

• Easier • Faster • Safer

Get an immediate ROI with simultaneous improvement in both productivity and safety.

Rotatruck[®] vs. Handtruck

Leverage Plus[™]

The smaller Rotacaster wheel at the front gives the Rotatruck greater leverage than traditional 2-wheelers, making it easier to pull back, park, lever and balance loads.

More leverage, less effort

32% less pull-back effort
55% less general handling effort

Easier pull-back effort
& no need to park at waypoints.

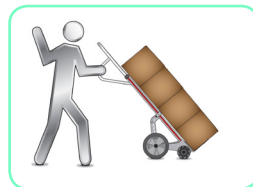

Parking and pulling back loads at waypoints increases strain on musculoskeletal structure.

Hands Free Balance[™]

The Rotatruck's compact, multi-directional wheel base fully supports loads without operator input. No need to park or pull back loads as frequently.

Just push, don't carry

0kg load to carry

The Rotatruck carries the load, not the operator.

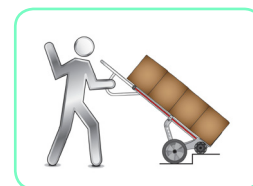

Constant operator input to maintain load balance exerting strain and effort.

Magic Step Up[™]

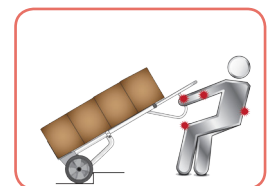

The fixed orientation of the Rotacaster wheel allows you to step and lever loads instead of turning and reversing (over obstacles), with 78% less effort and 63% faster.

Lever, don't lift

78% less lifting effort
63% faster negotiating kerbs

Up kerbs or over obstructions without reversing.

Maximum effort required to reverse and pull load up a kerb.

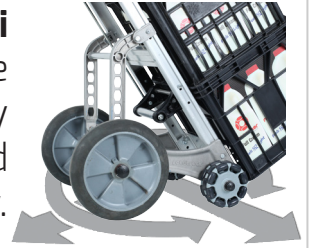

Milk Crate Rotatruck™

The Milk Crate Rotatruck is the easiest, quickest and safest way to handle multiple milk crates. Designed specifically for Australian milk crates it eliminates bending and minimises the effort required to pick up, transport and release milk crates.

Self-Supporting Wheel Base

Self-Supporting multi directional Rotatrucks are based on a highly manouverable four wheeled base, increasing productivity.

Special Crate Hooks

Special Crate Hooks for maximum load security and transportation speed.

Aluminium Crate Nose

320mm x 17mm **special aluminium crate nose** with serrated underside to grip the edges of pallets.

Narrow Wheel Base Option

Narrow wheel base option **fits between milk crate stacks** and enables easy loading and unloading.

Suitable for all Australian Milk Crates

Milk Crate Rotatrucks are **available for all types of Australian and NZ milk crates.**

PRODUCT CODES:

Normal Type: 11-23MT-1030R3/42

Load Capacity: 150kg
Dimensions: 1630 x 460 x 570 mm (LxWxD)
Weight: 15.6kg

Narrow Type: 11-23MT-1030R3/43/H04

Load Capacity: 150kg
Dimensions: 1630 x 305 x 570 mm (LxWxD)
Weight: 14.6kg

COMPONENTS

- Extended single loop handle
- Extended hi-strength frame
- 250mm balloon cushion rear wheels
- R3 (triple) Rotacaster 125mm front wheels
- Aluminium Crate Nose
- Crate specific hooks

Used nationally by: Woolworths
