

601 SUITE  
LANGFORD SLIDING  
WINDOW

Magnum sliding windows are the ultimate practical window. It's bold frame makes it visually attractive and its smooth operation makes it an ideal choice.

## PRODUCT FEATURES

Custom made sizes to suit your requirement's.

The bold 102mm frame ensures this window has a very high wind and water resistance.

All windows come with key locks as standard with a variety of lock options and hardware colours including stainless steel or colour match powdercoat.

The suite is designed to carry a variety of glass types for sound reduction and temperature control, including double glazed.

Heavy duty rollers ensure that the sashes glide smoothly.

The frame profile has an option of bevel or square bead for a modern or more traditional look.

Flyscreens can be built into the frame for form a seamless integration with the window
