

W.E.S.S.

WELDING EQUIPMENT SALES & SERVICE

CAPABILITY STATEMENT

South Australia's Welding Supercentre

Dependable. Trusted. Proven Performance.

Welding Equipment Sales & Service (W.E.S.S.) is the trading name for Global Welding Technologies Group Pty, Ltd., the largest Independent welding distribution business in South Australia and is 100% Australian owned.

We serve our large customer base via a 2800 sq. metre facility with showroom, warehouse and workshop facilities located in Wingfield, South Australia. We also provide a field service/repair fleet and field sales representatives covering metropolitan Adelaide and major South Australia rural regions. Soon we will further expand our reach with a leading online ecommerce platform.

We specialise in everything related to cutting/welding and metal fabrication. It's what we do and we do it all - sales, service, hire and repair for all major industry brands and provide the expertise to back it all up. We partner with major industry end-customers to provide cutting edge, best practice solutions from our global network to drive improved safety, quality, productivity and efficiency. Equally we cater for smaller customers such as mechanical contractors, the rural farming community and the home handyman seeking products and technical advice.

At W.E.S.S. we believe in carrying stock and plenty of it, with the largest range of brands and products in South Australia at every price point to suit the diverse individual needs of our customers. South Australia's "Welding Supercentre" with over 5,000 products.

It's our business to provide solutions with expert independent advice and deliver value added products and services to our customers, no job is too big or small. We strive to deliver the best solution for the job, with the best products, quality and price in South Australia with expert advice, back-up and ongoing support.

W.E.S.S. is Your One Stop Welding Shop
