# All Australian Safety (AAS)

Providing total eye protection with **fully certified prescription safety eyewear** for all types of work conditions and environments.

## ■ Tailored to individual vision safety requirements

AAS provide Workplace Safety Services to determine individual fitting requirements. Factors such as personal prescription specifications and unique work environments are considered to deliver a premium quality eye protection solution tailored to individual vision safety needs.

## ■ Adhering to certifications and highest quality standards

AAS provides safety prescription eyewear that complies with all relevant and current Australian and New Zealand Standards which includes AS/NZS 1337, AS/NZS 1337.6, AS/NZS 1336 and ISO 21987. AAS supplies products through HOYA Safety Lens Australia and all products have certification recognised by SAI Global.

## ■ The largest range of certified prescription safety eyewear

AAS offers the largest range of certified prescription safety eyewear within Australia. The range caters to the specific needs of a wide variety of industries such as construction, manufacturing, mining and healthcare.

# PENTAX ZT500

## Go from Glasses to Goggles in just seconds
