

Surgery for your cat at Cat Specialist Services

CSS is unique - a purpose built, cat only hospital where your cat's care is overseen by specialists in feline medicine together with Veterinary Specialist Services' experienced specialist surgeons, using state of the art equipment and facilities.

CSS surgeons have a broad knowledge in a wide range of surgical fields. We are the only hospital where specialists in feline medicine, surgery, cardiology, anaesthesia and emergency and critical care all work together with highly trained, dedicated veterinary nurses to get the best outcome for your cat.

We love cats and we love providing them the best care
