

Construction Industry Insurance

Australia's billion-dollar construction industry lies at the heart of the nation's economic and social infrastructure.

Through the provision of structure, construction contributes to the wealth and welfare of the community. Such great responsibility should be backed up with a comprehensive insurance policy.

We understand the role of the contractor is varied and exhaustive. From planning and overseeing the project, to supervising staff and acquiring licences and sourcing quality parts, it's important that your insurance is just as broad.

Whether you operate in the commercial, residential or civic sector, constructors are particularly susceptible to a wide variety of risks and should have an appropriate insurance policy in place before stepping foot on the building site.

PSC Connect Authorised Representatives are able to work with you and your insurers to arrange insurance policies that cover important exposures such as , construction risks, third party liability, loss of profits and outstanding debts.

We know your project is unique and you need policies that will provide the right cover for the specifics of your projects. Our experienced brokers will work closely with you to identify the particular risks associated with your project, to source suitable cover at a competitive price.

As an Authorised Representative of PSC Connect, we are part of PSC Insurance Brokers, Australia's largest privately owned insurance network. With offices around the country, we can call on 400 staff to help us help you.

That means we've got more to offer you and help you negotiate your way through your insurance. Whether that's just working with you to understand your business and the range of risks that are unique to your business, through to using our considerable buying power to negotiate with insurers on your behalf.

We are able to access a range of comprehensive insurance solutions that will provide a solid foundation for your project:

- Construction works
- Contractors Plant & Equipment
