DRAIN PROTECTION

POLYURETHANE DRAIN COVERS

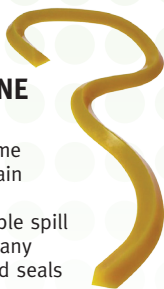

Simple and easy to use. Unroll it, place it on the drain and the unique malleable polyurethane cover seals off the drain to block contaminants.

STORAGE BOXES AND VINYL HOLDALLS AVAILABLE!

POLYURETHANE SPILL BERM

Made from the same material as the drain covers, this 100% polyurethane flexible spill berm bends to fit any angle or curve, and seals to prevent seepage.

DRAIN POLLUTION GUARD

Is constructed out of geofabric material, fine enough to stop silt, but allows water to flow through. Includes a bilge boom to absorb hydrocarbons.

Drain Pollution Guard lowers easily into position.

Trim sides after cover is in place.
