

THANK YOU

MDH

Your contribution to supporting people in need in 2020:

12,000

kgs of trim donated to our vital Collaborative Supply Program

In 2020, you helped us support communities impacted by bushfires and COVID-19, the suddenly unemployed, seniors in isolation and families everywhere struggling to make ends meet. Together, we reached 3 million people doing it tough across Australia.

"It changes my life. Even if it's just a handful of veggies, you can cut them up and make a nice pasta sauce or something like that. Everything helps, it really does." - Theodora, VIC

With your help, Foodbank sourced 48.8 million kgs of food and groceries in 2020. We achieved a social return on investment of more than \$1 billion. This supported five UN Sustainable Development Goals.
