

## AIR FRESHENERS

Air fresheners are not just for restrooms! A pleasant smelling business, office or store will help you keep your existing clientele and draw in new ones.

Consider the following:

- Customers will enjoy themselves more
- Customers are more likely to return
- Clean smelling restrooms will be appreciated
- Customers stay longer in a pleasant environment
- Customers will recommend your business to others.

In addition to satisfied customers and clients, think for a moment about your employees. They work on your premises on a daily basis. A pleasant smelling environment will make their workday more enjoyable, resulting in better employee morale and increased productivity. This can carry over to improved customer service.

Use HCS's Air Fresheners to deliver a continuous and even distribution of fragrance, 24 hours a day, 7 days a week! Call us for more information.

## PAPER PROGRAM

Whether it's for convenience or cost-savings, our Paper Program is the perfect compliment to our Cleaning Services. From towels to toilet tissue to toilet seat covers and soaps, we stock your restrooms with products your customers know and trust. This program will save you both time and money and let you concentrate on other important aspects of your business.

### PRODUCTS:

- Dispensers for paper towels, toilet tissue, hand/body soaps, hand sanitizers
- Rolls of paper towels and toilet tissue
- Kleenex boxes
- Sanitary Napkin & Tampon Disposal Units
- Antibacterial Foam Hand/Body Soaps
- Hand Sanitizer
- Disinfectant

## OUR RISK FREE OFFER!

Have us in for a **FREE**  
demonstration cleaning  
in your own restroom.

We'll PowerClean every crevice,  
floor to ceiling, wall to wall, up the vent,  
and down the drain; then we'll talk  
about customizing a program and price  
to fit your needs and set up a regular  
scheduled service at your location.

HYGIENE CONSULTING SOLUTIONS INC.

*We care about clean!*

905-592-0320  
[www.hcscanada.com](http://www.hcscanada.com)

Hygiene Consulting Solutions (HCS) are Restroom Cleaning Specialists.

**Our focus is on disease prevention and odor control.** We offer a weekly service for your restrooms combined with our deep cleaning process. We clean and sanitize every nook and cranny, removing odor causing dirt and bacteria from fixtures, floors, walls partitions, counters and toilets - even hard to clean areas such as grout, vents, and weep holes. Part of our PowerClean process involves coating surfaces with our proprietary enzymes that inhibit bacterial growth between deep cleanings so your restrooms look great and smell fresh longer.

## 7 Reasons to Consider HCS's Cleaning Services

**1. NO RISK** - We offer you a FREE cleaning demonstration at your facility. If you are not satisfied then don't ask us back.

**2. NO CONTRACT** - We believe we are only as good as our last service, so we never lock in our customers to long term service contracts.

**3. INCREASE CUSTOMER RETENTION** - Customers love a clean bathroom! Studies show that poor restroom experiences turn off customers and drive away business.

**4. IMPROVE EMPLOYEE MORALE** - Employees did not come to work for you to clean bathrooms and if asked to do so, most likely won't put a lot of effort into it.

**5. STAY HEALTHY** - It's not just about aesthetics; it's about safety for you, your employees, and your customers. Restrooms are the number one source of

cross contamination in restaurants, movie theatres, health clubs, etc. HCS maintained restrooms can help to minimize the spread of illness. And healthy staff means fewer sick days.

**6. STATS** - 1. 78% of people don't wash their hands after using the restroom. 2. 82% of customers will not return to a restaurant with a dirty restroom. 3. 66% of customers won't tell management about dirty restrooms—But they will tell their friends! 4. Many illnesses are contracted in the restroom, such as SARS, Hepatitis, H1N1, E-coli, etc.

**7. COST EFFECTIVE** - You are already spending money to maintain your restrooms, and probably close to the amount it would cost you to have us do it for you. We have the tools, the experience, and the knowledge, but most importantly...

**We want to do it!**
