

## Target Market Determination

### Version 1 dated October 2021

This Target Market Determination (TMD) has been prepared in accordance with the *Treasury Laws Amendment (Design and Distribution Obligations and Product Intervention Powers) Act 2019* and associated Regulations. TMDs are designed to assist issuers to ensure that financial products they issue are likely to be consistent with the *likely objectives, financial situation and needs* of the consumers for whom they are intended (the target market) and to assist distributors to ensure that financial products are distributed to the target market.

The TMD is general in nature and should not be construed as financial advice. Consumers should obtain independent advice prior to acquiring the product to ensure that it is appropriate for their particular *objectives, financial situation and needs*.

<b>Target Market</b>	<p><b>Description of target market</b></p> <p>The features of this product have been assessed as meeting the <i>likely objectives, financial situation and needs</i> of consumers who:</p> <ul style="list-style-type: none"><li>• meet the eligibility criteria;</li><li>• are looking to purchase, refinance or construct an owner occupied or investment residential property;</li><li>• require an offset account;</li><li>• require the option of a variable or fixed rate;</li><li>• require the option of either principal and interest or interest only (available for investment residential properties and construction purposes only) repayments; and</li><li>• need the option of consolidating debts</li></ul> <p><b>Variable Rate</b></p> <p>Whilst variable interest rates may fluctuate, the product meets the likely objectives, financial situation and needs of consumers in the target market because it allows them to make additional repayments and/or deposit funds into an offset account to reduce interest payable whilst retaining the ability to draw on those funds when required.</p> <p><b>Fixed Rate</b></p> <p>Whilst the product has a limit on additional repayments and does not permit redraw, the product meets the likely objectives, financial situation and needs of consumers in the target market because the fixed rate provides certainty of repayments during the fixed period, making household budgeting easier.
