Sales • Service • Design • Installation • Support

AdtechEco based in Newcastle is best known as a provider of high quality sales, service and installation within the air conditioning and electrical industry. Founded in 2006, the business was first focused on air conditioning and electrical, since then activities have expanded more and more to include renewable energy products, service and installations.

AdtechEco specialises in air conditioning, electrical services, solar power as well as high performance solar hot water systems in the Newcastle, Central Coast & Hunter Valley regions.

We work closely with our clients and therefore understand the need to provide high standards of service and workmanship. Various high profile companies utilise AdtechEco's range of services to ensure the highest quality is maintained.

AdtechEco – SMART SOLAR SOLUTIONS

SALES • SERVICE • DESIGN • INSTALLATIONS

Solar power (PV) and Solar hot water have evolved into major business activities for our solar division. AdtechEco has designed and installed thousands of solar systems into residential and commercial buildings throughout the region.

AdtechEco has a reputation as an industry leader of premium quality products, service and installations.

- Distributors of the Hills Solar evacuated tube system.
- Distributors of the ET Solar panels, one of the world's largest manufacturers.
- AdtechEco offers the world's leading brands like – Mitsubishi, Daikin, Fujitsu, ET Solar, Xantrex and SMA alongside Australian made products including Temperzone, Actron Air & Hills Solar.

AdtechEco AIR CONDITIONING

Our product knowledge and broad experience in commercial & residential air conditioning ensures our customers access to the world's leading brands.

Our fully trained & licensed staff has a proven track record, servicing our large customer base, ranging from multi storey commercial buildings in the heart of Newcastle to luxury resorts in the Hunter Valley.

Our 24 Hr 7 day breakdown service provides our clients with full support and complete peace of mind.
