

HEAVY DUTY ANTI-SPATTER SPRAY

W.E.S.S.

WELDING EQUIPMENT SALES & SERVICE

- For MIG (GMAW), Flux Cored (FCAW and Stick (MMAW)
- Highly Effective on All Materials
- Increases Consumable Parts Life
- Non Flammable
- Paintable

DESCRIPTION & APPLICATION:

WESS Heavy Duty Anti-Spatter Spray is an advanced formula that prevents welding spatter from adhering to metal surfaces. A thin spray is applied in a uniform film to the areas being treated. Once welding is completed, wipe surface with a clean cloth to remove any residue prior to painting. Anti-Spatter can additionally be effectively used on the interior and exterior of the MIG gun nozzle and contact tip area to prevent weld spatter build up.

WARNINGS:

Please read and follow the directions for safe use on the product label.
