

# Lyla + Luxe

Lyla + Luxe is a Canadian-born brand that exudes a contemporary attitude. The label's modestly-priced, modern knitwear consists of layering and standalone pieces that are on-trend. Catering to a wide demographic, Lyla + Luxe is femininely tailored with playful details. Sophisticated yet relaxed silhouettes elevate easy-to-wear fabrics that add everyday luxury to any wardrobe.

Lyla + Luxe is AMFORI certified

AMFORI is an international certification with the following pillars:

- Fair Wages
- Ethical Business Behavior
- Equality
- Health & Safety
- Environmental Protection

Every single piece of Lyla that is made is produced in our AMFORI certified factories, something that we ensure is enforced in every part of the collection.

Along with AMFORI we also have our new Eco-Collection (styles that have the white hang tags) that are made with 100% recycled fabrications.

Additionally, the rest of the line that is not made with the eco-fabrications are made with the environment in mind. For example each piece of Lyla is created using less water, with fair wages, safe working environments, as per our AMFORI Certified Standards.

Every year we are increasing the number of styles that are made with 100% recycled yarns and continue to add to our Sustainability initiatives with much more to come.
