

TERRITORY FIRE SERVICE AND TRAINING

MARINE

PRODUCT & CAPABILITIES

- Territory Fire Service & Training is a dedicated fire industry service company.
- All operational personnel hold ALL relevant industry licences, qualifications and certifications including Marine Securities identifications, Ports Access Passes, Federal Police Checks and Regular Medicals checks.
- We hold relevant product endorsements from our key suppliers to sell, install, and service their product.
- We operate under Quality, Safety & Environmental Systems.
- Our personnel hold secondary trades and skillsets that allow us (as a team) to operate as an autonomous unit.
- Our workshop and offices are located in a key position in Winnellie which allows us to easily service the East Arm, Tipperary Waters and Larrakeyah areas.
- We are highly responsive 24/7.

DISCRIMINATORS

- We cover all areas of fire servicing – electrical and mechanical.
- We are experts in the operations of fire suppression systems.
- We test and certify all fire equipment under class/flag survey.
- We hold warehouse stock of general and marine specific fire equipment, including BA kits, to assist in vessel turnaround times.
- We are the only true fire service company that services the marine industry in Darwin. Twelve years experienced team member - Royal Australian Navy Vessels
- We send in a team of technicians with unique specialities to overcome systems issues in the shortest time possible. Giving the client uninterrupted operation.
- We have dedicated time to forming relationships with various local suppliers and stocking shelves with items that cannot be locally sourced allowing for uninterrupted operations. On-site operating Extinguisher Refill Station.
- We guarantee our quality of work and hold warranties on various components
