Welcome to the Writing Calendar. Each month there will be writing activities to help you improve, refine or simply practice your writing. This month we are focussing on writing description. Each day has a colour, a profession, an object, a living organism and an unusual word. Write a sentence, using each word. Challenge yourself by then writing further sentences by combining some of the words in the same sentence. For a further challenge, use all 5 words in a paragraph. Try writing in different genres. Enjoy the month!
