

Instructions for Edval WebChoice

Entering your subject selections online

Make sure you have your “Year 12 Subject Selection Form – 2019” with you!
Filling this in BEFORE you go online will be a big help.

- Check your school email for your code. **Don’t delete the email!**
- Login to WebChoice with your code: <https://spring.edval.education/login>

The image shows the Edval WebChoice login interface. At the top is the Edval logo, which consists of a stylized 'e' made of three stacked horizontal bars followed by the word 'edval'. Below the logo is a white rectangular box with a dark blue border. Inside this box, the text 'Sign in to your account' is centered. Below this text is a text input field with the placeholder 'Enter WebCode'. Underneath the input field is a checkbox labeled 'Stay signed in for 30 days' and a blue link labeled 'Forgot WebCode?'. At the bottom of the box is a large blue button with the text 'Sign in' in white.

- If you have lost your code, click on the “Forgot WebCode?” link. Enter your email address and you will be sent a new code.
- Click on the “WEBCHOICE 2018 2019” link at the top of the page.
- Use the drop down menus to select subjects. You must select four Year 12 subjects (20 credits each) and the Research Project (10 credits - already selected for you). You are also required to select two reserve preferences.

WebChoice 2018

Main Units	Subject	Units
Research Project	No selection	0
Preference 1	No selection	0
Preference 2	No selection	0
Preference 3	No selection	0
Preference 4	No selection	0
		Total 0

Reserve Units	Subject	Units
Reserve 1	No selection	0
Reserve 2	No selection	0
		Total 0

CancelSubmit

- Don't forget there are some subject **counting restrictions** if you want an ATAR (see page 3 of your subject selection form or the SATAC Tertiary Entrance Booklet).
 - Choosing **more than one** of the following subjects means you may **not be eligible for an ATAR**: Systems & Control Products (3D Design & Manufacturing), Material Products (Furniture Construction), or Communication Products (Web Design).
 - Likewise, if you choose more than one Integrated Learning subject, you may **not be eligible for an ATAR**.
 - In addition, you may **not be eligible for an ATAR** if you choose a Community Studies subject (which includes Maths for Trade Skills).
- Look carefully for the subject you want to select for your preferences – there are a lot and you may need to scroll through the drop down menu!
- Subjects with “TBA” require approval (“To Be Approved”!). Refer to the curriculum handbook for further information.
- Be aware that many subjects have prerequisites. Again, refer the curriculum handbook to check that you have satisfied any prerequisites before choosing a subject.
- The Entrepreneur Program and University subjects are by separate application only and are not selected on WebChoice. Please visit the Careers Office for an application form. Application forms should be returned to the Careers Office NOT to your homeroom teacher. You should still select a full complement of subjects (4). Subjects can be removed at a later time to make room if your application is successful.
- Click the “Submit” button at the bottom of the page when you have finished selecting your subjects. If there is a problem with your submission, an error message will pop up explaining where you’ve gone wrong. Possible problems include choosing a **precluded combination** (e.g. Maths Methods and General Maths), choosing the same subject more than once etc.
- Once submitted, please print a copy of your choices and **ensure that you have a parent/caregiver signature on it** in the place provided. Your completed pink subject selection form should also have a parent/caregiver signature.
- Attach the signed printout to the inside of your completed subject selection form and return it to your Homeroom teacher by **Thursday August 23** (week 5).
