

ROSTREVOR
COLLEGE

Pappadums in the Pavilion, 2016 Indian Pilgrims with teacher, Mr John Kelly.

NEWSLETTER

FROM THE **PRINCIPAL**

Dear College Community

Personal Excellence

A well understood principle regarding the education of boys is that they are often willing to settle for less than their best. It is commonly said that they will do 'as little as you let them and as much as you make them'. Although this is a generalisation, it is an important understanding when trying to create an educational culture which encourages each individual to strive for their best. At Rostrevor we endeavour to provide challenges for the boys in all areas of their schooling.

Another salient observation which is also widely accepted is that boys are intrinsically motivated by competition. This provides an obvious opportunity to encourage personal excellence. Challenge helps to inspire boys to rise to the task, motivating them to lift their sights and set attainable goals. Striving for excellence is always encouraged as we constantly ask our students to set new limits and believe in themselves to achieve them.

Ernest Hemmingway is credited with saying, "There is nothing noble in being superior to your fellow man; true nobility is being superior to your former self." This sentiment is carried into much of the philosophy surrounding personal excellence at the College. Boys are not asked to outperform a classmate but instead are encouraged to seek improvement in their own performance by constantly asking questions such as, 'am I better at this task than I was last week, last month or last year?'

The school, in close partnership with parents, is continually striving to build an authentic culture of excellence. I thank you for your support in this shared responsibility.

Pappadums in the Pavilion

Our major fundraiser for our Indian Pilgrims turned out to be a spectacular night with exquisite food, brilliant music and a world record number of raffles. Thanks to the Rostrevor family for throwing its support behind this night with a wonderful turnout of over 170 people.

The funds go to ministries in India which our College has formed close relations with in the 27 years since the Indian Pilgrimage first began. It was a great night and one to remember. Well done to Helena Sweeney and her team of staff and students for all their hard work.

- Thursday 21 July 2.00pm - 6.00pm
- Monday 25 July 2.00pm - 6.00pm

EDMUND RICE EDUCATION AUSTRALIA SCHOOL RENEWAL 2016

RENEWAL PANEL

2016 School Renewal Panel, L-R: Peter Fullagar, Chris Smith, Terry Roberts & Steve Genesin.

School Renewal

On Wednesday 08 to Friday 10 June, the EREA School Renewal Identity Team visited Rostrevor to conduct interviews with a wide cross-section of our community including staff, students, parents and Old Scholars.

The members of the School Renewal Identity Team were: Mr Chris Smith, National Director Identity for EREA, Mr Terry Roberts, Director for Regional Support for EREA (Western Region), Mr Peter Fullagar, Principal St Joseph's Nudgee College and Mr Steven Genesin, Principal Consultant from the Catholic Education Office.

The primary purpose of the School Renewal process is to reflect upon how Rostrevor is living out the Touchstones of Edmund Rice Education which are: Liberating Education; Inclusive Community; Gospel Spirituality; and Justice and Solidarity.

In preparation, surveys were conducted with staff and focus groups of students and parents. These reflections proved invaluable to the School Renewal Identity Team and helped to shape the questions they asked during interviews.

While the School Renewal has

concluded, the final report has not been published. Preliminary feedback was extremely positive about the school's efforts to be true to the Touchstones and be authentic in living out its mission as a Catholic School in the Edmund Rice Tradition.

Once the report is finalised I will share it with the community including the many commendations and recommendations that it will contain. My thanks to all who contributed to the process.

God Bless

Mr Simon Dash
Principal

EDMUND RICE EDUCATION AUSTRALIA

WEEK 8 COMMUNICATION FROM THE DEPUTY PRINCIPAL

Frank Ranaldo
Deputy Principal

EREA Deputy Principals' Conference

Every year as a group of EREA Deputy Principals, we hold a national Conference, with each state taking a turn to host. This year it was Adelaide's turn and was the responsibility of the three SA EREA Deputy Principals to organise our national program. The Conference commenced with tours of the three Adelaide EREA schools on Wednesday 15 June and concluded on Friday 17 June. Deputy Principals and Heads of Campuses from our Youth+ flexible learning centres from all over Australia and New Zealand attended.

The theme of the Conference was 'Knowing, Going and Showing the Way: An Examination of the Deputy Principal's Role in an Edmund Rice School'. Luke Edwards, EREA Professional Officer – Identity and Liberating Education, facilitated a number of workshops following guest speakers who challenged delegates to think about their roles in leading in areas of faith, community and education. We were very fortunate to hear from Br Damien Price, Christian Brothers Oceania Province; Brian Garrone, EREA; Anthony Ryan, Edmund Rice Foundation; Dr Paul Kilvert, former Chief Executive SACE Board of South Australia; Chris Smith, EREA and others.

Thanks to the many staff and students of Rostrevor who contributed in some way to making this conference such a success. Special thanks to Simon Dash for attending with Dale Haynes (Class 2015) to talk about how Rostrevor cultivates a sense of community and to Br John Ahern for organising and leading us in the Opening Liturgy with the assistance of our Prefects.

Opening Prayer, Prefect Dylan Smith leading Prayer.

End of Semester Activities

Many of our Years 10 and 11 students have just completed their Semester One Exams.

Our Year 11 students will return on Monday 27 June for Exams Return and Feedback. If one of the purposes of examinations is to assess student learning, which includes the knowledge and skills associated with the subject as well as skills associated with undertaking timed, supervised assessments, then feedback to students is critical. Exam return and feedback days are important and compulsory. For subjects without exams, there will be an opportunity for students to partake in subject evaluations. From Tuesday 28 June to Friday 1 July, Year 11 students are away on Service Learning. The Service Learning Program offers students the opportunity for SACE recognition as well as completion of the College Graduation requirement:

- Students must attend for 25 hours to fulfil SACE requirements
- Students must attend for an additional 25 hours to fulfil Rostrevor College's Graduation requirement

Students are placed in organisations such as Nursing Homes, Special Schools, Meals on Wheels, St Vincent de Paul and Salvation Army shops, Edmund Rice Camps, Sony Camp for students with Disabilities and Primary Schools. Students are expected to assist where needed and keep a journal of their experience. Our Acting Coordinator – Service Learning, Anthony Callisto, has done a terrific job in making sure that all students have placements.

Following the compulsory Exams Return and Feedback day, Year 10 students will be participating in our Pathways to Post-Secondary Program from Tuesday 28 June to Thursday 30 June. This program provides students with the opportunity to be exposed to a range of work, career and tertiary pathways and opportunities. This is well situated in terms of timing as we begin the subject selection process this term. An enormous amount of work has gone into planning and preparing the program and we must thank Chris Windle and all of our staff who have assisted in running the program.

Business will be as usual for all other year levels.

Subject Selection

Next term we commence the subject selection process for 2017. A series of assemblies will be organised for each year level with information regarding the selection of 'choice' subjects. As students move through to the Senior Years, there are subject pre-requisites or recommended minimum requirements for students wishing to pursue that subject the following year. The grade pre-requisites range from C to B+ for most subjects. Therefore, it would be wise for students to reflect on their Semester One performance, including exams, with a view to whether they will qualify for the subjects they wish to undertake in 2017. This should then be a gauge of the level of commitment and effort required in Term 3 to ensure that these requirements are well met.

SACE Information Evening

The SACE is a qualification for entry into Universities and further training. Students need to meet SACE requirements to be eligible for some studies at TAFE level and for all University studies.

Each year, we offer parents the opportunity to learn more about the SACE and tertiary entry. This year, a SACE Information Evening will be held on **Wednesday 10 August 2016 at 7.00pm** in the **Kelty Theatre** for parents of current Years 10 and 11 students. The presentation will cover:

The SACE and completion requirements:

- SACE assessment and moderation;
- University & TAFE entrance requirements, including the calculation of the ATAR;
- How to plan for tertiary entry and select appropriate subjects at Stage 1 and Stage 2 levels.

By attending this evening, I am sure that you will feel more confident in assisting your son with his 2017 subject selections. There will also be an opportunity for you to ask questions. *Students are not required to attend.*

God bless

Mr Frank Ranaldo
Deputy Principal

JUNIOR CAMPUS

Geoff Aufderheide
Director - Junior Campus

da Vinci Decathlon

Recently we entered a team of Years 5 and 6 boys into the da Vinci Decathlon, hosted by St Peter's Girls College on Thursday 02 June. The da Vinci Decathlon began in 2005 as an exciting offshoot of the very successful da Vinci Program for gifted and talented students at Knox Grammar, Sydney. The Decathlon is designed to celebrate the academic gifts of Australian youth by providing a stimulating and challenging competition run in the spirit of an Olympic Decathlon.

The Decathlon is named after Leonardo da Vinci (1452-1519), one of the world's greatest thinkers and scholars. While his career spanned an enormous range of disciplines: art, architecture, poetry, academics, anatomy, hydrodynamics, mechanical and military engineering, mathematics and astronomy, he demonstrated a superior ability to perceive the interconnected nature of knowledge and embraced learning with a lifelong passion and determination to uncover the unknown.

Our team featured Year 6 boys: Cameron Tunno, Aidan Schirripa, Ishaan Oak and Ashwin Abraham and Year 5 boys: Alexander Pertl, Jakob Centofanti, Jack Dundon and Aspen Davis. Given it was their first real experience of such an event, the boys performed admirably, placing in some of the 10 events and receiving an honourable mention for one section. As an aside, we were really delighted to hear that these young men also took it upon themselves to organise a soccer competition at lunch time for all of the students from varying schools to enjoy! They certainly set themselves apart and, given their tremendous and positive feedback about the experience, we will most certainly take up the opportunity next year and beyond.

Congratulations boys on your efforts and we thank you for the way you represented our College.

Reconciliation Action Plan – It's everybody's business!

I am in the privileged position of assuming the role as Chairperson for Equity Services at the College this year. A recent item on our agenda was the re-development of the College's Reconciliation Action Plan. A Reconciliation Action Plan is a document that guides a workplace (or school like ours) towards true recognition and reconciliation with the Indigenous peoples of Australia. Given the College's significant commitment to supporting Indigenous families who wish for a Catholic Education for their sons by accessing Rostrevor, such a document provides a 'rudder' to steer us in the right direction.

We have developed a 'Reconciliation Action Plan Working Party' and recently determined our Terms of Reference for the group. In order to ensure we collect the voices of members of our community we intend to present our draft to members of the College community for consultation through various sources including: the College Leadership Team, College Board, Parent Engagement Committee, Student Representative Committee, staff members and so on.

We were privileged this week to receive some timely advice from Mr Peter O'Beirne from School Lead – an organisation that supports school leaders and their teams. Peter has a wealth of experience in developing RAPs and has offered his support for our journey. I take this opportunity to thank Peter publicly for his willingness to help guide this important work.

Our key driving message will be 'What does Reconciliation look like on the ground in our College?' If this is an area of interest and/or passion for you, the Working Party warmly invite you to join us over the course of our journey. If you are interested, please make contact with me: email: gaufderheide@rostrevor.sa.edu.au or by phone: 8364 8333 and I will advise you of meeting times and other important information.

Mr Geoff Aufderheide
Director - Junior Campus

WHO DO YOU SAY THAT I AM?

Br John Ahern
Assistant Principal
Religious Identity
and Mission

The Gospel for last Sunday posed the same question to us that Jesus posed to his first followers: Who Do You Say that I Am? Peter names him as the messiah and Jesus quickly paints the picture of the Messiah who will suffer not the glorious military leader that some of the Jews were expecting. Jesus didn't like suffering any more than you or I but he knew that he was a marked man as he had offended most of the powerful religious leaders of his time. It is also important for us to know who we are so that we can stand up for our beliefs and values. Our ability to reach out to family and friends, to show respect to the needy and lonely, to have a passion for justice and to be committed to moral integrity, show how we can know and follow Jesus.

Last Saturday's Pappadums in the Pavilion was a joyful occasion with great Indian food, raffles, live music and the introduction of the team to the party. Well done to Mrs Helena Sweeney and the pilgrimage group for their organisation.

It was interesting to see the PowerPoint from the previous pilgrimage which reminded us of the great adventure of discovery ahead for this group.

The Year 11 group will be attending their Service Learning placements next week; it will be a time of learning more about themselves in particular as they work with people with needs in an unselfish way.

Learning

da Vinci Decathlon

On Wednesday 01 June 2016, eight of our highest achieving Year 9 students travelled with Mrs DeConno-Coward to St Peter's Girls' College to compete in the da Vinci Decathlon. The da Vinci Decathlon is an interschool gala day that is conducted in the spirit of an Olympic Decathlon with each team competing in various academic disciplines and is named after acclaimed 'Renaissance Man' Leonardo da Vinci.

The theme for this year's competition was "Environment". Each team competed across ten academic disciplines: Mathematics and Chess, English, Science, Code Breaking, Engineering Challenge, Philosophy, Creative Producers, Art and Poetry, Cartography, General Knowledge. The third placing in the Art and Poetry round was a highlight of the day for the Rostrevor students.

The College's participation in this event was an exciting educational and social experience for all students involved. Many thanks to the students who represented Rostrevor so admirably: Luca Mazzeo, Clinton Nitschke, Somil Boora, Jake Tatarelli, Jack Myers, Daniel Maida, Archer Newton and Attila Keresztesi, as well as Mrs Belinda DeConno-Coward for accompanying and assisting the students in their academic pursuits. The day was a resounding success and future decathlons will be contested by Rostrevor students.

Game Summary

After a short season break our 1st XVIII side were looking to continue their good early season form in our Round 6 clash against CBC. With a number of boys out with state duties and injuries, this game gave a great opportunity to a number of boys within our squad to showcase their ability at 1st XVIII level.

With the opportunity to play in conditions that allowed for fast free flowing play, we had a solid start to the game with a high number of forward entries. A determined CBC team got good numbers back early, limiting our options inside our forward 50 and making us really work hard for our score in the first half. Despite being restricted, we still managed to have 20 scoring shots to 3 in the first half, taking in a lead of 57 points at half time.

We made a few minor adjustments after half time to our method going forward and our stoppage work around the ground. We began looking a lot sharper and started to improve our cohesion, allowing us to have an 8 goal to 1 third quarter, putting us in a dominant 103 point position at three quarter time.

In the last quarter, the opportunity was taken to try a couple of things within our game style and give alternate role experience to a number of players. To CBC's credit they certainly played the game out all the way, making the last quarter an even contest with our Rostrevor boys running out eventual winners by 113 points.

Toby Pink had a dominant game both in ruck and up forward. His strong contested marking a feature. Down back **Mitch Gum**, **Adam Rankine** and **Hugh Walker** controlled the back half well and provided strong rebound. Through the midfield **Nick Scheid**, **Brad McCarthy**, **Murphy Short** and **Josh Richards** all found plenty of the ball and provided a good link between our defence and attack. Up forward **Cam Ball**, **Adam Nichaloff** and **Patrick Shrestha** got amongst the goals whilst **Flynn Pisani** and **Nathan Grant** both continued their good form as small forwards.

Congratulations to **Mihail Lochowiak**, **Luke Valente** and **Jacob Kennerley** for their selection in the U16 State Squad of 30.

Steve Symonds

Rostrevor 1st XVIII Head Coach

In other Co-curricular News:

Patrick Dawson (Year 12) kicked 10 goals against CBC in the 2nd XVIII match last Saturday, contributing to their strong victory.

The 8B Football team kicked 8-0 in their win against Adelaide High, which is quite impressive given the blustery conditions last weekend and the fact that their opponents had more scoring shots.
