

Veterinary Specialist Services is home to some of the most sophisticated diagnostic imaging modalities in veterinary medicine. The diagnostic imaging suites include diagnostic ultrasound, digital radiography, fluoroscopy, CT Scan (**Carrara, Jindalee and Underwood**) and MRI (**Underwood**). Advanced diagnostic imaging is used to assist all our specialist teams to aid in accurate diagnosis and treatment for your pet.

Follow the QR code to our dedicated webpage on 'Advanced Imaging at VSS'.

This webpage also contains a video of one of our specialist surgeons talking more about the process of advanced imaging referral to VSS.

Information about payment options can be found here:
