that you keep your nomination up to date in line with your personal circumstances.

## 1. Non-binding nomination

If you give the Trustee a non-binding nomination (or your binding non-lapsing nomination is treated as a non-binding nomination – see below), the Trustee may pay your death benefit to the beneficiaries you have nominated in the proportions you chose. But the Trustee will first consider other matters such as, if your circumstances have changed since you made the nomination and if there are other dependants. A change in your circumstances can impact on a non-binding nomination so you should ensure you review it if your circumstances change. Where you have made a non-binding nomination to the Trustee, the Trustee will take your wishes into account but has complete discretion in deciding which of your beneficiaries (nominated or otherwise) will receive your death benefit.

## 2. Binding nomination – non-lapsing

If you gave the Trustee a binding nomination that is valid and effective (that is, that meets the Trustee's requirements for the making of a binding nomination), the Trustee will pay your death benefit to the beneficiaries you nominated in the proportions you chose. To be effective, you must sign a binding nomination and have it witnessed by two adults over the age of 18 who are not your Nominated Beneficiaries. Your nomination will be treated as non-binding unless you have completed this form correctly and provided it to the Trustee.

If you have a binding nomination – non-lapsing, it will not automatically lapse because a specified period of time has elapsed (3 years) but it will lapse if you marry or divorce after it is put in place. You should revise your nomination if your circumstances change.

## 3. No nomination

If you don't make any nomination (non-binding or binding nomination – non-lapsing), or if you make an invalid nomination, or your nomination is ineffective at the time of your death (for example, you have nominated a person who is not your dependant), or your nomination has been revoked or lapsed at the time of your death, the Trustee will have complete discretion in deciding which of your dependant(s) and/or legal personal representative it will pay your death benefit to (and the proportions payable).

Your nomination only applies to benefits released on death (that is, death benefits).

## Transfer of Fund monies

If you paid your premiums by rollover and you are due a premium refund, the money will be returned to the superannuation fund the rollover came from.

If you paid by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

Currently, the Trustee may also transfer your benefits to an eligible rollover fund (ERF) under 'lost member' provisions or if your fund can't or won't accept a return of your premiums or the return of a rollover that contains an untaxed element. The Trustee's nominated ERF for MetLife Protect Super is the AUSFund:

**AUSFund**  
**Locked bag 1532**  
**Parramatta NSW 2124**  
**Phone: 1300 361 798**  
**Email: [admin@ausfund.com.au](mailto:admin@ausfund.com.au)**

If your benefits are transferred to the AUSFund, your MetLife Protect Super insurance and membership of the Fund will cease. You will become a member of the AUSFund and subject to the ERF's governing rules, investment strategy and fees and costs. Insurance cover is not provided by the AUSFund.

The AUSFund is a public offer superannuation fund designed to be a temporary repository for small or lost superannuation balances. It aims to reunite members with their lost superannuation and encourages them to consolidate their superannuation benefits into their nominated active superannuation account. The AUSFund can't accept contributions. For more information, go to [www.ausfund.com.au](http://www.ausfund.com.au).

Pending legislative changes, the Trustee will no longer transfer monies to the ERF and instead monies will be transferred to the ATO. The ATO is able to reunite and consolidate the lost or unclaimed amounts with their owners (where they can be identified) and manages funds in the interim. You can find information about ATO-held super at [ato.gov.au](http://ato.gov.au) or through a myGov account linked to the ATO.

You will be given prior written notice if your monies are transferred out of the Fund.

## Tax File Number (TFN)

The Trustee is authorised under superannuation law to collect, use and disclose your TFN. The Trustee may disclose your TFN

to another superannuation provider, when transferring amounts from the Fund to that provider, unless you request in writing that your TFN not be disclosed to any other superannuation provider. The Trustee may disclose your TFN to the ATO and as otherwise permitted or required by law. Declining to quote your TFN to the Trustee is not an offence. However, giving your TFN has the following advantages:

- the Fund can accept personal contributions from you, to meet the cost of insurance cover;
- it will make it much easier to identify different superannuation accounts in your name so that you receive all your superannuation benefits when you retire;
- other than tax that may ordinarily apply, you will not pay more tax than you need to in relation to contributions to and benefits from the Fund.

The way in which the Trustee is authorised to use your TFN and the impact of not providing it may change if the tax law changes.

## Important

1. Your TFN is confidential.
2. You are unable to take out a MetLife Protect Super Policy if you do not wish to supply your TFN because this superannuation product is only available to individuals who are able to make personal contributions to the Fund.
3. If you do not supply a valid TFN to the Trustee at the time of application your application will be treated as invalid and you will not be able have insurance through the Fund.

## Fees and Costs

You must pay insurance premiums applicable to your insurance cover through contributions or rollovers to MetLife Protect Super.

You won't be charged any additional fees or costs for holding your insurance through MetLife Australia Superannuation Fund. For details on what you actually pay also depends on whether you meet the cost of your premium by making personal contributions or rollovers to the Fund – see page 88.

## MetLife Protect Super – Taxation

This section contains general information based on taxation laws in force at the time of preparation of this PDS. How the law affects you will depend on your individual circumstances.

You should consider speaking to a registered tax adviser about your tax affairs. Further information is available at [www.ato.gov.au](http://www.ato.gov.au).

## Contributions caps

Contributions to superannuation funds are generally classified as either concessional or non-concessional.

Rollovers used to fund your MetLife Protect Super insurance are not treated as concessional or non-concessional contributions. Rollovers are not subject to contributions tax unless some part of the benefit is an untaxed element. The Fund does not accept rollovers with an untaxed element. If the Fund receives a rollover with an untaxed element, your rollover will usually be returned to the sending superannuation fund.

## Concessional contributions caps

Personal contributions to the MetLife Australia Superannuation Fund will be considered concessional contributions only if you claim a tax deduction. Eligibility requirements apply – see 'Tax deductions for concessional contributions' on page 88:

### For concessional contributions:

- Contributions tax at a rate of 15% usually applies to concessional contributions and is payable by the Fund. Note: generally this tax will not be payable by the Fund on your concessional contributions because the tax deduction received by the Trustee for the insurance premiums it pays to MetLife offsets any contributions tax payable (this is subject to change if tax deductions are not obtained by the Trustee).
- If you contribute over the concessional contributions cap of \$25,000 (\$25,000 for the 2020/21 financial year, subject to future indexation) to superannuation (across all superannuation products you participate in), you will be liable to be taxed at your marginal tax rate on the excess (less a 15% offset). Your concessional contributions cap may be higher. Please see your tax adviser for more information.
- If you are considered a high income earner, you may be liable to additional tax on concessional contributions under Division 293 of the Income Tax Assessment Act 1997 (Cth). This Division levies an additional tax of 15% on concessional contributions where your income and concessional contributions exceed the high income earner threshold as defined under the taxation laws. For the 2020/21 year, the high income earner threshold is \$250,000.
- In certain circumstances, you may be able to withdraw an amount from a superannuation fund to pay additional tax you incur, for example tax on excess concessional contributions. However, as you will not have an account balance with the MetLife Australia Superannuation Fund you will not be able to release amounts from the Fund, but you may release an amount to pay any additional tax liability above from another superannuation fund (up to the maximum available release amount for that superannuation interest). To do this, you would need to present a release authority issued by the ATO.
- Any excess concessional contributions not withdrawn under the release authority will also count towards your non-concessional contributions limit.

## Non-concessional contributions caps

Personal contributions to the Fund will be treated as non-concessional contributions if you don't claim a tax deduction. For non-concessional contributions:

- Non-concessional contributions are not usually subject to tax, provided your non-concessional contributions do not exceed the applicable cap. For the 2020/21 financial year, non-concessional contributions are capped at \$100,000 (across all superannuation products you participate in) subject to increase with any indexation. However, your non-concessional contributions cap may be lower or nil depending on your circumstances (such as your total accumulated superannuation benefits). Please see your tax adviser for more information.
- If you are under age 67, you may be able to bring forward two years of future non-concessional contributions, giving you a cap of \$300,000 over a three-year period. Transitional rules also may apply if you made non-concessional contributions in excess of

the non-concessional contributions cap that applied in previous financial years. Please see your tax adviser for more information. If you exceed your non-concessional contribution cap, you can choose to withdraw the excess and 85% of the earnings under a release authority issued by the ATO. The earnings will be taxed at your marginal tax rate, less a 15% offset. If you choose not to withdraw your excess non-concessional contributions they will be taxed at your marginal tax rate.

- As you will not have an account balance with the Fund you will not be able to release any amounts from the Fund.

The non-concessional contribution cap rules are complex so you should speak to your registered tax adviser or the ATO.

### Tax deductions for concessional contributions

For you to claim a tax deduction for personal contributions to the MetLife Australia Superannuation Fund you must meet certain eligibility and other requirements including:

- The contribution must be made on or before the 28th day after the month in which you turn age 75.
- If you are under age 18 at the end of the year of contribution you must have derived income from being engaged in carrying on a business or employment for the purposes of the Superannuation Guarantee legislation.
- You must have lodged with the Fund, while you are a member a valid Section 290-170 notice of intention to claim a deduction before the earlier of the date you lodge your tax return for the year in which the contribution is made, or the following 30 June after that year.
- You must have received an acknowledgement of receipt of the notice from the Fund before you lodge your tax return for the relevant year. The Trustee is not required to issue an acknowledgement in certain circumstances including if the Trustee is unable to pay the contributions tax applicable to contributions treated as tax deductible against your income.

Go to the ATO website or speak to your registered tax adviser for more information about claiming a tax deduction.

### Tax rebates

The Trustee receives tax deductions for insurance premiums paid to MetLife from your account in the Fund for the cost of insurance cover. The Trustee may pass on the benefit of tax deductions it receives to you as a tax rebate.

If you are making a superannuation rollover into the Fund to pay your insurance premiums, a rebate may be available to contribute to the cost of your Policy. If so, this will be automatically calculated for you and the Trustee will request a rollover for the balance from you. Refer to page 85 for more information.

If you make deductible (concessional) personal contributions to the Fund to pay your insurance premiums, a rebate will be available to meet the Fund's contributions tax liability in respect of the contributions.

If you make non-concessional personal contributions to the Fund to pay your insurance premiums, there is no rebate available.

### Tax Treatment of Benefit Payments

Different tax treatments apply depending on the nature of your

benefit payments from the Fund. These are summarised as follows:

#### a. Death Benefits

MetLife Protect Super lump sum death benefits paid to a dependant (for tax purposes), or the member's estate (through the legal personal representative) where the beneficiaries are dependants of the member (for tax purposes), are not subject to tax.

For MetLife Protect Super lump sum death benefits paid to non-dependants (for tax purposes), or the member's estate to the extent the beneficiaries are not dependants for tax purposes, tax is payable at the following rates:

- There is no tax payable on any tax free element.
- Up to 15% plus any applicable levies on any taxed taxable element.
- Up to 30% plus any applicable levies on any untaxed taxable element.

Please note, that the definitions of a dependant for tax purposes and under superannuation law are different. For example, a child aged 18 or more is not a dependant for tax purposes (unless dependency is established on another basis).

#### b. Terminal Illness Benefits

MetLife Protect Super lump sum benefits paid to a person with a terminal medical condition (as defined under superannuation law) are not subject to tax.

#### c. TPD Cover Benefits

- If you are over age 60, there is no tax payable on lump sum TPD Cover benefits paid to you for permanent incapacity (as defined under superannuation law).
- If you are under your preservation age (55-60, depending on your year of birth), the tax free component is taxed at 0% and the taxable component is taxed at a maximum of 20% (plus the Medicare levy of 2%).
- If you are between your preservation age and age 60, the tax free component is taxed at 0% and the taxable component is taxed at 0% (up to a low rate cap (\$215,000 for 2020/21) or up to 15% plus applicable levies over the cap).

#### d. Income Protection Benefits

Cover benefits paid to you because you are suffering temporary incapacity (as defined under superannuation law) are taxed at your marginal tax rate plus applicable levies, and PAYG tax will be deducted by MetLife from the benefits (and paid to the ATO) on behalf of the Trustee.

## Risks of holding insurance through MetLife Protect Super

With any financial product, you should be aware of the risks when considering whether the product is appropriate for your needs.

With MetLife Protect Super, you should be aware that:

- there is no accumulation balance on your account;
- all contributions and rollover amounts are to fund insurance premiums and are subject to limitations (which may have tax implications) not applicable to the payment of insurance

premiums for insurance outside superannuation;

- your contributions to the Fund are preserved and can't be refunded to you, even if they are refunded to the Fund from MetLife. The contributions are preserved according to superannuation law and may only be released back to you if one of the specified conditions of release occurs, for example, death or permanent incapacity. However, the MetLife Australia Superannuation Fund cannot pay a retirement benefit to you;
- if you exceed any applicable contributions cap as prescribed under tax law, your contributions to the Fund can't be refunded to you after they have been used to fund your MetLife Protect Super insurance premiums;
- your superannuation account does not have an investment component and no interest or investment earnings will usually be payable on contributions at any time;
- when paying insurance premiums by rollover(s) to the Fund, your premiums will result in a reduction of your account balance in the other fund and may impact your retirement savings;
- the benefit you receive from the Fund may be less than insured benefit paid by MetLife if tax applies on the payments to you, according to superannuation and taxation legislation. Benefit payments from a superannuation fund are taxed differently to benefit payments from MetLife outside superannuation;
- in addition to the Policy Terms (and Policy Schedule or any other Important Documents) applicable to your insurance cover, the payment of benefits from the Fund is subject to the Fund's Trust Deed and Trustee obligations under superannuation laws. This means the type of insurance benefits and options available inside superannuation are different to those available outside superannuation;
- tax and superannuation laws may change in the future, which may impact the suitability of holding insurance inside superannuation;
- if your Income Cover is wholly held inside superannuation, the yearly Indexation increase may mean that your Income Cover Monthly Cover Amount becomes greater than the amount you would be eligible to claim and may not meet the condition of release requirements under superannuation law.

While the Trustee has determined that MetLife's insurance cover can be held inside superannuation, this does not mean that the Trustee considers the Policy issued by MetLife (to the Trustee as Policy Owner, but otherwise referred to as 'your Policy') in respect of your insurance cover is suitable for your personal situation, objectives or needs. The performance of MetLife or the outcomes of your Policy are not guaranteed.

You will only be entitled to a benefit from the Fund if an insured benefit is paid by MetLife and the benefit is permitted under superannuation law.

## Trustee communications

The Trustee produces an annual report for members each year giving important information about the Fund and any relevant changes inside superannuation legislation. You can get a copy of the annual report from the Fund's website at [www.smartmonday.com.au](http://www.smartmonday.com.au) and it will be available after the end of each financial year.

The Fund's website contains other important information from the Trustee, including this PDS, the Trust Deed and the names of each outsourced service provider to the Fund.

Information on the Trustee and executive remuneration and other information or documents required to be disclosed on the Trustee's website are available at [www.egt.com.au/superannuation/etsl-registrable-superannuation-entity-disclosures](http://www.egt.com.au/superannuation/etsl-registrable-superannuation-entity-disclosures).

## Claims involvement

The Trustee will only make a payment to a Fund member (or the member's Nominated Beneficiaries) if the claim is admitted by MetLife. Additionally, the Trustee can only release a benefit if it is permitted to do so under the Trust Deed and superannuation law.

The Trustee does not guarantee any payment of any benefit.

The Trustee and MetLife will refer claims related disputes to a claims review committee made up of a representative of the Trustee and MetLife and an independent chair, agreed by the Trustee and MetLife, and any other committee members as may be agreed between the Trustee and MetLife.

If a benefit is paid to the Trustee for you, interest may be added to the benefit up to the date it is released, if there is an unreasonable delay in the Trustee's payment to you. The amount of interest will be determined by the Trustee at its discretion.

## Complaints about MetLife Protect Super

The Trustee has established a formal internal enquiries and complaints resolution procedure for members to make enquiries or lodge complaints relating to the operation or management of the Fund. If you have an enquiry, please contact the Administrator on (03) 9621 7225. If you wish to make a complaint, please ask to speak to the Complaints Officer who will investigate your complaint and, if necessary, refer it to the Trustee. The Trustee will respond to any questions or complaints as soon as possible. Complaints will generally be handled within 90 days as required under superannuation law. Contact information for the Complaints Officer is:

**Complaints Officer**  
**PO Box 1305**  
**South Melbourne VIC 3205**  
**Phone: (03) 9621 7225**

If you are not satisfied with a response to a complaint or a response is not received in 90 days, you may be able to refer your complaint with the Australian Financial Complaints Authority (AFCA):

**Australian Financial Complaints Authority**  
**GPO Box 3**  
**Melbourne VIC 3001**  
**Phone: 1800 931 678**  
**Email: [info@afca.org.au](mailto:info@afca.org.au)**

AFCA provides a fair and independent complaint resolution service that is free to consumers. It deals with superannuation-related complaints (from a member, a beneficiary or former beneficiary of the Fund, executor or administrator of the estate, or any person who has an interest in or otherwise claims to be entitled to a Death Benefit), that have not been resolved by the Fund's internal enquiries and complaints resolution procedure.

If AFCA accepts your complaint, it will generally try to resolve it through conciliation. If this is not successful, AFCA will conduct a formal review of the complaint and issue a determination.

Contact AFCA for further information regarding time limits within which complaints must be lodged and whether AFCA can handle your complaint.

## Cooling off period

You have 30 days from the date you become a member of the Fund to ensure this superannuation product meets your needs, for example, your insurance needs.

If you exercise your right to cancel your membership of the Fund during this cooling off period, it will also affect your MetLife Protect Super insurance cover. Where applicable, provided you have not made a claim MetLife will return any premiums to the Trustee.

If your premiums were paid using rollovers from another fund, the Trustee will usually return the money to that fund.

If your premiums were paid using personal contributions, these will be rolled over to a superannuation fund of your choice, or to the Trustee's nominated eligible rollover fund.

Please be aware that premiums returned to the Trustee are subject to the superannuation preservation rules. For more information please consult your Financial Adviser.

## When does your MetLife Protect Super membership end?

Your membership with the Fund usually ends after your MetLife Protect Super insurance ends. Therefore, if you cancel all your MetLife Protect Super insurance issued to the Trustee, or all the MetLife Protect Super insurance ceases under your Policy (for example, because you reach the expiry age) your membership in the Fund also ceases.

MetLife Protect Super may also end when you are no longer eligible to contribute to superannuation which results in outstanding premiums (unless you are able to use rollovers to continue to fund your premiums).

In this instance, MetLife may accept an application from you (without underwriting), for your cover to continue on the same terms under an equivalent MetLife non-superannuation Policy, subject to eligibility criteria.

## Anti-money laundering and counter terrorism financing requirements

As a result of anti-money laundering and counter terrorism financing requirements in government legislation, you may be required to provide proof of identity prior to being able to access your benefits in cash (called "customer identification and verification" requirements).

These requirements may also be applied by the Trustee from time to time in relation to the administration of your superannuation benefits as required or considered appropriate under the government's legislation. You will be notified of any requirements when applicable. If you do not comply with these requirements there may be consequences for you, for example, a delay in the payment of your benefits.

As a result of the requirements, the Trustee is subject to the supervision of another regulatory body called Australian Transaction Reports and Analysis Centre (AUSTRAC) that has responsibility for the government's legislation. The Trustee is required to provide yearly compliance reports to AUSTRAC and notify AUSTRAC of suspicious transactions. This may involve the provision of personal information about you to AUSTRAC.

You must not knowingly do anything to put the Trustee in breach of the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) (AML/CTF Laws) and/or its internal policies and procedures, rules and other subordinate instruments. You undertake to notify the Trustee if you are aware of anything that would put Equity Trustees Superannuation Limited in breach of AML/CTF Laws.

If requested, you agree to provide additional information and assistance and comply with all reasonable requests to facilitate the Trustee's compliance with Laws in Australia or an equivalent law in an overseas jurisdiction and/or its internal policies and procedures.

You undertake that you are not aware and have no reason to suspect that:

- the money used to fund the insurance is derived from or related to money laundering, terrorism financing or similar activities (illegal activities); and
- proceeds of insurance made in connection with this product will fund illegal activities.

In making an application pursuant to the PDS, you consent to the Trustee disclosing, in connection with AML/CTF Laws and/or its internal policies and procedures, any of your personal information as defined in the Privacy Act 1988 (Cth).

In certain circumstances, the Trustee may be obliged to freeze or block an account where it is used in connection with illegal activities or suspected illegal activities. Freezing or blocking can arise as a result of the account monitoring that is required by AML/CTF Laws and/or its internal policies and procedures. If this occurs, the Trustee is not liable to you for any consequences or losses whatsoever and you agree to indemnify the Trustee if the Trustee or its representatives are found liable to a third party in connection with the freezing or blocking of your account.

The Trustee retains the right not to provide services to any applicant that Trustee decides, in its sole discretion, that it does not wish to supply.

# Policy Terms

This section introduces the contract, including the parties to any contract(s) of insurance, the insurance cover provided and other important matters applicable to any Policy issued by MetLife.

References to 'we', 'us' and 'our' in these Policy Terms refer to MetLife as the insurer in relation to all cover.

References to 'you' and 'the Policy Owner' throughout the Policy Terms refer to the person or persons or entity MetLife has entered into an insurance contract with and to whom the benefit is paid, unless otherwise indicated.

## General interpretative matters

Some expressions and words used throughout these Policy Terms have an initial capital letter to indicate that they have a special meaning, which may have a bearing on your eligibility to claim. The definition for these words and phrases can be located in sections 10 and 11 on pages 130 to 142 of the Policy Terms.

Headings in these Policy Terms have been included to aid understanding but the headings do not alter how these Policy Terms are to be interpreted unless stated otherwise or the context indicates to the contrary.

Where the context allows, words indicating the singular can be taken to mean the plural and vice versa.

The words "include", "including", "for example" or "such as" are not to be interpreted as words of limitation, and when such words introduce an example, they do not limit the meaning of the words to which the example relates.

The contract of insurance is comprised of the Policy Schedule or any other Important Documents we issue to you and these Policy Terms. Unless specified, all aspects of these Policy Terms apply equally to insurance cover issued to the Trustee of a superannuation fund (inside superannuation) and all other non-superannuation insurance (non-superannuation).

We will only enter into a contract of life insurance with an Australian Resident.

## Parties to the contract

### Issuer

MetLife Protect is issued by MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096) ('MetLife').

### Superannuation

MetLife Protect Super is issued by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757, RSE Licence L0001458) (the 'Trustee') as trustee for the MetLife Australia Superannuation Fund (USI 68964712340007), which is a division of the Aon Master Trust (ABN 68 964 712 340), ('the Fund').

When you take out MetLife Protect Super you will be provided insurance cover from us through superannuation. The Trustee will be the Policy Owner and is responsible for paying benefits to you (as the Life Insured) out of the Fund.

### Life Insured

The Life Insured is the person whose life is insured under the Policy, as named on the Policy Schedule or any other Important Documents.

The Life Insured must be an Australian Resident when their application for insurance cover is made.

### Policy Owner

The Policy Owner may or may not be the Life Insured.

For insurance inside superannuation, the Policy Owner is the Trustee of the superannuation fund. For a Policy issued through MetLife Protect Super, the insured member of the Fund, as the Life Insured, has certain rights, entitlements and obligations in relation to the Policy. In this case, a reference to 'you' or 'your' will also include the MetLife Protect Super Life Insured.

We pay the Policy Owner or (in the case of insurance outside superannuation) the Nominated Beneficiary (in the case of Death Benefits, where a nomination has been made by the Policy Owner and accepted by us) any benefits if a claim is accepted under the Policy.

Where there is more than one Policy Owner for a non-superannuation Policy, unless otherwise shown on a Policy Schedule or any other Important Documents, the Policy will be owned by them as joint tenants.

Where permitted by law, the Policy Owner may assign or transfer the ownership of a non-superannuation Policy, or a Policy issued to the trustee of an SMSF, by completing a Memorandum of Transfer and registering the assignment with us. Failure to register the assignment with us may affect the rights of the new owner to claim under the Policy. A Memorandum of Transfer form is available from us upon request.

# 1. The Policy

## 1.1 Policy Schedule and Important Documents

The Policy Schedule or any other Important Documents form part of the Policy and confirms the cover that applies for a Life Insured. It contains important details about the insurance, including details of the choices you have made in relation to each cover. For example, the cover amount of each type of cover, and which Extra Cost Options and/or Extras Covers you have selected.

We agree to pay the benefit for the cover(s) shown for each Life Insured to the Policy Owner/s or the Nominated Beneficiary in accordance with these Policy Terms.

Benefits payable are subject to the limitations, reductions and exclusions for the cover(s) you have selected, as described in these Policy Terms, and any special conditions set out on the Policy Schedule or any other Important Documents.

The covers that apply to the Life Insured start on Cover Commencement. They end on the cover Expiry Date as shown on the Policy Schedule or any other Important Documents for that Life Insured, unless cover ends earlier as set out in these Policy Terms or according to law.

## 1.2 Importance of keeping up with your premium

You must pay each premium on the due dates to keep the Policy in force. If your premium becomes overdue, we will write to you to remind you to pay. If the premium has not been paid in full, we will write to you to cancel the Policy including any Linked Policy and/or associated Extra Cost Options and/or Extras Cover. If we do this, your Policy and cover will end.

All Policy premiums are payable in Australian currency.

## 1.3 Cooling off period

Your Policy may be cancelled within 30 days of the Policy Schedule or any other Important Documents being issued by giving us notice in writing.

If you do this, we will cancel the Policy as requested, and will refund any money paid in relation to the Policy back to the Policy Owner (except any taxation or government charges which we are unable to return).

No refund of premiums will be paid if you have already made a claim for benefits under the Policy.

## 1.4 No surrender value

The Policy provides insurance cover only. The covers under the Policy do not include investment income or accruals from the investment of your premium. The Policy has no surrender value.

## 1.5 Continuing cover

You may continue the Policy each year by paying the premium, regardless of changes to the health, occupation or pastimes of the Life Insured.

## 1.6 When the Policy ends

Your Policy will end on the earliest of the date:

- you request us to cancel the Policy;
- we cancel and/or avoid the Policy in accordance with our legal rights;
- we cancel and/or avoid the Policy because you have not paid the premium when due;
- when all cover ends under the Policy (the circumstances in which each cover will end are set out under each cover section in these Policy Terms); or
- of the death of the Life Insured.

If your Policy ends as a result of any of the above, any Linked TPD Cover, Linked Trauma Cover, and/or associated Extra Cost Options and/or Extras Cover, which are held on a separate Policy, will also end.

For MetLife Protect Super, if you are unable to provide a valid TFN for the relevant Life Insured we will treat the cover and any Policy in relation to that Life Insured as never having commenced. This means there will be no cover available for the relevant Life Insured.

## 1.7 Worldwide cover

Your Policy provides worldwide insurance cover with the following exception for Income Cover: Monthly Benefits are payable for up to six months while residing overseas, with a requirement to return to Australia for the remaining claim duration for benefits to continue beyond six months.

## 1.8 Guaranteed upgrade

If we improve any of the features or benefits available under MetLife Protect or MetLife Protect Super in the future, which don't result in a premium rate increase, we will automatically apply those improvements to your Policy. If you believe you are disadvantaged in any way by any changes, and inform us, we will revert back to the features and benefits available immediately prior to the change to your Policy. The improvements will apply only to future claims and not to past or current claims, or any claims arising from conditions or circumstances which first occurred, are first Diagnosed, or for which symptoms first become reasonably apparent, before the effective date of those improvements. If certain exclusions, loadings and/or special terms were noted on your Policy Schedule or any other Important Documents previously, these continue to apply.

## 1.9 Replacement of insurance issued by another insurer

If we issue a cover under your Policy on the condition that it replaces other existing insurance and the insurance being replaced is not cancelled, we may reduce any benefits payable under your Policy by any benefits paid or payable under the other existing insurance.

## 1.10 Statutory funds

Premiums for the Policy are placed in MetLife's Statutory Fund No. 1 and any benefits paid under the Policy will be paid from this fund. We reserve the right to transfer all or any policies to any new or existing statutory fund, or sub-fund in that statutory fund, with the approval of the appropriate prudential regulator (if necessary).

## 1.11 Australian law and courts

The Policy is governed by the law that applies within the State of New South Wales and is subject to the exclusive jurisdiction of the Courts of Australia.

## 1.12 Benefit payments

All amounts payable under the Policy will be paid in Australian currency in Australia.

We may delay or withhold paying a benefit under this Policy where doing so may breach any laws or regulations in Australia, including any sanctions' regulations applicable to us. You must provide all information to MetLife which we reasonably require to comply with money-laundering, terrorism funding or economic and trade sanctions regulations.

For Policies held inside superannuation, we will not pay any benefits or other amounts that may breach the Superannuation Industry (Supervision) Act 1993 (Cth) (SIS) or any regulations made pursuant to SIS. In the event we determine a payment may be in breach of SIS or any regulations made pursuant to SIS we will determine the maximum amount payable under SIS or any regulations made pursuant to SIS and will then pay that amount in substitution of the breaching amount.

# 3. TPD Cover

SUPER

NON-SUPER

## 3.1 Standard Cover

SUPER

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have TPD Cover for a Life Insured, we will pay a benefit up to the TPD Cover Amount under the following circumstances (provided the TPD Cover was in force at the time of the event giving rise to that claim).

### 3.1.1 TPD Cover – Any Occupation Benefit

SUPER

NON-SUPER

We will pay the full TPD Cover Amount if the Life Insured:

- has been absent from work for three or more consecutive months, solely due to Illness or Injury; and
- is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- is unlikely ever to be able to work in any occupation to which they are reasonably suited because of their education, training or experience, solely due to their Illness or Injury.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three month period as part of a rehabilitation program mutually agreed between us and the Life Insured. Any return to work while participating in the rehabilitation will not restart the three-month period.

If the Life Insured was engaged in full time Home Duties immediately prior to the Date of Disablement, we will instead assess the Life Insured's eligibility under the TPD Cover – Home Duties Benefit.

If the Life Insured has:

- an Occupation Class shown on the Policy Schedule or any other Important Documents as R or O and was not engaged in full time Home Duties immediately prior to disability; or
- had their cover varied after age 65 in accordance with section 3.1.1.1 below;

we will instead assess the Life Insured's eligibility under the TPD Cover – General Disability Benefit below (section 3.1.4 on the next page).

#### 3.1.1.1 Cover Variation after age 65 – TPD definition

If the Life Insured is aged 65 or more as at the Date of Disablement, the TPD Cover – Any Occupation Benefit (section 3.1.1 above) will only be payable if:

- the Life Insured has been working at least 20 hours per week on average in the six months immediately prior to the Date of Disablement; and
- the Life Insured satisfies the criteria set out in section 3.1.1 above.

If a Life Insured hasn't satisfied the above conditions we will assess the claim on the basis of the TPD Cover – General Disability Benefit only (refer to section 3.1.4 on the next page).

Note: when the Life Insured is approaching age 65, we will contact you and ask you to advise us if the Life Insured is working less than 20 hours per week. Where the Life Insured is working less than 20 hours per week, the TPD Cover – General Disability Benefit will apply to your TPD Cover and it's corresponding premium rates will be charged.

If the Life Insured returns to working 20 hours per week or more, the TPD Cover – General Disability Benefit will continue to apply to your TPD Cover.

### 3.1.2 TPD Cover – Limited Earnings Benefit

NON-SUPER

We will pay the full TPD Cover Amount if the Life Insured was working in a full-time capacity in the 12 months immediately prior to Illness or Injury, and the Life Insured:

- b. is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- c. does not meet the criteria for a benefit to be paid under the TPD Cover – Any Occupation Benefit (refer to section 3.1.1 on this page); and is unlikely ever to be able to work again in any occupation for which they are reasonably suited because of their education, training or experience which would pay remuneration at a rate greater than 25% of their personal exertion earnings during their last 12 consecutive months of work.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three-month period as part of a rehabilitation program mutually agreed between us and the Life Insured. Any return to work while participating in the rehabilitation will not restart the three-month period.

### 3.1.3 TPD Cover – Home Duties Benefit

- c. is unlikely ever to be able to perform all Home Duties without the assistance of another person, solely due to their Illness or Injury; and
- d. is unlikely ever to be able to work in any occupation to which they are reasonably suited because of their education, training or experience, solely due to their Illness or Injury.

### 3.1.4 TPD Cover – General Disability Benefit

SUPER

NON-SUPER

- b. is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- c. is unlikely ever to be able to work in any occupation to which they are reasonably suited because of their education, training or experience, solely due to their Illness or Injury.

If the Life Insured can perform any of the Activities of Daily Living on their own by using special equipment (for example, mobility activities with a walking aid), they will be considered able to perform that activity.

### 3.1.5 TPD Cover – Physical Disability Benefit

NON-SUPER

We will pay 25% of the TPD Cover Amount, up to \$500,000 if, solely due to Illness or Injury, the Life Insured suffers:

- a. Loss of Use of Limb – *single limb* (defined on page 141); or
- b. Blindness – *partial loss* (defined on page 138).

Payment of this benefit will reduce your TPD Cover Amount (including any associated Extra Cost Options) by the benefit amount paid.

### 3.1.6 Death Benefit

SUPER

NON-SUPER

We will pay \$10,000 upon notification of the Life Insured's death, if it occurred during the term of TPD Cover. If we determine the Life Insured to have been Totally and Permanently Disabled before passing away and subsequently a full benefit under TPD Cover was paid, or is eligible to be paid, the Death Benefit will not be payable.

The notification must be supported by evidence of the cause of death (for example, the full Australian death certificate). This benefit is not available where TPD Cover is Linked to Life Cover.

## 3.2 Extra Cost Options

### 3.2.1 Life Cover Buy Back Option (TPD)

SUPER

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have the Life Cover Buy Back Option (TPD), the following is available in accordance with the terms and conditions listed in this section.

The Life Cover Buy Back Option (TPD) expires on the date the Life Insured turns 75.

### 3.2.2 Own Occupation Option

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have the Own Occupation Option, we will pay a benefit under the following circumstances.

We will pay the full TPD Cover Amount if the Life Insured:

- does not meet the criteria for a benefit to be paid under Standard TPD Cover (refer to section 3.1 on page 99); and
- is unlikely ever to be able to work in their Own Occupation again, solely due to their Illness or Injury.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three-month period as part of a rehabilitation program mutually agreed upon before it starts. Any return to work while participating in the rehabilitation will not restart the three-month period.

The Own Occupation Option expires on the date the Life Insured turns 65.

### 3.2.3 Own Business Option

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have the Own Business Option, we will pay a benefit under the following circumstances.

We will pay the full TPD Cover Amount if the Life Insured:

- has been absent from their Business for at least three consecutive months, solely due to Illness or Injury; and
- is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- does not meet the criteria for a benefit to be paid under Standard TPD Cover (refer to section 3.1 on page 99); and
- is unlikely ever to be able to return to work at their Business, solely due to their Illness or Injury.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three-month period as part of a rehabilitation program mutually agreed upon before it starts. Any return to work while participating in the rehabilitation will not restart the three-month period.

The Life Insured's own Business must be actively trading at the time of the disability, or you will not be eligible to claim this benefit and we will instead assess the claim under the Own Occupation Option (refer to section 3.2.2 on page 100).

The Own Business Option will not be payable where the TPD arises directly or indirectly if the:

- Life Insured retires;
- Life Insured's Business is deregistered;
- Life Insured's Business has a receiver or other controller appointed or to any of its assets;
- Life Insured's Business has wound up or becomes insolvent; or

The Own Business Option expires on the date the Life Insured turns 65.

### 3.2.4 Premium Waiver Disability Option

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

Under this option, premiums for your TPD Cover and its corresponding Extra Cost Options will be waived if the Life Insured becomes Totally Disabled for six consecutive months.

If the Life Insured continues to be Totally Disabled after six months of continuous Total Disability and we are waiving your premiums, we will refund you the collected premiums for those six months. The premiums due on the Policy must still be paid during those six months of Total Disability.

If the Policy was issued through MetLife Protect Super, and you paid your premiums by rollover, we will refund the premium to the superannuation fund the rollover came from. If you paid your premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

We will waive your premiums if the Life Insured continues to be Totally Disabled after six months until the earlier of when the Life Insured:

- returns to work;
- is earning income;
- is no longer Totally Disabled; or
- has reached age 65.

When the Life Insured meets any of the above conditions and the premiums are no longer waived, the requirement to be Totally Disabled for six continuous months will start once again.

The following terms apply to the Premium Waiver Disability Option:

- Indexation does not apply when premiums are waived under this Option;
- the Life Events Increases Feature is not available when premiums are being waived under this Option; and
- we will not waive premiums on restored Life Cover after any of the following options have been exercised:

The Premium Waiver Disability Option expires on the date the Life Insured turns 65.

### 3.2.5 Life Cover Purchase Option (Standalone TPD)

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

If we pay the full TPD Cover Amount, the Policy Owner will automatically receive Life Cover up to the amount of the full TPD Cover Amount paid, without the need for medical evidence.

We will automatically provide Life Cover for the Life Insured 12 months after the full TPD Cover benefit payment.

The following will apply to the new Life Cover:

- Indexation will apply to the new Life Cover;
- the Life Events Increases Feature and the Premium Waiver Disability Option are not available under the new Life Cover;
- any loadings, exclusions or special terms under the original TPD Cover will apply to the new Life Cover;
- the premium for the new Life Cover will be based on the premium rates applying when the option is exercised;
- this option can only be exercised once;
- the premium type of the new Life Cover will be the same premium type as the Life Cover Purchase Option (Standalone TPD) for the life of the Policy; and
- the Life Cover Purchase Option (Standalone TPD) cannot be exercised if either:
  - we have paid or are about to pay a Terminal Illness Benefit; or
  - we have only paid a partial TPD benefit.

The Life Cover Purchase Option (Standalone TPD) expires on the date the Life Insured turns 65.

## 3.2.6 Double Benefit Option (TPD)

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

This option restores your Linked Life Cover 14 days following a full Linked TPD Cover benefit payment and waives future premiums on the restored Life Cover Amount until the Life Insured turns 65.

Where Life Cover and Linked TPD Cover have been purchased, an Accidental Injury Cover definition applies to Linked Life Cover following a Linked TPD Cover benefit payment. This will cease to apply 14 days following benefit payment. The Life Insured must survive without the use of a life support system for at least 14 days.

We will waive future premiums for the restored Life Cover Amount under this option, from the date we pay the full TPD Cover Amount.

The following will apply to the new Life Cover:

- any exclusions under the original Life Cover will apply to the new Life Cover;
- Indexation, the Life Events Increases Feature and the Premium Waiver Disability Option are not available under the restored Life Cover;
- this option can be exercised only once; and
- we will not restore Life Cover under this option if any of the following apply:
  - a benefit has been paid for Terminal Illness, we are in the process of assessing a Terminal Illness claim or you are eligible to make a claim for Terminal Illness in relation to the Life Insured;
  - the Life Insured does not satisfy the survival period of 14 days without life support; or
  - we pay or begin to pay only a part of the TPD Cover Amount, including a Partial TPD Benefit.

The Double Benefit Option (TPD) expires on the date the Life Insured turns 65.

## 3.3 Order of claims assessment

If the Life Insured holds TPD Cover inside superannuation, the Own Occupation Option or the Own Business Option will be held on a Policy outside superannuation.

In the event of a claim where entitlement to a benefit exists under both Policies, we will firstly assess the claim in respect of benefits available on the Policy held inside superannuation, before considering the Life Insured's eligibility for a benefit under any Extra Cost Options held outside superannuation.

Only one payment will be made in the above scenario.

## 3.4 TPD Cover Exclusions

Exclusions and No-Claim Periods apply to TPD Cover, including any Extra Cost Options, as described in section 6.4.2 on page 118.

## 3.5 TPD Cover Features

The following features are available with TPD Cover and/or certain associated Extra Cost Options, as described in these Policy Terms:

- Life Events Extras Feature – please refer to section 7.2 on page 126.

Note: the above features are not available when your premiums are waived under the Premium Waiver Disability Option.

- where TPD Cover is Linked to Life Cover, when the Linked Life Cover ends.

# 4. Trauma Cover

NON-SUPER

## 4.1 Standard Cover

NON-SUPER

The minimum benefit we will pay for any Trauma Condition is \$10,000.

If your Policy Schedule or any other Important Documents show that you have Trauma Cover for a Life Insured, we will pay a benefit under the following circumstances subject to all other terms and conditions being satisfied, including the No-Claim Period.

Your Standard Trauma Cover Amount will be reduced by the benefit amount we pay you under a Tier 1 Benefit, Tier 2 Benefit or Tier 3 Benefit and reduces to zero when you have claimed the full Trauma Cover Amount. Your Trauma Cover ends immediately after payment of a full Trauma Cover Amount.

For subsequent claims the benefit payable depends on:

- if the claim is for a Related or Progressive Trauma Condition;
- the maximum amount payable for the relevant benefit category is reached; and
- the maximum combined total benefit payable on the Policy as set out in the benefit tables in sections 4.1.1, 4.1.2 and 4.1.3 below.

We define Trauma Conditions in a particular way. Trauma Conditions are set out in section 11 on page 138 of these Policy Terms. A Life Insured will not be considered to have a Trauma Condition, and a benefit will not be payable, unless and until the Life Insured meets our definition of the Trauma Condition being claimed for.

Our definitions for Trauma Conditions in section 11 on page 138 of these Policy Terms may include methods of Diagnosing Trauma Conditions. If the methods for Diagnosing the relevant Trauma Conditions after taking into account all evidence including evidence from you or people acting for you are impractical to apply or has been superseded, we may consider more contemporary, appropriate and medically recognised methods that conclusively Diagnose the specified Trauma Condition with at least the same severity.

### 4.1.1 Tier 1 Benefit

We will pay the full Trauma Cover Amount subject to the maximums for further Trauma Cover claims under section 4.1.5 on page 105 and any other applicable exclusions under section 6.4.3 on page 119 if the Life Insured meets the criteria (within our Trauma Condition definition) for any of the following Trauma Conditions while the Policy is in force:

Table 41: Tier 1 Benefit conditions

Policy Terms Section	Trauma Category	Trauma Conditions

#### 4.1.4 Trauma Cover – Medical Travel Expenses Benefit

We will Reimburse up to \$5,000 in travel expenses after we have paid a benefit under Trauma Cover (including associated Extra Cost Options and/or Extras Cover) for a Life Insured or a Dependent Child. This benefit is payable if the Life Insured or Dependent Child requires medical treatment (for the same Illness or Injury or a Related or Progressive Trauma Condition for which we paid the earlier benefit under Trauma Cover) in a hospital that is more than 100km from their residential address. A Medical Practitioner must certify that the required medical treatment is not available in a hospital that is within 100km from their residential address.

These travel expenses may include the costs of any form of public transport (not including ambulance) for the Life Insured or Dependent Child and one accompanying adult on any one occasion. It may be Reimbursed on multiple occasions up to a total maximum of \$5,000 over the life of the Policy.

#### 4.1.5 Further Trauma Cover claims clarifications and limitations

Certain limitations apply to benefit payments for Trauma Cover. These are:

- **4.1.5.1 Maximum benefits payable per Trauma Category**

The maximum benefit amount we will pay over the life of the Policy for Trauma Conditions in any one Trauma Category is the Trauma Cover Amount per Life Insured.

If the Life Insured receives benefit payments equal to the Trauma Cover Amount in relation to Trauma Conditions in a single Trauma Category, then cover for that Trauma Category will end for the Life Insured.

- **4.1.5.2 Related or Progressive Trauma Conditions**

The maximum benefit amount we will pay over the life of the Policy for Related or Progressive Trauma Conditions is the Trauma Cover Amount.

If you or the Life Insured has received a benefit payment for a Trauma Condition and suffer a Related or Progressive Trauma Condition, any benefit payment in relation to that Related or Progressive Trauma Condition will be offset against the benefit payment for the original Trauma Condition and any other Related or Progressive Trauma Condition so that you cannot exceed the maximum benefit amount payable under this section.

- **4.1.5.3 Trauma Cover claim timing**

We will assess Trauma Cover claims and apply the rules set out in this section (section 4 on page 103) in the date and time order the event, occurrence, circumstance or incidence leading to the claim arose. We will do this even after a Trauma Cover benefit has been paid and we have subsequently been notified of a claim.

- **4.1.5.4 Trauma Cover multiple claims for the same event**

In the event a Life Insured suffers from two or more Trauma Conditions, which occurred as a result of one single event, occurrence, circumstance or incidence, we will only pay the larger of the two or more Trauma Condition benefits that the you would otherwise be entitled to.

## ■ 4.2 Extra Cost Options

### 4.2.1 Life Cover Buy Back Option (Trauma)

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

This option restores your Linked Life Cover 12 months following a full or partial Linked Trauma Cover benefit payment, without the need for medical evidence.

Where Life Cover and Linked Trauma Cover have been purchased, an Accidental Injury Cover definition applies to Linked Life Cover following a Linked Trauma Cover benefit payment. This definition will cease to apply 12 months following the benefit payment and then your Life Cover coverage is restored.

The Life Insured must survive without the use of a life support system for at least 14 days.

The Life Cover Buy Back Option (Trauma) expires on the date the Life Insured turns 75.

### 4.2.2 Trauma Cover Reinstatement Option

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

If we pay a Tier 1 Benefit, Tier 2 Benefit or Tier 3 Benefit, we will automatically reinstate your Trauma Cover Amount by an amount equal to the Trauma Cover benefit paid 12 months after the claim is paid. During the 12 months after benefit payment the Accidental Injury Cover definition applies to the full or partial Trauma Cover Amount that was paid.

The premiums for the Reinstated Trauma Cover will continue as shown on the Policy Schedule or any other Important Documents we issue to you.

We will apply any loadings, exclusions and special terms that applied to the original and subsequent Trauma Covers to the reinstated Trauma Cover.

This benefit can be exercised on multiple occasions. Indexation and the Premium Waiver Disability Option are not available on the Reinstated cover.

The Trauma Cover Reinstatement Option expires on the date the Life Insured turns 75.

### 4.2.3 Premium Waiver Disability Option

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

Under this option, premiums for your Trauma Cover and its corresponding Extra Cost Options and/or Extras Cover will be waived by us if the Life Insured becomes Totally Disabled for six consecutive months.

If the Life Insured continues to be Totally Disabled after six months of continuous Total Disability and we are waiving your premiums, we will refund you the collected premiums for those six months. The premiums due on the Policy must still be paid during those six months of Total Disability.

We will waive your premiums if the Life Insured continues to be Totally Disabled after six months until the earlier of when the Life Insured:

- returns to work;
- is earning income;
- Is no longer Totally Disabled; or
- has reached age 65.

When the Life Insured meets any of the above conditions and the premiums are no longer waived, the requirement to be Totally Disabled for six continuous months will start once again.

The following terms apply to the Premium Waiver Disability Option:

- Indexation does not apply when premiums are waived under this option;
- the Life Events Increases Feature is not available when premiums are being waived under this option; and
- we will not waive premiums on the restored Life Cover after any of the following options have been exercised:
  - Life Cover Buy Back Option (Trauma);
  - Life Cover Purchase Option (Standalone Trauma); and
  - Double Benefit Option (Trauma).

The Premium Waiver Disability Option expires on the date the Life Insured turns 65.

### 4.2.4 Life Cover Purchase Option (Standalone Trauma)

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

If we pay the full Trauma Cover Amount for a Tier 1 Benefit, the Policy Owner will automatically receive Life Cover up to the amount of the full Trauma Cover Amount paid, without the need for medical evidence.

We will automatically provide Life Cover for the Life Insured 12 months after the full Trauma Cover benefit payment.

The following will apply to the new Life Cover:

- Indexation will apply to the new Life Cover;
- the Life Events Increases Feature and Premium Waiver Disability Option are not available under the new Life Cover;
- any loadings, exclusions or special terms under the original Trauma Cover will apply to the new Life Cover;
- the premium for the new Life Cover will be based on the premium rates applying when the option is exercised (12 months after the full Trauma Cover benefit payment);

- this option can only be exercised once;
- the premium type of the new Life Cover will be the same premium type as the Life Cover Purchase Option (Standalone Trauma) for the life of the Policy; and
- the Life Cover Purchase Option (Standalone Trauma) cannot be exercised if either:
  - we have paid or are about to pay a Terminal Illness Benefit; or
  - we have only paid a Tier 2 or Tier 3 Benefit.

The Life Cover Purchase Option (Standalone Trauma) expires on the date the Life Insured turns 65.

## 4.2.5 Double Benefit Option (Trauma)

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

This option restores your Linked Life Cover 14 days following a full Linked Trauma Cover benefit payment and waives future premiums on the restored Life Cover Amount until the Life Insured turns 65.

Where Life Cover and Linked Trauma Cover have been purchased, an Accidental Injury Cover definition applies to the Linked Life Cover following a Linked Trauma Cover benefit payment. This will cease to apply 14 days following a full Linked Trauma Cover benefit payment.

The following will apply to the restored Life Cover:

- any loadings, exclusions or special terms under the original Life Cover will apply to the new Life Cover;
- the premium for the restored Life Cover will continue as shown on the Policy Schedule or any other Important Documents we issue to you;
- Indexation, the Life Events Increases Feature and the Disability Premium Waiver Option are not available under the restored Life Cover;
- this option can be exercised only once; and
- we will not restore Life Cover under this option if any of the following apply:
  - we have paid or are about to pay a Terminal Illness Benefit;
  - we have only paid a Tier 2 Benefit or Tier 3 Benefit; and
  - the Life Insured does not satisfy the survival period of 14 days without life support.

The Double Benefit Option (Trauma) expires on the date the Life Insured turns 65.

## ■ 4.3 Extras Cover

# 5. Income Cover

SUPER

NON-SUPER

## 5.1 Key concepts

### 5.1.1 Excess Period

Your Policy Schedule or any other Important Documents shows the Excess Period that applies to your Income Cover. This is the minimum number of continuous days that must fully elapse before any entitlement to a Total Disability Benefit, or Partial Disability Benefit commences.

You can choose either a 30-day, 90-day or two-year Excess Period.

The Excess Period starts on the date a Medical Practitioner certifies the Life Insured as unable to work in full capacity due to Illness or Injury, and on which date the Life Insured is Partially Disabled or Totally Disabled.

The Life Insured must be continuously Totally Disabled or Partially Disabled for the duration of the Excess Period.

It is a condition of the Excess Period for any Policy held inside superannuation that the Life Insured must have ceased Gainful Employment for at least one day during the Excess Period, solely due to their Illness or Injury, to become eligible to receive Total Disability Benefit or Partial Disability Benefit payments.

### 5.1.2 Benefit Period

Your Policy Schedule or any other Important Documents will show the Benefit Period that applies to the Life Insured's Income Cover. The Benefit Period represents the maximum duration that Total Disability Benefits or Partial Disability Benefits can be payable for any one Illness or Injury (including a Recurrent Disability), over the life of the Policy. The Benefit Period starts on the day after the Excess Period ends.

#### Duration of payments

While the Life Insured remains Totally Disabled or Partially Disabled, the maximum duration that we will pay benefits in relation to any one Illness or Injury (including a Recurrent Disability) is:

- For Policies with a 1-year Benefit Period, one year.
- For Policies with a 2-year Benefit Period, two years, or until the Life Insured turns 65, whichever occurs first. For claims where the Life Insured's Benefit Period starts after they have turned 64, benefits are payable for up to one year only.
- For Policies with a 5-year Benefit Period, five years, or until the Life Insured turns 65, whichever occurs first. For claims where the Life Insured's Benefit Period starts after they have turned 64, benefits are payable for up to one year only.
- For Policies with a 'to age 65' Benefit Period, until the Life Insured turns 65. For claims where the Life Insured's Benefit Period starts after they have turned 64, benefits are payable for up to one year only.
- For Policies with a 'to age 70' Benefit Period, until the Life Insured turns 70. For claims where the Life Insured's Benefit Period starts after they have turned 65, benefits are payable for up to one year only.

Note: Any additional benefits payable under associated Extras Cover, for new claims, ceases at age 65 (as Extras Cover ends at age 65).

### 5.1.3 The amount we pay - Monthly Benefit and Monthly Cover Amount

The amount we pay for individual benefits provided under Income Cover (Standard Cover and Extras Cover) will be based upon either:

- the Monthly Benefit; or
- the Monthly Cover Amount.

The Monthly Benefit (less any applicable Offsets) determines the Total Disability Benefit or Partial Disability Benefit payment offered by your Policy. The Monthly Benefit is a value calculated at time of claim.

The Monthly Benefit also includes any amounts we may contribute to superannuation as set-out in section 5.2.4 on page 110.

The Monthly Cover Amount is the amount we have agreed to insure, as reflected on your Policy Schedule or any other Important Documents. The Monthly Cover Amount is sometimes used in the payment of some ancillary benefits on your Policy.

#### 5.1.3.1 Indemnity

SUPER

NON-SUPER

The formula used to calculate the maximum Monthly Benefit payable is the lesser of the Monthly Cover Amount shown on the Policy Schedule or any other Important Documents and 75% of the Life Insured's highest average Monthly Income for any consecutive 12-month period in the three years before the Excess Period starts.

If the Life Insured becomes disabled while on parental, sabbatical or long service leave, then we calculate their Monthly Income using the higher of:

- their average Monthly Income in the 12-month period before they went on leave; and
- their highest average Monthly Income for any consecutive 12-month period in the three years before the Excess Period starts.

### 5.1.4 Recalculating Monthly Benefits

At any time during your claim, or after the expiration of your Benefit Period, if it is determined that the Monthly Income we calculated in respect of your claim was incorrect, we will either:

- pay any underpayment of Monthly Benefit to you;
- recover any overpaid Monthly Benefit in full from you; or
- reduce the amount of any future Monthly Benefits payable until the excess amount paid has been recovered.

### 5.1.5 Offsets

The Monthly Benefit that we pay may be reduced by payments from other sources, where they are payments in relation to the same Illness or Injury that resulted in the Life Insured's Total Disability or Partial Disability. These other sources may include, but are not limited to:

- sick leave payments received by the Life Insured. Note, this does not include an entitlement to sick leave that is not received or taken by the Life Insured;
- other disability, group, sickness or accident insurance cover, including those provided through a mortgage replacement policy or a superannuation fund, held by the Life Insured, that was not disclosed to us at the time you applied for cover;
- any payments received by the Life Insured from workers' compensation schemes, common law damages payments and accident compensation schemes, in respect of any part that is attributable to the same period as income replacement; and
- any payments received by the Life Insured from other sources agreed as part of your application for cover and noted on your Policy Schedule or any other Important Documents.

In calculating Offsets we will convert any regular payments that the Life Insured receives at intervals other than monthly into equivalent monthly amounts.

If any compensation for loss of earnings is made as a lump sum, it will be treated as having a monthly amount equivalent to 1/60th of the lump sum over a period of 60 months. Where the amount of the lump sum which relates to loss of earnings is not separately identified, we will determine on a reasonable basis how much of that lump sum represents compensation for loss of earnings in order to determine the Offset that applies.

## 5.2 Standard Cover

SUPER

NON-SUPER

To be eligible for Income Cover the Life Insured must be working for 15 hours per week at the time of application.

If your Policy Schedule or any other Important Documents show that you have Income Cover in respect of a Life Insured, the following benefits and features are available (provided the event giving rise to the claim occurred before the cover has ended).

### 5.2.1 Total Disability Benefit

SUPER

NON-SUPER

The Total Disability Benefit applies if the Life Insured is Totally Disabled.

Payment of the Total Disability Benefit will commence at the expiration of the Excess Period.

The Total Disability Benefit is paid monthly in arrears and will end at the earliest of:

- the date the Life Insured is no longer Totally Disabled;
- the end of the Benefit Period;
- the Life Insured reaching the Expiry Date; or
- the Life Insured dies.

The amount we will pay is the Monthly Benefit, subject to any Offsets.

If a period of payment is less than a month, we will pay a pro-rata amount (for example if the period is one day in September, we will pay 1/30th of the Monthly Benefit).

### 5.2.2 Partial Disability Benefit

SUPER

NON-SUPER

The Partial Disability Benefit applies if the Life Insured is Partially Disabled.

Payment of the Partial Disability Benefit will commence at the latest of:

- the expiration of the Excess Period; or
- the date the Life Insured ceases to be Totally Disabled if the Life Insured is Partially Disabled at that date.

The Partial Disability Benefit is paid monthly in arrears and will end at the earliest of:

- the date that the Life Insured is no longer Partially Disabled;
- the end of the Benefit Period;
- the Life Insured reaching the Expiry Date; or
- the Life Insured dies.

#### 5.2.2.1 Partial Disability Monthly Benefit

This is the monthly amount we pay (less Offsets) if the Life Insured is Partially Disabled.

Subject to an overall maximum of the Monthly Benefit, we pay the higher of the following:

1. The Monthly Benefit less 75% of the income that the Life Insured is still receiving while on claim; and
2. 75% of the Life Insured's highest average Monthly Income for any consecutive 12-month period in the three years prior to becoming Totally Disabled or Partially Disabled less the income that the Life Insured is still receiving while on claim.

### 5.2.3 Death Benefit

SUPER

NON-SUPER

We will pay three times the Monthly Cover Amount upon notification of the Life Insured's death. The notification must be supported by satisfactory evidence of the cause of death (for example, an Australian death certificate).

### 5.2.4 On Claim Superannuation Benefit

SUPER

NON-SUPER

If we are paying you Total Disability Benefits or Partial Disability Benefits in respect of the Life Insured, and your Monthly Cover Amount includes superannuation contributions, we will direct a portion of your Monthly Benefit to be paid to your nominated superannuation fund on your behalf.

The superannuation fund you nominate must be a regulated superannuation fund or retirement savings account.

The amount we allocate to superannuation will be an amount representing the superannuation guarantee contribution percentage (SG rate), as prescribed under superannuation law. The SG rate is 9.5% at the time of publication and is subject to change.

We won't be able to make any payments to a superannuation account if superannuation or taxation laws prevent us from making the payment. In this event, these amounts will be paid directly to you.

### 5.2.5 Income Cover – On Claim Premium Waiver Benefit

SUPER

NON-SUPER

You don't have to pay premiums for Income Cover and corresponding Extras Cover while we are paying a Total Disability Benefit or Partial Disability Benefit in respect of the Life Insured. This includes the situation where the benefit entitlement is reduced to nil due to Offsets.

Note, cover continues while we are paying a Total Disability Benefit or Partial Disability Benefit.

#### For those who pay their premiums fortnightly or monthly

We will waive the full premiums with respect to Income Cover (including any corresponding Extras Cover) that fall due during the Benefit Period.

#### For those who pay their premiums annually

We will waive the pro-rated premiums with respect to Income Cover (including any corresponding Extras Cover) in relation to the Benefit Period.

### 5.2.6 Income Cover – Involuntary Unemployment Premium Waiver Benefit

SUPER

NON-SUPER

Income Cover premiums will be waived for a period of up to three months if we receive objective evidence that the Life Insured has become Involuntarily Unemployed. Cover will not cease during this period.

We will only provide this benefit once in any 12-month period and for up to six months in total over the life of the Policy. The waiver is only available if your premiums are paid up to date at the time you become Involuntarily Unemployed.

### 5.2.7 Income Cover – Claim Indexation Benefit

SUPER

NON-SUPER

While the Life Insured is receiving a benefit payment, we will automatically adjust their Monthly Benefit and pre-disablement income (as determined under section 5.1.3.1 on page 109) for CPI Claim Indexation, after each full year of receiving a payment.

Under Income Cover held inside superannuation, the Monthly Benefit may be reduced so that it does not exceed 100% of the Life Insured's pre-disability income as established at the beginning

of the claim. The amount of the reduction can be paid under an associated Extras cover, if applicable.

In the event of a negative CPI rate being published MetLife will apply a 0% rate.

### 5.2.8 Income Cover – Recurrent Disability Benefit

SUPER

NON-SUPER

We will waive the Excess Period if the Life Insured suffers a Recurrent Disability within 12 months after we have ceased paying a Total Disability Benefit or Partial Disability Benefit.

If you have Professionals Extras and you exercise the Income Cover – Cover Pause Feature within those 12 months, we will continue to waive the Excess Period if you suffer a Recurrent Disability during the cover pause period. Within those 12 months and irrespective of the cover pause period, the Recurrent Disability Benefit will be considered as a continuation of the previous Benefit Payment and Benefit Period.

## ■ 5.3 Extras Cover

We will Reimburse each of the following after mutually agreeing a retraining plan with the Life Insured:

- retraining expenses;
- rehabilitation expenses; and
- rehabilitation programs,

up to 12 times the Monthly Benefit if the Life Insured has been receiving benefits under the Total Disability Benefit for six months or more.

We will not unduly delay or place unreasonable conditions on our agreement of the retraining plan.

#### 5.3.1.2 Income Cover – Total Disability Assessment Benefit

Under this feature, the definition of Total Disability will be altered to mean the Life Insured is, solely due to Illness or Injury:

- totally unable to perform at least one of the income-producing activities from their Usual Occupation; and is not generating any income from personal exertion; or
- unable to perform the income-producing activities from their Usual Occupation for no more than 10 hours per week (or 5 hours per week if the Life Insured is working in a part-time capacity before becoming Totally Disabled); or
- Partially Disabled and unable to generate more than 20% of the earnings which they were receiving prior to becoming Partially Disabled (with earnings calculated pursuant to section 5.1.3.1 on page 109).

- that the Life Insured has been under the regular care of a Medical Practitioner and following medical advice, including any reasonable rehabilitation, treatment or counselling that may assist in their return to work.

**Important:** If you have Income Cover inside superannuation, we will first pay any Total Disability Benefits or Partial Disability Benefits you are entitled to under the Policy inside superannuation, to the maximum amount permitted under law. Any benefits or amounts payable in excess of that will be paid under your Professional Extras Policy outside superannuation. Your overall Monthly Benefit across the two policies will not be reduced as a result of the above.

This benefit is payable only once over the life of the Policy and replaces all other benefits under Income Cover for the three months following payment.

This benefit starts to accrue when the Life Insured commences Gainful Employment; is paid in arrears; and is payable only once over the life of the Policy.

Income Cover and Extras Cover ends on the Expiry Date, which is:

- for Extras Cover, the date the Life Insured turns 65;
- for Standard Income Cover, the date the Life Insured turns 75.

Income Cover will end earlier than the Expiry Date if:

- your Policy ends in the circumstances set out in section 1.6 on page 93;
- you ask us to cancel your cover;
- the cover is cancelled and/or avoided in accordance with our legal rights or because you have not paid the premiums when due;
- you have a MetLife Protect Super Policy and are no longer eligible to make personal contributions to superannuation to pay your insurance premiums (unless premiums continue to be paid via rollover); or
- the cover was offered with a limited term and an earlier Expiry Date is shown on the Policy Schedule or any other Important Documents.

# ■ 6. Underwriting and exclusions

## 6.1 Underwritten Cover

Underwriting involves an assessment of risk, which takes into account the individual circumstances of the Life Insured's health, occupation, financial position, family medical history, pastimes and other information. After we have completed this assessment in full, we will either accept the application for cover under the standard terms of the Policy or offer amended terms where additional loadings and/or exclusions and/or special terms will apply. We will notify you of any offer of amended terms for you to consider if you would like to proceed. In some circumstances, we will decline cover altogether.

When applying for underwritten cover, or any increase in underwritten cover, the Life Insured is bound by a duty of disclosure (explained on page 9).

## 6.2 Interim Cover

Interim Cover is provided to you at no charge when you submit your completed application for cover and have fully completed the personal statement. The following conditions also apply:

- the application must include a valid direct debit authority, credit card authorisation, or superannuation rollover request (as applicable), for the payment of the first premium;
- benefit limits apply (see Benefit Limits – Interim Cover, section 6.3.1 on page 116). The amount we will pay is the lower of the amount of cover you applied for and the applicable maximum benefit limits shown in section 6.3.1 on page 116. No cover is available for amounts exceeding the Interim Cover limits until the underwriting assessment is complete, and a Policy has been issued;
- additional terms apply (see Exclusions – Interim Cover, section 6.3.2 on page 116); and
- if the cover applied for is through MetLife Protect Super the Interim Cover will be issued outside superannuation to the Life Insured. Any benefits payable under the Interim Cover in this circumstance are payable directly to the Life Insured.

Interim Cover in respect of the cover applied for, will automatically cease on the earliest of:

- the date we accept or decline the application for cover in respect of the Life Insured;
- the date you withdraw the application;
- 90 days after the completed application was submitted;
- the date we cancel the Interim Cover in accordance with our legal rights by written notice to you; or
- 14 days from the date we offer varied terms of acceptance of the application, such as a premium loading or exclusion.

Interim Cover does not apply if the cover applied for is to replace existing insurance that is still in force (whether with MetLife or another insurer), or would normally be declined at the time the application is submitted to MetLife.

If multiple policies are applied for, the total maximum payable across all policies shall be equal to the maximum benefit across one Policy.

The Policy exclusions applicable to all cover will also apply to Interim Cover (refer to section 6.4 on pages 116 to 122).

## 6.3 Restrictions on Interim Cover applications

### 6.3.1 Benefit Limits – Interim Cover

The limits for Interim Cover applications are as follows:

Table 44: Interim Cover benefit limits

Cover type	Interim Cover – benefits available	Maximum benefit
Life Cover	Death Benefit only	\$1,000,000
TPD Cover	TPD Cover – Any Occupation Benefit only <i>Note: Occupations R and O - General Disability definitions only.</i>	\$1,000,000
Trauma Cover	Tier 1 or Tier 2 Benefits only for conditions arising as a result of an Accidental Injury only	\$500,000
Income Cover	Total Disability Benefit  Maximum six-month Benefit Period  <i>Note: The Excess Period that will apply to Interim Cover for the relevant Life Insured will correspond with the Excess Period selected on the application for insurance.</i>	\$7,500 per month  <i>(maximum of \$5,000 per month for occupations we classify as 'R').</i>

### 6.3.2 Exclusions – Interim Cover

If you claim for Interim Cover, we will not commence assessing the claim until our underwriting assessment of the application is complete. Where on the day the Interim Cover started we would have offered cover subject to cover limits and/or special terms and conditions, those cover limits and/or special terms and conditions will apply to the Interim Cover. If under our underwriting assessment, we would not have offered any cover, your Interim Cover claim will not be payable.

In addition to the above, no benefit will be payable under Interim Cover if a claim results directly or indirectly from:

- an act of War; or
- taking part in a sport, pastime or occupation that would not normally be covered or would not normally be accepted on standard terms or at standard price under MetLife's underwriting rules that applied at the time of the application.

The Policy exclusions applicable to all cover (refer to section 6.4 below) will also apply to Interim Cover.

Please note, that in exercising this feature, the total cover amount on your Policy will not be allowed to exceed the product maximums as specified in Table 4: Minimum and Maximum cover amounts on page 16.

The increased cover amount does not apply until we have confirmed it in writing and your premium will be recalculated based on the age of the Life Insured at the time of increase.

At a time and within the 12 months, you may apply for an increase for only one personal or business event across all Policies issued by us covering the Life Insured.

The maximum cover amount cap noted under the personal and business events will also apply to reinstated Policies.

The maximum cover limits apply. This means if you have reached the cover limits across all Policies issued by us for the Life Insured, you will not be able to exercise this feature. Please refer to page 16 for cover limits.

This feature is not available if:

- medical loadings above 100%, more than two medical

Please refer to section 6.4 on page 116 for full details.

Any exclusions and loadings that applied on the original cover will also apply on the increased cover amount.

## 7.2 Life Events Extras Feature

SUPER

NON-SUPER

The Life Events Extras Feature gives the ability to add Extra Cost Options and/or Extras Cover to a Policy, with limited underwriting. You may request to add Extra Cost Options and/or Extras Cover where you have TPD, Trauma and/or Income Cover in place, without the usual underwriting, if a listed event occurs for the Life Insured. We may ask you to supply additional information and all other eligibility of the Extra Cost Options and/or Extras Cover must be satisfied.

The request to exercise the Life Events Extras Feature must be made within 30 days of the Policy Anniversary following the event occurring for the Life Insured and is subject to a maximum entry age of 60 for the Extra Cost Options and/or Extras Cover (age 54 if the associated Standard Cover is currently under a 5-year or 10-year Fixed Term Option).

Table 50: List of life events extras events

This feature is not available if:

- medical loadings above 100% apply to the Life Insured; or
- the Life Insured is being or has been paid a benefit, has claimed for a benefit, or is eligible to claim for a benefit under the applicable cover (including any Linked Covers, Extra Cost Options and/or Extras Cover) at the time of the request to exercise the Life Events Extras Feature.

For the first six months after you add an Extra Cost Option and/or Extras Cover using the Life Events Extras Feature, unless specified otherwise, a benefit may only be payable under that additional an Extra Cost Option and/or Extras Cover for claims arising as a result of an Accidental Injury. Please refer to section 6.4 on page 116 for full details.

Any exclusions, special terms and loadings that applied on your Standard Cover, will also apply to any associated Extra Cost Option and/or Extras Cover.

## 7.3 Income Cover – Cover Pause Feature

### Applicable for Professional Extras only

If the Life Insured takes unpaid parental leave or unpaid sabbatical leave from their employer, the Income Cover – Cover Pause Feature enables you to request to reduce your Income Cover Monthly Cover Amount to 25% of the existing Monthly Cover Amount. Under this feature you can subsequently increase the Income Cover Monthly Cover Amount again up to the original Monthly Cover Amount, without medical underwriting, on the earlier of:

- 30 days of the Life Insured's return to work; or
- within 12 months from first using the Income Cover – Cover Pause Feature.

To exercise this feature, your Professional Extras cover must have been in force for at least 24 consecutive months and is paid up to date. In addition, the Life Insured must remain employed throughout the duration of unpaid leave and the leave approval must be evidenced in writing from the Life Insured's employer.

If you have not subsequently increased your Income Cover Amount up to the original Monthly Cover Amount 12 months after first using the Income Cover – Cover Pause Feature, we will automatically increase the Income Cover Amount to the original Monthly Cover Amount.

For the first six months after your cover is automatically increased to the original Monthly Cover Amount using the feature, a benefit is only payable under the increase in Monthly Cover Amount for claims arising as a result of an Accidental Injury.

You can exercise the Income Cover – Cover Pause Feature multiple times throughout the life of your Policy as long as the above requirements are maintained.

## 7.4 Cover variation evidence

When you request to increase or vary your cover using the Life Events Increases Feature or Life Events Extras Feature, you will need to supply us with satisfactory evidence of the event. We require a copy of certain documentation (which will be outlined in the application to increase cover) confirming the life or business event. This must be provided to us with your request to increase or vary your cover.

## 7.5 Indexation

SUPER

NON-SUPER

### Indexation on Life, TPD and Trauma Covers

If your Policy Schedule or any other Important Documents shows that Indexation increases apply to your cover, we will automatically increase your Life, TPD and Trauma Cover Amounts each year by the greater of CPI or 5%.

### Indexation on Income Cover

Your Income Cover Monthly Cover Amount will increase each year by CPI. The amount we will increase your cover by is the percentage increase in the CPI as published by the Australian Bureau of Statistics. If the CPI is negative over the relevant period, we will consider CPI to be zero and your cover amount will not change.

### Additional Information

We will apply Indexation on each Policy Anniversary date from 1 March onwards, using the CPI for the 12-month period ending 30 September of the previous calendar year.

As your Life, TPD and Trauma Cover Amounts and Income Cover Monthly Cover Amounts are increased each year at your Policy Anniversary, your premium will be adjusted to reflect the new increased amounts.

You may decline Indexation in any year by notifying us that you do not want the increase to your Life, TPD and Trauma Cover Amounts or Income Cover Monthly Cover Amount. This must be done no later than one month after the increase was to take effect. Please note, Indexation is available on an 'all or nothing' basis which means it will apply to all covers on your Policy, including any Linked TPD and/or Linked Trauma and/or Extra Cost Options and/or Extras Cover you have taken outside superannuation, connected to your superannuation Policy (and vice versa). You can decline Indexation permanently or on a one-off basis. If you want Indexation to apply to your Policy, you may request this subject to limited underwriting. The next Indexation increase will take effect at your next Policy Anniversary, using the CPI rate for the 12-month period ending 30 September in the previous calendar year.

If one of the Fixed Term Options is selected or if your Policy is attached to a Policy with a Fixed Term Option, Indexation does not apply.

**Important:** If your Income Cover is wholly held inside superannuation, the yearly Indexation increase may mean that your Income Cover Monthly Cover Amount becomes greater than the amount you would be eligible to claim and may not meet the condition of release requirements under superannuation law.

## 7.6 Other requests for increases and decreases in cover

You may request to increase, decrease or alter your cover during the course of the Policy.

- Requests to reduce your cover, or remove covers, do not require any further underwriting; you simply need to contact us.
- Improved cover options or increases in cover (other than automatic increases under Indexation) must be applied for and may require further underwriting, and confirmation from you that the premium increase is accepted.
- If we accept variations to your Policy, we will issue an Important Document containing updated cover and premium details.

# 8. Premiums, charges and fees

## 8.1 About the premium

The premium for the Policy includes the cost of cover selected for each Life Insured under the Policy. The premium also includes any government charges and administration charges.

The premium is calculated by us at the Policy Commencement date and at each Policy Anniversary. The premium payable will be shown on the Policy Schedule or any other Important Documents.

## 8.2 Reviewable premium rates

We calculate the premium by reference to a table of premium rates for the covers (and any options) selected. In setting the premium rates, we take into consideration the risk group and the cost of administering the Policy.

We may change the premium rates or vary any applicable premium factors (which includes loadings and discounts) at any time, but only after giving you 30 days' notice of any detrimental change and only with effect from the Policy Anniversary after the change. Premium rates can't increase for an individual Policy within a defined risk group unless all premium rates for all policies in that risk group are increased.

The five-year and 10-year Fixed Term Options use guaranteed premiums for any Life Cover and any TPD Cover. The guaranteed premium will not increase during the fixed term.

We will pass on any applicable changes in the rates of Government charges, stamp duty or tax for all premium structures.

## 8.3 Premium structure

The way we calculate the premium depends on the premium type you select. The premium type applying to each cover under the Policy is shown on the Policy Schedule or any other Important Documents. The premium structures are:

- **Stepped premium** – the premium is recalculated on each Policy Anniversary, based on the Life Insured's age at that time. Premiums will also change when cover changes (including Indexation increases and other requested changes to the amount insured). Premium rate reviews may apply for stepped premiums (refer to section 8.2 on this page).
- **Level age 65** – the premium is calculated on an age-based premium rate determined by the Life Insured's age as at the cover start date. This rate will apply on this basis until the Policy Anniversary before the Life Insured is age 65, and will also extend to any automatic Indexation increases. If any premiums are payable beyond this date the premiums will be calculated as a stepped premium. If the amount insured is increased due to requested changes then the increased portion of cover will be based on the Life Insured's age at the time of increase and the level premium rate for that age. Premium rate reviews may apply for level premiums (refer to section 8.2 on this page).
- **Level age 70** – as for Level age 65, however the rate will apply until the Policy Anniversary before the Life Insured is age 70.

- **5-year Fixed Term Option** – premiums are adjusted to avoid age-based increases on the selected level of cover for five years. At the end of the five years, your Policy will switch to stepped premiums, and your cover amount will be adjusted to the level of cover available for the premium you have been paying. If your Extra Cost Options and/or Extras Cover is on a Fixed Term Option and the Standard Cover it is attached to is not on a Fixed Term Option, we will not alter your cover amount at the end of the fixed term. Premiums are guaranteed not to increase for Life and TPD Cover for the five-year period, however premium rate reviews may still apply to any Trauma Cover (refer to section 8.2 on this page) with the Fixed Term Option. The 5-year Fixed Term Option is not available for Income Cover.
- **10-year Fixed Term Option** – as for the 5-year Fixed Term Option; however premiums are adjusted to avoid age-based increases on the selected level of cover for ten years.

## 8.4 Government charges

We will pay any stamp duty, tax, excise or other charges of the Commonwealth, or of a State or Territory Government, which may apply to the Policy. However, we reserve the right to recoup these charges through the premium, and the right to increase the premium to cover any increase in, or addition to, these charges.

## ■ 9. Claims and payments

If you are making a claim to receive benefits under the Policy you should notify us as soon as reasonably possible, and you must provide the information required by us to establish the occurrence of the event giving rise to the claim. The payment of a benefit under the Policy is also subject to proof of eligibility and entitlement, including proof of the Life Insured's age, for example their birth certificate.

If the Life Insured's age has been misstated, we will either:

- adjust the benefits under the Policy to those that the premium paid would have purchased for the Life Insured's correct age; or
- refund any overpaid premium.

In the event of a claim, you must (at your expense) provide us with all the information and details that we may reasonably require to assess the claim. Depending on the type of claim made we may require the Life Insured to be examined by a Medical Practitioner or by an assessor as to the Life Insured's current and vocational capacity.

If the Life Insured is required to undergo any medical examinations or current or vocational capacity assessment at our request, these will be conducted at our expense, unless the costs can be recovered from another source.

For financial based claims we may need you or the Life Insured to verify financials provided to us. We may need to audit Business or personal finances depending on the type of claim made.

- ensure the Life Insured seeks regular medical advice and treatment from a Medical Practitioner for as long as the Life Insured is receiving a benefit payment. We require this to pay the benefit.

Claims notified more than 12 months after the:

- Date of Disability, or
- end of the Excess Period,

may take longer to assess if the delay impacts the availability and/or collection of required information.

During the course of a claim we are entitled to ask for proof that the Life Insured is disabled and that you are still entitled to receive benefits. If proof is not provided, or you are no longer entitled to benefits, we may reduce or cease paying benefits under the Policy.

### 9.2 Taxes and other government charges
