Dear Year 6-9 Students,

From this Monday 23 November you will access your learning through SEQTA Learn.

We have tried this before earlier in the year and from your feedback it was very successful. Well done! It is time to put this experience into practice again.

Some important and helpful reminders;

- We will use the regular school timetable and lesson times.
- During Class Period and at the start of each lesson, you are required to check in with your teachers, through SEQTA Forums. If you do not check-in, you will be marked 'absent' and your parents will be contacted.
- If you need help and support [click here](#) to access Remote Learning 4 St Dom's Girls booklet.
- If you still need help, email the appropriate Staff Member (Class Teacher, Subject Teacher, Year Level Coordinator/ Director of the Junior School, Counsellor, IT Support, etc.)
- Any video conferencing will only happen in groups (not individually). Ensure your study space is not your bedroom, particularly if you are involved in any video conferencing. Your teacher will let you know if you need to do this.

Look after yourself and your family and remember we are a close knit and supportive community. We will look after each other. All we need to do is ask for help and support if we need it.

Kind regards,

*Ms Noujaim & Ms O'Leary*
