

**Dear Dream Team 15,**

All hands are back on board! **Welcome Back Jordan** - Jordan has had an amazing trip, a trip of a lifetime with many life giving stories. I will let him tell you all about it. Feel free to give Jordy(or anyone in our support team) a call. I would also like to say a massive thank you to Pat Callanan, Will Agar, Joanne Nehme and all the volunteers who ran some “classy and professional” retreats at Mentone last week. I want to highlight the growth I have witnessed both in Pat and Will in their level of debrief, their maturity with the students and their ability to capture and engage their attention to deliver the desired messages. Stephen Beirouti once again came up with the goods whilst providing his insight and wisdom to all of Year 12 regarding our Volunteer La Salle Programs. Here is a quote from an email I received *“I recently discovered the possibilities the Lasallian offered, by an eye opening presentation given at my school, St Bedes College Mentone, by Stephen Beirouti. I am currently studying year 12 and upon completion now hoping to be given the chance to participate in this program. I wanted to begin studying teaching next year, before hearing of the program, which sounds like the perfect experience for an aspiring teacher and tutor.”* Good job!

**Youtube updates from [Ruby](#) and [Stephen](#)** – have a watch, both are under 3 minutes each, worth every second.

**Great article on what we are doing [here](#)** – “5 misconceptions about evangelism – rethinking how we share the good news. An evangelist is a messenger of Good news, it is about spreading good news. It should be exciting!”

**Volunteer La Salle Share The Mission Applicants** –This term is the crunch time for applicants for Share The Mission. Please have high on your priority list students and alumni who you could encourage to apply for Share the Mission. It is often this personal invitation that even allows

students to think about applying. From my days at World vision, they studied that it took 7 positive interactions with World Vision before someone would even consider sponsoring a child. This would be similar for Students who would even think about applying for Share The Mission. So keep on encouraging those you know would be an asset and benefit from the program.
