CALL FOR PRESENTERS

Feedback is like a black one-piece; it's always in style. The May Masterclass will focus on quality feedback processes for years 7-12, through sessions offered by academics and colleagues. Session presenters are not required to pay a registration fee for the event.

THE DETAILS

TYPES OF SESSIONS

PRESENTATIONS (30 MINS)

The presentation should be informed by research and/or QCAA and AITSL supported approaches.

WORKSHOPS (1 HR 5 MINS)

These sessions include practical activities such as exploring units of work, developing feedback techniques and problem-solving.

We are calling for volunteers to present a session with a focus on providing feedback to students and colleagues. If you are doing something that's interesting or effective, why not share it?

Presentations and workshops could focus on:

- Alternative modes for delivering effective feedback (technology, ISMGs, proficiency scales, checklists)
- Examples of feedback that use AITSL-supported approaches
- Internal moderation processes that build communities of practice, using QCAA-supported approaches
- Units of work that incorporate feedback.
