

Contemporary Style

Feel the textured matt finish*
of the new MIRO™ range.

* This is an approximation. See your local Vantage®
fabricator for MIRO™ hardware samples.

MIRO™ hardware offers a stunning blend of contemporary design, function and durability.

Designed to offer a stylish and complimentary finish to your aluminium windows and doors, MIRO™ incorporates comfortable ergonomics and beautiful aesthetics to provide ease of use across all ages.

Featuring a textured matt black finish, MIRO™ incorporates AWS new Enduratec™ technology. The latest in durable hardware design, exclusive to AWS.

Specifically designed for corrosion resistance in harsh environments, Enduratec™ technology has been tested to last 10 times longer than traditional powder coat finishes to ensure your project will last long into the future.

MIRO™ hardware range offers a number of products compliant with AS1428: 2009 Section 13.5 (Disability Access) and Liveable Housing Guidelines. Check to see which product is right for your needs.

French Door Handle

DIMENSIONS

Height: 210mm **Width:** 130mm **Depth:** 56mm

The contemporary curved lever design with rounded hand hold and an accessibility compliant return, signifies elegance and grace. With options for for single, multi-point or lever compression locking, this hinged lever is suitable for both residential and commercial, hinged or french door applications.

SUITABLE FOR USE WITH

546 548 549 729 730 852 50/52 410 411 412 650

MIRO™ French Door Handle is compliant with AS1428: 2009 Section 13.5 (Disability Access) and Liveable Housing Guidelines.

D-Pull Sliding Door Handle

DIMENSIONS

Height: 320mm **Width:** 60mm **Depth:** 50mm

Bold and stylish, the MIRO™ sliding door handle offers simplicity and practicality with its soft, rounded edges and ergonomic hold for easy accessibility. The square facing edge compliments window and door framing styles to ensure a consistent feel throughout your home.

SUITABLE FOR USE WITH

618 731 852 50/52 702 704 704T 704B 704R

MIRO™ D-Pull is compliant with AS1428: 2009 Section 13.5 (Disability Access) and Liveable Housing Guidelines.

Surface Mounted Sliding Door Lock

DIMENSIONS

Height: 235mm **Width:** 120mm **Depth:** 50mm

Bold in design with modern, curved lines, the MIRO™ Sliding Door Lock mounts on the door frame to deliver an integrated single point lock for a solid and functional statement to any surrounding.

Compatible with the Adaptek™ keying solution, this lock can be configured to match existing Whitco, Gainsborough or Onyx keying systems in your home for a more convenient locking solution.

SUITABLE FOR USE WITH

541 542 618 442 471 642 704 704T 704B 704R

Bi-fold Actuator

DIMENSIONS

Height: 150mm **Width:** 25mm **Depth:** 15mm

The textured finish of the Bi-fold actuator compliments the subtle appeal of its slim design. This discreet, swivel operator throws locking bolts into the frame at the top and bottom of the window or door panel to ensure a solid engagement to the surrounding frame. Optional key locking (installed separately) is available.

SUITABLE FOR USE WITH

546 548 549 730 831 832 410 411 412

Single Chainwinder

DIMENSIONS

Height: 50mm **Width:** 275mm **Depth:** 45mm

The MIRO™ single chainwinder is designed for use with Vantage™ and Elevate™ awning windows. Featuring a textured matt black finish and AWS' exclusive Enduratec™ technology, this is the ideal solution for use in harsh environmental applications. Incorporating a key lock system and indicator, clearly see if the winder is in the locked or unlocked position prior to activating.

SUITABLE FOR USE WITH

516 517 616 726 456 665 466

Single Chainwinder with optional SAL Handle

Single Chainwinder with SAL Handle is compliant with AS1428: 2009 Section 13.5 (Disability Access) and Liveable Housing Guidelines.

Twin Chainwinder

DIMENSIONS

Height: 50mm **Width:** 500mm **Depth:** 45mm

The MIRO™ twin chainwinder delivers a reliable and durable solution to even our largest awning window systems. The wider span of the twin chainwinder facilitates greater flexibility in awning window design for your unique project without having to compromise your choice of hardware. Incorporating a key locking system for added security, the streamlined and subtle appearance marries beautifully to the rest of the MIRO™ range.

SUITABLE FOR USE WITH

516 517 726 456 665 466

Twin Chainwinder with optional SAL Handle

Twin Chainwinder with SAL Handle is compliant with AS1428: 2009 Section 13.5 (Disability Access) and Liveable Housing Guidelines.
