January 27, 2021

Dear Families,

Welcome to 2021! It's so good to be back with the students and you as families as we start the year. Our 2021 Team is really excited to help our students Thrive throughout the year in order to be the best they can be.

This year we are working with a new Learning Management System, **Seqta**. Our Leaders of Learning worked hard last year to set up courses which the students can access as a key part of their learning. Seqta will also help you as families stay better connected with learning as you are able to connect with content, see learning progressions, and access feedback from students and teachers on learning.

To help with this transition, we are offering an important occasion for you as families to hear more about how Seqta can achieve this. Seqta will be the main communication tool to communicate student progress this year and beyond, and so for you to take part in this journey these initial points are vital. Given that the format of our traditional 'welcome evening' will be altered due to COVID changes, the evening will now have a main purpose of **introducing families to Seqta**. We will also use the evening for Year 7 and 8 families to orientate themselves to wellbeing classes; for our 11 and 12 families to hear more about SACE; and for families to touch base with 9/10 teachers if wanted.

The format of the evening is as follows:

#### Seqta Orientation Evening- Tuesday, February 2 (Week 2)

##### Year 7 and 8 Families

<u>Time</u>	<u>Purpose</u>	<u>Location</u>
6:00-6:40	Meet Wellbeing Teachers	Mackillop classrooms downstairs (7) & upstairs (8)

We will ask you sign-in and adhere to social distancing guidelines on the evening, so please have either your phones available if possible (pen and paper options will be available too).

The attached document provides an overview of Seqta's capabilities, as well as instructions on how to get started with a 'parent' account through Seqta Engage. An email should arrive by Monday which will allow for parents/guardians to provision a parent account for Seqta. **If this has not arrived by Monday morning, please make contact via [this email](#).**

We look forward to connecting with you on Tuesday February 2.

Yours Sincerely,
