## Inside this New Year Issue:

A Look at Creating New Goals - 2

## A Happy New Year to All!

### Gymnastics for All

On behalf of all our staff, Winstars would like to wish all our members Seasons Greetings and a Happy New Year!

2020 will be a year most of us will not ever forget. There will undoubtedly never be another year like this in most of our lifetimes. As much as it has been a challenge, we must all give thanks to our family, friends, neighbours, co-workers and essential workers for supporting us throughout this global pandemic.

Winstars has survived many ups and downs throughout the last 20 years. But, 2020 hit us harder than all of the other fluctuations put together. But, Winstars is not going down without a huge fight.

We have created and set new goals for our industry and our business. Our mission and philosophy has remained the same throughout all of this, "to provide the best gymnastics instruction along with a positive atmosphere for young people to reach their true potential in gymnastics". We're here to stay and ready for your child to grow with their gymnastics. Sports start right here. Be a part of it!

TO OUR MEMBERS!

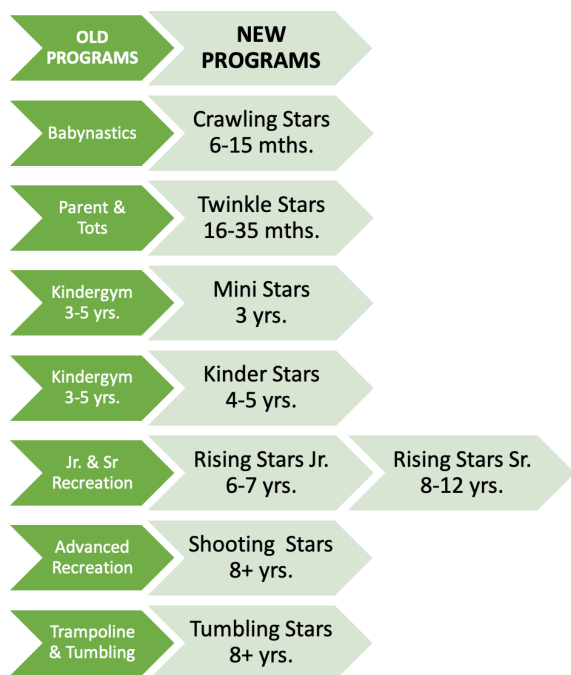

LET THE MAGIC  
OF CHRISTMAS  
BRING LOVE  
AND PEACE TO  
YOU AND TO  
THE WORLD.

# Creating New Goals for Winstars

As we navigate through this pandemic and prepare our new facility for opening in early 2021, we have been creating many new goals for Winstars.

We are in the process of revamping our preschool recreational program and more importantly starting with a change of program names.

Our new facility will bring changes to our gymnastics programming.

There are many changes that will take place at our new facility. One thing that will remain the same is our outstanding staff who will be preparing to deliver the quality gymnastics programming all of you are used to getting here at Winstars.

Winstars is committed to upholding our great community reputation in the area of recreational gymnastics. During this pandemic, it has become even more evident that our children do require a strong physical outlet in order for the maintenance of good mental health. This is why we hope to be up and running in early 2021 so that your child can regain their physicality while enriching all other aspects of their lives.
