

3 August 2020

Dear Parents/Guardians

As has been reported in the Media, there have been two new cases of COVID-19 as of yesterday. In particular, one of the cases has impacted two schools; Thebarton Senior College and Roma Mitchell. Given this information, as a precaution, St Dominic's Priory College will be reintroducing increased restrictions to the College site. Please be informed that the following events have been postponed until further notice:

- The Primary assembly for tomorrow
- College Principal's Tour tonight

School events will be modified to limit visitors on site. As such our St Dominic's Day Mass will now be celebrated with students and staff only. Parents/Guardians are reminded that they are not permitted on site at this time.

As a school we are being aware and responsive. Class teachers have spent time with their students today reminding them of SA Health advice relating to social distancing, hand hygiene and remaining home if you are sick.

Please be assured that the College follows all due processes to ensure the health and safety of our students and staff.

For up to date information visit <https://www.sahealth.sa.gov.au> or phone the SA Covid-19 Information Line, 1800 253 787.

I thank you for your ongoing support as we continue to respond to COVID-19.

Kindest regards

Dr Helen Steele
