CELEBRATING OUR 2020 ACADEMIC HIGH ACHIEVERS

On Wednesday we applauded our high academic achievers at our Middle School and Senior School Academic Award Assemblies in the Dame Roma Mitchell Centre.

These covid-safe events celebrated our students who received an Honour Award or Academic Achievement Award in Semester 2 last year. We also proudly presented and congratulated our academic high flyers from our Graduating Class of 2020.

Inaugural Gleeson College Principal Dr Vin Thomas presented the 'Thomas Medal' to our 2020 Dux of College, Lara Copeland, with our Merit Award winners also presented a certificate by Dr Thomas. Our Gleeson College Board Chairperson Judy Hatswell also presented our 90+ ATAR achievers a certificate for their outstanding efforts. We thank both Dr Thomas and Judy for their attendance at our special ceremony.

We congratulate all our Award Winners on their exceptional academic achievement in 2020.

“ASPIRE NOT TO HAVE MORE BUT TO BE MORE”

During this week, some Year 7s shared with me how their first few weeks have gone, and in the listing off of experiences (“*We did woodwork!*”, “*I love PE!*”), one young fellow shared how fast the term has already gone... and we all agreed. Clearly it has been a great start for our College Community, and I feel very privileged indeed to find myself back after my last experience as Acting Deputy Principal four years ago. While there are some new faces (and buildings!) the culture, purpose and commitment to our students remains unchanged. This is a very special community and I feel blessed to be part of it again.

It has been wonderful to see so many students involving themselves in not only the day-to-day life of the school, but in extra-curricular activities too. Saturday Morning Sport has begun and Gleeson College is represented across a number of sports including Badminton, Basketball, Volleyball and Tennis. Heartfelt thanks to all our dedicated Coaches and Ms Rachel Staffin (Sports Development Coordinator).

Our Academic Assemblies were held this week also and we were delighted

to welcome back award winners from our Class of 2020 and celebrate their achievements. We also presented our Honour and Academic Achievement Awards for Semester 2 2020 to our high achieving Year 7-11 students. Congratulations to all our Academic Award recipients. Hopefully you have seen the photos on Facebook, and there is a full award listing inside this issue!

This week has also marked the beginning of a most sacred season in the Church calendar – Lent and specifically Shrove Tuesday and Ash Wednesday. It is a time for reflection (something increasingly rare in our busy world) and renewal, to be reminded of our purpose as followers of Jesus Christ - to serve others.

In this our ‘Year of Service’ at Gleeson College, Lent reminds us of Jesus’ great service and sacrifice as we await the joyous celebration of Easter! As with so many of our usual traditions and practices, COVID has made us rethink how (and therefore why) we carry them out, and Ash Wednesday’s ritual of having our forehead “ashed” has been another example. Our Acting Leader of Religious Education and Catholic Identity, Ms Alesia Sala has creatively helped us acknowledge this important season, through the “virtual pancake” on which students and staff pledged their commitment for the Lenten

season. The usual “ashing” on the forehead was replaced with the giving of a purple cross - in the Catholic Church the colour purple represents waiting and is worn by priests during Lent and Advent (season leading to Christmas). Observing COVID restrictions, our staff gathered for the first time in many months to share in this exchange, promising to “*turn away from sin and be of one heart.*” Not only was it a sacred ritual, but being able to experience it together was beautiful, and served as a powerful reminder of the importance of connection, especially in our shared work to support our students.

In the words of St Oscar Romero, let’s “*Aspire not to have more but to be more.*” A perfect reminder for our ‘Year of Service’ at Gleeson College.

Wishing you a blessed week ahead,

Sue Knight,
Acting Deputy Principal

ASH WEDNESDAY STAFF LITURGY

Ash Wednesday marks the beginning of Lent, which is an extremely sacred and special time in the Catholic faith tradition. Gleeson Staff came together to celebrate in a mini liturgy, and receive a purple cross, on Wednesday morning.

YEAR 7 + YEAR 11 BUDDY PROGRAM > Reflection Focus

On Wednesday of Week 3, the Year 11s met up once again with their new Year 7 buddies to host the second formal gathering for the 7-11 Buddy Program.

With 2021 being a 'Year of Service' at Gleeson College, we are excited to build the leadership capacity of our Seniors as they continue to guide the newest students to our community in their transition into high school.

This most recent gathering saw our Year 11 students host a session with their buddy group that focused on reflection. They engaged their buddies to seek feedback on their first few weeks in this new environment. Many shared stories and anecdotes about their favourite subjects and teachers, their happenings during recess and lunch, meeting new friends and experiences of new subjects they have never studied before.

Many of our Seniors spoke to the College Calendar to help prepare their younger buddies for some upcoming events. One point of note is the first College Mass of 2021, which may be daunting for those coming into Gleeson College from a non-Catholic primary school, as this will mark their first Catholic Mass.

To ease the anxiety around this new experience, the Year 11s began dialogue around what happens during these celebrations and what students do to participate, including those of non-Catholic backgrounds.

Deconstruction and reflection on this session has taken place this week in the senior Faith and Living classes, as the various undertakings within the Buddy Program will contribute to the Year 11 Peer Support assessment that comes later in the year.

Our next gathering will take place in Week 6 and will be focused on the Year 7 Camp. Our hope is that this will ease any anxiety about this significant milestone, while building enthusiasm for an event that the future class of 2026 will remember as one of their highlights of their high school journey.

Josh Boden,
Damiani House Senior School Leader

Honour Award: Mikala Searle, Angus Braendler, Amy Fredella, Alana Fitzsimmons, Charlotte Nenke, Natarsha Viskic, Taylah Viskic, Ellen Welden.

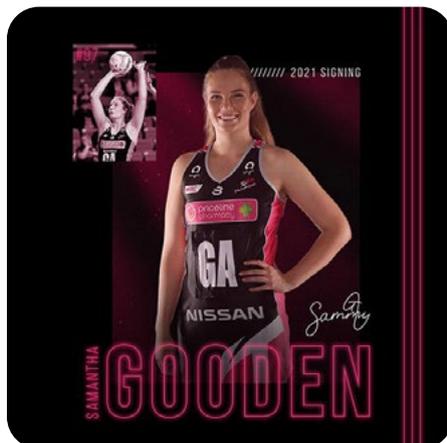

Academic Achievement Award: Alissa Tripodi, Jack Hutchins, Niamh Hughes, Alysia Redel, Sofie Rack, Georgia Aitken, Mikayla Sletten, Corey Wright, Isobel Dowling, Matthew Hardy, Antonio Shyti, Cameron Deavin, Kobi Brewer, Ky Cooper, Kayla Foreman, Alexander Romeo, Breeannah Green.

YEAR 7 + YEAR 11 BUDDY PROGRAM > Reflection Focus

INTRODUCING OUR 2021 SPECIALIST PROGRAM COACHES

Gleeson College is excited to announce our partnership with our Specialist World Football and Netball Program Coaches in 2021. This year students are fortunate to be guided by Head Coach Marcos Flores in the World Football Program, whilst our Specialist Netball Program will be led by two current Adelaide Thunderbirds Matilda Garrett (Tilly) and Samantha Gooden (Sammy)!

Marcos Flores is well known in Adelaide for his stint at the Reds in the 2010/11 A-League season; he was a dynamic player, known as the playmaker, and was awarded the highest accolade by winning the 'Johnny Warren Player of the Year Award'.

Our Thunderbird Coaches will bring a wealth of knowledge and experience to our Netball Program in 2021. Sammy has proven herself with the Thunderbirds, with her accuracy and ability in the goal ring, whilst fellow Coach Tilly also brings her experience from the Australian World Youth Cup Team to the defensive ring. With the vast experience both these players bring from both offensive and defensive perspectives, our netballers are in good hands this year.

Whilst our Netball and World Football Programs are independent of each other, our three Specialist Coaches have been catching up regularly to see how we can maintain high standards across both specialist areas, and also look at ways we can ensure we remain united across both fields.

The commitment of Marcos, Matilda and Samantha shows real unity and we warmly welcome them to our Gleeson Community. We are very fortunate these talented professionals have decided to make their mark on our students here at Gleeson College, and I can't wait to see what 2021 brings with these three at the helm!

Rachel Staffin,
Sport Development Coordinator

YEAR 7 NETBALL > Term 1 | Week 3

YEAR 9 NETBALL > Term 1 | Week 4

YEAR 7 SCIENCE > Get Bunsen Burner Licence - Tick!!

In Year 7 Science, it is a very exciting time for students. This will be the first time many students will be exposed to learning and studying in a laboratory environment.

Our Year 7s will be involved in many practical lessons throughout the year, so to assist in performing some of these activities, students are taught how to safely use and light a Bunsen Burner. Students are shown all features of the Bunsen Burner and a demonstration is performed. Once students feel confident, they practise lighting a Bunsen Burner individually to receive their Bunsen Burner licence.

Emma Rogers,
Year 7 Science Teacher &
Fyfe MS House Leader

MIA + CLARE PLACE 3RD IN STATE!

2020 South Australian Science Awards

In Semester 2 last year, Year 7 students participated in the One+ Science Awards to share their amazing work which focused on the importance of hand hygiene. Several groups across the cohort were interviewed by a virtual judging panel as they shared their learnings from their mouldy bread practical. After the judging process, Mia Skewes (HMSHA) and Clare Smith (DMPAR) were awarded 2nd in their age group for their investigation - "Gross! Mouldy Bread!".

Mia and Clare's investigation was then entered into the South Australian Science Awards where they were awarded 3rd place in South Australia. What an amazing achievement by the girls! After several delays at the end of the year, the girls were finally

awarded their prizes and certificates for their outstanding achievement!

Well done Clare and Mia!

Jason Puttnins,
Science Learning Area Leader

YEAR 9 FASHION + JEWELLERY > Polymer Clay Designs

Year 9 Technologies has a new course in 2021 - Fashion and Jewellery Design!!

Students have been introduced to the design process and over the past few weeks have been investigating safety, jewellery techniques, and design options to generate their own unique design. They have planned and thought of everything to ensure the product they make is functional and of the best quality!

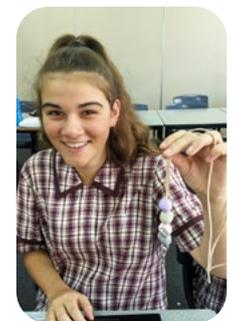

Last week students implemented all their planning and spent their double lesson working with polymer clay. From lanyard and keyring beads, to stud and dangly earrings, students created patterns, and used shapes and tools to add detail and character to each of their items.

This week students used a variety of jeweller's tools and fastenings to turn their items into functional pieces of jewellery!

NEXT UP - RESIN! Stay tuned!!

Madeline Cooke,
Year 9 Fashion + Jewellery Teacher

A BERRY GOOD SCIENCE LESSON > DNA Extraction by Year 10s!

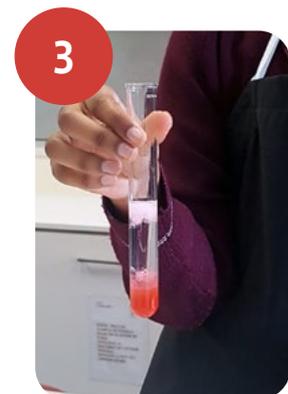

Year 10 Science students were recently exposed to a range of scientific thinking about DNA. These complex molecules are found inside every cell in our body and instruct all living things how to function. To help demonstrate the relationship between DNA, genes and chromosomes students used models and diagrams to support the theory learnt in class.

Students created models to learn about the sugar-phosphate backbone of DNA and used diagrams to model how DNA replicates via a process called mitosis. When students actively participate in class learning is enhanced. Therefore, using methodology like those used in specialised laboratories, students enjoyed extracting DNA by adding a special solution to break open the cells to mashed strawberries. The solution was then filtered, and the DNA isolated. The students were amazed to see how much DNA is in a strawberry and how it looks like wet cotton wool.

It was fantastic to see the students acquiring new information and take active roles in their learning.

Melissa O'Loughlin,
Laboratory & STEM Assistant

The Gleeson College Careers website is a one-stop location for information about post-school options. There are links to discover university pathways, vocational education and training, apprenticeships and traineeships, entry into the Defence Force and a range of other resources.

Thomas Blake,
Flexible Pathways Leader

GLEESON YEAR 9 CRICKETER MATTHEW LERAY AWARDED 'PLAYER OF TOURNAMENT' AT 2021 SACA REP. CARNIVAL!

Congratulations to talented Year 9 cricketer Matthew LeRay (9 DMDAS) who was recently awarded 'Player of the Tournament' at the 2021 SACA Representative Carnival.

Matthew, who plays for Golden Grove Cricket Club, had an exceptional week for rep team NEJCA (North East Junior Cricket Association), scoring 151 runs (75.5 ave.) as well as taking 10 wickets to win both the overall batting and bowling aggregate awards for the competition! He was also named in the 'Team of the Year'.

Well done Matthew on this outstanding sporting achievement!

YEAR 10 OUTDOOR ED. > Stand Up Paddle Boarding at Seacliff

During Week 3, our three Year 10 Outdoor Education Classes had the opportunity to try Stand Up Paddle Boarding at Seacliff Beach with Stand Up Paddle SA.

All three classes endured some windy, cooler weather but fortunately the wind eased a little in the afternoon.

Groups were even lucky enough to witness some of our spectacular native wildlife such as dolphins and stingrays.

Some students were able to spend some time exploring local Kaurna sites, enriching their understanding of local Aboriginal history and culture. Others took part in some paddle races and team-building activities.

Students worked hard to develop and refine their Stand Up Paddle Boarding skills and later on in the afternoon they were able to try working as a team to control a large, four person paddle board which was challenging, but opened the door to a whole new set of skills and activities. Students should be commended on their skill development, positive attitude and willingness to persist when challenged.

We look forward to our upcoming practical activities; Rock Climbing (both indoor and outdoor) and our Bushwalking Camp.

Bel Emanuele-Deeprise & Candice Mitchell,
Year 10 Outdoor Ed Teachers

YEAR 10 OUTDOOR ED. > Stand Up Paddle Boarding at Seacliff

OPEN BOYS KO CRICKET TEAM DOWN ROMA MITCHELL IN RND 1

Congratulations to our Open Boys Knockout Cricket Team and Coach Mr Oliver Shattock on their Pool A Round 1 victory against Roma Mitchell Secondary College on Tuesday.

Playing away in hot conditions, Roma won the toss and sent our boys in to bat. Openers **Hayden Cesaro (12 HUGHES)** and **Kane Halfpenny (10 FSBOC)** settled nicely and had the tally at 0/54 off 12 overs before Kane was run out. This saw Number 3 **David Mapstone (12 HUGHES)** come to the crease and not waste any time adding some quick runs to our score, including two massive sixes! Middle order batsman **Matthew LeRay (9 DMDAS)** ably supported the top order with an admirable 17 runs and Gleeson finished their innings all out for 154. Hayden (53) top-scored with the bat, scoring a patient, well-played half century.

It didn't take long for us to break through their top order, with talented pace bowling pair **Jamieson Payne (10 MSGAG)** and Hayden keeping their opening batsmen on their toes and struggling to find the boundary. We bowled and fielded well throughout the innings and this restricted Roma to just 68 runs, earning us the first-round victory and a berth in Round 2. Well done to Hayden (pictured) who took a superb 5/7 and to spinner **William Jones (10 HSHLD)** who bowled an awesome three-over spell taking 2/8.

Final Score > Gleeson College 154 (H Cesaro 53, D Mapstone 21, M LeRay 17, K Halfpenny 14) def. Roma Mitchell 68 (H Cesaro 5/7, W Jones 2/8)

Well done to all the boys on a great win. We now look forward to taking on Adelaide High School in Round 2 where the victor earns a place in the State Final. Regardless of the result in this round, Gleeson will finish in the top four schools of Pool A in 2021!

Child + Family Services UNPLUGGED

A workshop to help young people aged 12+ and parents learn how problematic gaming can lead to gambling behaviours and to develop practical strategies to support healthier gaming and internet use.

The valuable workshops cover:

- How to create balance, develop alternative interests, and set healthy boundaries in relation to gaming.
- How to identify signs of problematic gaming and gambling and its impacts.
- Game development and the implementation of gambling features ie: micro-transactions, loot boxes, in-app purchases.
- Practical tips and proven strategies to combat problem gaming and gambling behaviours.
- How to manage associated problems (eg: school attendance, sleep issues and difficulty concentrating).

Australian Research

- Of 1200 SA high school students, 11% have been found to use technology at an unsafe level.
- 10% have of young people are using the Internet for more than nine hours per day.
- By age 15, half of all young people have participated in some type of gambling.
- 54% of games on Facebook include gambling themes.
- Five out of 22 popular video games reviewed met the criteria for gambling including the option to cash out winnings.

Date Tuesday, 2nd of March

Time 6.00pm - 8.00pm
