

## TERRITORY FIRE SERVICE AND TRAINING

### DEFENCE

#### PRODUCT & CAPABILITIES

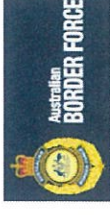

- Territory Fire Service & Training is a dedicated fire industry service company.
- All operational personnel hold ALL relevant industry licences, qualifications and certifications, Federal Police Checks and Regular Medicals checks. FPAS Business Accreditation and various Specialised Licences.
- We hold relevant product endorsements from our key suppliers to sell, install, and service their product.
- We operate under Quality, Safety & Environmental System Certifications.
- Our personnel hold secondary trades and skillsets that allow us (as a team) to operate as an autonomous unit.
- Our workshop and offices are located in a key position in Winnellie and service all Darwin regions, Northern NT regions and remote areas.
- We are highly responsive 24/7 in Darwin regions.

#### DISCRIMINATORS

- Client services for RAAF Tindal, RAAF Darwin, Larrakeyah Wharf, Robertson Barracks, Defence Berrimah, Delamere Weapons Range, DNATA, & NORFORCE.
- We cover all areas of fire servicing – electrical, mechanical & portable in-house.
- We are experts in the operations of Cylinder suppression systems.
- We can supply or rebuild Defence Mobile AFFO or Fluorine free.
- We hold stock and parts to service AS1851.2012 or our specialised activities.
- We send in a team of technicians with unique specialities to overcome systems issues in the shortest time possible. Giving the client uninterrupted operation.
- We have dedicated time to forming relationships with local suppliers and stocking shelves with items that cannot be locally sourced.
- We guarantee our quality of work and hold warranties on various components
- We provide Fire Training from our On-Site Training facilities or Off-Site training under permit to Remote Clients. Can also provide Emergency Response.
