Old Scholars' Mass
Sunday March 3rd 2019

Dear Parents,

Monsignor, Professor Denis Edwards, a priest of the Archdiocese of Adelaide, died quite suddenly at the RAH yesterday morning after suffering a stroke. This remarkable, intellectually gifted, yet humble priest is known internationally for his writings and teachings in the area of God the Trinity, Christology, Ecclesiology and the Theology of Creation. In sending the news of his passing to the people of the Adelaide Church Fr. Philip Marshall writes most truly that, "we have been blessed by his wisdom, his faith, his love and his presence among us." As a sometime attendee at the Sunday morning Mass at Queen of Angels Thebarton, I was part of a congregation that was blessed to listen to Fr. Denis' homilies on the Gospel readings, full of thought, prayer and practical wisdom.

OSA MASS - Every decade represented

It was truly wonderful to be part of the Old Scholars Mass, (in the Hall because of the heat), last Sunday. For every decade from the 40s (thank you Joan Cahill), through to the millennials, we had some representatives. Representing the many men who, as Primary boys have been part of our student history, was Sr. Mary Anne Holland's brother John Holland. The photos on this page capture some of the joy of this occasion. The Old Scholars were pleased to see our new Year 12 Centre which will be formally opened by His Excellency the Honourable Hieu Van Le AC on Friday 15th March. Sincere thanks and congratulations to Annie Pfeiffer for her generous acceptance of a continued role as our Old Scholars Association President.

Sports Day - Sunday 24 March

held at Sacred Heart College Somerton

For the benefit of new families, I would like to remind you of the points made in your enrolment interview, that St. Dominic's holds its major carnival on a Sunday so that families can be very much a part of the day and can choose to offer an hour of help. At their first meeting for 2019 parents at the P&F asked if they might be given the program earlier than has been the case so that they might see their daughter's special events as well as offer help on a stall. Whilst the final program is not yet confirmed, it is anticipated that it will not vary greatly from last year's program, available here: <https://bit.ly/2SYpEte> Thanks to those who have already signed up.

Coming home either on this Friday or next Monday is your **Sports Day Raffle** with its excellent cash prize which, in turn supports sports equipment at St. Dominic's. Please ask your friends and relations to buy a ticket.

Labelling of your daughter's uniform.

Dear parents; I do not think you can imagine just how many pricey unclaimed items of school clothing have been left with us during the first 5 weeks of school and the still unclaimed items from 2018. It is possible you would not realize that we cannot get it back to its rightful owner because there is no name on the clothing. Over the next week there will be a drive in the secondary classes to ensure that if items of clothing need to be labelled a reminder card will be sent home to you. In anticipation of your full support I ask you to deal with this matter with your daughter's assistance.

Sr Jillian Havey, Principal

Primary News

from **Ms. Gate O'Leary**
Primary School Coordinator

We are very appreciative to Sister Hieu and many of our Year 6 students who give up their time to help support with our Reading Café before school.

'The only thing in your control is effort.
That's all and that's everything'

Mark Cuban

Today is Ash Wednesday and the beginning of the season of Lent. Yesterday the students learned about and celebrated **Shrove Tuesday** with pancakes. Today they all attended a liturgy and received the ashes. We thank the following Year 6s who led us in prayer and reflections: *Minh, Millicent, Anita, Isabella T, Katerina, Danica and Jessica.*

Our new students have settled well and all classes are enjoying the new challenges that lay ahead. There will always be difficult situations that need to be addressed but with open dialogue with our parents, much can be achieved. The Year 6 Class has taken on the new demands of MYP and are steadily adjusting to the rigor and organisational skills that are needed to be successful. Some of the photos this week reflect what has been happening in our Primary learning spaces and the many things that happen even before the school bell goes.

Last Wednesday the Year 1 Class really enjoyed **Aussie Day**. The day was spent dressing up, listening to stories, participating in thong-based games, having a shared lunch, making up plays, and creating their own 'Possum Magic'. Mrs Pauley and all in the Class, were very appreciative of the food supplied by families. Due to the extreme heat, the visit from the much loved 'Zoomobile' has been postponed until this week.

Thank you to the Year 4 Class for hosting yesterday's Assembly. The girls were well organised and entertaining.

The Year 3 Class will host the Week 8 Assembly.

All welcome.

In and around the classrooms:

It's a good idea to wear a pedometer in our Year 2 Class this term. Our learning focus is "Community", so to enhance our understanding, we went on a local community walk on Friday 22nd February. We meandered through Wellington Square, across to Tynte Street, and stopped at the North Adelaide Library and Community Centre. Our friendly guide, Magnolia, gave us a tour and we got to ask lots of questions about the services the library and community centre offer the community. We had lots of fun getting out and about, even though there were a few "are we there yet?" comments!! Here is what Catherine wrote...

"On Friday 22nd February, we went to the North Adelaide Library and Community Centre. We walked past Wellington Square and when we got there we got to read a book and play on iPads. I asked the girl there called Magnolia how many people she serves a day and she said 200!"

Sports Day is not too far away now and we are thankful to the families who have donated items and have offered to help on the day. The Parents & Friends would greatly appreciate more helpers on their parent-run stalls. You can sign up to a 1 hour roster online at: <http://signup.com/go/YujvNEw>

Quick Maths in the Morning

Each morning in Primary, the classes are a busy hub of dice rolling and card dealing as students work through their daily BNS automaticity tasks.

The idea of the daily BNS automaticity program is to develop and strengthen basic number skills in all our students. To achieve this, they need to have consistent practice on a regular basis. We aim to dedicate 10 minutes every morning, with a focus on addition, subtraction, multiplication, division and number patterns.

The BNS automaticity program does not take the place of regular maths lesson but aims to equip students with the basic numbers skills to help them solve more complex questions and problems.

Year 4 & Year 1 buddy classes all enjoyed sharing a story and having lunch together.

YEAR 2

PROJECT COMPASSION

"The future does have a name... and its name is hope." - Pope Francis

By supporting Caritas Australia this Lenten season, themed "Give Lent 100%", you are empowering communities with hope and helping those in great need to shape a better future for themselves, their families and their communities.

Week 1 - Thandolwayo's Story

Twelve-year-old Thandolwayo would walk seven kilometres each day to collect contaminated water for her family. It looked like she would never realise her hope of finishing her education and becoming a nurse, until a Caritas Australia supported project created access to clean water helping Thandolwayo to stay at school and achieve a future full of hope.

Please donate to Project Compassion 2019 and to provide clean water and a future full of hope for vulnerable communities in Zimbabwe.

Lives change when we all give 100%.

www.caritas.org.au/projectcompassion | 1800 024 413.

SCIENCE NEWS

Stories from the Periodic Table

Over the course of the International Year of the Periodic Table in 2019, the RACI will publish your stories to highlight the personal connections that people have to science, and to chemistry.

Submissions in text (>500 words) or video (>4min) will be accepted in four rounds:

15 Dec 2018 | 31 Mar 2019 | 30 June 2019 | 30 Sep 2019

Each round will feature a best story, as well as an audience favourite story (excepting round 4).

For how to enter and terms & conditions visit
<https://www.raci.org.au/raci-news/stories>

Year 11 & 12 Students

Easter Holidays Engineering Program

9:15 - 4:00pm | Flinders @ Tonsley

Wednesday 17th & Thursday 18th April

Make your own chocolate moulds in our digital fab lab, program an Arduino-based robot and more! Four separate areas of engineering will be explored; attendees can register for all four or just the ones of interest.

COST: FREE

Booking essential through Eventbrite
<https://events.flinders.edu.au/>

WOULD YOU LIKE TO IMPROVE YOUR PUBLIC SPEAKING SKILLS?

Public speaking is a great way of improving communication skills, which can be helpful in almost every area of life.

- Boost your confidence
- Build critical thinking skills
- Develop leadership skills
- Grow your vocabulary and fluency
- Make new social connections
- Become a better listener

Rostrum (Yr 7-12), Legacy (Yr 7-9) and PESA (Yr 10-12) all offer competitions in Term 2 - after school and on the weekend.

If you are interested, please come to the sign-up meeting Thursday 7 March | Lunchtime | Art Courtyard

Any questions? Contact Mrs Mueller in the RE office (opposite the Hall) or via email: cmueller@stdominics.sa.edu.au

IB Middle Years Programme A Presentation to Parents new to the IB MYP

Wednesday 13th March
College Hall • 7:00pm
(concluding 8:15pm)

Our college is an IB World School authorised to offer the International Baccalaureate Middle Years Programme (IBMYP) to students in Years 6 - 10. If you are a new parent to the College, you may be unfamiliar with the programme and like to gain some further knowledge. Alternatively, you might have a daughter entering the programme in Year 6 for the first time. If you have attended this meeting previously, there is no need to attend again, although you are welcome to do so.

Please ask your daughter for the letter sent home to all new families with daughters in Years 6-10

Alternatively, please contact MYP Coordinator, Aurora Reid: areid@stdominics.sa.edu.au for further details

WE LOOK FORWARD TO WELCOMING YOU

National Youth Science Forum

Are you in year 11? Love science? Thinking about going to university? Looking for a job that will take you places? Enjoy meeting people?

Apply for the National Youth Science Forum (NYSF) – a 12 day residential program held each January for students entering year 12.

To be selected you need to be passionate about science, technology, engineering and maths (STEM) study. Participants come from across Australia. Expressions of interest are accepted from 1 March – 31 May each year.

Learn more at nysf.edu.au

SPORTS NEWS

Round 2 Results ~ Saturday 23 February

In accordance with the SACSSGSA Hot Weather Policy, all Sport was CANCELLED on Saturday 2 March

Water Polo [Thursdays]

Middle C lost to Loreto 1 (0-10) Senior B drew Mercedes 2 (5-5)

There is no sporting round on Saturday 9 March due to the Adelaide Cup Long Weekend.

TEAM	LOCATION	TIME	OPPONENT
Water Polo	Thursday 7 March		
Middle C	Payneham	5:15pm	St Peter's 1
Senior B	Adelaide Aquatic	4:30pm	Walford 2

The numbers for our Primary Running Club are looking very strong. We thank the parents and teachers who have made our Friday morning 2km run possible

Time to Shine

Congratulations to Kloé Quinn (Yr 3) who competed in Dance Competitions in Barmera recently; receiving three firsts for Contemporary, Jazz and Lyrical.

Parents & Friends Sports Day Roster

You hopefully by now have seen the requests in the Bulletin to **help at Sports Day** by volunteering on a stall – if you have not done so already **please consider signing up for an hour timeslot**; it's a great opportunity to be part of our St. Dominic's community and meet other parents.

We have not had many parents sign up as yet so you can slot into any stall at present to help out on the day.

Bec, Gabby, Maria & Kate
for the **Parents & Friends Committee**

Sign up online at:

<http://signup.com/go/YujvNEw>

The PE Department are also in need of more helpers to volunteer as Officials. Please return the reply slip printed here if you can help.

SAPSASA District Swimming Carnival

On February 28th, 15 Year 4-7 students attended the North Adelaide District Swimming Carnival at the Norwood Pool. This carnival is a selection trial for swimmers to represent North Adelaide at Metro Day. The competition was very strong and the St Dominic's girls tried their very best. Only one Swimmer per age group is chosen to represent North Adelaide in each event and this will be announced next week.

Results are as follows:

Hannah Cameron (U/13) - 1st in Freestyle, Backstroke + Breaststroke
D'arby Hawkins (U/13) - 1st in Breaststroke + Butterfly; 2nd in Freestyle
Morgan Hillman (U/11) - 1st in Backstroke, 2nd in Freestyle + Butterfly
Piper Cameron (U/10) 1st in Freestyle, 3rd in Butterfly + Backstroke
Alyssa Tran (U/11) - 1st in Backstroke, 3rd in Breaststroke
Isabella LeCong (U/12) 1st in Breaststroke, 3rd in Backstroke
Bree Copeland (U/12) 2nd in Freestyle, Butterfly, + Breaststroke
Ella Copeland (U/12) 2nd in Butterfly + Backstroke, 3rd in Freestyle
Jasmine Sewart (U/13) 2nd in Butterfly
Jasmine Le (U/11) 2nd in Freestyle + Backstroke
Ava Chhoy (U/10) 2nd in Backstroke
Harper Hawkins (U/11) 3rd in Butterfly + Breaststroke
Clare Haddad (U/10) 3rd in Breaststroke

Congratulations to all swimmers.

Michelle Richter

Fact sheet

You Tube (For parents)

You may have noted that recently there has been a lot of media commentary about YouTube and specifically 'Momo'. Again, questions around the safety of young people being online and unsupervised have arisen.

Below and overleaf are some common questions and answers about YouTube that families might find helpful.

Muriel Noujaim
Deputy Principal
(Student Wellbeing)

Cate O'Leary
Primary Years Coordinator

Follow us:

@ThinkUKnow_Aus

facebook.com/ThinkUKnowAustralia

What is YouTube?

YouTube is a free, user-generated video sharing website that allows users to watch, create and upload their own videos to share with others. YouTube has over a billion users. Anyone is able access the videos on the service online however users must create an account to upload and share their own content. The site is moderated by users who can flag inappropriate content. YouTube reviews the content and if it violates their community guidelines the content is removed, or age restrictions are put in place.

How are young people using YouTube?

Young people use YouTube to watch, create and upload videos. It is used to socialise, interact, learn, share and watch content. Popular types of videos include music, pranks, parodies, and 'how to videos'. YouTube is the second largest search engine in the world and can be used as the starting point for research or learning about a particular topic.

What are the age restrictions for YouTube?

Users are required to be 13-years-old to use the site. Users under 13-years-old are recommended to use YouTube Kids. Age restrictions are difficult for YouTube to monitor as age is only verified when users create an account, however it is not necessary to have an account to use the service. YouTube restricts videos it has deemed inappropriate for people under 18-years-old by requiring users to sign in to an age verified account before they are able to access restricted content.

Is it free?

It is free to view and upload videos on YouTube but there is a paid version of the service, known as YouTube Red. YouTube Red gives subscribers access to ad free viewing as well as enabling them to watch television shows and movies. This service is available in America and will soon be expanded to other countries. You must be 18 years or older to use this service and you also need a Google account with a valid payment method.

What does subscribing to someone's YouTube channel mean?

Subscribing to a channel means that a user is interested in the videos that another user is posting and would like to be notified when new videos are uploaded to the channels they follow. This is very similar to 'friending' or 'following' on other types of social media. A channel can be run by an individual, organisation or business and can consist of any type of video content.

What is the difference between a YouTube account, username and channel?

When a YouTube account is created, users are able log into YouTube and get a username and a channel (a username is often the same as a channel name). A username is used to comment on videos and a channel is used to upload video content. There can be multiple channels under a single YouTube account.

What are some of the potential issues with YouTube?

YouTube consists of user-generated content. Videos found on the site don't always have age appropriate classifications. The site relies on users to monitor and report inappropriate content. Users do not need to create an account to use the site so it is difficult to manage or regulate underage users. YouTube users may be exposed to bullying and harassment on the site however there are steps people can take to minimise this risk.

What are the recommended settings on YouTube?

As YouTube users do not have to have a personally identifiable account to use the site, the privacy settings are somewhat limited.

Privacy settings can be created on user accounts and the videos that are uploaded. Videos have three setting options; public, private or unlisted. It is recommended that young people set their videos to private or unlisted.

Fact sheet

You Tube (For parents)

Follow us:

@ThinkUKnow_Aus

facebook.com/ThinkUKnowAustralia

What are the recommended settings on YouTube? (continued)

- **Public** - anyone is able to search and view your videos
- **Private** - only people you allow can search for and watch your videos
- **Unlisted** - only people that you send the link to can view your videos.

Commenting on videos is set as a default option, however this can be disabled.

How do I turn on restricted mode?

You can enable restricted mode to filter inappropriate content on the browser on your computer/device. YouTube uses age-restrictions, community flagging, and other indicators to recognise and filter inappropriate content. While it is not 100 per cent accurate, it can be useful as a parental control. We recommend that this is used in conjunction with conversations with your child about what is and isn't appropriate viewing.

To turn on restricted mode you must be logged into a YouTube account. Restricted mode can be locked and removed with a YouTube account username and password. Once enabled, restricted mode will remain on regardless of whether you are logged in or not, or if another person is logged into a different YouTube account.

How do I delete my child's YouTube channel?

After talking with your child about the responsible use of YouTube and your family's rules around technology, you may think it's appropriate to delete a YouTube channel. If an account is deleted, any content on that account will be deleted and unable to be recovered. Be aware that you cannot delete a channel on a mobile device.

You can delete a channel by:

- Signing into the account you want to delete
- In the top right, click your account > **YouTube settings**
- Under '**Account settings**', select '**Overview**'
- Under the channel's name, select '**Advanced**'
- At the bottom, select '**Delete channel**'.

How do I deal with and report abuse or inappropriate content on YouTube?

Abusive or inappropriate content can be reported via the flagging or reporting tool on YouTube. If your child has received a serious violent threat, contact your local police.

It is recommended that comments are disabled on videos to avoid abuse and being exposed to inappropriate language or offensive content. Comments can be disabled by connecting to your YouTube account, selecting a video in 'Video Manager' and unchecking 'Allow comments' in the settings options.

Users can also be blocked, so they cannot see or leave comments on uploaded content.

For more information, visit www.support.google.com/youtube
