4 x A4 pockets
8 x 1/3 A4 pockets

24 compartment wall system
8 x A4 pockets
16 x 1/3 A4 pockets

Unique Adjustable

A superbly innovative product allowing for infinite flexibility in displaying literature

A product which can be set up to hold any size material, this system has the bonus that single pieces can be added as required, with each additional module creating an extra 3 pocket display at less than half the cost of a standard brochure holder.

The unique system has been developed for use in all types of locations, especially where wall space is limited.

Three versions have been developed:

3PAS - For use with our unique clip-on aluminium strip, AL95. This system can turn whole walls into an adjustable display system which can be changed to accommodate any size of material - standard or not - at any time. Cut aluminium strip to required length and screw to wall or display board through the holes provided.

3PSW - For use with slat wall displays; modules clip into standard slat and slide to required position.

3PFB - For gluing; ideal for permanent displays.

Information & Menu Holders:

1/3 A4 SIZE HOLDERS

L100
1/3rd A4 information holder (angled)
(Shown with PVC top)

Overprinting:

Add that little bit extra to your display!

Personalise holders with your company logo, a message or advertising slogan.

We can offer you a customised screenprinting service to apply your message etc directly onto the brochure/information holder of your choice.
