

iD SOLUTIONS
RETAIL DESIGN AND BRANDING

WELCOME TO ID SOLUTIONS

Retail Design is our passion.

We are an award winning team of Industrial designers, Interior Designers, Architects and Graphic designers.

Our team have worked with many Australian and International brands to deliver creative , award winning , cost effective Retail Design solutions .

Implementing well researched Retail design is not an option anymore it is a necessity. It is an investment that can deliver outstanding ROI .

Good Retail design is a key element in encouraging customers to make a purchase decision
 To touch or not to touch.
 To enter or not to enter.
 To buy or not to buy.

Consumers are buying an image, a perception that strengthens their desirability for brands. The challenge of Retail designer is to ensure consumers like to shop. They should feel comfortable, happy & excited about walking in, walking around, exploring, navigating touch points.

Gravitating to the higher value areas. . which makes Retail design as much of a science as an it is an art.

ID SOLUTIONS is one of Australia's longest established Retail Design companies . This time in Industry has given us the privilege of working with some of Australia's key brands.

Members of our team have consulted as Retail Design Managers on many shopping centres including the iconic Westfield Chermshire , Garden City and Carindale . Our team have worked in many parts of the world and are continually attending major design events such as Euroshop , Global shop and London's Retail Design Expo.

Our clients benefit greatly from this well travelled and global experience . This experience identifies not only current trends in retail , it also identifies trends and technologies that are a number of years away . We have won over seven Retail Design Awards – these awards are given based on creativity and innovation in Retail Design

“We connect your brand with customers”

Retail design is a very specialised discipline due to the demands placed on retail space . Because the primary function of retail space is to stock and sell product to consumers , the spaces must be designed in a way that promotes and enjoyable and memorable shopping experience for the consumer.

This demands a collection of skills :

- Creativity
- Space planning
- Materials Selection
- Computer Aided Design and Drafting
- Graphic design and
- 3d rendering .

ID Solutions is one of the few companies to offer this versatile depth of skills in it's portfolio .

“DESIGN IS ABOUT LISTENING ”

The more we listen to our clients, the more depth & detail we can provide in our designs. Our philosophy is to ask the right questions and facilitate cost effective, on-time, on budget, creative design solutions.

SERVICES - RETAIL GRAPHICS AND BRANDING

" A Graphic Designer knows when they have achieved perfection , not when there is nothing left to add , but when there is nothing left to take away "

Antoine de Saint- Exupery

Our team have extensive experience in logo creation , packaging design, menu design , uniform design , corporate identity creation , signage and retail graphics . The graphic designers work closely with our 3d designers to create a holistic design solution which connects the retail design to the retail branding . The branding team's network extends to photographers, signwriters and social media consultants to provide a retail presence that ensures your concept is working 24 hours a day / 7 days a week .

SERVICES - 3D RENDERING

" Visualise this thing that you want , see it , feel it , believe in it . Make your mental blue print , and begin to build " Robert Collier .

Using cutting edge software , we build your design in 3d for you . A number of our staff have completed post graduate studies in specialised 3d rendering . Our 3d renders provide a photo realistic impression to allow our clientS to see their vision prior to investing in any construction works . We can simulate actual materials , lighting and environments so clients can feel confident on their design decisions .

This has a number of valuable benefits:

Designs can be tested in various colours and finishes and presented in a number of options .

Designs can be presented to potential land lords to allow them have some buy in to a lease agreement . Many of our renders have generated land lord contributions .

Renders can be used to establish construction costs prior to investing in many hours of drafting and negotiations .

The image shows a modern hair salon interior. A large, illuminated sign for 'Sublime Hairdressing' is the central focus. The sign has a silver metallic band across the middle with the brand name. The top and bottom sections of the sign are black with a repeating green damask pattern and are backlit with green light. The salon's background features dark wood paneling, a white reception desk, and a glass display case filled with hair products. A white sofa is visible in the background, and the floor is made of large, light-colored square tiles.

SERVICES - RETAIL CONSTRUCTION

The most important results of Retail design are delivered long after we have designed and drafted a Retail space . The critical stage of construction brings the vision to life .

ID Solutions is one of the longest established Retail design firms in Australia . This time in Industry has allowed us to develop very solid relationships with a number of highly regarded shopfitters along with many of critical trades . Our clients benefit greatly from these long standing relationships .

The shoplifters we work with have had experience in the most challenging builds and are all extremely efficient in delivering cost effective , on time , high quality builds . We work hard to align our clients with the most suitable building partner . This allows us to confidently deliver and end to end process for concept to creation .
