All attempts are made to prioritise urgent matters. Please ensure you advise Reception of any concerns or urgent matters. Please also advise if a longer consultation is required as this affects scheduling and allows us to advise accurate costs of the appointment.

We require a minimum of 2 hours notice to cancel most appointments. This can be done, easily, by following the instructions of your SMS reminder, via Hot Doc or by calling reception. Please note that some practitioners may require more notice – Patients are notified at the time of booking. Failure to cancel appointments, with adequate notice, may incur a fee of \$50.

Please note there are several services that cannot be booked on line as they require time with our Nurse and the Dr. For example Childhood Vaccinations or Skin Checks. Please contact reception if you are unsure if your appointment may not be a standard or general matter.

Phone & Telehealth Consultations

To facilitate continuity of care, patients are able to access consultations via Phone or telehealth (eg Zoom) when a consultation is not considered clinically necessary.

These appointments are scheduled, and billed, in the same manner as in clinic appointments. *Please note that the time spent on the phone is not the length of the appointment. Doctors complete additional tasks eg write referrals and consultation notes, after the call has ended. These additional tasks, and the time spent, determines the cost of your consultation. Please also note only patients seen within the previous 12 months are eligible for telehealth or phone consults.*

Fees and Billing

We are a Private Billing Practice - payment is requested at the time of consultation. We accept payment by Cash, EFTPOS and Direct Deposit. For telehealth appointments we are able to securely retain your Credit Card details at the time of booking your appointment.
