

DuraLite Folding Table

The ultimate folding table

DuraLite folding tables withstand the toughest demands of daily use. The unique honeycomb core, aluminium framework, superior materials and innovative design result in a lightweight table that is strong and durable.

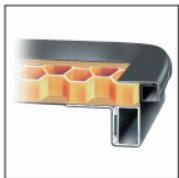

FEATURES

- **EASY** - Easily carried by one person, DuraLite tables are perfect for any application that requires repeated set up and tear down (banquets, seminars, catered events and multi-use spaces).
- **SAFE** - The lightweight design also diminishes the risk of back injuries from overexertion.
- **STRONG** - DuraLite tables exceed stringent tests for leg strength, weight load, and vertical drops onto hard surfaces. Replaceable corner covers and greater weight-bearing strength result from exclusive design innovations.
- **PROTECT** - Rubber bumpers protect tables when stacked and keep tables in place on dollies. High impact covers protect from damage upon impact.
- **DURABLE** - Strong metal-to-metal attachments provide maximum holding power and ensure screw holes won't strip. Legs are easily replaceable.

SPECIAL FEATURES

- Amazingly strong, yet airy hexagonal structure offers unprecedented weight bearing
- Folding legs ensure that the tables can be stacked, stored and transported with ease

Hexagonal structure

Rubber bumpers

Metal-to-metal attachment

DIMENSIONS

Width	Depth	Height
1800mm	750mm	735mm

OPTIONS

Available in Sand colour with black power coated frame

The colours shown have been reproduced to represent actual product colours as accurately as possible, however actual colours may vary. We recommend contacting your Sebel representative for a sample swatch for comparison prior to ordering.
