Facial Treatments

Here at Beauty Effects our philosophy is to enhance your natural beauty. To give you the confidence to look good & more importantly feel good in your own skin. Our aim is promote & enjoy healthy skin for LIFE! Not only are we results driven but we are also passionate about your experience & journey here at Beauty Effects. We are committed to offering tailored solutions & understand that no two skins are the same. We are experts at delivering results for rosacea, acne, age spots, sun damage, improving skin hydration & minimising ageing.

We aim to inspire skin confidence through our bespoke high performance skin therapy treatments.

Our goal at the end of each treatment... Relaxation & Results of course!

Teen Facial (25min) **\$49**
Perfect for those stubborn black heads & congestion. Enjoy a cleansed skin, freshly exfoliated & a tube mask for a more hydrated skin with extractions done.

Add on LED blue light therapy for an additional **\$45** (to combat bacteria on a deeper dermal level)

Environ Cool Peel (30min) **\$69**
A modern way to peel the skin. This treatment is non-aggressive, but results driven that won't strip away vital layers of the epidermis. Promoting & achieving healthier skin with less redness & downtime. Perfect for a quick lunchtime facial or a pick me up for your skin & can also be done whilst pregnant.

Express Derasound Facial (30min) **\$85**
Express Derasound's are perfect for a deep clean. During the treatment not only will your skin feel soft & supple with the benefits of the hydration. Great for a quick skin pick me up!

Deluxe Derasound Facial (60min) **\$125**
By far our most popular & requested facial treatment. Once you experience a dermasound you'll find it very hard to go back to any other form of facial.

The dermasound facial treatment machine uses ultrasound which is cutting edge technology that utilises low frequency sound waves in three stage mechanical exfoliation, molecular penetration & healing micro amp therapy to combat ageing skin, reduced wrinkles, clear acne, manage rosacea, lighten pigmentation & in addition to many other skin challenges. These treatments are tailor made to your specific skin concerns.

Power lifting peel- Anti-ageing (75min) **\$199**
This highly innovative treatment combines the power of argan oil with the firming effect of the Dr Spiller Aloe Vera Skin Lift powder to achieve an instant brightening and firming effect. The Derasound machine is also used prior to give the skin a deep cleanse. You will leave the studio with your skin feeling firmer & looking younger!

Collagen Fleece Mask- Hydrating (60min) **\$169**
Collagen fleece masks are freeze dried non-woven tissue containing collagen fibres that help to plump, hydrate and tighten the skin. Once activated, the collagen fleece mask acts as an intensive moisturiser which covers the whole face including the eyes, lips and neck. Your skin will feel like velvet and typically these facials are best enjoyed before a big event...move over Instagram filtered photos... hello to beautifully hydrated & glowing skin.

LED Light Therapy (20 mins) Stand Alone **\$89**
Added onto a facial **\$45**

As Beauty Therapist we work on the skins visible outer layers whereas LED light therapy works from WITHIN the skin. LED light therapy is a painless, relaxing, non-invasive skin-care treatment that has multiple benefits—particularly stimulating collagen and treating mild to moderate acne. ... LED treatments are typically twenty minutes, and can be a stand-alone treatment or part of a facial.

When the light is attracted to the photoacceptors it is then turned into energy which stimulates healthy cell renewal & growth. Results are best achieved in a package of 8 (completed within a month usually 4 days apart).

Skin needling Individual treatment **\$249**
Skin needling is a minimally invasive treatment which creates controlled trauma to the skin to stimulate Collagen, Elastin and Natural Growth Factors to help improve the overall appearance of the skin.

What are the benefits of Skin Needling?

- Minimises pore size
- Helps to even out skin tone
- Improves the overall texture of the skin
- Reduces pigmentation
- Helps to reduce fine lines
- Helps to reduce acne scarring
- Suitable for majority of skin types
