## IMPORTANT INFORMATION TO READ ABOUT YOUR OPTIMUM PEST CONTROL TREATMENT

### We have carried out Pest Control for German Cockroaches

#### **YOU HAVE GERMAN COCKROACHES!**

We've carried out a specialised treatment for the German Cockroaches in your home.

This means we need YOUR HELP in getting rid of these pests.

They live in cracks and crevices around your home - especially the kitchen, bathroom and laundry.

They're VERY hard to find - you only see them at NIGHT, or when you turn on the light you'll see them scurrying across your benches and through cupboards.

We have applied THE LATEST TECHNICALLY ADVANCED PRODUCTS to the following areas:

- Behind appliances
- Under your sink area
- Inside the cupboard around the hinges
- On all skirting boards

#### **IMPORTANT - DO NOT WIPE THIS PRODUCT OFF!**

It is designed to ATTRACT the cockroach to feed on it, and they PASS IT ON TO THE OTHERS, this kills them. When they gather to feed on it, this means it is WORKING!

**PLEASE DO NOT USE ANY FLY SPRAY OR OTHER SPRAYS IN THIS AREA AS IT WILL STOP OUR PRODUCT FROM WORKING and DELAY RESULTS!**

Cockroaches passing over the film pick-up the Active Micro-capsules (Fipronil). When they later socialise, they unknowingly pass this toxicant on, which creates the Viral Transfer Effect™ leading to the kill of more cockroaches.

**IT IS NORMAL FOR THIS PROCESS TO TAKE MANY DAYS, AND DEPENDANT ON THE SIZE OF THE POPULATION, EVEN WEEKS TO OBTAIN A RESULT.**

#### **IMPORTANT -**

**It is very important that you help by doing the following:**

- DO NOT leave food on the kitchen bench OR dirty dishes around kitchen as this provides an alternative food source.
- DO NOT use fly spray on the cockroaches if you see them.

**FOR A SUCCESSFUL TREATMENT IT IS REALLY IMPORTANT THAT YOU FOLLOW THESE STEPS.**

**CALL US BACK IN 2 WEEKS TIME IF YOU ARE STILL SEEING COCKROACHES, ON 07 5520 7171.**
