

Dear Members:

As most of you are aware, the Ontario government did announce the introduction of the Ontario Enhanced COVID-19 Vaccine Certificate on September 1, 2021. Based on our interpretation of the current guidelines and documentation from our provincial sport governing body, Gymnastics Ontario, we are concluding that all members will be **exempt** from providing this certificate. Winstars Gymnastics is classified under youth recreational sports, which is an exception under the sports facilities section.

However, Winstars will still be **requiring** all participants to conduct a COVID screening the day of each gymnastics class they attend. This COVID screening must be done through our website at the following link: <https://winstarsgymnastics.uplifterinc.com>

If you should have any questions regarding any further COVID policies, please do not hesitate to contact us.

Warm regards,

Carey Vigneux, Owner/Director
