GRADINGS AND GENERAL CONDUCT OF NIGHT MATCHES

- Waverley Tennis offers your club and players many opportunities.
- Multiple grades A/A Res through C Sp cater for all levels of ability and guarantees maximum enjoyment.
- All matches are conducted over two courts with a home and away format.
- Matches start at 7.30 p.m. and conclude approximately 9.30 p.m. allowing time for social activity to be enjoyed or the players the opportunity of being home early if required.
- The utilisation of two courts means that players do not have a long wait between sets in the colder period of the year.
- Individual players can apply to Waverley Tennis for inclusion in Waverley Tennis Night teams.

CLUB BENEFITS

- Waverley Tennis encourages all players to become members of their respective clubs. This increases club membership and increases club income.
- In addition, players pay a fee for each night's tennis which also adds considerably to each participating club's finances as well as covering the cost of lights and balls used.
- Night tennis is a great opportunity to raise finance for maintenance and ongoing cost of running a club.
- Night tennis provides an ideal setting for new club members to be introduced into competition matchplay.
- Waverley Tennis can provide ideas to help clubs develop new or additional night tennis teams.

WHAT IF MY CLUB DOESN'T HAVE LIGHTS OR NOT ENOUGH COURTS?

- Clubs without lights can enter teams.
- Clubs with insufficient floodlit tennis courts can enter teams.
- These teams are allocated to clubs with spare capacity.
- Clubs can arrange venues with a neighbouring club prior to season or Waverley Tennis will allocate venues based on available court capacity.
- Venue club benefits from the extra team fees.

TROPHIES

Trophies are presented to the competing players who represent the winning and runners-up teams in each grade (or each section of each grade) on the Grand Final Night.

In addition, a Waverley Tennis banner is provided for the club represented by the winning team.
